Buck Baseball Team Takes City League Lead

Richards, Barrett Defeat Aquinas, Defending Champs In Tourney Play

By Dave Shiflet

Two extensive winning streaks are to have been put on the block yesterday afternoon on Diamond No. 4 at Ohio State university as West High's Buckaroos, defending district champions, tackled the tough Bexley Lions in the opening battle of the Central District Baseball tournament.

The Bucks, current leaders in the City league with five wins and one defeat, were to have Jake Richards on the mound while Bexley, winners of seven consecutive games, probably banked on Bill Birch. Six teams, including West and Bexley, compose the upper bracket. Bexley defeated the Cowboys 6-4 earlier in the season, but of the other four combines, West, current winners of five straight, has defeated Washington, East and South, while not playing Grandview. If victorious in the opening game, West was to play the winner of the South-East game this afternoon at 4 p. m.

Lead City League

Boasting five consecutive wins, three of them City league victories, West's nine was at the top of the league this week with four league contests yet to play. South, Lass, Central and North remain between West and the league championship. The Bucks disposed of Aquinas earlier in the week with two well-played wins over the Terriers. Jake Richards pitched the locals to a 4-2 decision Monday while Jack Barret returned on the following day to pitch two-hit ball and earn a 3-1 victory.

Outside of the league this week past, West defeated Washington C. H. 4-3 in an extra-inning game on the local diamond. Jack Kulp pitched one-hit ball for six innings, but George Ruder, who replaced, gained credit for the win. Tuesday the Bucks tackle North on the Polar Bear layout in an important City league battle and on Wednesday trek to Zanesville to play the Blue Streaks in a return non-league game. Zanesville defeated West 6-3 earlier this season.

St. John Lutheran To Induct Thirty

Twenty-three of these will be by confirmation. The five high school children are: Bonnie and Betty Lear, Dorothy Menz, Marcella Gibbon and Paul Beard.

The adult class consists of R. V. McKinney, Mrs. R. V. McKinney, H. L. Heinzelman, Mrs. H. L. Heinzelman, M. B. Crispin, Mrs. M. B. Crispin, Fred Dickendasher, Mrs. Fred Dickendasher, A. F. Koontz Lifelong Ward Resident

Henry A. Koontz, 485 Hilltonia-av, candidate for Republican committeeman of the tenth ward, has the unusual distinction of having lived in the ward all his life. He is a Hilltop druggist and makes his home with his wife and daughter and son at the Hilltonia-av address.

A member of Columbus lodge of Masons, he is a member of many other organizations and also Scioto consistory. Well acquainted with the duties of a ward committeeman, Mr. Koontz points out that the job is the connecting link between the party organization and the voters.

A LETTER

Dear Friend:—

I am a minister who does not mix religion and politics yet you know that I am always ready to help where I can to better conditions in my community and city. That is why I am taking time to write you this letter.

Take time to go to the polls and vote next Tuesday. Let me recommend to you a person. Mrs. Gladys Crabbe who is qualified in every way for Central Committeewoman in the 10th Ward. She has been an active member of the West Park Methodist church all her life, active in community affairs and capable for such office. If she is elected, I am sure she will serve the 10th Ward with satisfaction to the Republican party. Give her your best support.

Yours truly,

Rev. J. F. Day, Pastor
West Park M. E. Church.

Matson Seeks Commissioner Job

George W. Matson, 87 N. Warren-av, is the Hilltop's only aspirant for the Republican nomination for county commissioner at the primary next month and if nominated and elected would take a place once held by a fellow Hilltop resident, the late Milton W. Westlake, who held the position of commissioner a number of years ago between terms as city councilman.

Gifted with a keen sense of business values and equipped with years of practical training as a contractor, builder and business man, Mr. Matson is seeking the nomination on his ability and integrity as a citizen of Franklin county and Columbus who has the support of hundreds of friends in his campaign who are fully aware that he is not of the professional politician type.

As chief building inspector for the city division of building regulations from 1936 to this year, when he resigned, Mr. Matson established an outstanding record in the successful administration of a difficult position and proved himself qualified for the position by finishing first in a competitive civil service examination for the place.

Since his resignation from that office in January he has again re-entered the building business as a brick contractor, in which he has had more than 25 years of experience.

A member of many fraternal organizations, including the Masons, Knights of Pythias, Orioles, Aladdin Temple Shrine and the Hoge Memorial Presbyterian church, Mr. Matson has lived for many years on the Hilltop with his wife and son.

Brownfield Seeks Representative Job

Lyman Brownfield, who is seeking nomination on the Republican ticket for state representative, is well known to many West siders. He was the first of a long line of seven Brownfield brothers and sisters who have attended or are still enrolled at West High school. He entered West High when it ocupied its old building on Central-av, and since that time he has gone on to college and law school, and he is now engaged in the practice of law.

As an example of the great need for constructive legislation Mr. Brownfield cites the great saving in life which a good automobile inspection law would bring about. He also plans to introduce a bill to raise the age for committing children who have violated the law to the reformatory from eight to 12 for boys and from 10 to 13 for girls. He says it is unthinkable that the law will permit a judge to commit an eight year old boy to a reformatory where adult criminals are sent. Mr. Brownfield also advocates a re-codification of the state laws concerning municipal corporations, which he says are badly in need of clarification and revision.

STITT PATENTED PRESSURE-SEAL ONE-PIECE MADE IN COLUMBUS **SPARK PLUGS**

55 Cents Each

A low cash price of 55 cents has been established in Columbus and Central Ohio. This makes 6 Stitt Spark Plugs $3.30 and saves approximately 60c from what your set of first class plugs now cost. In the Ford V-8 the saving is 80c.

Regular price 65c each. This low price is made possible by the following savings:
1. Saving of Wholesaler's profit.
2. Saving of Jobber's profit.
3. Saving of National Advertising cost.
4. Saving use of shipping cases.
5. Saving of bookkeeping and billing.

INSTALLED AT YOUR NEIGHBORHOOD DEALERS — SEE BELOW

The Stitt Spark Plug is an expensively-made product, using materials and workmanship that are equal or superior to any other high grade spark plug.

Let no one, whether expert or not, make you believe that the Spark Plugs in your car or truck when you bought it are the only kind that will operate it—the truth is, Stitt Spark Plugs or any other first class make of plug will operate it satisfactorily.

Billions of gallons of gasoline are made at compressor plants operated with Stitt heavy duty gas engine spark plugs. In all probability, the gas you are using right now in your car was made by gas engines using Stitt Spark Plugs.

As an additional proof of their superiority, over 95% of the railroads in the United States use automotive type Stitt Spark Plugs in their railway motor cars and have done so continuously for more than twenty years.

The Stitt Spark Plug factory was established in Columbus during the war to supply heavy duty spark plugs to oil and gas fields in place of those made in Germany. The Stitt plug proved its worth in this emergency and has since maintained its place against all other plugs both foreign and domestic.

Over 90% of the gas engines in the oil and gas fields of the United States, Canada, Mexico, Central America, South America, Dutch East Indies, Europe, Asia and Africa use Stitt Spark Plugs.

When You Change Spark Plugs—Install Stitt Patented Pressure-Seal Spark Plugs

HIGHLAND AVENUE PUPILS TAKING PART IN SCHOOL PLAY

With a cast of 250 pupils, elaborate preparations are being made for the presentation of "The Festival of American Music," a play by youngsters of all grades from Highland-av school, to be given at the school in two performances at 2:45 p. m., May 15, and 8 p. m., May 16.

Teachers at the school are directing the play, headed by Mrs. Grace Wotton, assisted by Mrs. Hazel Booth, Miss Glenna Huston and Miss Margaret Elliott.

Costumed characters in the play will include the picturesque characters of practically every period of American history, including pilgrims, colonials, frontiersmen, border days, cowboys, Negro spirituals, the times of Stephen Foster, and many others.

Pupils in the group pictured above represent some of the more picturesque characters and are as follows: First row, sitting, left to right, Jack Davis, Nellie Evans, Jean Batteriger, Bill Taylor, Jack Perkins, Janet Roller.

Second row, standing: Ann Grabill, John Winkler, Alice Barton, Phyllis Howey, Barbara June Nippert, Charles Rhoades, Patricia Lee Noland.

Third row: Cecelia Mattison, Geraldine Patrick, Robert Kimes, Joanne Palmer, Nancy Gill, Dan Skipper, Billy Foster and Leroy Neal.

Jacobs Qualified For Legislature

Ralph L. Jacobs, 2914 Crescent-dr, candidate for the Democratic nomination for state representative from Franklin county, is seeking public office for the first time, and in doing so, is telling his audiences at political meetings that he feels he knows more about handling the job than he does about making speeches to get it.

A resident of the Hilltop since 1923, Mr. Jacobs is vice-president and general manager of Arcadet lines, a bus company, and is thoroughly acquainted with state government and business, because in his position he is placed in contact with at least a half dozen state departments almost daily.

In his public campaign appearances, Mr. Jacobs is telling his listeners frankly of his qualifications and abilities for the office he seeks and he is opposed to making flowery speeches full of generalities that are usually delivered by the job seeking politician in campaigns, making many promises that can never be fulfilled and that are quickly forgotten if the office seeker is nominated and elected.

The best way a state representative can serve in his position is by studying each bill presented carefully, considering the relative effect it will have on the people of the state, and voting for or against it accordingly, Mr. Jacobs says.

Every bit of new state legislation should be carefully analyzed and studied before being voted upon in his opinion. He is proud of the fact that he has never accepted a cent of public money.

Mr. Jacobs was president of the Ohio Motor Bus Owners' association two years; a member of the legislative committee 15 years. He is director of the National Association of Motor Bus Owners of Washington, D. C.; past master of West Gate Masonic lodge, member of West Gate group of Robert Morris chapter of the Eastern Star, the Scottish Rite, Mt. Vernon commandery, Knights Templar and Aladdin shrine. He was born in Allen county near Lima July 14, 1889 and educated in the Lima public schools.

DESTROYED BY FIRE

A fire caused by a short circuit in the horn connections seriously damaged the automobile of L. Hart, 656 S. Eureka-av, Saturday morning at 1:30.

Several neighbors called the fire department upon walking when the horn began to blow. The damage is estimated as approximately $900. The automobile was almost totally destroyed by the flames and the structure of the garage was weakened, although the garage did not actually burn.

L. F. GRAUL IS QUALIFIED CANDIDATE

Laurence F. Graul, 916 Grant-av, Grove City, candidate for the Democratic nomination for county commissioner, has had nine years of experience in accounting and general office supervision, eight years as a successful business man and six years as a state employee.

Mr. Graul is a World war veteran, member of the American Legion, Post No. 184, past master of Grove City lodge of Masons, No. 688. He is 45, married, has five children and has been a taxpayer for 19 years.

Allen Experienced For Job of Prosecutor

Police Prosecutor Roland G. Allen, who is Republican candidate for the nomination for county prosecutor, is a firm believer in athletics as a character builder and since he was appointed to the police prosecutor's position on Dec. 1, 1932, he has been active in church, school and civic groups in sponsoring a program to curb youthful crime.

Mr. Allen has instructed hundreds of boys and girls in the rules of sportsmanship as a means of clean living. He was born in Corning, Perry county, Ohio, sold newspapers, worked in the coal mines during the summer months and worked his way through Ohio Wesleyan university, waiting table during the week and occupying a church pulpit on alternate Sundays.

A graduate of Ohio State university law school, Mr. Allen was an instructor of public speaking at the university for three years and judged scores of high school debating groups in many Ohio rural communities.

Before assuming his present position he was in the general practice of law for six years, being associated with former Judge Harry B. Holmes.

As police prosecutor, while Mr. Allen has prosecuted thousands of criminal cases, he has at all times adhered to the human principle that the state or the city demands no victims; that a prosecutor's duty to free the innocent is as strong as his duty to punish the guilty. Persecution has never been reflected in any of his official actions.

Mr. Allen is married and lives at 318 Nineteenth-av. He is a member of Indianola M. E. church where he teaches a Sunday school class of boys. He is active in many civic and fraternal organizations.

Law Is Hobby For Judge Turner

Most men have a hobby aside from their regular work or profession, but with Common Pleas Judge Edward C. Turner, the Hilltop's candidate for the Republican nomination for the office he now holds, his work is his hobby.

Judge Turner likes the law and he follows the profession of Blackstone with an enjoyment that overshadows all else, even the operation of his extensive farm on Broad-st, west of the city limits.

The operation of the farm is left to his son, for, as Mrs. Turner puts it "the judge doesn't know a thing about farming."

Worked Hard

For Judge Turner, the business of becoming an attorney and a leader in his profession that brought him into the spotlight in some of the biggest cases tried in Franklin county was not an easy task for he worked his way through school, receiving L. L. B. and L. L. M. degrees at Ohio State university.

Before becoming judge, the attorney was county prosecutor for two terms, 1911-15, and also served two terms as attorney general of Ohio, 1915-17 and 1927-29.

He has a background of cases and trial practice that covers the entire field of law and when Judge Turner is on the bench observers have noted that no matter who the plaintiffs and defendants are or the attorneys, either, they get all the same treatment — strict impartiality because Judge Turner regards the law as a sacred thing with potent meaning for everyone, rich and poor alike.

Former Gov. Martin L. Davey

DAVEY vs. BRICKER
A Convincing Parallel

The name Davey is used here for brevity. It is intended to include all the department heads and the legislature.

Davey balanced the state budget every year without new taxes and without any financial juggling.

Bricker balanced his budget by robbing the public school fund of $6,500,000, (which he put in his general revenue fund) and by letting people go hungry.

VETOED APPROPRIATIONS

Davey vetoed over $15,000,000 in unnecessary appropriations, in order to save money for Ohio taxpayers.

Did Bricker veto any appropriations? Not one dollar.

TAX REDUCTION

Davey gave the people of Ohio $72,000,000 tax reductions from 1935 to 1940 inclusive. He repealed the sales tax on food, cut automobile license fees $2,000,000 a year, cut farmers' truck fees $1,000,000 a year, reduced admissions taxes from 10% to 3%, cut intangible taxes from 6% to 5%, etc., etc.

Did Bricker give any tax reductions? Not one dollar.

PUBLIC SCHOOLS

Davey gave Ohio the great public school foundation law, which reopened the closed schools and saved the school system for this state.

Bricker robbed the public school fund of $6,500,000 in order to make a pretense of doing something for the schools.

OLD AGE PENSIONS

Davey increased old age pensions twice by executive order—the first time $10 per month and the second time 10%.

Davey promises to increase old age pensions in accordance with the new federal law, and he promises to return all the property to the old age pensioners which the state has taken from them. Davey makes good his promises.

Bricker broke all his pre-election promises to the old age pensioners, which he made in his campaign letter.

Bricker has the power to call the legislature right now to increase old age pensions and restore the property to the old folks. But will he? Not unless he is scared into it.

LABOR ATTITUDE

Davey has been a friend of labor for many years throughout his long service in Congress and as Governor of Ohio. He produced much favorable legislation that is now on the statute books.

Bricker has slapped labor in the face at every turn of the road. He seems to be anti-labor. His handling of unemployment insurance has shown a desire to chisel the unemployed.

UNEMPLOYMENT INSURANCE

Davey set up the unemployment insurance department in Ohio and organized it on a business basis with one of the lowest overhead costs. He left over $100,000,000 in that fund. Under his management, Ohio was the only state in the Union which was ready to pay unemployment insurance benefits as soon as the law permitted.

Bricker proceeded immediately to make the Bureau of Unemployment Insurance a political football. He discharged many of the most capable employees and stacked it with his own henchmen. And he established an anti-labor policy in the administration of the law.

CARE OF HIGHWAYS

Davey kept the highways of Ohio cleared of snow, and covered the icy places promptly with sand or ashes. He kept the highways of this state in fine traveling condition, better than the surrounding states. The result was a sharp decline in winter accidents. He built more miles of good roads for the same money, and kept the highways repaired.

Bricker's fake economy has neglected the highways and allowed them to be piled with snow day after day. The icy places have not been protected. The result has been a tremendous increase in winter accidents. He has confined himself largely to the building of the most expensive highways and neglected the maintenance of the others.

CONSERVATION

Davey took Conservation out of politics and made the Conservation Division one of the best in the United States. He did more for Conservation in 4 years than had been done in the previous quarter of a century. He kept Conservation out of politics, and appointed men who knew their jobs. He gave all sportsmen's fees to Conservation, paid back the money previously withheld, secured large Federal sums, and gave Ohio its only great program.

Bricker put the Conservation Division right back in politics. He appointed a Republican politician as Conservation Commissioner. He discharged nearly all the competent, trained professional employees, and put in their places politicians who knew nothing about either the science or philosophy of conservation. Bricker set Conservation back ten years. He broke all his promises to Ohio sportsmen.

DIVISION OF INSURANCE

Davey put a high-class insurance man in charge of the Division of Insurance and kept it free of politics. He raised the standard of that division so that it ranked with the best in this country.

Bricker picked a politician to run the insurance division, and he has been playing politics with it ever since. He discharged many of the competent employees, and put inexperienced politicians in their places.

CLOSED BANKS

Davey inherited closed banks with 500 million dollars of deposits, and closed Building and Loans with over 100 million deposits. He made the best record of any state in the Union, returning 84% to the depositors. The next high state paid only 70%. He finished the work of reorganizing or liquidating all but 18 of 169 closed banks, and finished with a big majority of the closed Building & Loans.

Bricker had very little of the problem left regarding closed banks. But he has been playing politics with them. One of the most conspicuous examples of this is his miserable handling of the Building and Loans in Dayton. While Bricker was Attorney General, he raided the closed banks with exhorbitant lawyer fees, that were shocking in their amounts.

CIVIL SERVICE ATTITUDE

Davey respected the Civil Service Laws of Ohio. In only a few cases did he discharge Civil Service employees, and only then when the employees violated the law by pernicious political activity. Davey kept nearly all the experienced personnel of the Ohio government, in order that the departments could function efficiently and economically in the public interest.

Bricker raped the Civil Service in a more audacious manner than any Governor in Ohio's history. His record of contemptuous action against Civil Service employees is worse than all Governors of Ohio combined since the law was passed. He discharged experienced, capable employees by the thousands. The result has been gross inefficiency and waste.

PROGRESSIVE LEGISLATION

Davey passed many progressive and constructive laws for the benefit of the masses of the people. His record is the best in 20 years or more.

Bricker's legislation was largely Ripper laws, intended to get political control of all the departments of the government. He has done nothing for the farmers, nothing for labor, and almost nothing for business.

TRUTH IN PUBLIC OFFICE

Davey told the truth to the people when he was Governor. He did not resort to misrepresentation or tricky devices regarding the affairs of the state.

Bricker has been guilty of many falsehoods, especially with reference to the financial affairs of the state. In fact Bricker has been running for P[illegible] ever since he was elected Governor.

STATE REVENUES

Davey had to get along on greatly reduced state revenues in 1938, because of bad business conditions. And still he balanced the budget without letting anyone go cold and hungry. He met all the state's legal and moral obligations, and left a cash balance in the Treasury for his successor. Davey raised the pay of the poorly paid workers.

Bricker had $30,000,000 more in 1939 than Davey had in 1938. He actually spent $23,000,000 more than Davey did in 1938. In spite of the hypocritical claims, Bricker spent $1,000,000 more for salaries and wages in 1939 than Davey spent in 1938. But still Bricker cut the wages of the poorly paid employees.

TREATMENT OF MINORITIES

Davey gave representation in the Ohio government to all the groups of this state. For the first time in history, he gave important positions to representatives of all the minority groups. He believes that all citizens are entitled to proper representation, so that all may feel "this is my government."

Bricker drove out of the state government all these representatives of the minority groups, and appointed in their places his own little clique. He has shown himself to be narrowly partisan, prejudiced to the point of bigotry, cold-blooded and high-hat.

Need

George W. Matson

For

County Commissioner

George Matson, with his years of practical training as a business man and contractor and builder, is well qualified for the position of County Commissioner. It is important that the board of commissioners be made up of men of experience and men with an independent attitude looking to the best interests of the entire community. Matson is this type of individual. This community needs representation on the board of county commissioners. Numerous improvements and the welfare of this community in county affairs justify the election of a resident of the Hilltop or West Side to this post.

George Matson was chief building inspector for the city from 1936 until this year, during which time he had an outstanding record of successful administration. He was first in the competitive examinat[illegible] Hilltop and West Side Republicans can well afford to give their support to Matson in the primaries next Tuesday, May 14, and in the fall election.

Proportions' Change With Time

Two Sundays ago I returned to the farm where I was born in West Virginia along the Ohio river, to have pass in review a long list of memories of the days when I walked barefoot behind a plow, in the spring, trapped muskrats in old Nine Mile creek, walked two miles in mud in the winter to a one-room school house where all eight grades were taught by one teacher, and remembered that perhaps the most beautiful and inspiring piece of art a boy could ever study was the big billboards of the Barnum and Bailey circus plastered all over the side of the old barn.

An uncle, just a few years older than myself and my boon companion of those days, went along. His recollections, too, were vivid, as he looked down the long brick walk at the old home, and remarked, "That walk doesn't look half as long as it did when we used to have to dig the grass out from beneath the bricks each summer." Peculiarly so, some of the less pleasant things lose their enormous proportions after time has had an opportunity to create a truer perspective.

Mary E. Lee of Westerville

I've never met Mary E. Lee of Westerville but I know her. Thousands of people of the county know Mary Lee of Westerville, and perhaps many, many of them have never met her but they know of her through her "Republican Gazette," a weekly journal of fundamental Republicanism.

The current issue of The Ohio Woman calls Mary Lee a paradox. "She firmly opposed woman suffrage. Yet she herself is an example of what a woman can accomplish in public life . . . a living argument for the very cause against which she argued," the magazine continues.

And Mary Lee is Republican through and through. Her most recent issue of the Gazette heads each page with "Third Term and War."

Here and There About The Hilltop

Bob Hessenauer, former park supervisor and gentleman, who started the Westgate Park improvements two years ago, is a Hilltopper now, living at 49 N. Roys-av . . . . A newspaper office is generally looked on as an information bureau and someone called this past week and wanted to know of our manager if he could suggest a way to raise $10,000 for the erection of a football stadium on the West Side . . . Dr. Chet Cramer likes navy beans, doesn't care much for the army variety . . . Curt Wilcox has a longing for a view of the Indianapolis speedway about Memorial Day . . . Add to my favorites, red dogwood . . . . Geo. Matson was telling Tuesday evening he would hold onto his large campaign signs until noon Wednesday just as a matter of being hopeful of using them again this fall . . . Anti-war propaganda, and good enough I'd say, is to point out to the women of America that any too enthusiastic attitude toward getting into it may result in making widows of them in a few months . . . I've never seen Charley Kent without a cigar or a smile . . . If you'd like to see the Washington cherry blossoms just take a drive through Upper Arlington and take a look at the wild crabapple trees in bloom for a close second in beauty . . . Noble Allen and Bob Draper are discussing the possibility of playing an instrumental duet (quell the riot!).

Sullivant Avenue Needs Some Entrances

The city engineering department can relieve a congested situation in traffic on Sullivant-av by opening up more entrances to the street from the north.

CAMP CHASE BASEBALLERS

Shown above are members of the Camp Chase post baseball team, entrants in the West Side American Legion league, resplendent in their new uniforms. Kneeling is Frank "Dizzy" Wilson. In the first row, left to right, are Ray McVay, Herb Stewart, Herb Baird, Robert Wehr, William Richards, Jack Stettler, captain; Howard Young and Jess Grandstaff. Second row: Ray Smith, William Liston, Roy Moloney, Don Davies, Tom Rebholz, with Jake Richards, who will join the squad at the conclusion of the high school season, not present.

To date the Legion-sponsored nine has won two games while losing to the top Franklin Post No. 1 outfit. Victories have been recorded over Agonis No. 1 and Agonis No. 2. The team will play the Kibele Contractor group at Westgate park next Monday afternoon in its next league start.

6 Picked To Attend Legion Boys State

Three Hilltop boys, a West side boy and two others, will be sponsored by Camp Chase post of the American Legion, the Hilltop Business Men's association and Rainbow division veterans to attend the Buckeye Boys' State June 15 to June 25 at the state fair grounds. It was announced this week by Dr. W. H. Baker, chairman of the Boys' State committee.

The boys selected and their respective sponsors are David Riggs, 173 Guernsey-av, West High school; John Beymer, 703 S. Wayne-av, West High, and John Patrick Biene, 130 Hawkes-av, Holy Family High, all sponsored by Camp Chase post.

Donald Leroy Matthews, 3080 Fremont-st, West, sponsored by the Hilltop Business Men's association, and John Joseph Rooney, 1490 E. Fulton-st, Holy Rosary High, and Ralph William Hudson, 871 Gilbert-st, South High, both sponsored by Rainbow division veterans.

The Buckeye Boys' State will be attended by a limited registration of 700 Ohio High school juniors.

Band Concerts Scheduled For Westgate Park

Westgate is one of the four city parks selected for the annual summer band concerts during June, July and August, according to Arthur E. Streng, president of the Columbus Federation of Musicians. The organization is seeking to raise $3,000 to defray the cost of 15 concerts, he said this week.

Public contributions and an appropriation from city council are being sought to defray the cost, estimated at $200 per concert. The union musicians each year donate several hundred dollars to the project from their own fund, it was declared.

The music is provided by a general ensemble of about 40 players with a leader, a singer or an instrumental soloist. Prominent band leaders from Columbus and other cities are scheduled to direct the musicians. Franklin, Schiller and Goodale parks will also be on the concert program list.

Gun Club Plans Sunday Shoot

Members of the Clearview Gun club will hold their third registered shoot of the season starting at 1 p. m. Sunday at the club headquarters on Sullivant-av near the airport.

We can see no reason why at least every third street shouldn't be opened up so traffic may get onto and off of Sullivant from more than one spot in many blocks.

West Nine Fights For District Title Today

By Dave Shiflet

Firmly entrenched in first place in the tough City league baseball race by virtue of a convincing 6-5 victory over North High's defending champion Polar Bear nine, Coach George Williams' West High fence-busters will defend their Central District baseball championship in the district finals to be played this afternoon at 4 o'clock on the S. Powell-av diamond. The Polar Bears will again provide the opposition.

The Buckeyes, winners of 11 games in 17 starts and numbering the North win Tuesday as their ninth consecutive decision, will probably play ball behind Jake Richards, the diminutive right-hander, who has beaten the Polar Bears twice this year and holds six victories in a like number of starts. If Richards doesn't start this afternoon, either Jack Barrett or Bob Swisher will get the call, while Jerry Katherman will be on the kopje for the Bears.

Have Good Pitching

Principal reasons for the continued success of the Cowboys on the diamond this year has been tight defensive play along with some excellent pitching. With Richards, Barrett and Swisher turning in sterling performances on the mound the locals drubbed Bexley, South and Washington C. H. in succession to advance to the district finals this afternoon. The Bucks have not been exactly weak with the willow, either, as shown by the 14-5 win over Bexley and that 22-4 "track meet" against Washington.

In the City league pennant chase the Buckaroos are roosting high on the steeple. North, in second place, has lost three games while West has been beaten only once in seven league conquests, that by Central 4-3. With the standings as they are, the Buckaroos can lose to one of the three teams they have yet to play, Central, South and East, and still gain the title, or lose two of the set and gain at least a tie, assuming that the Polar Bears win their last two league games.

Williams Is Skeptical

Coach Williams is skeptical, however. On several occasions, while coaching at West Junior, (Continued on page 6)

A Townsend rally will be held at 2:30 p. m. Sunday at 2356½ W. Broad-st with a speaking program scheduled. The public is invited.

It's All Wolf In Kegler War

It was all Wolf's Sunday afternoon at the Hilltop Bowling alleys; in fact all 11 participants were Wolfs. It all happened like this:

Bill Wolf, manager of the local alleys, invited George Wolf, owner of the Glouster bowling establishment, to play a match game with the Hilltop team composed entirely of Wolfs. When George Wolf came down from Glouster Sunday he brought with him five other members of the Wolf clan.

The local team, composed of Bill Wolf, his sons Rich and Tom, and also Fred and Vince Wolf, defeated the Glouster five 2692-2661. The Glouster team was composed of a second Bill Wolf, along with George, Jim, Joe and Ed. The foul judge for the match was—you guessed it — another Wolf, Harold Wolf doing the honors. Here's the way the scoring went:

ATTEND RITES

Misses Margaret and Eva Burnside, 93 N. Powell-av, attended the funeral of a cousin, S. L. Patterson, in Cleveland Wednesday of this week.

Bean Feed To Be Held On July 31

One of those things the Hilltop is famous for . . . you've guessed it . . . the annual Hilltop Bean Dinner . . . will be held again this year at Westgate park on Wednesday afternoon and evening, July 31.

Plans for the big event were announced at the Tuesday meeting of the Hilltop Business Men's association.

The committee in charge will be headed by Charles Kent. Other jobs have been delegated as follows: music, Tom Lewis; arrangements Ray G. Hauntz; beans John Riepenhoff; hot dogs, Dr. E. E. McNamee; publicity and bean guessing contests, C. Carlton Hartley; ice cream, Gene Hays; soft drinks, C. B. Story; stands, Ray Peery; games and contests, Dr. Bruce Tanner and Charles Cruea.

Police Inspector Thomas Scully was guest speaker at the meeting. He pointed out that whereas in the old days a new policeman had three rules to follow, to wit: 1. Don't see too much. 2. Always be on hand on payday. 3. Make your reports on time; today a new man in the department must serve five weeks in schooling before going on duty.

Clear Up Robberies

He also reported that the police department, since the first of the year, has cleared up 130 armed robberies, while there have been 113 committed; 284 out of 287 stolen autos have been returned; but one unsolved murder case is on docket; $73,000 in fines from numbers writers have been accounted for; in the first four months of last year there were 9650 traffic arrests as compared with 1073 for the first four months of this year, and accidents for the same period have been 2738 for 1939 as compared with 2983 for the same period of 1940.

Safety Director George Ward was a guest and spoke briefly.

Musical entertainment was provided by the prize winning clarinet quartet from West High school under the direction of music supervisor, H. C. Hutchison. The quartet is made up of Richard Blaney, Robert Gulcher, Dick Sinclair and John Patterson.

MATSON, SULZBERGER SINCLAIR WINNERS

Victorious Hilltop candidates in the Tuesday primary contest, this week took a breathing spell before preparing to enter the round of campaign activity that will carry them into the November election.

The nomination of George W. Matson, 87 N. Warren-av, as Republican candidate for county commissioner in his first political campaign and the strong showing of Ralph W. Jacobs, Crescent-dr, as Democratic candidate for state representative, were outstanding in the county contest.

Other features in the primary contest as far as voters of the eleventh and tenth wards were concerned included the surprising upset vote that eliminated Common Pleas Judge Edward C. Turner as the Republican aspirant to succeed himself.

To Incorporate

Valleyview, the district in the vicinity of N. Hague-av, instead of becoming part of Columbus, will work out its own destiny as a separate incorporation, the unofficial tabulation on that issue showing a total of 93 votes for incorporation against 65 opposing votes.

In the committee contests in both the eleventh and tenth wards the organization indorsed candidates easily carried on to victory, George Sinclair and Fred Sulzberger winning their respective places as Republican and Democratic committeemen in the eleventh.

In the tenth, Henry Koontz and Oscar F. Dildine won their respective campaigns as Republican and Democratic committeemen.

Samuel J. Willis, former Democratic committeeman, who dropped out of the race some time ago, received a number of write-in votes.

Impressive Total

George Matson's vote of 14,145 against 19,192 for the ticket leading C. P. Lauderbaugh in the Republican race for the nomination for county commissioner, was an impressive showing for a first time candidate, as was that of Ralph L. Jacobs, Republican candidate for state representative, who secured 5,581 votes and fin-

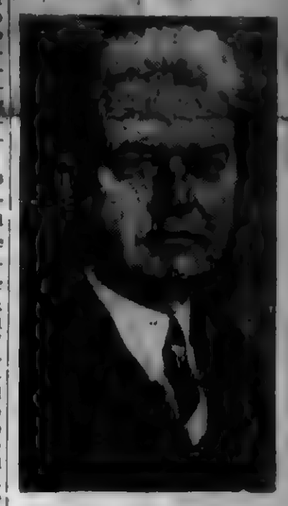
West Music Winners

Miss Martha Waite



—Photo by Montrose

Miss Martha Waite, 191 Midland-av, blond 17-year-old West High school junior and one of the winners in last year's Hilltop eisteddfod, this week was a step nearer the realization of her ambition of becoming a concert singer and perhaps an opera mezzo-soprano, following the showing she made last week in the national high school student music finals at Springfield, Ill.

Miss Waite placed third as mezzo-soprano, against stiff competition from other school girl singers from other sections of the nation, thereby winning a certificate of merit and proving that her awards won in state and district elimination contests were well earned. Her song was "Pleading."

The four boys in the lower picture are Richard Blayney, Robert Gulcher, Richard Sinclair and John Patterson, all of them also winners in the state finals, who are competing this week in the regional instrumental festival competition held in Battle Creek, Mich. They are members of the B flat clarinet quartet that received the highest rating of "superior" in the state finals.

Miss Waite was also rated "superior" and took part in the three vocal competition festival at Springfield, Ill., May 10 and 11.

Do You Want To Swap? Here's How

Let's Swap! ! !

Remember the days when you were a youngster and, perhaps, you traded a prized Barlow knife for a fishing pole, or a pair of roller skates for a baseball bat . . .

Then, again, perhaps it was three of your finest "purie" marbles for a ball bearing . . .

Anyway, all of us, whether we're Connecticut Yankees or plain everyday Columbus Hilltop folks, we like to feel that we're a shrewd trader and negotiate deals where actual cash may or may not be involved.

Therefore, to satisfy this ever present yearning to be a trader, the Hilltop Record herewith presents on its classified advertising pages a "SWAP COLUMN" at a special rate of eight cents a line CASH WITH ADVERTISEMENT for Swap Ads of not less than three lines.

You can write your own advertisement or we'll write it for you and the more things you have to swap, the more fun you can have.

That four valve tuba horn you haven't played for a long time may be just the thing Joe Tooter would like to have in exchange for that set of matched golf clubs he hasn't used since he saw the boys in the last national amateur.

That portable radio you suddenly stopped using after you heard Adolf You-Know-Who make a speech while on a picnic may be just the thing the fellow in the next block would like to have in exchange for a set of porch furniture that he doesn't use any more since he moved into an apartment.

And so it goes . . . look around the house . . . stop and think of the things you'd like to get rid of by swapping for the things you'd like to have but can't afford to buy at this time.

Then telephone your swap ad to the Hilltop Record and await for the traders to descend upon you with more things than you dreamed about! Just call RA. 1125 or 1126.

Charles Campbell Is Recovering

Charles Campbell, aged 10, son of Mr. and Mrs. C. H. Campbell, 91 S. Westmoor-av, this week was reported greatly improved from an illness that extended from last February when he was a patient in Grant hospital. He is now able to be out and around.

IN MEMORY OF MY WIFE WHO PASSED AWAY JUNE 28, 1933

O how well do I remember
Her sweet smiles she had for me.
Since my loved ones have departed
Now there is no joy for me.

Weeping, lonely she has left me here.
Weeping, weeping for my wife so dear.

Tears of sorrow long have started
For my wife I loved so well.
She beneath the sod is sleeping—
Where, O where is joy for me?

For some day I'll journey to her
Up in heaven far away,
Then there'll be no tears
For I'll be with her some day.

You are invited to call some time during this week and will be shown, in a courteous manner, the "ins and outs" of the jobs.

The week starts out by the group dinners on Monday night, May 20, these dinners are being held in various parts of the city and are open to the workers, sponsors and their friends. The price of the dinner is 25c per person. The remainder of the week is devoted to your observation and inspection of our work. Attendance at this dinner is not compulsory on the workers.

Public Asked To View Projects

Hilltop residents and the general public this week were being invited to visit the Columbus State hospital to view improvements made at that institution by the WPA, and especially to see a new Mercier sound amplifying system installed in the auditorium through public contributions, according to C. H. Campbell, secretary of the Hilltop Business Men's association.

The association contributed toward the cost of the new sound system. It is regarded as of great benefit because of the size of the auditorium, according to hospital officials. Many improvements have been made at the hospital by WPA workers.

Two Hilltop Women Injured

Renner Paint Firm In New Location

Re-opening of the Renner Paint store that has been in business on the Hilltop for the past 10 years at 2326 W. Broad-st is scheduled to take place this week at the firm's new location, 2320 W Broad-st, one door east of the Hilltop branch post office, it was announced by S. W. Renner.

The Renner firm carries a complete line of Pittsburgh paints Mrs. Renner assists her husband in the business and they live at 109 S. Burgess-av.

Mr. Renner was born on a farm 10 miles west of the city and has been a resident of this section since that time with the exception of a period of four years spent in Mississippi. In business on the Hilltop for 25 years, Mr. Renner formerly operated the Hilltop Transfer Co., and also operated a garage business where the Hauntz Food market is now located at Broad-st and Powell-av.

Study Millikin Work Programs

Wyatt L. Millikin, one of the Hilltop's two city councilmen this week was awaiting a report by Service Director Grover Clements on a waterworks work relief program approved by councilmen in a resolution. A similar resolution on the sewerage system was also adopted.

Councilman Millikin explained he feels that the relief load could be lightened by the programs, using surplus funds from both divisions with WPA cooperation.

Service Director Clements is scheduled to prepare a report of projects for both plans and suggested that they might be better fitted for winter needs because of the extensive relief work projects now under way.

15 THRILLERS ON BOYS' PROGRAM

A program of 15 thrilling events is scheduled to take place on the program to be given at 2:30 p. m. Sunday at the state fair grounds as part of the benefit for the Columbus Business Men's Boys' Town club, consisting of various automobile stunts, races and a bike race.

Don't Risk Roof Leaks

BAD weather quickly locates the weak spots in roofs. New leaks develop, and old ones get worse. Wise property owners refuse to take chances—they have risky roofs put in good condition or replaced before any damage occurs.

Campaign Signs Adorn Trees

How about taking them down boys, now that the campaign for the primary is over?

Shown above is just one of the hundreds of trees in all parts of Franklin county that were plastered with signs by candidates just as the trees were bursting into their first lovely spring bloom. It is at a road intersection in the southwest part of the county.

Note that the adjacent utility pole does not have even one sign on it. Inset is a closeup of the tree trunk.

BASEBALL—

(Continued from page 1)

the popular West High mentor seemed to have the championship in his hip pocket, only to have it elude him at the last moment. Last spring, you'll remember, the West High team took district honors. In the early part of the league campaign West took five straight league victories in the first round. Then everything went blooey, and the Bucks ended up behind North in the final analysis. Again last fall, when his football team had gained eight straight wins without loss or tie, North gained the City league grid championship and spoiled the West bid for an undefeated, untied season in the final game.

All things, good or bad, come to an end some time, and Coach Williams was hoping that his charges would gain undisputed possession of the City league diamond championship along with the district diadem. But only when the final tally is counted, when and if, and the pennant is floating where he hopes it will be, will the wily West High coach even mention the championships. But today it's the old jinx, North, in the district finals, and the City league will take care of itself.

cal numbers, while John T. Davies, 65 S. Ardmore-av, will judge the recitations.

Mr. House pointed out that eliminations will be held in all events except the chorus numbers so that the number of competitors in any one event will not exceed three. This is done in order that the program may be speeded up as much as possible.

The facilities of Westgate Evangelical and St. John's Lutheran churches have been secured for preliminary rehearsals by visiting groups. The music room and other class rooms at West will be used for the eliminations scheduled to begin at 6:30 p. m.

Two New Tracks Built

Construction work was being pushed rapidly this week on two new motorcycle race tracks that are being built by the Imperial Motorcycle club on the Firsherd, a mile north of Broad-st. Plans are to have the first races on the new tracks on May 26.

One track will be a half-mile around and will be used for tourist trophy races while the other will be a flat track of one-third mile. Both tracks will be oiled and rolled and all conveniences will be provided for spectators, who may watch the races in comfort from a nearby grove of trees, according to club officers.

The club is being limited to 16 members and has William Tinapple as president. Other officers are Charles Slane, treasurer; John Tedlard, West High school senior, secretary, and Gene Tinapple, referee.

Plans are being made for a series of A. M. A. sanctioned races on Memorial day and a big race on July 21. Tickets are being sold for 30 cents in advance or 40 cents at the gate.

Fast Openers Features In Church Loop

Action in the West Church league No. 1 was fast and furious Monday night at Westgate park as St. John Lutheran, St. Aloysius, Burgess U. B. and Hillcrest gained victories in the initial set of softball contests.

St. John and Burgess seemed to show some of their old-time form as they each cracked out 18 runs in the evening's activity. The former smothered Highland Ave. Friends 18-3 while the U. B.'s walloped Hoge No. 1 18-4, with Logan and Livingstone pacing the victorious Brethren.

In the feature battle of the evening St. Aloysius turned back Glenwood M. E. 6-0 behind the excellent pitching of Lou Kallos, a southpaw, and former Owens-Illinois ace. In a second well-played contest, Van Order granted Hoge No. 2 only three singles as his Hillcrest Baptist mates pounded out a 6-1 decision.

Calvary Wins

Down at McKinley-av. diamonds, where the West Church league No. 2 performs, Calvary Presbyterian edged West Park M. E. 6-5 in a bitterly contested battle. Comer and Eberhard were the opposing twirlers, with the former getting the better of the argument.

In the second game in the four-team circuit, Avondale U. B. defeated Salvation Army, 4-2, in a fine defensive battle.

Sight Saving Seal Campaign Under Way

The Franklin County Sight Saving committee, sponsored by the Columbus Lions club, will open its second annual sight saving seal campaign on May 13, to continue for the balance of the month. Lawrence N. Fregeau, 266 South High-st, is secretary of the committee.

Accomplishments by the committee during the past year included treatment of the eyes of new-born babies at University hospital, supplying glasses to children and adults, furnishing white canes for use by the blind, paying for an operation for removal of a cataract; furnishing milk and coal to families of young children where parents are blind, supplying radios to the blind and performing other services that are not taken care of by the community fund and other agencies.

Scouts Plan Banquet

Plans are nearly complete for the first annual southwest district Scouters' and Cubbers' banquet, which will be held Tuesday, May 28, at 6:30 p. m. at Schmelzer's restaurant, 2178 W. Broad-st.

The dinner is for all registered Scouters, including Scoutmasters, assistant Scoutmasters, troop committeemen, Cubmasters, assistant Cubmasters, pack committeemen, den mothers and den dads.

This is a husband and wife affair or girl-friend affair, which is to be the spring finale for the year's Scouting.

The entertainment committee, with G. M. Riggs, district chairman, at the head, has announced that the speaker will be Paul L. Selby, director of the division of securities and council advancement chairman.

Only 200 tickets are to be sold and the Scoutmasters of the various troops of the southwest district are making every effort to have the best representation possible from their respective troops. All registered Scouters and Cubbers are being urged to call their Scoutmaster or Cubmaster and secure their tickets as soon as possible.

Attorney To Address Legion Members

Kenneth Little, local attorney, will be the principal speaker at a Memorial Day observance ceremony to be held at the regular meeting of Camp Chase post, American Legion, this evening.

The auxiliary members will discuss plans for poppy day at their meeting at the same time.

lished seventh in a field of 19.

Common Pleas Judge Edward C. Turner rolled up 13,908 votes in losing the Republican nomination to succeed himself to Judge Clifford, while Joseph C. Nallor, Hilltop incumbent state representative, won the Republican nomination for that position again with a vote of 21,042.

Otto Bess, the Hilltop's candidate for sheriff, secured 3300 votes.

Board of elections officials Thursday refused to give out the total vote for the various Hilltop candidates cast in the eleventh and tenth wards, Frank Marsh, the chief clerk, declaring the only totals that could be given out were the unofficial figures cited above for the total county vote.

No Summaries

Several persons reported to the Hilltop Record that precinct officials in some cases had either failed to post vote summaries at their voting places or, if posted, they had been torn down, as there was no trace of them available after the tabulations early Wednesday. Election officials said that some might not have been posted due to the hurry of precinct workers to get the results to the election board office.

There are a total of 48 voting places in the two wards and persons interested in the ward and precinct vote pointed out that it would be an all-day task to visit all localities for a tabulation and survey of results.

SULZBERGER THANKS FRIENDS FOR VOTE

Fred L. Sulzberger, who won the Democratic committeeman nomination in the eleventh ward, expressed his thanks and appreciation today for the fine support given him by his friends and fellow Democrats.

Starting next Friday, May 24 Loew's Ohio will show Spencer Tracy in "Edison the Man," plus a second feature.

This announcement was made by Harry D. Crimes Against Us Are Named

Crimes against the United States are as follows: Whoever owing allegiance to the United States levies war against them or adheres to their enemies, giving them aid or comfort, is guilty of treason. The penalty upon conviction is imprisonment for not less than five years, fine of not less than $10,000 or death.

Misprison of treason consists in general of having guilty knowledge of, concealing and not disclosing the treason of others. The penalty is imprisonment for not more than seven years and a fine of not more than $1,000; or both fine and imprisonment.

Rebellion or insurrection is the inciting or setting on foot, assisting or engaging in the armed resistance to the execution of the laws by two or more. The penalty on conviction is imprisonment for not more than 10 years; fine of not more than $10,000 or both.

When two or more persons conspire to operate in committing any offense against the laws of the United States it is the crime of conspiracy punishable by fine of $10,000, three years imprisonment or both.

The supreme court has decided that to cooperate in violating the law of the United States, or encouraging or inciting or doing anything to cause the violation of such law is "an offense against the United States "and therefore is the crime of conspiracy.

Offenses against the mails fall into two general classes: 1—the misuse of the mails for immoral or fraudulent purposes, the other, robbing the mails; penalties vary with the particular nature of the offense.

There Are No National Holidays

There are no "national" holidays in the United States. Each state has jurisdiction over the holidays to be observed. These are designated either by legislative enactment or executive proclamation. The only national holiday ever proclaimed by Congress was when they ordered (Apr. 30, 1869) that the one hundredth anniversary of the Constitution be observed as a national holiday.

The president and congress designate for the District of Columbia and for the government employes throughout the nation, but not for the states with the exception referred to. The law signed by President Roosevelt May 13, 1938, made Nov. 11 a legal holiday in the district of Columbia, the congress and the president having exclusive jurisdiction over the district.

Street Name Change Held Up

City Council heard a proposal Monday evening to have the name of Algonquin Avenue changed to Westlake Drive.

Opposition to the movement was expressed by stating that it would present the problem of having three streets in a row with similar names and that such a change would necessitate an expense to the city for changing street markers. The matter has been tabled.

Efforts of Algonquin avenue residents to secure such a change to honor the memory of the late Councilman Milton Westlake have certainly been commendable. We'd suggest now, however, that they join in asking that Westgate Park be named in his honor, which is perhaps even more fitting a tribute and should have the support of city council.

The County Does As The Romans Do

Commenting on the election in Rome this week a resident of the village was of the impression that failure of the proposal to incorporate was due to the influence of slot machine interests who were fearful of regulation.

He added that it wouldn't do any good to let the Franklin County sheriff know anything about this "cause he's up for re-election this fall." We're wondering if this is a case of Rome doing as the county does or the county doing as Rome does. Take your choice. You get the same net result.

Learning To Do By Doing

For the third successive year The Hilltop Record has entertained a select group of 23 students and teachers of the West High school journalism department.

Each year we enjoy our many associations with this department. Each year we attempt in our particular way to make some contributions to their advancement. Likewise we use this method of giving recognition for a good job well done by those deserving students.

Dr. H. H. Keighley, principal, commenting on the practical application of what the students learn by this method best expressed our own desires: "This is one of the finest examples we have of learning to do by doing."

A Suggested Hilltop Council

We liked the suggestion by Ray Haunts at the last meeting of the Hilltop Business Men's association to the effect that there is need for a Hilltop council, a group of representatives from all the various Hilltop civic and fraternal groups as well as churches and schools.

There are numerous times when a group of this type could serve to coordinate a program aimed at the welfare of the Hilltop. We believe the suggestion has much of merit and that some organization should take the initiative in the organization of such a council.

Scout Troop Given Charter

Boy Scout cub pack No. 25 of Burgess Ave. U. B. church this week had been recognized and presented with a charter, the ceremony taking place at the church last Friday evening when C. Carlton Hartley presented the charter to the committee.

Pack members were given a talk on cubbing by "Pop" Campbell. Cards were presented to the committee and to Den mothers by Howard Miller. Mr. Jansen presented cards to the 16 new cubs. Achievement cards and rank badges were presented to the boys by Charles Martin, the cubmaster.

Members of the committee are: Neal S. Borror, chairman; Dale Scott, secretary-treasurer; Ralph A. Ham, program, and Carl Anthony, educational work.

The Den mothers are: Mrs. H. G. McFadden, Mrs. Ralph Ham, Mrs. K. E. Wise and Mrs. Lewis Lowrey.

Rome Residents Oppose Corporation

At a special election held last Tuesday, Rome residents voted 125 to 95 against incorporation. A resident of the village commenting upon the results, stated that proportionately the results were about the same as when voted upon in August, 1938, with the opposition trend gaining some ground.

West Faces Central In Title Game

By Dave Shiflet

It'll be West against Central at West Tuesday afternoon, with an undisputed City league baseball championship for the Buckaroos if they win, and a grim smile of satisfaction for the Pirates on completing a successful campaign if they are successful.

On the mound for the Cowboys in the important tilt will be tiny Bob Swisher (2-0), the curveball artist, while opposing him will be Wee-Willie Garland, the Negro boy who stood the Bucks on their heads and defeated them 4-3 for their first league setback.

Bucks Are Over-Confident

Tuesday afternoon the Cowboy nine whammed into East and when the smoke of the battle had cleared away the Buckaroos left the field with a 17-0 decision; a one-hit performance for Swisher and at least a tie for the City league title.

Then came Wednesday when South was the visitor for the Bucks. West had beaten South twice and the Bulldogs were given little chance of defeating the locals. But Richards was not his reliable self on the mound and with the support given him by his over-confident teammates South took home a 9-7 victory. The Buckaroos seemed to feel that all they had to do was to lay their gloves on the field and South would give them the win. But 'twas not so.

The wind taken out of their sails by North High in the finals of the district tourney and the shellacking at the hands of a supposedly impotent Bulldog aggregation should bring the local high baseballers back to the diamond from their brief journey into the clouds. Central, always a tough nut to crack, will be the opposition Tuesday and it's possible that even the best performance the local nine can give will not be good enough to warrant them the 1940 City league diadem in an undisputed role.

Tackle Greenfield

As a prelude to closing the curtain on the 1940 baseball campaign the Bucks will visit Greenfield McClain Monday evening seeking revenge for an early season 8-5 setback. Greenfield, in the state tourney, is rated as one of the tough teams of the state and the Bucks will have to be on their toes to give a good account of themselves.

Mrs. A. Lanthorne's Brother Dies

Russell Wise, 46, brother of Mrs. Archie Lanthorne, 179 N. Burgess-av, died at Huntington, W. Va., Wednesday. Funeral services were held at Huntington Thursday and brief services will be held at Mrs. Lanthorne's home today at noon with burial following in Memorial burial park.

West Baseballers Aim For Title

Shown above are members of West High's current baseball team which clinched at least a tie for the City championship Tuesday by smothering East, 17-0. The team can gain the undisputed title Tuesday afternoon by defeating Central on the local diamond.

First row, left to right: Mudlick P, Rogers, Wills, Bell, Mack, Distlehorst, Smith, Albert and Swisher. Back row, left to right: Ruder, Matthews, Wisdom, Kuhn, Bland, Laughlin, Richards, Weitner, D. Rogers and Baird.

The local team will close its regular campaign Tuesday with the Central-West fracas, while Monday the Buckaroos will trek to Greenfield to meet the McClain Tigers in a return contest, seeking revenge for an 8-5 setback. To date the Cowboy baseballers have won 15 games while losing only six.

War Dead To Be Honored By Two Flags

Traditional ceremonies honoring the Confederate soldier dead buried in the Confederate cemetery on Sullivant-av west of Hague-av, to be held at 2 p. m. Saturday, June 1, will be highlighted this year by placing both American flags and Confederate flags on the graves of the Civil war dead interred there.

This was made known this week by Mrs. Waymon B. McLeskey, president of Robert E. Lee chapter of the Daughters of the Confederacy, which will again follow its 45-year-old custom of honoring the soldier dead of the south. The United States government has granted permission for the joint flag ceremony this year and it will be almost universally observed, Mrs. McLeskey explained.

The principal speaker will be Rev. Robert E. Golladay, 483 Oakwood-av, pastor of Grace Lutheran church, and Dr. Lewis P. Speaker, 80 N. Ardmore-rd, pastor of First English Lutheran church, will give the invocation.

O. W. G. Takes Part

Members of the Franklin post band of the American Legion will provide the music and soldiers of the Ohio National guard from units with headquarters at the Seventh-av armory will comprise the firing squad, the firing squad at Ft. Hayes having been abolished, Mrs. McLeskey explained.

Ernest H. Brown, commander of Camp Chase post, American Legion, will be master of ceremonies for the observance.

Ceremonies honoring the Confederate dead buried on Johnson's Island in Lake Erie will be held on Sunday, June 2, Mrs. McLeskey said.

Plan Scout Dinner

The four Boy Scout executives shown above are members of the committee that is making plans for the dinner party and program to be given for resident scouters, their wives and friends at 6:30 p. m., Tuesday evening, May 29, at Schmelzer's restaurant. They are, left to right, Charles Riggs, Howard Miller, Gerald Gifford and Clyde Friend.

Paul Selby, chairman of the Boy Scout advancement committee will be the guest speaker and a program will be presented by student musicians from West High school who recently won honors.

West Scouts Rank High In Annual Scout-O-Rama

Troop 45 of Boy Scouts from West Junior High school ranked second as a whole in the showing of Scouts at the recent Scout-O-Rama and had the honor of leading the grand entry of Scouts at the opening of the annual program.

Troops that finished second were Troop 45, first aid; wall scaling, 45; International Morse signaling.

Obstacle race (team) 45; Chas. Kuder, Keith Williams, Jody Gram, Bill Jenkins.

Two Hilltop Students Chosen For Sphinx

Two Hilltop students and a former Hilltop student, all graduates of West High school, this week held coveted memberships in Sphinx, the senior men's honorary society at Ohio State university—the first Hilltop students ever to be so honored, it was said.

The students are: William P. Morgan, 258 N. Eureka-av; William H. Allen jr., 112 N. Roys-av, and Baird Heffron, a former Hilltop resident, who now lives in London.

A total of 14 students were elected to the honorary society, selection being based on high scholastic standing and general excellence as a student and for participation in university activities.

Rites Held For Frank Wilkins, 50

Funeral services were held Sunday afternoon in Hilltop Lutheran church for Frank Wilkins, aged 50, of 89 Eldon-av, a maintenance foreman for the Ohio Bell Telephone Co., who died suddenly of a heart attack at work Thursday, May 16. Burial was in Alton by Floyd Born.

A lifelong resident of Columbus, Mr. Wilkins had been connected with the telephone company for 22 years and was a member of the Telephone Pioneers of America, Hilltop Lutheran church, Humboldt Lodge of Masons, Knights Templar, Scottish Rite and the Ohio and Minerva chapters of Eastern Star.

Mr. Wilkins was stricken in a service truck near White Cross hospital, where he was pronounced dead on arrival. He had gone to work apparently in good health.

Besides his wife, Laura, he leaves a daughter, Edith Mae Wilkins, and three sisters.

Hospital Team Plans Nine Games

A schedule of nine baseball games for this spring and summer was announced this week for the Columbus State hospital baseball team, all of the games to be played on the hospital diamond.

The opening game will be Saturday when the team will meet the Bobb Chevrolets.

Other games are scheduled as follows: June 2, Old Timers; June 8, Clover Farms; June 16, Owens-Illinois; June 22, Reeb's lunch; June 29, Fabrics club; July 4, West Side merchants; July 18, Federal Glass; July 20, Ben Brew beers.

ASK STREET PAVING

City council is considering a petition by a number of Fairmont-av property owners asking for the improvement of the avenue along Glenwood park.

Ties Cause Debate On Paving Job

Complaints of some Hilltop and Sullivant-av residents that WPA paving crews improving Sullivant-av west of Whitethorne-av are leaving old rotted cross ties in the street and paving over them brought a statement in defense of the action from City Engineer Paul H. Maetzel this week.

Mr. Maetzel declared "There are at least 50 miles of streets in Columbus that have cross ties beneath the paving and we have never experienced the slightest trouble from that source that I have ever heard of."

Several residents and one with engineering training declared the old ties were bound to be a source of future trouble, no matter how carefully the new street is laid.

They asserted that the old ties will decay or will be eaten out by termites, permitting water to seep into the space, which can freeze in winter, breaking the foundation and making it possible for heavy traffic to pound the paving to pieces.

Blamed For Patch Work

One asserted that the large amount of patch work done recently on Sullivant-av east of Whitethorne-av was probably required because of similar engineering practice.

He declared he had contacted Garry Kane, chief engineer for the Works Projects Administration in Ohio, and said that Mr. Kane had informed him WPA had the impression all the old ties were to be removed as part of the project. If this were not followed out, WPA could stop the work, the Hilltop resident said Mr. Kane informed him.

Mr. Maetzel pointed out that termites require moisture and air to carry on their operations and asserted that they would not attack cross ties buried under concrete paving unless such cross ties were left part way above the surface. He said all unsound ties were being removed while the others were being left.

Poppy Sale Is May 24-25

Members of the auxiliaries of the Veterans of Foreign wars and the American Legion have completed arrangements for their annual Poppy Day sale, to be held this year on Friday and Saturday, May 24 and 25, it was announced this week by Mrs. John Ryland, publicity chairman of Franklin county council.

Money derived from the sale of poppies is solely for the benefit of needy veterans and their families, the poppies being made by disabled veterans in advance of the sale.

Mayor Floyd F. Green issued the following proclamation asking observance of Poppy Day:

In conformity with custom, the annual observance of which is held in memory of our war dead, and honoring our living veterans, I Floyd F. Green, Mayor of the City of Columbus, Ohio, do hereby designate May 24 and 25, the Veterans of Foreign Wars and American Legion Auxiliary Poppy Day.

The service rendered by those fine young men to our country in time of need demands our gratitude for preserving the integrity of our nation, and the sanctity of our homes. I recommend that the days thus appointed be made the special occasion for a substantial manifestation of gratitude to the suffering and needy former service men and their dependents.

Mrs. Martha Finneran, 211 S. Eureka-av, is poppy chairman of the county council and Mrs. Frank Wolfe, 381 S. Warren-av, is poppy chairman of the VFW.

Purchasers give whatever sum they can afford for the poppies they buy.

They Have Perfect Records

James Looker

Horace Coburn

Paul Churton

Breaking the tradition that girls usually win most of the laurels of perfection in scholastic work, three West High school boy students this week held perfect scholastic records, three out of the nine established in Columbus schools.

The pace setting West High students are: Horace Coburn, 230 S. Westmoor-av, and Paul Churton, 93 N. Powell-av, both aged 16 and James Looker, 17, of 684 S. Harris-av.

Hilltop Eisteddfod Scheduled Tonight

By Paul Whitehouse

Tonight Hilltoppers will get a taste of a good old Welch custom—the eisteddfod—and to you readers who are not acquainted with such an event let it be said that it should prove a delightful evening's entertainment for anyone who enjoys good music. The Welch as a people love to sing and to hear good singing and it was with that thought in mind that the Hilltop eisteddfod committee decided to attempt to promote an interest locally in good music.

Needless to say, participants will not all be of Welsh descent. They may be much in the minority in competition as well as in the audience but the spirit that prompted tonight's second annual eisteddfod at West High school auditorium can be traced to the music-loving Welch.

First contestants will be called by the stage shortly after 7:30 o'clock and there will be no letup until decisions have been made in 14 competitive events. Mayor Floyd F. Green will be in charge of the evening's program. Adjudicators are Prof. D. Oswald Jones, Fort Wayne, and John T. Davies, 65 Ardmore-rd. Ferne Buckingham is the official accompanist.

Eight Choruses

In addition to eight chored groups of not less than 30 voices each there will be approximately 75 individual contestants. In the soprano competition alone there are 16 entries of which only three will be heard from the stage for not more than that number will be heard in any competitive number except the choruses.

Ed House, 670 S. Hague-av, has headed the committee responsible for planning tonight's music festival. Those persons whose contributions made possible the prize list of $220 include the following:

Capital Finance Corporation, First Federal Savings and Loan Association, Dr. W. A. Cromley, Dr. C. H. Let's Swap Our Service For Your Swap Ad

Springtime is usually swap time among youngsters all over America, so why can't it be for you, too.

Probably in your spring housecleaning you have run across many things that you'd like to dispose of, either by selling or trading.

And, at the same time, there are lots of things you'd like to have, but still didn't have the ready cash to acquire at the moment.

That is where the Hilltop Record's new "Swap" classified advertising column can be of service, especially at the low cash rate of eight cents a line for not less than three lines.

Simply telephone RA. 1125 or RA. 1126 and we'll write the swap ad for you. Just tell us what you want to trade.

West Juniors Win Title

West Junior High school's Bronco baseballers captured the City Junior High championship this week by turning in their fifth consecutive league victory as all of the other undefeated teams faltered in the stretch. The Broncos gained the title by smashing out a 15-3 win over Indianola Tuesday afternoon.

Star of the team during the pennant drive was Dick Hoover, twirled four of the five wins, pitched three one-hitters, three shutouts, and allowed only six hits in the four games. George Ours claimed the other win by blanking Starling, 2-0.

This was the first undisputed junior high championship in baseball ever captured by the local junior highmen. Several times in the past West Junior teams tied for the diadem, only to lose in the play-off. The title was also the first captured by Coach Dale Rose, who succeeded Senior Coach George Williams in 1938.

Bibical Text Is Sermon Subject

Does the present conflict indicate that we may be in the end of time? Could it be the fulfillment of the Old Testament as well as Christ's prophecy of the last days and the distress of nations?

These and similar questions will be discussed by Rev. James B. Myers, B. Sc., in a series of Sunday evening sermons at Hilltop Community church, 3060 W. Broad-st.

The Time To Live

George Bernard Shaw was recently asked, "If you had your choice of all the times in the history of the world in which to live, which would you select?"

His reply was "The days of Napoleon."

"Why?" was the natural inquiry.

"Because at that time there was only one fellow running around loose who thought he was Napoleon."

Predictions— Take Your Choice

A recent report at hand from a man who makes regular prognostications for business purposes has this to say about the European situation:

We are close to the point when Mussolini must be dealt with and when he must emerge as the negotiator of an armistice in Europe and a new four power pact.

There is every evidence to believe this will be a short war.

Italian claims will soon be recognized.

This will be the end of the Rome-Berlin axis and the first step toward an armistice in Europe negotiated by Mussolini.

Far from the present Hitler government ruling Germany for years to come the end of the war will see the exit of the Hitler government and the coming into power of a far more conservative group of economic and military leaders.

The attempt of the New Deal to perpetuate its power, using the European crisis as a medium, will be a complete failure.

Continued serious deflation cannot be avoided.

Mt. Pleasant Properly Named

If you would enjoy a golden sunset mingled with parrish blue, take a trip to Lancaster some evening and climb to the top of Mt. Pleasant and look out to the west for a panoramic presentation of serenity and calmness as only Mt. Pleasant can provide with green rolling hills all about. No more appropriate name could have been suggested for such a spot.

He Finished His Speech

It has been said the true Irishman never knows when he is licked.

Take Eamon de Valera, Ireland's No. 1 rebel. Arrested while making a speech at Ennis in 1923, he was jailed for a year. The minute he got out he went straight to Ennis and resumed his speech with these words: "As I was saying when I was interrupted . . ."

How The Hilltop Voted

An analysis of the Hilltop vote in the recent primaries was late in coming from the board of elections but figures now at hand are enlightening.

We are especially interested in the vote secured by George Matson for county commissioner who ran well ahead of the ticket in the tenth and eleventh wards with 1288 votes in the eleventh to 929 for Lauderbaugh, the other nominee, while the tenth tallied 815 to the 765 for the nearest opponent. Matson's vote on the Hilltop was the best of any candidate having opposition.

In a field cluttered up by 19 candidates on the Democratic ticket for the state legislature Ralph Jacobs was high man in the eleventh and did well in the tenth also.

Considerably more interest was shown by the Republicans on the Hilltop than by the Democrats if the number of votes cast means anything.

In the committee races Oscar Dilding in the tenth ward Democratic running tallied 873 votes to the 460 for Charles Middleton. In the same ward on the Republican side Heinie Koontz received 1147 votes to the 251 for Gladys Crabbe. In the eleventh George Sinclair received 950 votes to be elected Republican committeeman while Russell S. Welch garnered 853 votes. Fred Sulzberger, on the Democratic ticket was elected committeeman for the eleventh with 1024 votes, having no opposition. Sam Willis, former committeeman, received several write in votes.

Other races were about in keeping with the results as tabulated for the entire county. For common pleas judge the Hilltop voted about one-third better for Joe Clifford than for Judge Turner.

With candidates all primed for the run for this fall predictions are not in order, except to say, "Anything can happen."

They'll Get Diplomas At Three Schools

Pictured above are the graduating classes of three of the Hilltop's elementary schools, W. Broad-st, St. Aloysius and St. Mary Magdalene, the latter two being parochial schools.

The 79 Broad-st pupils, shown in two groups, including 41 boys and 38 girls, will be presented with their diplomas at the school at 2 p. m., June 4 by Robert Draper, member of the board of education. Rev. Wold of Hoge Memorial church will speak. The program will include four songs by the class, music by the school orchestra and character readings by the two groups.

On Wednesday the school PTA group will give its traditional social hour.

The 38 pupils of St. Aloysius school will receive their diplomas in a commencement ceremony at mass at the church at 8 a. m. on Sunday, June 9, while the 10 graduates of St. Mary Magdalene school will receive their diplomas at a ceremony at 7:30 p. m. Sunday, June 9, at the church.

Pictures of John Burroughs and Highland graduates will appear next week.

Three hundred and sixteen boys and girls comprising the largest graduating class in the history of West High school will file past the speakers platform in the huge coliseum next Wednesday to receive their diplomas at the one-hundredth commencement ceremony of Columbus public schools. Successful Season

In the field of athletics, the 1939-40 season has been one of the best ever participated in by West High school representatives. On the football field the Buck gridders scored eight straight victories before bowing to North in the final game of the season. On the basketball floor, the locals had nine marks on the right side of the ledger compared to a like number on the opposite side, while to date Cowboy baseballers have gained 16 diamond wins as against only five setbacks. In baseball the Bucks have gained a share of the city league championship and have a chance to win outright possession of the city crown this afternoon. In addition to these major sports West has had athletic representatives in track, golf and tennis, with each contingent scoring major successes during its season.

Junior Commencement

The 8A pupils of West Junior High school will also receive diplomas at 2 p. m. in the coliseum and the 263 pupils will comprise the largest junior high school graduating class in the city, although it is considerably smaller than the class of 310 pupils who received diplomas a year ago.

Commencement exercises are also scheduled next week for the six elementary schools on the Hilltop, including 120 pupils at John Burroughs school, 79 at W. Broad-st, 89 at Highland-av, 38 at St. Aloysius parochial, 10 at St. Mary Magdalene parochial, and seven at W. Mound-st school.

Two classes at W. Broad-st school includes 41 boys and 38 girls, two more than last year. They will be given diplomas at 2 p. m. next Tuesday by Robert Draper of the board of education. Rev. A. J. Wold of Hoge Memorial church will be the speaker.

Ceremonies for the 55 boys and 60 girls at John Burroughs school will be at 1:30 p. m., also on Tuesday, with Mr. Draper scheduled to speak. Diplomas will be presented by E. B. Graham. Rev. H. H. Anthony, Lutheran pastor, will give the invocation.

The 38 pupils at Highland-av school will get their diplomas at 11 a. m. Wednesday, June 5, the class including 35 boys and 34 girls. Miss Helen Kennedy, the principal, will give the diplomas to the largest class the school has had in three years.

Woman Speaker

Miss Ottora Horne, former principal of a girls' high school in Syria, will be the speaker and a program will be presented by the graduating class, school glee club. Safety diplomas will be presented to 17 boys of the school for their traffic control work.

There will be no special ceremony for the three boys and four girls who will receive their diplomas at W. Mound-st school on Wednesday so they can continue their studies at John Burroughs school.

Commencement for the 38 pupils at St. Aloysius parochial school and St. Mary Magdalene parochial school will be at their respective churches on June 9, the St. Aloysius ceremony being at 8 a. m. at mass and the St. Mary Magdalene ceremony at 7:30 p. m.

Cline Named As Movie Examiner

Appointment of Virgil W. Cline, 33 Powhatan-av, to the board of examiners of motion picture operators was made this week by Mayor Floyd F. Green and confirmed by council.

West Tries Again For City Title

Rained out twice in succession this past week, West High's Buck baseball representatives will endeavor once again this afternoon to gain undisputed possession of the City League diamond crown by entertaining Central High school in the final league tilt of the season.

Coach George Williams said this week that Bob Swisher would probably be his choice to face the peaky Pirates with Jake Richards and Jack Barrett in reserve. For the Riversiders the probable pitching choice will be Willie Garland, who defeated the Cowboys 4-3 earlier in the campaign.

The Bucks will be trying this afternoon to capture the first City athletic championship for Coach Williams. In his second year at the S. Powell-av school Williams-coached squads in football, baseball and basketball had very successful seasons, the former winning eight games in nine starts while the courtsters garnered nine victories in 18 contests. To date the local sluggers have scored 16 triumphs while losing only five contests.

Next Year's Eisteddfod Is Planned

Decision to hold another eisteddfod next year was reached by members of the Hilltop chorus at a meeting Monday following the presentation of the second annual affair at West High school last Friday night. This year's song fest attracted almost 1,000 persons from Columbus and central Ohio.

Cash prizes totaling $220 were distributed to winners in 14 divisions. Earl D. Rohn, 368 Piedmont-rd, served as conductor in the absence of Mayor Floyd F. Green.

Protest Causes Opening Of More Sullivant Ave. Street Intersections

Protests by merchants and residents of the Sullivant-av section to city officials resulted in the opening of a number of cross streets in the area now torn up for repaving, it was learned today. Access to many places of business was greatly improved by the opening of several cross streets.

In the section extending from Whitethorne to Warren 5 streets were open to north and south traffic, Wheatland-av, Richardson-av and Terrace-st will be kept open during construction, it was said. Eureka-av was also to have been kept open, but was still closed on Thursday morning. The city has gone to additional expense in keeping these streets open. Only the south half of Sullivant is open to traffic along the section under construction. Burgess and Ogden avenues were also open this morning.

Most business firms in that area have arrangements for parking in the rear of their stores or on adjacent side streets.

A group of business people represented by Art Stiffler, Duke Lauer and Hugh Sites is expected to call on the service director in an attempt to speed up the construction work.

U. S. Facing Social Revamp Scouters Told

"America is facing social reconstruction along with the rest of the world in spite of ourselves."

This was the theme of the address of Paul L. Selby, chief of the securities division of Ohio, when he spoke before the 160 present at the annual southwest Scouters banquet at Schmelzer's restaurant Tuesday evening.

"The Scout movement is the best hope for the future of American citizenship," he declared, pointing out that true principles of Americanism can best be taught and maintained through such a voluntary group. There are six million boys of Scout age in this county and one million, three hundred thousand are registered in the Scout movement, he stated. He also pointed to the urgent need of more volunteer workers in order to enlarge the movement.

Toastmaster Charles M. Riggs stated that the southwest district has advanced from 13 units having 460 boys in 1938 to 21 units having 550 boys this year to date.

Musical entertainment was provided by Miss Martha Waite, Ray McVay and Leslie Westerman. The invocation was given by Rev. G. J. McDonald and Scoutmaster's benediction was led by Clarie Jones.

Gunners of the French Maginot line fire their guns as sailors on a warship, without seeing anything, simply by following the indications on a dial controlled by an artillery officer who is in a hermetically sealed armored chamber. The artillery officers see the outside world through panoramic telescopes built into the armor plate.

SILENT PRAYER

I never hear men say aloud
Some memoried prayer,
Eyes closed—head bowed,
That I don't think
When it is done,
How great a prayer is the silent one.

AT TWILIGHT

Day, like a long shadow, stretches behind
As we face the twilight. But twilight, we find,
Has a strange loveliness, peaceful and still
As the far view from a high crested hill;
Holds a pale splendor more vivid than flame,
Beauty of holiness no word can name.
And in the twilight, like autumn leaves blown,
We find all about us things we have known:
This for remembrance . . . this for regret . . .
This for the heart to keep . . . this to forget.

LOOK UP

Look up, dear heart, nor fear the maddening chaos—
The anguish of some fearful future day;
For God does not forsake, does not desert us,
But scatters blessings all along the way.

Look up, dear soul, and cease the tender yearning.
The future holds much joy for such as you.
So take new courage, dear, for God discerning
Will guide you, bless you, see you safely through.

MEMORIES

Where are those dreams of yesterday
That in youth's golden coronet
Sparkled like rare diamonds
Interspersed with jet?
They still cling, translucent;
My fancy sees them yet,
Strung on the web of memory.
Forbid that I forget!
As dewdrops falling from a flower
When underneath their fragrant bower
Reverently I pass,
They spill dear recollections,
A pearl and opal shower
That through the mists resemble tears
From the rosary of years.
Fondly I caress each gem;
Its time-worn markings trace.
Then hoard it in my happy heart
And lock the jewel-case!

The Shadow Before...

By Elderman in The Washington Post...

William Allen White, dean of American newspaper editors, long has been a Red Cross volunteer in his home state of Kansas. The following editorial has been written by him especially for the Red Cross war relief appeal and is made available for use by newspapers throughout the country.

"Mercy To A Shattered World"

By William Allen White

THE AMERICAN RED CROSS is asking today for $10,000,000 to aid the war-stricken families of Europe. Never before since man collected his family in domiciles has devastation wrecked so many homes as are now torn, plundered and devastated in Europe, Poland, Finland, Czechoslovakia, Norway, Holland, Belgium, France, Denmark—what a long procession of crushed and broken nations. A parade of captive peoples whose economy has been destroyed, whose food has been stolen, whose fuel has been taken to feed the German war god. Cold, hunger and disease are stalking across western Europe touching a million families with the black fingers of want and despair.

The only agency on earth to extend a helping hand to these ravaged people is the American Red Cross. If we of the United States are to maintain our leadership in what survives of civilization we must show through all the turmoil and terror the kindly, understanding heart and reveal the generous hand that has given us leadership in other ways and walks of life. The American Red Cross offers the only place where man can signal to the world that here in America kindness still rules, here men still love peace, here men are willing to give of their best to bring justice and mercy back into a shattered world.

This new campaign of the American Red Cross is the most civilized thing that has come to America in many a day.

Memorial Day, 1940

EVERY year when Memorial Day rolls around, centered as it is around the glorification of our soldier dead, there has been an element of compensation in the oft expressed feeling that "these men have not died in vain." For those men who lost their lives in the war of the Revolution and the Civil war and other martial adventures in the earlier history of this country we may well believe this to be true. The days of 1776 and of the 1860's were perilous ones for the Republic. They saw the country in swaddling clothes fighting for existence, and not for conquest.

In the last World war our soldiers went to battle under the slogan, "To make the world safe for democracy." Just how safe it was made even though we triumphed, may be gleaned from the headlines today. Even the military cemeteries where thousands of American soldiers lie buried in Europe have been battlegrounds for the current war—a war instigated and thrust upon the Democracies by the same people that brought the horrors of 1917-18 upon our people.

Thus Memorial Day, 1940, is one of the double poignancy. We are even denied the consoling thought that those soldiers of the last great conflict "did not die in vain." But, even so, Memorial Day, 1940, may well be a landmark of determination on the part of the free American people that freedom will be maintained at whatever cost—both against attacks from within and without.

Horace Greeley once said: "You're bound to make mistakes, but let them be new ones, not the same old ones." Paste this in your hat—and when you make a blunder—let it not happen again.

MAY HE REST IN PEACE

"Mother...who was the Unknown Soldier?"

The child is curious. We, too, may have wondered . . . about that soldier's name, his ancestry and perhaps his creed.

But if the answers to our question could be disclosed, what would be our reactions? Would we be incensed if the soldier was of foreign birth . . . or belonged to a church other than ours?

Strangely enough, there are places in this civilized world where males are permitted and encouraged to attack people . . . yes, even to molest them in their graves . . . whose creed and race are not approved by the party in power. What these people—living and dead—have contributed to their nation is ruthlessly overlooked by this hate-inspired faction.

. . . Heaven forbid that the people of this country will ever have such an intolerant attitude . . . Today, it is children . . . the patriots who have died for their country—or those who are doing their best to SERVE their country . . . our country—AMERICA!

Phoenicians, Greeks Settle In France

The Phoenicians (Syrians) from the coast of Asia Minor, and the Geeks settled on the Mediterranean shores of France 600 years before the Christian Era, but did not penetrate far into the interior which the Romans called Gaul. The ancient inhabitants are supposed to have come from Asia.

After Hannibal crossed the Alps in 218 B. C., the Romans held possession of Gaul until 420 A. D., when the Franks (Merovingian branch) a German people expelled them as a governing class and began the gradual establishment of the Kingdom of France, which then included Belgium and the Rhine valley to the sea, as well as much or Germany.

Art Introduced To Rome In 291 B. C.

The art of painting is said to have been introduced in Rome from Etruria by Quintus Fabius, 291 B. C. After the death of Augustus, no painter of eminence appeared for several ages. Ludius was the last, about 14 A. D. Cimabus of Florence, is regarded as the first in rank in the restoration of painting in Italy.

The works of the so-called old masters, chiefly religious paintings, have left Italy in considerable numbers and are not to be seen in many of the principal art galleries of the world.

LOCAL DECORATOR REPORTS INCREASE IN DECORATING SERVICE

W. R. Bussey

W. R. Bussey, decorator, reports a steady increase in his business and attributes it to satisfied customers who are pleased with his work and tell their friends and neighbors about it.

Mr. Bussey lives at 148 Haldy and has worked on the Hilltop for many years. He has a complete decorating service, including papering and interior and exterior painting. He suggests that it pays to follow the advice of a decorator who is thoroughly experienced in his field as this knowledge may prove invaluable to inexperienced home-owners who are not quite sure of how to proceed. Also, in many cases, he may detect defects in design which would escape the eyes of the average layman. He employs professional workmen and carries insurance on his men for property owners protection.

Nothing will bring your home up-to-date more than the latest styled distinctive wallpaper and in many cases a touch of color will add light to dark rooms.

Good outside protection is needed because alternate rain and scorching heat will accelerate depreciation more rapidly than anything else unless protected by good paint.

Mr. Bussey advises practical advice to help solve your problems and no job is too large or too small for him to do. A call at RA. 6346 will receive courteous attention.

Full Value For YOUR Printing Dollar

There's a commonly used expression: "You get just what you pay for." This applies to PRINTING just the same as most anything else you buy. Good PRINTING can't be produced at a poor price.

Poor PRINTING even at a low price is expensive, because it gives the prospective customer the impression that your services or products are not up to standard. We give full value for every dollar you spend with us for PRINTING—and our prices are always FAIR.

Let us figure with you when you are ready to place another printing order.

St. Aloysius Leads Loop; Mack, Walsh Agonis Winners

Play in the Columbus Nite softball loop will be resumed tonight with two Hilltop outfits in action. In the opener Kent's Modern Market crosses bats with the strong Tinken club while Westwood K. of P will make its debut in the second encounter by tackling the Kahn Jeweler ten in the nightcap.

Woody Owens' Camp Chase Legion baseball nine will open the second round activity in the West Legion league Monday afternoon when it meets the first round champs, Franklin Post No. 1. Bob Swisher or John Richards will probably do the twirling for the locals, both having finished the season with West High school. Other additions to the team following the conclusion of the high and junior high school shcds are Dick Hoover, Dave Wills and Don Rogers.

• • •

In the West Church league No. 1 St. Aloysius took over undisputed possession of first place by defeating Hoge Memorial No. 1, 20-2 for its third successive win. In other games Hoge No. 2 edged Burgess U. B. 10-9, Glenwood spanked St. John's Lutheran, 16-11, and Highland U. Friends gained a 4-2 decision from Hillcrest's Baptist.

Avondale U. B. handed Calvary Presbyterian its first setback in four starts Monday night on the McKinley diamonds by trouncing the defending champs 5-1. The Presbyterians still lead the league with West Park M. E., winners over Salvation Army by an 11-9 count, and Avondale U. B. tied for the runner-up slot with two victories and two defeats.

With the time here for all-high squads the Record enters into the selective category with the following nominations: 1b, Swysgood, North; 2b, Kamer, Central; 3b, Bell, West; ss, Burgett, North; and utility infielder, P. Rogers, West; lf, Smith, West; cf, Coffman, North; rf, Distlehorst West; c Davis North; and pitchers Richards, West, and Katherman, North. Strictly a North and West contingent of baseballers.

Hats off to Bill Mack and Jerry Walsh, Hilltoppers and winners of the esteemed Agonis athletic scholarship award at West and Aquinas High school, respectively. Mack starred in football, basketball and baseball at the local institution while Walsh was an "A" winner in football and baseball. Good luck, gents.

Loew's Broad

Loew's Broad is now showing "Northbound" with Warner Baxter, Columbus-born screen star, in the leading role, that of a man whose soul is bound to the earth after he is shot by a former sweetheart. Lynn Bari and Andrea Leeds are the two featured feminine players. "The Island of Doomed Men" with Peter Lorree and Rochelle Hudson is added.

Loew's Ohio

Loew's Ohio has currently one of the most entertaining dual-bills of the year. "Waterloo Bridge," a breathless romance of London in wartime, with Vivien Leigh and Robert Taylor, is the top feature with Eddie Cantor in "Forty Little Mothers." Eddie has his first straight "human interest" casting with cute Baby Chum as his co-star.

Jean A. Saussier of Springfield, Mass., on July 4, 1928, went over Niagara's horseshoe falls in a 758 pound rubber ball.

Hilltop Student Is Capital Track Mainstay

Among the many Hilltop young men who have matriculated during recent years at Ohio colleges is Bob Lundberg, 193 N. Ogden-av, a graduate of West High school and for the past two years one of the mainstays of the Capital university track team.

Recently Lundberg completed his second successful season with the Lutheran thinly clads by pacing his mates to a rousing 102 to 29 victory over Wilmington college. In this meet he garnered 14½ markers to capture individual point honors. In this same meet the husky blond lad set a new university mark for the 440-yard dash by covering the distance in 51.8 seconds, bettering his own record which he had set the week before. The former quarter-mile record at Capital was held by another Hilltopper, Durwood Cooperrider, former Capital and Ohio State university track star.

In Many Events

In addition to the quarter-mile Bob also participates in the 880-yard run, the 220-yard dash and usually anchors the mile relay team; puts the shot and throws the javelin and discus, holding the Kenyon college field records in the last two events. Of the five meets held this year Capital was decisioned only by Bowling Green college, the Hilltop boy being responsible for the majority of points tallied by the Lutherans.

A junior in the Arts-Engineering school at Capital, Lundberg carries a full schedule of classes while working in a downtown department store. He is planning to matriculate at Ohio State university in the fall.

Last Saturday Bob received a bronze medal for placing in the 440 yard dash at the Ohio conference track meet at Bowling Green. His time was 50.2 and stands as the best Capital university quarter mile time on record. He was the only Cap runner to score in the meet.

Drunken Drivers Forfeit Right To Drive Attorney General Rules

The registrar of motor vehicles must revoke the license of motorists convicted in the court of a mayor, of a city, or village, of driving while intoxicated or failing to stop after an accident, Attorney General Thomas J. Herbert ruled this week in an opinion of Calvin W. Wallace, registrar.

The Cleveland school board can charge neighboring school districts a higher tuition for deaf, blind and crippled children at its special schools than it can for non-handicapped children at regular classes, Attorney General Thomas J. Herbert held in an opinion to Earl N. Dietsch, state director of education.

Contracts for a higher rate would be invalid, Mr. Herbert said. Difference between costs of special classes and regular classes has been paid by the state in the past, but the General Assembly did not provide sufficient funds to meet the increased growth in special classes in the 1939-40 biennium and the Cleveland board sought to protect itself for the unpaid difference in classroom costs. The law specifically prohibits payment of more than regular tuition fees, Mr. Herbert said.

Prisoners sentenced to a minimum term of 15 years or more must serve a minimum of 10 full years in the penitentiary before they are eligible for parole, Attorney General Thomas J. Herbert ruled this week, holding that the Pardon & Parole Commission had paroled a Seneca county bank burglar more than 5 years before his eligibility date. An opinion was requested by Charles L. Sherwood, state welfare director.

Mr. Herbert said that prisoners sentenced to more than 10 years minimum must serve 10 full years before being eligible for parole and are not entitled to the additional 11 days a month for good behavior allowed in lesser sentences. Persons convicted of burglary of a bank or kidnapping for the purpose of extortion must be sentenced to the penitentiary and not the reformatory even though they are but 16 years of age, Mr. Herbert said.

Ohio real estate brokers may not split commissions with brokers from another state unless that broker is also licensed to sell real estate in Ohio, Attorney General Thomas J. Herbert ruled in an opinion to the State Real Estate Board.

The question was raised when Parkersburg, W. Va. brokers asked the board if they might share in the commissions in sales of Ohio real estate when they had sent the customer to an Ohio broker. Mr. Herbert said the law specifically limits fees to a broker or salesman licensed in Ohio.

A three coach train equipped with two Maybach diesel engines of 600 horsepower each, set a speed record of 134 miles an hour on June 26, 1939, on a 186-mile stretch of track between Berlin and Hamburg, Germany. The German railways reported that the streamliner held the high speed for 25 minutes at a time and that the train is able to average 125 miles an hour with ease.

The Broadway Limited, a train of four cars of the Pennsylvania railroad reached a record of 127.1 miles per hour June 12, 1905 for three miles under steam power through Ohio on its first run between New York and Chicago.

Sanitation Is Important To Patient

Keeping the patient, his sheets and nightclothes, towels and washcloths, and his surroundings immaculate comes first on the sickroom schedule, but that is only the beginning of the nurse's job. It is her responsibility to help the patient to get well, but if his sickness is catching that responsibility embraces the rest of the family. Because it often is necessary for her to divide her time between the patient's bedside and other parts of the household, she needs to keep the sickness localized.

The foremost precaution is strict observance of the health rule, "Wash your hands," particularly before entering the sickroom and after leaving it. The washing should be done frequently and thoroughly with soap, warm water, and a nail brush, and a fresh towel used for the drying each time.

Sermon Series At W. Park Church

Rev. I. P. Day, pastor of West Park Methodist church, will preach a series of sermons on the subject, "Prophetic Signs of the Times," on each Sunday morning during the month of June. June 2: "Hitler and Revelation." June 9: "The Youth of Today." June 16: "The Fall of Religion." June 23: "Will Hitler Capture Rome?" June 30: "Jesus and Revelation."

In British Guiana a tributary of the Kamarang river, tumbles over a precipice to a ledge about 1,400 feet below, breaking forklike into two drops into the valley below. The entire fall is no less than 3,000 feet and this is a conservative estimate, according to Dr. Paul A. Zahl, who in May, 1938, observed the falls from an airplane.

One twentieth of the land of the state of Delaware is marshy. The entire state is low lying.

In May Day Service

Little Miss Rita Ann Schmitt (center), daughter of Mr. and Mrs. H. S. Schmitt, was chosen May Queen at the annual May crowning ceremony at St. Aloysius church on Sunday, May 5. Her maids of honor were Miss Marian Davis (right), daughter of Mr. and Mrs. H. F. Davis, 357 S. Richardson-av, and Miss Frances Stewart (left), daughter of Mr. and Mrs. William J. Stewart, 416 S. Richardson-av. Carol Balthaser carried the crown and James Johnson carried the train of the May Queen.

In the procession the girls of the Young Ladies Sodality wore pearl-colored gowns, Miss Dorothy Bricker carrying the banner of the Blessed Virgin, Walter Campbell carried the banner of St. Aloysius; Margaret O'Connor carried the banner of the Sacred Heart.

Fr. Schwendeman, Fr. Spiers and Fr. Schwartz officiated.

Shrine Baseball Program To Aid Crippled Tots

Crippled children whose parents are unable to provide adequate medical treatment for them will benefit from Aladdin Temple's annual Shrine baseball night at Red Bird stadium, Thursday, June 6, according to William M. James, Illustrious Potentate.

A capacity crowd is expected for the event which is open to the general public. Those planning to attend may obtain tickets from the Masonic temple, 34 N. Fourth-st, or from any Shriner. Box reserved seats are $1.25 and grandstand seats $1. Bleacher seats are fifty cents. Fireworks will follow the band concert and ball game.

The Red Bird stadium will take on an atmosphere of Oriental splendor when Aladdin's uniformed unit men arrive to start the program at 6 o'clock. Over 500 gaily clad Shriners will mass in front of the grandstand for the salute to the colors which will open the evening's entertainment.

Immediately following this, each Shrine unit will perform, including the 100 piece Aladdin band, patrol, drum and bugle corps, chanters and picadors. Aladdins banjo band.

He has had several years experience, also, as a publicist and an advertising executive. He will talk on the subject, "Blitzkrieg in Retrospection."

A quartet made up of Sam Russel, James G. Smith, Elzie Radcliffe and Bob Nichols will present several vocal numbers.

Peace Meeting At YWCA 2 p. m. Friday

Men and women are being urged to attend a mass meeting sponsored by the Council of Women Opposed to Participation in Foreign Wars, to be held at 2 p. m. Friday, May 31, in the YWCA auditorium. Dr. George W. Rightmire, president emeritus of Ohio State university, will be the speaker.

Hilltoppers Are Owners Of Canine Companions

"A man's best friend is his dog," is more than doggerel verse among Hilltoppers. Your reporter learned of many homes where pets play an important part.

Great Dane Helps Curry

William A. Curry, 365 S. Eureka-av, has a Great Dane as a pet. It was given to him as a present, but having distemper, it was necessary that Mr. Curry cure him.

He is 32 inches tall, and 64 inches from nose to tail, being a well behaved dog, carries in papers from the porch, packages from the grocery, and doesn't lick your hands or face!

E. S. Halsey's Prized Possessions

Many visitors to Westgate park have seen Boots, Betts and Karen, three very large dogs owned by Mr. and Mrs. Edward S. Halsey, 3170 Wicklow-rd.

Mr. Halsey, president of Dickinson college, raised the "dogs from pups, not for selling purposes because he considers them as great pets.

Boots is an Old English Sheep dog, weighing 60 pounds, and is 25 inches tall. His name resulted from the fact that he has four white paws. Boots was imported from England.

"The dogs are well trained and do all the tricks any dog can," said Mr. Halsey.

Karen, a St. Bernard pup, seven months old, is 31 inches high, weighs 115 pounds, and will be 34 inches and weigh approximately 200 pounds at full growth. Karen is almost as large as Betta, his mother, and sister of Karen was imported from Switzerland.

"Sheep dogs are known for their ability in herding sheep, having been known to herd 500 to 1,000 sheep in the mountains, going without food other than what they can kill themselves. They are sometimes very vicious but are as fast as greyhounds and are great mountain climbers," stated Mr. Halsey. He added that the St. Bernard was a breed discovered by the monks of Switzerland, being a cross between the Mastiff and Old Danish Bulldog. They are very devoted to children and their masters and are developed for the purpose of endurance through the winter in the mountains of Switzerland. Many people have been rescued because of the climbing agility of these canines.

Mrs. Crompton's Tiny Protectors

In contrast to the largest dogs on the Hilltop, Mr. and Mrs. Jack Crompton, 221 S. Terrace-st, have three of the smallest dogs in the city, all of which are very reluctant to have anyone annoy Mrs. Crompton. One is a toy fox terrier named Queen, and the other two are toy Manchesters, Lucky and Penny. Queen, Lucky's mother, is eight years old and weighs eight pounds. Lucky, Penny's father, is seven years old, weighing three and one-fourth pounds. Penny is two years old and weighs two and one-fourth pounds.

These very small dogs can sit up, throw a ball, are very good house dogs, which was proven when your reporter rang the front door chimes, and often have playful fights. The two smallest dogs always stick together against Queen.

According to Mrs. Crompton, their favorite food is cooked meats.

"They do everything but talk," commented Mr. Crompton. "Queen sends me off to work every morning. I have taken Penny to city council meetings and her presence is never known," added Mr. Crompton.

The Cromptons often go traveling in a trailer, and everywhere they go the dogs accompany. All that has to be said is "Go," and all three start bouncing.

Smithsonian Has World's Largest Precious Jewel

The Smithsonian Institution, Washington, D. C., last year acquired the world's largest jewel, an almost flawless crystal of topaz, weighing 150 pounds or 350,000 carats. The huge gem was discovered in the Minas Geraes province of Brazil.

It is a pale blue in color on the outside and a pale sherry on the inside. The average topaz for a ring or necklace weighs about five carats.

A Letter To The City Engineer

Dear Mr. Maetzel:

In our telephone conversation of Wednesday afternoon you stated you would not let the Hilltop Record run your department. This was in reply to our inquiry about the removal of the concrete mixer from the Sullivant avenue paving job.

I'm terribly sorry, Mr. Maetzel, if you got the impression that we are trying to run your department. In fact we want no part of it except the service the public is entitled to. We have never felt that merely asking questions for our information and that of our readers was a matter of trying to run any part of the city. And as long as we have a democratic form of government we will continue to ask questions when and as we please from your department or any other, and incidentally, expect a civil answer.

We are intensely interested in the Sullivant avenue paving job. We feel sorry for those business people on that street who must practically close shop for the summer while inefficient methods are carried out in that paving job. And don't get us wrong. We're not saying you are responsible for the inefficiency, but you do know that private businesses would not take all summer to complete that paving job . . . and that's the time that will be needed for the job, at present and past rates of progress. Certainly it's true the WPA has been a great contributing factor to the slow down. We're merely saying it's a shame the public has to tolerate such conditions.

Nothing we can say here will speed up the program. Of that we're sure. But the city will make a lot of friends if the job is given every consideration from here on in.

—C. C. Hartley

We Join In The Chorus

Wednesday morning we watched and were thrilled as 1859 city high school graduates filed past the stage of the coliseum to receive their diplomas.

And we were impressed by the words of Dr. Otto Mees when he spoke of the need of "men of faith, not faction, men of thought and action," and his timely references to the fact that the liberty and democracy we enjoy so much have been the fruits of Christianity.

And who could help but reflect that this is a land of opportunity, as older men and women filed past in the evening school parade to receive their diplomas, bearing out the fact that this country has been built on such determination and the advantage taken of such opportunities.

And while these graduates joined in the chorus of "God Bless America" it was time to be thrilled again and say with pride to all the world "Thank God I'm an American."

* * *

Many were the obituaries written for the Republican party in 1936. "It was not an election but a political Johnstown flood," wrote William Allen White, commenting on the presidential election that fall.

In the face of the Democratic landslide which allowed the G. O. P. to carry but two states of the 48 it appeared that once and for all the grand old party was doomed.

But political parties have a way of coming back like the flowers that bloom again in the spring and immediately after the election the wheels were set in motion by party bigwigs to analyze the reasons back of their heart breaking defeat.

First and foremost it was determined that people of this country liked the liberal policies of the New Deal. There was just no place for the old line conservatives. Unemployment insurance, old age pensions, farm relief, regulation of securities, public works, rural electrification . . . all these liberal programs of the Democratic administration were found to be well accepted. Most criticism seemed to be coming from big business, and the wealthy.

And so it came to pass that party leaders have recognized that to be successful in any forthcoming elections the party platforms and candidates must conform more nearly to the way the masses are thinking.

Since 1936 the effort of the national organization has been spent in getting and keeping a closer touch with the leadership of all groups. Labor, business, the farmer, the man on relief—all classes have come in for a study. It is safe to say that their needs will be incorporated in any national platform presented by the Republicans this fall. This year there are indications that the G. O. P. will be willing to say "We are for progress" and without further ado it will be understood that progress will mean a continuation of most of the New Deal policies and thus continued life to the Republican party.

And then there was that university prof who told me he was an optimist, all the while his trousers were being held up by both suspenders and belt.

Graduates Of Burroughs, Highland Schools

As proud of their grammar school diplomas as if they had college sheepskins, the youngsters shown above at the left, center and right comprise the three graduating classes of John Burroughs school, who had their commencement ceremonies Tuesday afternoon with Robert Draper, member of the board of education, as speaker.

At the upper left is Miss Schart's class, in the center is Miss Kane's class and at the right is Miss Rowe's class.

Equally proud, the two classes of Highland-av school are at the lower left and right, those at the left being in Miss Eagleson's class and at the right is Miss Ziskind's class.

West Wins City Baseball Title

Quality will tell.

That oft repeated phrase finally came true for West High's Buckaroo baseballers Monday afternoon on the Magly field diamond as the locals trounced Central High's Pirate nine 15-1 behind the three-hit pitching of Bob Swisher to gain undisputed posession of the City league baseball championship.

A number of firsts enter into the first major athletic championship captured in city competition during Coach George Williams' regime. It was the initial diadem captured by Williams-coached aggregations in football, basketball and baseball in a two-year period in the high school, and a six-year outlay, including the West High mentor's coaching career at West Junior.

It was also the first time that Ned Bell and Jack Distlehorst had performed on a championship team during this same span of years, although the team barely missed championships on as many as eight different occasions. Incidentally, Jack, named the outstanding outfielder in the league and an All-High choice, was elected captain of the team at a special election held immediately following the title-bearing tilt.

Swisher In Form

Special credit for the excellent appearance of the Bucks in the final game of the campaign goes to Bob Swisher, the sophomore curve ball artist. Swisher fanned 12 of the Pirate batsmen, gave up only three measly bingles, and issued only two free passes to first in the seven-inning game. In addition he chimed in with three hits in a like number of times at bat to lead the 15-hit attack of the locals and at the same time chalk up his third successive victory of the season without a setback.

Swisher was one of the quintet of top hurlers which gave West one of the best pitching corps in the state during the past season. Jack Barrett claimed four wins without a setback for the best record followed by Swisher with three victories and no defeats.

Notice to varsity baseball letter winners: due to the fact that the letters have not arrived as yet, no awards will be given out this afternoon, Coach Williams said today. An announcement will appear in the Record when the awards have been received by the athletic department.

Jake Richards, an All-High selection along with Distlehorst, Dave Wills and Bill Albert, marked up six marks on the right side of the ledger with two setbacks. George Ruder had two wins with one defeat while Jack Kulp lost a one-run decision in his only appearance. Three of these twirlers, Richards, Swisher and Kulp, will be among the returning lettermen next season.

Successful Campaign

During his two-year term at West High Coach Williams has produced fine baseball teams. Last spring the Bucks captured the district title while placing second in the City league and this season the locals grabbed the City league crown while losing to North, state champions and a team they defeated twice, in the finals of the district eliminations. During the season the Cowboys garnered 16 victories while taking the short end of the count on only six occasions.

The Charter Amendment

EDITOR'S NOTE: The Record is pleased to present herewith the pros and cons of the charter amendment that will be presented to the voters Tuesday, June 18. This information has been presented by the two opposing sides

Pros

Arguments in favor of the Charter Amendment plan which is to be voted upon at a special election on Tuesday, June 18, to relieve the city's financial distress are cited by the Charter Amendment Committee as follows:

(1) The city's income from taxation has been drastically reduced by action of the county auditor a few years ago in reducing the valuation on real estate about 40 percent, causing a reduction in tax revenues by that amount. This action was followed by the enactment of a bill by the state legislature reducing the tax limitation from 15 mills to 10 mills, further reducing the tax income another 33 percent.

(2) The depression brought an added financial burden on the city so that the cost of poor relief alone is now about $900,000 a year.

(3) This burden was increased when millions of dollars in bonds were issued for city improvements to provide employment and to get benefits for the city such as the new city hall, central police station, municipal airport, new streets, bridges and river front beautification.

(4) Temporary measures to meet the rising financial crisis have failed and have only postponed the day of reckoning.

(5) The present tax rate in Columbus is $19.30 compared to an average of $39.19 for 92 cities of similar size, so that the present rate is very low.

(6) Approval of the charter change by the voters would give the city council and the mayor permission to change the charter so that a tax levy of not more than six mills could be made for operating expenses and relief. Since 1.64 mills are already being used, the increase would be only $4.36 mills or $8.75 a year for $2,000 in valuation. It is estimated that 70 percent of the money will be used for relief.

(7) The only alternative to the charter amendment plan would be the enactment of so-called nuisance taxes by city council, which now has the authority to take such action. Such taxes might

Cons

A survey and analysis of city finances by the Taxpayers Research Committee for the Home Owners Protective association with Hayden Edwards, local realtor, as spokesman, is opposed to the charter tax levy amendment to be voted upon at a special election June 18 for the following reasons:

(1) The city will have a larger income during 1940 than last year and expenditures can, with reasonable economy, be considerably curtailed this year over last year.

(2) Although last year was an election year with a maximum number of employees on the pay roll, there are now more city employees on the pay rolls. This number was increased by 205, mostly white collar workers, in April of this year as against April of last year.

Delay Looms On Sullivant Ave. Paving Project

Hopes of Sullivant-av business men and residents that paving of the north side of that street would be completed at an early date appeared dampened today as concrete laying operations were suspended when the foundation crew finished the intersection of Eureka-av.

City Engineer Paul Maetzel declared the big motor driven concrete mixer would be taken away from the job only "for about two and one-half days," to turn out paving concrete for W. North Broadway.

Claim "Caught Up"

Officials said the mixer was being moved to the north side bridge approach project because "it had caught up with the crew that was excavating the old Sullivant-av paving and grading the street in preparation for the new foundation.

However, since the concrete mixer usually travels only about 300 feet, or about a city block a day, Sullivant-av observers were of the opinion that the advance crews could easily keep ahead of the mixer and thus speedily carry out the completion of one side of the street in a few weeks, weather permitting steady work.

Quick hardening cement is being used for the foundation and asphalt could be laid in a week and the street opened for travel, one workman said. Metal forms used for the concrete foundation can be laid rapidly, it was pointed out.

Since the concrete mixer is a massive affair operating on caterpillar wheels, it would take at least a day to move it to the far north side and another day to bring it back to the Hilltop, it was also asserted.

The moving action will also act to delay work on the south side of the street, which cannot be started until the north side is finished, it was declared.

THE CHARTER AMENDMENT—

Pros

(Continued from Page 1)

include a tax on garbage and rubbish collection, a street lighting tax, a city tax on automobiles and possibly an income tax.

(8) The estimated cost of the nuisance tax plan to each renter and home owner is $30 per year compared to the $8.75 on a house of $2000 valuation. Rich and poor would pay alike, no provision being made to pay according to ability as the charter amendment plan provides.

(9) Of the $49.30 now received in taxes, the city gets only $8.40 and the schools $8.20 while the county takes $2.70. Of the city's share, $6.75 goes to pay interest and retire bonds as they fall due.

Cons

(Continued from Page 1)

(3) The official estimated budget for this year out of the general fund revenue has been created $738,368.24, an increase of about 10 per cent over last year.

(4) While the total anticipated income for this year is greater than last year, the item of revenue collected from gamblers shows considerable shrinkage.

(5) A majority of city councilmen are really against the amendment and when the city's fiscal affairs are placed before councilmen if the amendment is defeated on June 18, the council will meet the situation without additional taxes and without affecting the employment or salaries of veteran city employees, policemen and firemen.

(6) The charter amendment proposal contains "sleepers" which nullify the six mill limitation and, would cut down the necessary vote on increased tax levies from 65 percent to a majority.

(7) Changes or charter amendments should be submitted to the voters only after a charter convention has had an opportunity to study their effect on the charter as a whole, so that the protective features of the charter cannot be destroyed by piecemeal amendments with concealed purposes.

(8) Defeat of the amendment would not in any way affect the income to the sinking fund to the city for debt charges because that money was separately raised from taxes and especially earmarked for that purpose.

(9) The operations of the city government are not in any way connected with the sinking fund and the schools.

(10) Analysis and survey have revealed that there is more money available for relief and public works this year than last year and attempts to scare relief clients into voting for the amendment is an imposition on the city's poor and needy.

(11) Because of the recent anxiety over the condition of the nation's national defenses, citizens are now faced with drastically increased direct and indirect taxes for that purpose.

Distelhorst Leads Locals In Bat Work

Jack Distelhorst, captain and star right-fielder for the City league champion West High baseball team, topped the local hitters during the 23-game schedule by banging out 26 hits in 60 times at bat, for a mark of .433, baseball statistics compiled by Coach George Williams disclosed this week.

In addition to Distelhorst, five other Buckaroos topped the .300 mark. The other two varsity outfielders, Dick Smith and Ray Medlick, both juniors, batted .360 and .353 respectively while shortstop Ned Bell came through with a .352 mark and first-baseman Bill Mack garnered .327. Bill Albert, catcher, carried a .333 average for the campaign while Jake Richards topped the pitchers with his .333 average.

Only two regulars, Dave Wills and Paul Rogers, failed to make the .300 group. Wills, the hot-corner guardian, batted .220 and Rogers narrowly missed the group with his .297 combination. Rogers was tops in the runs-batted-in parade, however, batting in 22 runs, closely followed by three jubilees, Smith, Medlick and Albert, each with 18.

Although Bob Swisher and Jack Barret topped the pitchers with undefeated records, the former winning three straight and the latter four in a row, little Jake Richards had the best averages for the campaign. Richards pitched 50 innings, nearly twice as many as his nearest rival, was tops in the strike-out department with 58, and issued only six bases on balls, an average of nearly one per game. Jake won six decisions while losing two during the season.

Mr. and Mrs. A. J. Brimlinger, 2963 Fremont-av, who are visiting in Van Nuys, Cal., spent last week at the Golden Gate International Exposition in San Francisco.

Hilltop Girl Wins Cinderella Title

Frances Cruise

Once upon a time there was a little girl (she was only five feet tall, in her stocking feet, and tipped the scales at 97 pounds) who hadn't read the story of Cinderella for a long long time.

So she didn't remember that the Prince Charming was supposed to hunt her out with the missing slipper. Instead this young lady—Miss Columbus Cinderella—went out to get her own slipper. She did.

She is Miss Frances Cruise, 20, of 2432 Westwood-dr. She won the title of Miss Cinderella by out-beautying 54 other candidates for the crown. The final judging took place on the stage of the Ohio theater Tuesday evening when the six finalists competed.

The Contest, sponsored by the Columbus Citizen in co-operation with the Glass Center of the New York World's Fair, had as its major award a trip to New York for the titlist and a companion of her own choosing. Cinderella chose her mother, Mrs. Fred Cruise.

Stenographer

Miss Cruise is a stenographer in the Premium Department at the Ohio State Farm bureau.

"I was real tickled—real pleased, I wondered how I got it," Miss Cinderella told a Record reporter. And that's all she had to say about her thrilling experience.

Miss Cruise who has lived on the Hilltop all her life, was really "discovered" by the Hilltop Business Men minstrel's talent scout who signed her up for a tap-dancing act in the Minstrel's of '38. She was also chosen as one of the "ten prettiest Hilltop girls" in 1937.

Miss Cruise likes tap dancing, ball room dancing, tennis and dramatics. She is a member of the Players club of the Little theatre. She graduated from West high in 1937. She portrayed the role of "Poppy" in the Senior class play. She was a member of the "L" society, student council, and Girl

Leave June 23

Miss Cruise and her mother will leave Columbus on June 23, going first to Washington, D. C. where she will join Cinderellas from 13 other cities. After spending a day in the capital, the party will proceed to New York and the Glass Center, where the 13 girls will be judged for the title of "Miss Cinderella of the World's Fair." A crystal crown and a glass fibre robe will adorn the winner and the other 11 will be members of her court, wearing crystal coronets. She will be in New York for one week as guest of the Citizen and Glass Center.

In New York the visitors will be lavishly entertained at the fair and in New York. Movie tests, trips backstage to meet Broadway stars, dinners and parties in fashionable hotels will fill their week.

Cinderella also received a glass slipper emblematic of her winning the local contest, a handsome Benrus wrist watch set with four diamonds, and a beauty kit, designed for traveling.

Go To The Polls On Tuesday

Columbus voters are being asked to visit the polls on Tuesday to cast their votes for or against the proposed Charter Amendment to provide operating expenses for the city.

To date we have neard little enthusiasm expressed for the plan, which will increase real estate taxes, except from city employees and in some instances that was rather luke warm.

We have contended from the start that the city needs this tuesday and we hate go back on such a statement, but we further contend that the plan is not complete in itself.

This charter amendment is from the Cincinnati plan which goes farther to provide city managar government. If Columbus is to use this money to the best advantage of all it's citizens we believe it could best be accomplished by the city manager form of government.

We have never felt that efficiency can be anyways near a maximum through a system that is maintained by the jobs at its disposal. In this connection we have reasoned that more money to spend means more jobs when something more really approximating private business would come nearer providing the type of efficiency that will keep the city operating within its means.

This is a question to be decided by the voters next Tuesday. It is important that your vote be recogied. A light vote means sure passage of the amendment since it requires a bare majority. There are enough city employees and friends of the two parties who are interested in jobs to see that it passes if there is much apathy on the part of the independent voter.

Leanin' On The Old Top Rail

A lotter came to my desk this week from a Sullivant avenue merchant who invites me to cure my insomnia by coming to his place of business to witness the WPA in operation. He proceeds:

"The following description of a workman which would fit almost all the men, including bosses, is conservative. He is wearing straw hat, blue dress shirt, light gray summer trousers, and sport shoes. In the past 45 minutes he has used his mattock exactly 41 times.

"Now he has his hat off cutting a thread from the sweatband, now combing his hair, now looking up and down the street and leaning on his mattock. Now he deftly and expertly rolls a cigarette, he leisurely takes a healthy inhale and laboriously expells the smoke. He now turns to the curb, places one foot upon it, cleans out his cuff . . . now the other foot . . . now he steps to the sidewalk and walks a whole block to the little square box on the corner.

"Well, ten minutes have passed and he's back on the job. Oh, oh, here comes the water boy. He takes a long draught of H2O, wipes his mouth on his hand and slowly turns to his mattock, which he lifts approximately 12 inches and drops it to the work to be done. He repeats the operation two more times then drops his mattock and gingerly walks to his lunch box."

Yes, sir, it's a great system!

Crime Commission Unit Organized

Hilltop Youth Council To Be Formed

Formation of a Hilltop unit of the Columbus Crime commission was announced this morning by Emile Reiss, 934 N. Roys-av, secretary of the group.

The new unit, under the supervision of Howard Taft of the Broad-Hague poultry and Dr. Charles Campbell of Campbell's pharmacy, 2766 W. Broad-st, will be one of eight units organized in various Columbus and Franklin county neighborhoods. It will be known as the Hilltop Youth council.

The function of the group is to coordinate all activities and recreational programs of the youth of the neighborhood.

Non-Profit

The Columbus Crime commission is a non-profit organization sponsored by prominent Columbus and Franklin county residents eager to help stamp out crime, especially among the youth of the county. It has its county headquarters at 46 W. Gay-st. Ed. J. Yantis, former Hilltop man, is president of the group.

Judge Cecil Bandall is a member of the board of directors.

Two features of the group are the city-wide bicycle club and the city-wide boys and girls band. Bert Ray of the Sports Goods store, 2516 W. Broad-st, is in charge of the bicycle club.

Boys and girls who wish to join the band may make their applications at 46 W. Gay-st. There is no charge for joining.

Business Men To Picnic At Confab

An outdoor picnic supper will feature the June meeting of the Hilltop Business Men's association when it meets Tuesday evening at the home of W. T. Lemley, 477 Wilson-rd.

Dr. J. H. Cratt, 2637 Sullivant-av, is in charge of the event.

The meeting was originally scheduled for last Tuesday, but was postponed in favor of the June 18 date.

The members are expected to further their plans for the annual "Bean Day" which will be held at Westgate park on July 31.

Kent's Modern Market Looted

Forty-five cartons of cigarettes and a box of cigars along with three hams weighing a total of fifty pounds was the loot secured early Wednesday morning by the person or persons who slid down a coal chute in the Kent Modern Market basement to gain entrance.

A rear door was opened from the inside to permit their departure, police believed. Kent's market is located at Sullivant and Hague.

Valleyview Election, Halted By Restraining Injunction

Valleyview residents were up in arms in another of their "Civil Wars" this week when it was disclosed that the special election scheduled for June 25 in Valleyview would be postponed for 60 days as a result of the restraining injunction filed by Edna Cruea, owner of the Hilltop Swimming pool and Skating rink, Wednesday.

The suit restrains the county recorder from recording incorporation papers. Agents of the incorporation have also been named in the suit.

Robert Draper is handling the Cruea suit while Gale R. King is representing the agents of the incorporation.

Hearing has been set for 9 a. m. Friday, June 28 in courtroom No. 9 of the court house.

Dip Into Deep Costs Man $175

Despite the loss of his pocketbook containing $175, J. C. Phillips, 46, of 426 S. Central-av, considered himself lucky last Saturday when he apparently suffered a slight stroke, became unconscious and lost control of his car as he drove west over the Mound-st bridge.

He plunged off of Washington-blvd into the Scioto river. Phillips told patrolmen he remembered nothing until he found himself up to his chin in water near the Greenlawn-av bridge. He swam to shore.

Construction Work On Doctor's Office To Begin Shortly

Dr. Chester O. Cramer will begin construction work on his new doctor's office building in the 3000 block in West Broad-st within the next few weeks he announced this week. His present office is located at 2446 West Broad-st.

When completed, Dr. Cramer expects to transfer his offices to the new location which will also contain a unit for a dentist's office.

Perfect Attendance Record Is Achieved

A perfect attendance record is the achievement that Mary Margaret Boyhan realized during her schooling at St. Joseph academy. Miss Boyhan, daughter of Mr. and Mrs. Joseph Boyhan, 465 Belvidere-av, graduated from the academy last week.

Church Loops Furnish Plenty Of Excitement

By Woody Owens

Softball play in the Hilltop's West Church league No. 1 continued at an unabated pace this week although the important tilt between Burgess U. B. and Glenwood M. E. was rained out, the two leaders retaining their top spots with identical records of three victories as against one setback.

Although the Burgess-Glenwood fray was cancelled the other six teams in the loop saw plenty of action. Hoge Memorial No. 2 was the victim of a 20-2 onslaught at the hands of the St. John Lutheran aggregation which pounded out 18 hits. The win was the second for the Lutherans while the defeat was likewise the number two initiation for the He[illegible]

Calvary Again

Hoge Memorial No. 1 followed the trail to their fellow-players and easily succumbed to Hillcrest Baptist by a 15-3 count. In the third encounter of the evening, Monday, at Westgate park, Highland Ave. Friends edged the Hoge St. Aloysius [illegible] 5-4. The Irish evened the [illegible] with this supposedly opponents, but have faltered in their last two starts.

Calvary Presbyterian got away to a flying start as play began in the second round of games in the Church league No. 2 by spanking Salvation Army, 9-4, for their fifth win in six starts. Defending city church champs, the Presbyterians are practically assured of a place in the church play-off picture again this year.

In the second contest in the four-team circuit Avondale U. B. eked out a 10-9 win over West Park M. E. A pinch single in the final canto by Hubert gave the Brethren a well-earned decision over the Methodist combine.

Bill Mack
Agonis Trophy Winner To Attend New York College

By Dave Shiflet

One of the outstanding boys in an outstanding class is William "Bill" Mack, 139 Powhatan-av, a member of the 1940 graduating class at West High school.

Bill was one of those initiated into the National Honor society this spring as a result of his 2.9 average in the academic curricula of the school. In addition to obtaining all A's and B's in his school work, young Mack, the son of Mr. and Mrs. Norman S. Mack, served as president of the senior class, president of the Latin club, and was awarded the Agonis trophy in recognition of his excellent service to the school.

During his three-year term at the local high school Bill was awarded six athletic letters in three sports, football, basketball and baseball. Not a flashy type of player, Mack was a team player always and performed his chores on the gridiron, court and diamond to the best of his ability. Not overblessed with talent, Bill practiced diligently and in his senior year was a regular in each of the sports in which he took part.

Likes Basketball Best

In the sports world, too, Mack performed on the Buck football machine last season which captured eight victories in nine starts and was an important cog in the 1940 baseball aggregation which captured the City league championship. He performed at first base in the latter sport and batted well over .300 for the season. His favorite sport, however, is basketball and he'll tell you that he likes the offensive activity on the court in preference to the defensive game.

William "Bill" Mack

Among his extra-curricular activities Bill performer the duties of sports editor on the school paper, the Occident . . . his favorite dish is baked ham and pineapple, and his favorite school subject is German . . . for entertainment purposes he loves music, but doesn't go in for the jitterbug craze . . . he'll attend Hobart college, Geneva, N. Y., this fall, as the result of an academic scholarship, which he won.

Don't Forget Dad Sunday

Don't forget Sunday—it's Father's Day!

And don't forget Father.

All year long he foots the bills and smilingly writes out the checks for that new hat, new dress, or pair of silk hose for Mom or Sis. Now it's his turn. Make his Father's Day a surprise too!

Look through the pages of the Hilltop Record. You'll find Dad's favorite pipe, or tie, or colored socks listed therein. Then hustle to your favorite Hilltop shop and buy it for Dad. He may pay the bill later—but he'll certainly appreciate your thoughtfulness Sunday.

Watch For The Floating 'C'; Bogus Checks Here

One of the major problems that always confronts merchants, bankers and the government is counterfeit money and forged checks.

Hilltop merchants have been particularly bothered recently with a flood of bogus checks. At least a dozen merchants in this community have lost money through this medium.

Curtis Wilcox, manager of the Hilltop branch of the Ohio National bank, 2374 W. Broad-st, today warned merchants to be on the lookout for this bad check passer, described by his victims as being about 35 years of age, thin, and medium height.

He usually presents a check apparently signed by some Hilltop resident, after asking for persons order which he claims has been phoned in. The merchants, believing him to be authentic, usually cash his checks, give him the merchandise and the change, and then, too late, find that they have been fleeced.

Sweeping C

A characteristic of these bogus checks is the fact that all are made out to "Cash" and the "cash" word is a long sweeping C, disconnected from the remainder of the word.

In order to help protect Hilltop merchants and residents in their fight against this vice, Mr. Wilcox has arranged to have a display of counterfeit money set up in the lobby of the bank.

This display, prepared by the Secret Service Department will be on display beginning Monday, June 17. The easel display contains eight genuine notes and eight counterfeit notes of the same denomination and variety for comparison purposes.

Officials of the bank invite you to view this exhibit and study it. This opportunity should not be overlooked by the folks of the Hilltop as it is an excellent chance to learn something of great interest and at the same time protect themselves from [illegible] coins and bills.

CONSTRUCTIVE LABOR

'Tis sad to see an honest man who
can't find honest work.
They're on the road most everywhere from Maine to Albaquerque.
They tramp the street with weary feet; their skill no one employ.
A heart of stone would pity them—their joy is cheap alloy.

Industries should furnish work of some constructive kind—
That's the thing they long for.
That's the thing they cannot find.
What's wrong with education—what's wrong with financiers?
Don't prate of our environment when there's been no work for years.

Save Money By Having Your Furnace Cleaned Now

NOW is the time to have your furnace cleaned and checked for repairs. The most of us are in the habit of waiting until fall or until we are ready to fire the furnace again before having it cleaned. This is a poor policy and has been found in most cases to be quite expensive due to the fact that the damp acid-filled soot, dust and dirt that lay in the pipes all summer causes rust and small pin holes which of course means you MUST HAVE NEW FURNACE PIPES.

If the furnace is allowed to go until fall before being cleaned, when the furnace man goes to do the cleaning job he discovers in most cases that the SMOKE PIPE contains small rusted pin holes caused by the damp acid-filled soot laying in the pipe all during the summer months—this of course means that you MUST HAVE A NEW SMOKE PIPE installed.

This unnecessary expense may be avoided by having your furnace cleaned NOW. During the summer months you may have your furnace SUPER-VACUUM CLEANED including all the pipes and registers and the front of the furnace painted aluminum which is a very complete and thorough job for ONLY $3.75. Take advantage of this Special Low Price and Avoid the Season's Rush by booking your order NOW—Just Call—

STITT PATENTED PRESSURE-SEAL ONE-PIECE SPARK PLUGS
MADE IN COLUMBUS

55 Cents Each

A low cash price of 55 cents has been established in Columbus and Central Ohio. This makes 8 Stitt Spark Plugs $3.80 and saves approximately 60c from what your set of first class plugs now cost. In the Ford V-8 the saving is 80c.

Regular price 65c each. This 55c price is made possible by the following savings:
1. Saving of Wholesaler's profit.
2. Saving of Jobber's profit.
3. Saving of National Advertising cost.
4. Saving use of shipping cases.
5. Saving of bookkeeping and billing.

INSTALLED AT YOUR NEIGHBORHOOD DEALERS — SEE BELOW

The Stitt Spark Plug is an expensively-made product, using materials and workmanship that are equal or superior to any other high grade spark plug.

Let no one, whether expert or not, make you believe that the Spark Plugs in your car or truck when you bought it are the only kind that will operate it—the truth is, Stitt Spark Plugs or any other first class make of plug will operate it satisfactorily.

Billions of gallons of gasoline are made at compressor plants operated with Stitt heavy duty gas engine spark plugs. In all probability, the gas you are using right now in your car was made by gas engines using Stitt Spark Plugs.

As an additional proof of their superiority, over 85% of the railroads in the United States use automotive type Stitt Spark Plugs in their railway motor cars and have done so continuously for more than twenty years.

The Stitt Spark Plug factory was established in Columbus during the war to supply heavy duty spark plugs to oil and gas fields in place of those made in Germany. The Stitt plug proved its worth in this emergency and has since maintained its place against all other plugs both foreign and domestic.

Over 90% of the gas engines in the oil and gas fields of the United States, Canada, Mexico, Central America, South America, Dutch East Indies, Europe, Asia and Africa use Stitt Spark Plugs.

DEFEAT THE TAX GRAB

If the Proposed Charter Amendment is Adopted June. 18, 1940:

It will be the largest single tax increase in the history of Columbus.
It will permanently remove sinking fund levies from tax limitations.
It's adoption is unnecessary.
There will be more money collected this year than last.
It will increase taxes by millions.
It will make taxing easy.
It will make spending easy.
It will encourage waste.
It will reward extravagance.
It will end economy.
It will cause increased rentals.
No Nuisance Taxes necessary if amendment is defeated.

DO YOU KNOW?

That Real Estate Pays 65% of all Columbus Taxes?
That the Charter Amendment will increase this Tax over 30%?
Vote "NO" June 18th.

AMATEUR SPORTS
The Kent's Modern Market softball team remained undefeated in two starts this week as the result of an 8-7 decision over Bobby Chevrolets in the feature game of the tough Columbus Softball league played Wednesday nite at State Hospital diamond. In a second tilt another Hilltop entry, Westwood K. of P., was spanked 6-3 by the Hysell Clerks combine.
Both games were thrillers. Kent's came through with three markers in the final canto to win out the defeit and edge the Bobby group, while a two-run rally on the part of Westwood in the final frame fell short of tying up the ball game.

Expect Sullivant-Av Paving Job To Be Completed August 1; Work Speeded Up

The Spectator
By C. C. Hartley

Hilltop Voted "No" Definitely

The very large vote from tenth and eleventh ward residents against the charter amendment was somewhat surprising. We had anticipated from the beginning that the amendment would fail and that this community would be definitely against it but the percentage in that direction was larger than we had anticipated.

Residents of the community have been consistent in expressing their knowledge of the fact that the city needs additional revenues. But we believe we expressed the views of these same citizens when we stated they were not willing to go along with a program that would provide more money to be used in the same governmental system that has brought the city to this low financial ebb.

We have felt for some time that Columbus could operate to much better advantage and provide far greater services under a city manager form of government. We believe the large vote that turned down the charter amendment on Tuesday is an expression of the people for such a plan. They want a more businesslike system of operation for their municipal government.

WPA Work To Continue As Others Stop

Work of reconstructing and paving almost a mile of Sullivant-av will continue June 27, 28 and 29 while all other projects are shut down for the fiscal year inventory by WPA, it was announced today by J. L. Kelly, manager of the central Ohio WPA district.

Mr. Kelley said that this job is "booming" as much as the weather will permit, and added that, given a break, it probably will be completed around Aug. 1. It was started April 22. One-fourth of it — the north side from Whitethorne to Eureka-av—was thrown open to traffic Tuesday midnight.

A change in the method of operation has brought about a great increase in efficiency and the probability that the entire north half of the street will be paved and in use July 1, Mr. Kelly said.

To hasten the paving, a special plan has been worked out for making the inventory of WPA property during and after working hours, and it was on this basis that an exemption was granted.

Rain Hampers Work

It was revealed in the 46 working days between Apr. 22 and June 17, old Jupiter Pluvius tried to interfere by permitting rain on 23 days. WPA men reported and worked at least part of 40 days.

The original plan of operation called for work upon and completion of one-fourth of the job at a time.

This plan was followed until it became apparent to all concerned that the result would not be satisfactory.

A decision to work two-fourths at once followed, and WPA workers immediately began tearing up the north side of the street between Eureka and Hague. This was too late to prevent a delay in operation, due to the fact that the new concrete on the first fourth required 10 days to harden, and workers had not had time to build curbs and prepare the grade for the second section.

Mixer Moved

At this time the city's big concrete mixer was needed on the similar job being done on W. North Broadway, and it was moved by truck along with the concrete gang of 34 men. The brick crew of 108 men remained to complete the north side of the Whitethorne - Eureka section, then followed to the north side. Their work completed up north, the concrete gang returned and began laying the new mat at a fast pace—with the result that all concrete on the north side of the new street was expected to be laid by this weekend or Monday.

Efforts of the brick and concrete crews were praised today by A. F. Riley, supervisor of the Columbus street project.

"Paving of Sullivant-av has been speeded at least 10 percent by the changed method of operation, and I am sure that everybody will be glad to get it done in a hurry," Mr. Riley said.

Dangerous Situation

"Use of one-half of the street by traffic has created a dangerous situation, since there is barely room for two cars to squeeze past each other, and avoidance of the street, except by those who must use it, is recommended. We feel very lucky that only two minor lost-time accidents, both minor and neither of them due to traffic, have occurred."

Haunts Elected NARG Director

Pleasure Before Business At HBMA Picnic

Pictured above are scenes snapped by the cameraman as members of the Hilltop Business Men's association held their final meeting until fall. The group was entertained at the home of W. T. Lewis, 474 Wilson-rd.

While they consumed plates of baked beans and other delicacies they discussed final plans for the Hilltop's Third Annual Clean Day entertainment to be held at Westgate park on July 31.

A demonstration of archery by Mr. Lewis and two members of the Columbus Archery club kept the group interested most of the evening. Clyde Snyder, one of the archers, discussed briefly the advantages of archery as a hobby.

Dr. J. H. Czatt read a manuscript written more than 90 years ago that described conditions at the Ohio state penitentiary during an epidemic of cholorea. W. L. Johnson, an electrical contractor, was voted into membership of the organization.

Aw Gee---- No Fireworks

[illegible] will be no fireworks display at the Columbus State hospital this Fourth of July, Dr. E. F. Clouse, acting superintendent of the institution, announced today.

The announcement will necessarily force a change in the plans of Hilltop residents who for the past three years have been able to watch the show from their own backyard.

Dr. Clouse said that "the things have gone haywire on two occasions and serious accident was only narrowly averted," as reason for the discontinuance of the pyrotechnics.

Hilltop Voters Reject Charter Amendment

Margin On Hilltop Tops City Figures

A total of 6,900 Hilltop voters turned out for the special balloting Tuesday on the six mill charter amendment. Only two of the Hilltop's 43 precincts favored the adoption by voting a "yes" majority.

The total Hilltop vote:—Yes, 2,114. No, 4,781. Five votes were thrown out as "fraudulent."

Precinct P in the tenth ward and precinct S in the eleventh ward voted in favor of the adoption. Mayor Green's home precinct, A, in the eleventh ward voted: Yes, 85, no, 222.

The overwhelming defeat of the charter amendment plan by a better than two to one margin was city-wide. The margin of victory for the rejectioners however, was slightly greater on the Hilltop than elsewhere.

The vote by precinct in the Hilltop's two wards:

Scholarship To Laird

Frederick Laird

Honored for his excellent three year record at Capital university, Frederick Laird, former West High school student, has been awarded a scholarship to Columbia College of Law it was announced today by the university.

Mr. Laird, who resides at 152 S. Terrace-st, with his parents, Mr. and Mrs. Walter B. Laird, was active in campus circles at Capital. He was president of the junior class, columnist for the Capital Chimes, a member of the campus council, a member of the debate team and included in the rosters of Kappa Alpha Pi, honorary society, and Tau Kappa Alpha, national debating fraternity. His name was included in the 1940 edition of "Who's Who in American Colleges."

He also attended West Broad Street school.

Burgess U. B. Downs Highland; Other Local Clubs Active

By Woody Owens

Burgess U. B. bounded into first place in the West Church league No. 1, Monday evening at Westgate park by walloping Highland Ave. Friends 19-3, while Hope Memorial No. 2 scored a 6-4 upset victory over Glenwood M. E.

The strong Burgess lb had little trouble subduing the Friends aggregation but it took an extra inning for Hope to decision the Methodists. An eighth inning homerun by Paul Churton with Tom Bates on first provided the winning margin as Bud Kline twirled eight-hit ball for the Hogemen to score his fourth win in five starts.

In the other encounters of the evening St. Aloysius continued in the race for first round honors by trouncing Hillcrest Baptist, 10-3, while Hope Memorial No. 1 took a close high-scoring tilt from St. Johns' Lutherans by the score of 10-9.

Calvary Wins

Calvary Presbyterian continued to set the pace in the West Church league No. 2 as Fred Comer and Cal Evans collaborated to give the strong Presbyterian group its sixth victory in seven starts. The 5-0 victory was scored at the expense of Avondale U. B.

Comer, wily veteran of many seasons, hurled a five-hitter while Evans, former Central High ace, rapped out two hits in three times at bat to take batting honors for the evening.

In the second game on the program West Park Methodist gained a close 5-4 win over Salvation Army with Bill Kuhns' triple in the final frame setting the stage for the winning score. The final tally was made on a long fly.

Kent's To Meet Timken's Tonight

Kent's Modern market softball team, Hilltop entry in the Columbus Nite league, will attempt to regain its winning stride tonight on the State hospital diamond as they tangle with Smitty Truss and his strong Timken Roller Bearing team in the feature contest on the nights' two-game card.

Winners of two straight before dropping a close 5-4 decision to Model dairy, cellar-dwellers, the Kentmen will have a hard time regaining the top position. Truss is the top moundsman in the loop and although the local boys are leading the league in team hitting, they'll have to sharpen up their batting eyes.

In preparation for tonight's game Manager Bob Barker announced this week that several changes would be made in his personnel. His plans changes in pitchers, where Johnny Hall has not been any too effective at third and probably two posts in the outfield.

In the second tilt on the schedule this evening Westwood K. of P., a second Hilltop entry, will collide with the Kahn Jeweler team. Westwood, in the cellar this week, also plans changes in the player personnel in an effort to bolster the defensive play which has been woefully weak. Recent addition to the roster is Woody Owens, an outfielder.

Camp Chase Post In League Playoff

The American Legion baseball title was up for decision yesterday afternoon at State Hospital grounds when Franklin Post No. 1, defending champs, tangled with Camp Chase Post. The game was incomplete at Record Press time.

Franklin post gained the right to play in the play-off by winning the first round crown while Camp Chase bested the Franklin team, 2-1, in a nine-inning tilt Tuesday afternoon at State hospital to gain the second round championship after a protest against the Franklin team's use of players in the second round had been allowed.

The Camp Chase team really deserved the second-round diadem. With Jake Richards fanning 17 and allowing only three hits, the Hilltoppers teed off on McQuade for eight hits but both pitchers proved stingy with men on the hassocks. The winning tally came in the last of the ninth with two out as Liston singled, stole second and scored as Dick Hoover singled to left field.

New Apartment To Be Erected

Plans for the construction of a modernistic double deck row apartment for 10 families was revealed this week with the purchase of an 80 by 140 foot plot of ground on Sullivant-av between Binns and Huron-av, by Mrs. Minerva D. Hopwood, 2653 Sullivant-av.

This property adjoins on the east the four lots on which Salisbury Court—a 40 family apartment house—is soon to be built.

Mrs. Hopwood has also purchased lots 310 and 311 in Westgate Addition on the north side of Sullivant where a streamlined six room stone front residence will be constructed.

Harry Henslee -- "Champion Of Poor" -- Taken By Death

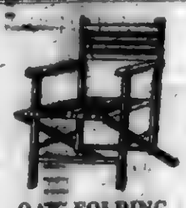
Life moves right on by 1480 Sullivant-av but Harry Cook Henslee, 79 year old barber-minister, doesn't watch it go by any more.

"Barber Harry" to hundreds—Rev. Henslee to thousands—this militant champion of the poor and less fortunate died Monday, June 17 at his home at 1483 Sullivant-av, after a week's illness. Previous to June 8 he had not seen a doctor in 37 years. He had never been confined to bed by an illness in his life.

For 44 years Harry operated his barber shop six days a week. He saw the prices advancing with the trend of the times. And he fought it. He led the fight against the 50 cent haircut. He was in the middle of this fight when the Grim Reaper signalled him to the sidelines. He was working in his shop at 1480 Sullivant-av when he became ill. For the first time in his life he was forced to "quit shop." The sign: "Haircuts 25c" still flaps in the breeze.

Harry Cook Henslee was born in Vienna cross-roads, now South Vienna, near Zanesville, on Apr. 12, 1861. That was the day that Fort Sumter was fired upon. That was one history lesson date he always admitted he could never forget.

He was educated in Zanesville and 57 years ago—it would have been 58 on Aug. 6 this year—he married Cora M., his surviving wife.



Other survivors include his two daughters, Mrs. Flo Hoisington and Mrs. Marion Oliam, and his son, Alvia Henslee. Ten grandchildren and five great-grandchildren survive.

Besides barbering, he was active in missionary work among the poor. His body lay in state Wednesday afternoon at the Mission, Rich and McDowell-av, where he centered his religious activities. He was always interested in interdenominational work among the home missions. He was a minister for 35 years.

Burial was made at Memorial Burial park by Wylie Schroyer Funeral Co.

Breaking into print for the first time and with less purpose in mind than usually motivates columnists, we offer Hill Topics to the Hilltop for whatever it may be worth to readers of this department. Hill Topics has but one object in view and that to bring neighborly bits of information about anything that happens in the community without attempting to create opinions or in any way influence reader reactions.

Human interest stories, humorous bits and unimportant items that fail to make the headlines will be considered our field of endeavor. Suggestions and contributions will be appreciated at all times.

Hill Topics will attempt to fill a need long felt in this department since the passing of The Lookout scribed for several years by Dr. John N. Wolfe, then editor of this paper. It will in no sense pretend to claim the reader interest built by that column recognized by most readers as one of the high spots of the paper at that time. It was to our way of thinking responsible for creating more interest in The Hilltop Record than any other factor up until that time.

Apology

Our apologies to Charles Trabue for omitting his name from the story of charter members of Alpha Epsilon Delta up at OSU. Charles was not only a charter member but was to a large degree responsible for its founding. Seems the publicity dept. at the university missed his name in writing the release on the story.

"Safari" at Broad

Loew's Broad is now showing "Safari," romantic adventure with Madeline Carroll and Douglas Fairbanks jr., with "Queen of the Mob" as the added feature. The latter is adapted from the book, "Persons in Hiding," by J. Edgar Hoover, chief G man. Ralph Bellamy and Jean Cagney are in the cast.

Cows milk is 87 per cent water. In 1939 American women spent $475,388,098 for silk hose.

I AIN'T MAD AT NOBODY
The Fourth of July

I'd like to write nice flowery words about the Fourth this year.
And speak about the bees and birds with smooth metre you'd revere,
But flowery words are most elusive—I am not a bard or sage—
If my rhyme is out of time you'll please excuse this page.

At Independence hall in Philadelphia in seventeen seventy-six
Great Britain was listed a tyrant and a hazard in politic.
Britain performed many deeds not paralleled in a heathen nation,
Insurrection they incited over here that would ruin our civilization.

Uncle Sam patiently pleaded for that tyrant to cease usurption;
His pleadings were disregarded—then he drafted the Declaration.
July Fourth the thirteen colonies declared they would be free
From that cruel rule of despotism and destructive tyranny.

Remember the men of the colonies who boldly signed their name
That we might be free from monarchy; they'll have everlasting fame.
Offer up your thanks to heaven for the blessings we possess—
We can travel our way securely in our quiet for happiness.

New Tire Rubber Is Heat Conductor

The spoon in the cup of coffee held by this attractive Miss demonstrates why "Metallic-Base Rubber" allows dangerous tire heat to escape faster in the new Richland "Super Deluxe" tire.

Richland tires are distributed in Columbus by B. & M. Auto, who says:

"I believe this new Richland Super-Deluxe is today's safest and finest tire. It runs cooler to prevent blowouts and the new "Safetytooth" tread is the best non-skid protection I've ever seen on any tire."

Richey Installs New Photo Equipment

Installation of a new rapid drying machine, faster washing methods and modern developing tanks has given the Richey photo finishing service, 362 S. Terrace-st, one of the most modern plants in the city, it was announced this week.

A double guarantee is a Richey feature, each print bearing the Velox stamp on the back and the Richey imprint in signature. Each print or enlargement is carefully inspected. A new schedule of prices went into effect June 1, and the complete list appears in the company show window.

As I See It

By Adrian Fuller

Shocked though we have been by the many tragic events that have swept Europe this spring, many of us still refuse to believe the annihilation of liberty-loving nations of free men across the seas has any real meaning for us. We are inclined to believe it is all but a nightmare. We insist that it cannot happen here.

But it can happen here. Representative republican government is confronted with as great a challenge in this country as in Europe. Even though we are in no immediate danger from a totalitarian blitzkrieg from abroad, our form of government and our way of life is now fighting for survival. This is the meaning of the Roosevelt third term ambitions. It can have no other meaning. If Mr. Roosevelt accepts the nomination for a third term and is re-elected, then the first step will have been taken toward the end of our system of government as we have known it now for more than 150 years. Orators have warned against fatal disaster for the American system of government. Never has there been greater justification of such warnings than today. Once before such warnings were almost justified. That was three years ago when the president proposed his supreme court packing bill.

If that measure had been enacted by the congress, the nose of the camel of totalitarian dictatorship would have been under this country's tent. Had that movement succeeded the underlying theory of American government—the separation of the judicial from the executive and legislative powers—would have become a myth and a legend.

So revolting was the supreme court packing bill that the American people in all sections vigorously displayed their opposition. Many Democrats in house and senate refused to permit partisan ties to hold their support for such a proposal. It was defeated ignominously, as it deserved to be.

Now the Roosevelt third term aspirations constitute a more dangerous departure from Americanism than did the supreme court packing measure. Here, we have the very essence—not subtle—not direct—but positive and direct of one man government, of an entrenched dictatorship.

Every one has seen in the last two months how the power of the White House through patronage and the rein-check over the expenditure of billions of dollars can be used to whip dissenting groups of the Democratic party into line. The Democratic party today has surrendered all independence of thought and action. It is under the heel and spur of the White House in exactly the same way that a Hitler and a Mussolini perform in Europe. There are admirers of Mr. Roosevelt in this country who still insist that he will not accept a third term. They cannot believe that their hero would be a party to such a bold perversion of Americanism.

Many Democrats are disheartened by the thought Mr. Roosevelt would accept a third nomination. They do not think he should. They want to believe that he will not. But, they cannot dissabuse their minds of the evidence brought to them by their own eyes and ears. They have given up the fight within the party believing it hopeless and futile.

We do not know whether Mr. Roosevelt will accept a third term nomination.

We believe, however, that he will.

For several years he has acted as a candidate acts. We believe that he has used the European crisis to further his plans and ambitions. We believe that he wants to break the one unbreakable American precedent—the tradition that no man shall serve more than two terms in the White House.

But, we are confident that if Mr. Roosevelt accepts the nomination which now is his for the taking, this country will face a crisis as great as that which has confronted the French and British.

Likewise we are confident that the ballot which Americans cast in November will be, by far, the most important ever cast in this country, for on the ucome of this election may hang the future course of this land for another hundred years.

This, now that we have entered the season of aggressive political campaigning, is a cold sobering thought which well may be pondered.

Red Cross Plans "Sprint" For Funds

A sprint to the finish in raising Columbus' $100,000 Red Cross fund was urged by Major Ralph D. Henderson, chairman, as drive totals passed the halfway mark.

"The job here is slightly more than half way completed," Major Henderson declared, "but the Red Cross cannot aid refugees by giving them half-bandages, half-garments or half-ambulances. Columbus has always responded whole-heartedly to worthy cases, and none can be more worthy than this emergency war relief appeal."

Charles Kent

Charlie Kent, chairman of the executive board of the Hilltop Business Men's association, is a busy man these days as he and his committee line up entertainment and complete plans for the third annual "bean day" celebration to be held at Westgate park on July 31.

Born in "them that hills" of Gallia county, he came to Columbus where he attended Reeb-av and Trade schools. He started in the grocery business at the age of 14 as a truck driver and clerk.

He is a member of the Columbus Beagle club, the Clearview Gun club and the Hilltop Business Men's association of which he is a past president.

He is glad Sullivant-av paving is getting along so fast now, and will be tickled when it is all over. "Then watch my new truck," he advised, speaking of the new grocery truck he bought yesterday.

He likes hunting and owns two fine beagle hounds. His favorite pastime is sneaking away to his log cabin in Vinton county to spend a few days in peace and quiet.

Richards Is Standout Hurler In American Legion Playoffs

By Dave Shiflet

We took a trip down to the State hospital diamond last week to watch the Camp Chase Post No. 96 American Legion junior baseball team battle the strong Franklin Post No. 1 nine for the championship of the West Legion league.

The Hilltop's Camp Chasers won the eight-inning contest by a 1-0 score and it was not until the first of the ninth that the only run of the game was scored. But what attracted us most was the excellent pitching dished out by Jake Richards, hurling for the local Legion aggregation. And that's what this story is about, one Jake Richards.

Two years ago this popular West High school athlete began his career at the local book-learning institution. Too small to try for the football and basketball squads, Jake took to baseball in the spring. That year, 1939, he was the ace moundsman on a Buckaroo baseball team that gained the Central District championship and narrowly missed a City league title.

During the summer Jake twirled for the Westgate Indians in the Knothole league and was instrumental in bringing the Knothole championship and a trip to the Cincinnati Reds' baseball game to the Hilltop representatives. For the year he won 21 games while losing the decision only five times.

Makes Court Team

Jake didn't join the footballers last fall but when the basketball campaign rolled around this 5 ft. 8 inch, 133-pound lad was among the first to answer the call. He didn't see much service early in the season but as the winter wore on Jake blossomed into a fine forward and served at a down-court past throughout the latter half of the 1939-40 season.

Camp spring and Richards was once more tossing the ole apple around. Once again he was the outstanding pitcher for the Cowboy baseballers. For his seasonal record he shows six victories as against two setbacks. Twice during the campaign he scored one-run decisions over the North High Polar Bears, state champions, and although beaten by the Bears in the finals of the district tourney, collaborated with Bob Swisher and Jack Barrett to give the West High team the City league championship.

Fifty Innings

He led the Buck pitchers in innings pitched with 50, in strikeouts with 58, in bases on balls with six, and in hitting with a mark of .333. This ice cream-eating son of the Hilltop twirled one-hitters against both East and South and narrowly missed a no-hitter when in the latter game the Bulldog performer who ruined his chances with two out in the last frame was Bud Magly.

The 16-year-old lad began pitching for Camp Chase at the conclusion of the high league season and twirled them to the second-round title with a 3-2 decision over Franklin Post while fanning 17 and then came back to gain the 1-0 decision already mentioned and the league title. He has batted .300 during his tenure with the Camp Chasers thus far and will be pitching for them as the winners of the West, East, South and North Legion leagues battle for the city championship.

Baseball is not his only sport, however. Richard also tosses a mean bowling ball in addition to swinging a fine paddle in the table tennis game. And Jake, a constant reader of the sports pages, is not the only athletically-inclined member of his family. Brother Bill, tiny first-baseman for the Camp Chase nine, also is known among the younger set for his standout performances on the diamond and court.

Hilltop Entrants In Nite Loop Beaten

The losing streak of Kent's modern market, Hilltop entrant in the Columbus Nite Softball league, reached three straight Wednesday night at State hospital field as the strong Speedway A. C. team walloped the locals by a 12-3 count. Ineffective pitching by Johnny Hall, Kent's, was a contributing factor.

Earlier in the week on Monday, Westwood K. of P. was beaten by Model dairy 4-0, for its fourth defeat in five games. Kent's team which will compete in the Marion tourney Sunday afternoon, has now won two and lost three.

Midget Cars To Race Against Time Sunday

The second track of its kind in existence is the distinction held by Charles Cruea's midget auto racing track on N. Hague-av, just a few steps south of the swimming pool.

The tiny 18 inch racing cars match each other in races against time. Powered by gasoline airplane motors, the tiny cars attain 21,000 revolutions per minute. The ordinary normal sized car attains about 5,000 rpm.

Sunday's racing will get under way about noon with Chuck Moody's record of 48.5 miles per hour record at stake.

Inventories Needed By Revenue Dept.

Burgess U. B. And Hoge Memorial Tie For Title

By Woody Owens

Burgess U. B. and Hoge Memorial No. 2 remained deadlocked for the top position in the West Church league No. 1 Monday nite at Westgate park as play in the first round came to a conclusion.

Burgess U. B. trounced St. John's in the first game of a twin-bill 16-1 only to be nosed out in the nightcap by a 5-4 count.

St. Aloysius lost a chance to gain a share of the first round laurels when they lost the second bill of a double-header to Hoge Memorial No. 2. Hoge won this one 12-3 after having dropped the first one to St. Aloysius 8-4 behind the effective twirling of Lou Kallos.

Glenwood M. E. and Hillcrest Baptist also split in the third double feature on the card. The Baptist 10 had easy pickings in recording a 9-1 triumph in the opener but the Methodists returned in the second tilt to gain an 8-4 victory and a split in the series. In the only single encounter of the evening Highland Ave. Friends eked out an 8-7 triumph over Hoge Memorial No. 1.

Calvary In Front

Calvary Presbyterian went far out in front in the West Church league No. 2 at McKinley diamonds Monday evening by scoring a 7-0 shutout win over West Park M. E.

Fred Comer turned in another of his excellent mound performances in granting only five hits while Vernon Sharp's four-bagger in the initial frame was enough to gain the victory. Jake Biegler and Jack Evans hit safely two times each for the winners.

In the second tilt on the card Salvation Army walloped Avondale U. B. 14-8 with Bob Rapp Jr., bagging four hits in five trips including two doubles and a triple.

Let us show you and give you our prices which are very low and will please you.

PLAYGROUNDS

The recreational facilities are unequaled anywhere in the city. Westgate Park contains 47 acres and is entirely within the boundaries of the Westgate Addition. It was purchased by the Columbus City Council when the Addition was opened several years ago and is supervised and maintained by the City Recreational Department. It has several baseball diamonds, numerous tennis courts, shelter house, wading pool, picnic grounds and many other features. Thousands of people visit and use this park every week. The new lake recently completed adds greatly to the attractiveness of Westgate Park.

The transportation to Westgate is ideal in that both ends of the Addition are provided with the new style trolley bus service. The 5 cent fare with universal transfer appeals to all residents of this district. The Broad Street line crosses High Street at Broad, both going East and West, making quick service and convenient transfer points

We are offering special inducements on the price of 50 foot homesites in this beautiful section at prices less than half of the original consideration. You can buy a clear 50 foot lot in Westgate for less than the cost of the street assessments, sewer and light improvement, which are already paid.

WE INVITE YOU TO STOP AT NO. 3165 WEST BROAD STREET and obtain a plat and detailed information. You are sure to get an F. H. A. loan on these lots because they have approved the territory and made many loans in this Addition.

Westgate Lot Sale Begins

The Herman L. Johnson real estate company is offering a big sale of lots in the Westgate addition as announced today in the Record on page three.

The Johnson firm, original sub-dividers of the Westgate addition, is assigning four men to the Hilltop office at 3166 W. Broad-st. to help prospective buyers select sites for their new homes. The men who will man the office every afternoon and evening are George R. Trimble, Herbert Bradrick, Otto Stein and Anton Becker.

Westgate park is located in the heart of the section, providing recreational facilities for the more than 300 families now residing in Westgate. There are no vacancies in Westgate, it is said.

Restrictions in this section insure the building of single residence property only, and the financing of new homes is comparatively easy because of FHA approval.

Transportation to and through Westgate is ideal. Both ends of the addition are provided with the new style trolley bus service and a five-cent fare.

TO CITIZENS WHO WANT MORE OF THEIR OWN MONEY IN THEIR OWN POCKETS

• Last year various local and state governmental agencies in Ohio took $272.00 out of the pockets of your family. They took this money in the name of taxes and spent it.

It is common knowledge that a large number of your family's 272 dollars were spent for necessary services. However, it is also well known that much tax money is wasted through mismanagement, incompetence, political patronage, and so on.

The Citizens Tax League of Ohio has done much in two years. For each single dollar the League has spent, a saving of more than $100.00 has been effected. Putting it another way, an actual saving of MORE THAN TWO DOLLARS FOR EACH AND EVERY FAMILY IN OHIO HAS ALREADY BEEN MADE in State expenditures alone.

A saving of at least 10% in the cost of state and local government in Ohio is possible. **This would mean $27.20 more of your own money in your own pockets each year.**

To attain this result the League needs both MAN-POWER AND MONEY-POWER, man-power for more weight and strength, money-power to continue the effective use of that weight and strength. Singly, alone, the individual taxpayer doesn't have a chance.

The taxing bodies are well organized. You too must unite, must organize, must fight. When you do, the cost of local and state government in Ohio can be cut fifty million dollars each year. On the merit of what it has done the Citizens Tax League of Ohio invites you to join in their fight for better government in Ohio.

We suggest that you invest at least that $2.00 which the League has already saved your family, toward keeping more of your own money in your own pockets in the future.

CASE OF THE MISSING TIRE

This story is told by Jerry Spears, well known Hilltop merchant. It happened several years ago when he was pastor in charge of the United Brethren church at Logan.

Jerry's church took turns playing host to the annual conference. One of the visiting pastors discovered that someone had stolen a tire from his car. Thinking he would have his little joke the Bishop announced the incident to the gathering of pastors and lay delegates and asked that the party responsible for stealing the tire return same to the rear of the church that evening.

Jerry couldn't resist the opportunity to carry the joke still further. He called a second-hand tire dealer and had him dump a load of used tires back of the church. Confusion reigned when the Bishop saw the evident response to his earlier plea.

Speed Davis Burns 'Em Up

Walter Davis, one of the Hilltop's newest grooms, is literally burning 'em up as a kitchen hand. Recently he thought he would surprise wifey, Luella, by having a nice steak dinner ready for her when she came home. So he gets a big thick, juicy steak all ready in the skillet and goes outside to do some chores.

Minutes passed and billows of smoke began emanating from the kitchen door and windows. Neighbors saw the smoke and were ready to summon the fire department. Investigation revealed that Walter had forgotten to put grease in the skillet. The steak was burned to a crisp.

"You just can't depend on anyone at a time like this," opines Raymond Anderson, recently become a papa. "Nurses down at Mt. Carmel hospital in particular."

The attendant in charge of the nursery had asked Raymond if he would like to hold seven-pound Shirley June. Knowing it was against hospital regulations he eagerly entered into the plot.

After waiting patiently for several minutes the nurse appeared with a neatly wrapped bundle which she placed tenderly in his arms. Curious for a look at his offspring he pulled down the blanket and there was a baby doll.

Guns, Bats and Fireworks For Red Bird Stadium

Baseball will join with the U. S. army to provide a patriotic celebration of the Fourth of July in Columbus. A seven-hour program, starting at 3:45 p. m., will include the usual holiday double header with the Toledo Mudhens as well as a varied list of attractions featuring personnel and material of the Fifth Corps area.

The Mudhens and Red Birds will mix in two games, the first starting at 4 o'clock and the second at 8:30.

In addition to the twin tilt there will be an exhibit of army equipment in the areaway just inside the stadium entrance.

Immediately preceding the game there will be a concert by the championship band of the Red Bird Knot Hole Gang.

Following the first game, which will be a seven-inning contest, troops from Fort Hayes will stage a bivouac demonstration. This will find the company marching onto the field, pitching camp, cooking and eating their evening meal. They will also demonstrate the use of some of their other field equipment at the same time.

The military demonstration will be followed by another band concert featuring a local professional band. The second game of the double bill will then take place, with a monster fireworks display ending the program.

When two great waves intersect, a peak may be thrust to a height of 60 feet or more. Likewise, when a large wave breaks against an object, the water may be hurled many feet above the height of 60 feet or more.

These Men Will Dish Out Bean Day Plans

Half Holiday To Be Declared To Enable All To Attend

The majority of stores on the Hilltop will be closed on the afternoon of July 31 to enable the "boss" and the employees to attend the third annual Hilltop Bean Day dinner to be served at Westgate park.

Plenty of entertainment, contests and beans will be on hand and thousands are expected to attend this event as in the past.

At the left are pictured members of the committee in charge of this event which is fast attracting city-wide attention.

Front row, left to right: Dr. F. L. Sulzberger, Charles Kent, Clarence Story, Walter Lewis. Back row: E. L. Skipper, John Riepenhoff, C. H. Campbell, C. C. Hartley and Ray Percy.

The big event is free to all. A nominal charge will be made for containers if the "diners" fail to bring their own.

The committee again requests Hilltoppers to remember to bring their own containers for the beans, coffee and bread.

Dr. Bateman Returns To Institution

Dr. J. F. Bateman

Dr. J. F. Bateman, former Hilltop "man of the year" and previous superintendent of the Columbus State hospital, returned to his old post as head of the Columbus State hospital, W. Broad-st, yesterday.

In assuming his old position, Dr. Bateman will supplant Dr. E. F. Clouse, who has been acting superintendent of the hospital since 1938 when Dr. Bateman asked for a leave of absence so he might become state commissioner of mental diseases at $6500 a year.

Dr. Bateman's present salary at the local institution is approximately $3900.

Dr. Clouse will remain with the hospital in some capacity, Charles L. Sherwood, state welfare director, revealed.

Dr. Bateman resigned from his post with the commissioner's office in order to devote more time to the practical end of caring for mental patients.

Hilltoppers To Spend Quiet Fourth Of July This Year

Fireworks, Concert, Missing From State Hospital Thursday

One of the quietest Fourth of July celebrations in a good many years is on tap for the Hilltop community Thursday, according to present plans. State Hospital, for the past two years the scene of brilliant night displays of fireworks, will be "blacked-out" this year.

There will be the usual ball game on the State hospital diamonds in the morning. Present plans are indefinite as to who the contestants will be but it is expected that the patients team will be pitted against the employees team. Tentative plans had called for the Saturday afternoon loop team to meet a challenging Lancaster aggregation but details of this game have not yet been ironed out.

The game will get under way at 9 p. m.

Afternoon Contests

Games and contests for the patients and employees will start at 2 p. m. Novelty races, greased pole, and other events have been lined up.

The chef has prepared a special holiday menu. Although the meals are to be eaten inside in the wards, it will take on the aspects of a "picnic dinner."

In case of rain, patients will be shown the film, "Blondie." If the scheduled program goes on as anticipated, the film will then be shown the next day.

There will be no band concert in the evening.

Golf Tournaments

Jack Kidwell, pro at the Beacon Light golf course, will sponsor a flag tournament as one of the features of the Fourth of July activities. He also plans a blind bogey event. The public is invited to play or watch these tournaments.

The Camp Chase post American Legion will be inactive this year. The fife and drum corps is being reorganized and will not be ready for participation in the parade in Upper Arlington as it did last year.

The Sullivant-av airport will confine its activities to passenger rides.

The Columbus Red Birds will be hosts to Toledo in their traditional Fourth of July doubleheader with army exhibits and fireworks completing the bill. This begins at 4 p. m. with the first game of a doubleheader.

The Hilltop swimming pool, N. Hague-av, will be opened early and is expected to be crowded with the usual holiday crowd of bathers. The picnic grove will also be opened.

The Westmont theatre, Ritz and the Rivoli are expecting to hold matinee performances on Thursday.

Both banks and all of the stores will close for the holiday. Drug stores, however, will remain open, they believe.

Winklers Are Entrants In Big Contest

Mr. and Mrs. Harry Winkler, 148 N. Huron-av, are among the Hilltop entrants in the Columbus Dispatch's Typical Family contest.

Inadvertently, the name of the Winkler family was omitted from the list in last week's Record.

Latest reports show the Winklers are well up in the race for the free trip to the New York world's fair.

Falls Off Bridge; Fractures Arm

Richard Hershberger, age nine, 913 N. Hague-av, suffered a fracture of his left arm Saturday afternoon when he fell from the bridge at Hague-av and Fisher-rd. He fell approximately 11 feet and landed in the water below. He is recovering at his home.

Local Rivals Tangle In Saturday Game

Two west-of-the-river teams will tangle Saturday afternoon at State hospital grounds when the State hospital team takes on the West Side merchants in a game scheduled to get under way at 2.15 with capable officials in charge.

The State hospital team still has a chance to get into the State baseball tournament at Springfield if it can finish the season in second place. The two leaders of the Saturday Afternoon league on July 6 are eligible for the state tourney.

John O'Connor is expected to handle the mound chores for the West Side merchants while Lynn Morris is the likely chucker for the hospitalmen.

NO HITTER

Lynn Morris, State hospital hurler, turned in a sensational no-hit, no-run game against Columbus Coated Fabrics last Saturday as the "Patients" walked off with a 12-0 decision on the hospital diamond.

The red-headed hurler walked seven and hit three batters but permitted nary a scratch hit in the nine-inning fray. Ward led the locals' attack with four hits.

Residents Of Valleyview To Meet Monday

There will be an important meeting of all residents of Valleyview at the Franklin twp. hall, 3443 Sullivant-av, Monday evening, July 8, at 8 o'clock.

This meeting is being called for the purpose of receiving complete report of the agents of the incorporation and to impart information regarding the coming election of officers of the village and to give everyone who wishes to stand for one of the offices an opportunity to receive and sign their petition.

This confab is vitally important to all residents of Valleyview, all of whom are urged to attend.

Thursday Is Day For Picnic

The annual picnic of Hilltop Lutheran Sunday school will be held Thursday, July 4, at Westgate park shelter house, starting at 10 a. m. and lasting until dark. Entertainment for people of all ages is planned.

Francis Harvey is general chairman of the picnic.

All members of the Sunday school and their families and friends are invited.

Repatriated

Isn't It Shockingly So

Frank W. Shockley, acting dean of the University of Pittsburg School of Education, was recently honored at a fellowship dinner at which the committee presented each one present with a copy of the program containing some of the following "Shocks From Shockley," which we deem to be unique enough to pass on.

"Administrators should not worry because their work involves a lot of headache. If there weren't any problems there wouldn't be any need of administrators.

"Why does anyone go away from Pittsburg in the summer time? All we have is July and winter.

Declarations Of Independence

Back in 1899 President Benjamin Harrison stated "It is not in the power of any people on earth to herm us, except our own people."

And here a few hours before another anniversary of our declaration of independence this might be a fitting thought for the day.

While Humans Live And Suffer and Hope

"All the world's a stage," sayeth Mr. Bill Shakespeare, the Bard of Avon.

A quotation from a famous American who has spent years on the legitimate stage entertaining thousands with his brilliant productions gives present day recognition to this statement.

This past week Otis Skinner celebrated his 82nd birthday in his quiet Vermont home.

"In these days," said Skinner, "when the world seems to be avalanching to destruction the theatre more than ever is a refuge for the distracted, a place where they can find emotional relief by blending their own emotion with those that the actors portray. The theatre can never die while human beings live and suffer . . . and hope."

A Holiday And Not A Horror Day

"Make the Fourth of July a holiday and not a horror day," is the slogan adopted by the National Safety Council.

Firecrackers, holiday driving and accidents killed 8000 and injured 800,000 in July a year ago and damages cost 300 million dollars. All of which sounds like a European blitzkreig.

New York state has taken steps to reduce accidents and this will be the last year fireworks may be purchased in that state. A cracker is a lot of fun for a youngster but there's no denying the danger present. Ohio might do well to observe the New York law.

Whitethorne To Ogden Paving Completed On Sullivant-Av; Youngsters Find It OK

The entire north side of Sullivant-av, from Whitethorne-av west to Hague-av, will be thrown open to traffic before the end of the week, city and WPA paving project officials believe.

The strip between Whitethorne and Ogden was opened Sunday morning. Rail-light officials threw over their lines Saturday night.

Work on the south side of Sullivant-av is already under way and officials hope the entire project can be completed by Aug. 1.

Last Saturday the paving was completed to Ogden-av and before the roller had crossed the "finish line," two Hilltop youngsters were out testing the pavement. Shown in the above picture are Warren Donaldson, 485 S. Ogden-av, and Jerry Lee Horn, who lives in the "white house" on S. Ogden-av, which happens to be 440. They are racing across the last strip at the corner of Ogden-av and Sullivant-av. They pronounced the paving "swell—and smooth."

W. S. Fellows is piloting the B. F Patterson steam roller with William H. Paklor, 749 Wyant-av, astride the iron mount.

Sullivant-av merchants are eagerly awaiting the finishing touches so normal business can be resumed.

Condition of James Ehman is "Critical"

The condition of James Ehman, 20-year-old West High graduate, and Ohio State university student, who was found wounded in his room at his home at 137 Binns-blvd, 10 days ago, is reported as "not any better" at Mt. Carmel hospital.

The youth, suffering from a .45 calibre bullet wound in his stomach, told police "the gun was accidentally discharged." Hospital attaches report he is still "very sick."

Rector Heads Westgate RSM

Another Beauty Begins Career

Judy Matson, 21-months-old daughter of Mr and Mrs. Dave Matson, 929 Bellows-av, and granddaughter of Geo. Matson, was crowned "Grand Duchess" at a coronation at Memorial hall Saturday night to climax a contest sponsored by the Daughters of America.

The coronation followed awarding of prizes last week in a Better Baby contest in which the Matson youngster tied for second place in the 18-24 months class in which over 400 babies participated.

Judy received a blue ribbon and a gold medal.

A screen test was made of the child Sunday. The film is to be sent to Hollywood, DAR officials said.

Hazel Shinn Krumm has been editing the magazine with Marie Eddington publishing. Dorothy Clark, 50 Algonquin-av, is the advertising manager.

The book contains short stories and news written "by and of" local women. Expansion of the publication to take in all of Ohio is planned by Mr. Hartley.

Four delegates and three alternates have been elected to represent the Camp Chase post, American Legion, at the district convention at Delaware on July 14 and the state convention at Toledo Aug. 5, 26 and 27.

The Camp Chase post, American Legion, will hold its monthly meeting on Friday, July 19, at the country home of Tom Lewis, 474 Wilson-rd. All members are urged to attend.

Don't Take A Chance

You May Not Be Able To Put It Back!

The Fourth of July, observing the glorious independence of our country, has developed lately into a day of "get away from home" activity.

On every road, ribboning away and outward from Columbus will go streaming thousands of autos. Perhaps you will be in one of them.

Be careful!

Drive cautiously. An accident is a costly "second spared." If you intend boating, swimming, wading or fishing, watch the depth of the water. If you can't swim—the best place is NOT in water.

Fireworks can be dangerous. Eyes can be lost, fingers blown off and bones mangled. Watching fireworks is fun but suffering from them is not.

So, no matter where you go, or what you do, remember that the best way to spend the Fourth is in such a way that you can spend another next year.

Westwood K. of P. In Feature Tilt On Night Card

Westwood K. of P., last place possessors in the fast Columbus Night Softball league, will meet Speedway A. C. Friday night in the featured tilt of the week's play at State hospital.

The game will begin at 9:30 and will be preceded by the Model Dairy-Hysell for Clerks fray.

Kent's Modern Marketers, who last night tangled with Kahn Jewelers, still have a chance to get into the O'Shaughnessy playoffs.

Remaining games on the schedule include the all-Hilltop tangle on Wednesday, July 10, when the Kent's Modern Markets trade blows with the Westwood K. of P. That game is booked for 9:30.

The O'Shaughnessy playoffs will take place on Monday, July 15, when the first place team meets the third place finisher and the second and fourth teams play each other. The winners then meet in a two out of three game series for the championship, beginning Wednesday, July 17.

Hilltopper Is Princess Shawnee

Another West High school graduate has entered the ranks of "beauties" who have copped titles in the past year in wide competition.

Mary Elizabeth King, 18 S. Warren-av, was voted "Princess Shawnee" by business men and will reign during the July 4 activities at Memorial Hills swimming pool.

Bellar To Study Art In Cincinnati

Jack Bellar, son of Mr and Mrs. Arthur J. Bellar, 326 Algonquin-av, will complete his study of commercial arts at the Central Academy of Arts, Cincinnati, it was revealed this week.

Jack, former star athlete at West, attended Denison university at Granville for the past two years where he was a letterman.

Camp Chase Back In Title Running

Camp Chase post No. 98, Hilltop entry in the city-wide American Legion play-off series, returned to the win column Thursday by blanking Falter Packers, defending champions, by a 2-0 margin.

The winning runs were scored by Wehr and Stettler in the initial half of the ninth inning. Wilson started on the mound and worked eight and one-third innings before being relieved by Jake Richards who finished the contest.

Camp Chase has now won one and lost one in the play-off.

Algonquin Avenue Dog Fanciers Believe They Have A Champion

By rjw.

If, in the very near future, the name of Mr. and Mrs. Lyne Price appear prominently in the show dog world news, don't be surprised.

Active in dog club circles, they believe they have a winner. Her name is Heatherington Surprised Event (that's her registered name) but to the Prices, she's just Princess.

This four-year-old female wire-haired terrier is all white, with tan ears, and both her sire and dam are champions. Princess, pardon me—Heatherington Surprised Event—has already collected eight points towards her championship.

Mrs. Price hopes the jinx that has consistently followed them in their efforts to show their dogs has left. Their first dog, Westgate Barbealyn was killed when when she jumped from the car at Broad and Front-sts, in an effort to follow Lyne. Last year their second dog tried to chase a stick. The stick lodged in the dog's throat and pneumonia set in.

Jinx Returns

Recently the Capital City Kennel club held its show and the Prices entered H. S. E. Everything seemed under control and the Prices were about to sigh a sigh of relief when another dog broke from its leash, pounced upon H. S. E. and in the ensuing fight, H. S. E. loosened a tooth. The incident cost them an opportunity of showing the dog, since the judges would probably have declared her "out" anyway.

A bit of wire held the tooth in place until it grew solid and straight again and now the tooth is as good as ever.

Lyne Price began showing dogs about two years ago, shortly after he and Mrs. Price became interested after attending a dog show.

Mr. and Mrs. Lyne Price and Princess

Hobby

Both of them liked dogs immensely and so it was no wonder that they soon took up the breeding and training of dogs as a hobby. Today their mantel piece is lined with cups, trophies, plates and ribbons, all prizes they have garnered showing their dogs.

One ship out of five returned with 35 of 280 men surviving.

Books, Films Hobbies Of Tom Zelkoff

Thomas P. Zelkoff, proprietor of the Broad-Hague restaurant, 3762 W. Broad-st, would like next to serving the best of foods—sit down to a good book. He has one of the finest collections on the Hilltop.

Ten years on the Hilltop, the Broad-Hagueer is a veteran restauranter. He was born in Macedonia in 1898, came to these shores in 1914 and secured a job in a Newark bakery. He stayed there a year and then went to Massilion where he was delivery boy for five years. Then he came to Columbus, leaving only for brief intervals when he went to California and Florida, be he always came back.

Two Restaurants

He spent four years working for the Standard Oil and then decided to get back into the restaurant business. He started with the Broad-Hague restaurant and later opened a second restaurant—the Tom Thumb at 23 N. Third-st.

Recently he completely redecorated the Broad-Hague. A modernistic glass front graces his restaurant. His kitchen equipment includes a new refrigeration system and a new mechanized dishwasher. The bar and counters are all new.

His ham sandwiches are extra delicious, he says, but "all his food is excellent."

Taking moving pictures is one of his hobbies and his camera is usually filled with pictures of his wife, Edith, and two-year-old Patsy Ann, his daughter. They reside at 30 N. Westmoor-st.

Insulated Brick Siding Added By West Side Lumber

Recent addition of Johns-Manville insulating brick siding to the complete line of J-M building materials carried by the West Side Lumber Co. W. Broad-st, is being announced by Willis Slyh, manager.

Several installations of the new side wall brick-like finish have been made on the Hilltop include E. M. Williams, 560 S. Terrace, S. Brown, 308 S. Wheatland, F. E. Lowery, 134 S. Oakley.

Johns-Manville brick siding provides insulation against heat, noise and cold, and requires no upkeep expense such as painting, cleaning or other maintenance costs. It is designed for speedy application on new and old frame buildings, and when applied, looks like expensive face brick. Low in cost, J-M insulating brick siding can be purchased on suitable terms. Mr. Slyh pointed out, under the Johns-Manville $1,000,000-to-lend-plan.

West Side Lumber Co. also carries J-M asbestos and asphalt shingles for roofing and remodeling, as well as lumber and millwork. The firm was founded in 1890, and through long experience supplying home builders, has close contacts with established contractors for new or remodeling construction.

HILL TOPICS —by PW—

The Hilltop will probably be one of the quietest places in town Thursday judging from the lack of planned activities. The fireworks display, usually a big attraction at the State hospital grounds, will not be presented this year but judging from the number of fireworks stands on the fringe of the Hilltop the youngsters and a few oldsters may "keep the home fires burning."

I AIN'T MAD AT NOBODY

The Nomination

By careful thought they made
the choice at this weary nomination,
If he's elected this coming fall is
he fitted for the station?
There'll likely be trouble here
and there—can he subdue the
conflagration?
Has he wisdom and moral courage to protect our civilization?

He was nominated by our people
—the majority carried him
through,
So we should curb our criticism
and a loyal course pursue.
We've seen dark days many
times before and the Lord sent
us the man—
After this country had a civil war
God revealed a working plan.

Citizens Tax League Writes Commissioners

The Citizens Tax league is renewing its efforts—partially successful last season—for economies in the operating expenses of Franklin county government.

Saturday, in a letter to the county commissioners, James M. Hengst, league county chairman, pointed out that the past practice has been to approve for the yearly budget department estimates of money needs without investigation. He urges that the 1941 budget be fixed by the commissioners only after every department has been thoroughly checked up and all possible economies provided for.

Tax Rate Known

"If this is done now, the tax rate will be held down in the interests of all taxpayers," says Mr. Hengst.

The league offers its services and all of the material it gathered in last year's investigation of county spending to the commissioners at this time.

The league's letter is as follows:

June 13, 1940

Franklin County Commissioners,
Court House
Columbus, Ohio.

Gentlemen:

Last year when we discussed with you the proposed county expenditures for 1940 you stated that the budget consisted of the estimates as presented by department and institution heads and that you made no investigations to check up on the need for all the money requested by these various departments. You then approved the budget calling for about $4,000,000 and certified it to the budget commission.

We subsequently examined the expenditures of the departments and found, and pointed out to you, substantial savings that could be effected without impairing any essential service.

One of these recommendations you put into effect—a purchasing agency. It apparently is saving money.

Our other recommendations you disregarded. In spite of this you issued $250,000 deficiency bonds. We now respectfully recommend that before passing upon the 1941 budget you carry out a thorough examination and investigation of the proposed expenditures of each of the major departments so that you may know as to every classification of expense, what the money is to be spent for, how it is to be spent, and where economies can be effected.

We respectfully urge that every department should be required to contribute a substantial saving in operating expenses unless it can be clearly shown that, on the present basis of their operations, this is not fairly possible.

In particular we recommend that you investigate salary expenditures in detail. We know from our own investigation that more people are employed than are really needed. It is also true that departments in general pay salaries which are not considered or fixed with reference to standards for similar jobs as established by civil service or successful business concerns. A few salaries are below standard, many more are too high. Here is a clear opportunity, without unfairness, to save a substantial sum of money.

Your authority and obligation generally to control expenses of the county departments is abundantly established by law.

Taxpayers who face an increasing burden of all kinds of government expenses are no longer patient about that burden. Assuredly your constituents will insist that the county government be longer be conducted without a thorough and businesslike expense control.

In conclusion, we feel very confident in suggesting that the commissioners can do nothing for their constituents which will meet with a more general approval and gratitude than an earnest and painstaking investigation of the proposed expenses of 1941 followed by aggressive action to enforce economies in the interest of the taxpayers who must foot the bills.

The league will be glad to make available to you all of the information assembled in its examination of county expenditures made in 1939 and render you every assistance in its power.

We request that the proposed budget be made available to us in advance of its consideration for final action and that we have an opportunity to be present and be heard at the public hearing on the budget which is to be held as required by the statute. We will much appreciate your courtesy in complying with this request.

May we please have a prompt acknowledgement of this letter advising us what we may expect?

Yours sincerely,
Citizens Tax League of Ohio, Inc.

CLICKS

George E. Wagner

Watch how club members listen
When their meetins they're discussin';
They growl about their bigger politics
What seems to grind 'em most is underhanded tricks
That's pulled between the meetins by the clicks.

(Now, Daughter Jane has been to college,
Crammed chuck full of modern knowledge;
She claims my way of talkin' is antique,
If I would talk the way I oft to speak,
The thing I call a click would be a clique.

But fer all her edication,
I'll be blasted to tarnation,
If I'm gonna call a pick a peek.
If she wants to call the crick a creek,
I'm still a gonna cut a willer stick,
An' set an' fish fer minnies in the crick.)

But that aint what's astir an joggin'
An' bothetin' my old fashioned noggin,
In my experience an' estimation,
Clicks kin be an awful aggervation!
Jist figger that you'll throw a clever trick,
It's ten to one you're sidetracked by the click.

Then comes the club election,
You figger on a worth selection;
But instid of chosein' 'Tom or Dick,
The whole derned thing's been slated by the click!
You want to hold a social or picnic,
All the bossin's done by that blasted click.

But turn the proposition over,
See what, maybe, we uncover.
Nothin' yit has ever been so wide
That it didn't have another side.
When the club hits stormy weather,
Who, then, holds the thing together?
When the wind is rough an' heady
Jist watch the old click hold'er steady.
When everybody's busy workin'
You'll never ketch the click a shirkin'.

Now, this may not sound very nice,
I reckon, though, it's good advice
If you don't help shake things go,
Except by goin' aye an' no.
If when there's work you don't hop to it,
Don't kick about how others do it;
Instid of growlin' at the rowers,
Jist start heavin' on your oars.
Some folks say nothin' when there's plans to make,
But, Judas! How them guys kin talk!

When the club looks like it's endin',
Scarcely no one is attendin',
Then who keeps a stickin' like a tick?
You kin bet your last tin nickle it's the click.
When the dues git skew ifs comin',
An' the treasury is low,
Who goes out an' starts hummin',
An' stirs up ways to raise some dough?

Now, before we start a jangle,
Let's git on another angle.
Well, I know I must admit,
Folks that work sometimes forgit,
Has a right to do some sayin'.
Now, don't let your vim an' pep
Git you walkin' out of step
With the ones the wheel hasn't strayin'.
Maybe some don't have the ability,
Or the time an' strength in balance
The heap of services that you'll
Find it easy 'nough to do.
An' I know by this same token
Honest hearts are sometimes broken
By folks that don't take time to hear,
An' shove a timid helper to the rear.

There's lots we don't like about 'em,
But we can't git on without 'em.
When we git mad enough to sling a brick,
We still enjoy the services of the click.
So, now, when this jaw threat is spun,
An' everything is said an' done,
As well without a doubt to speak your hay,
Or by a wallop to set the time of day
Without a period to make the gadget tick,
As try to run a clock without a click.

Facing the Facts

IF THE American people had the facts, no one need worry about the public's final decision on any problem of great social importance!

But the public must have all the facts.

This has not been true in the case of the alcohol question since men of great wealth and their propagandists began in the late '20s an attack on national temperance.

The intelligent American public, especially small city and rural residents, can not long be fooled by one-sided propaganda. John Q. Public has a habit—rather disconcerting to the stump-shouters—of looking claims squarely in the face to see how sound they are and of judging these claims on the basis of his own experience.

For 66 years the W. C. T. U. has fought for one goal—To build up and protect the American home. The W. C. T. U. sincerely—and millions of others for that matter—believe liquor and its many fellow travelers of social disease, poverty, drug-addiction, and polluted politics, are the deadliest enemies of the American home.

For 66 years the W. C. T. U. has studied the liquor problem from all angles. Every report in 1933 this study has been concentrated on the scientific aspects of alcohol.

The world's most stupendous advances during these 66 years is in the branches of science and research. Yet, not one fact has been developed in all that time to discredit the assertion that beverage alcohol is the greatest single enemy of man and of society.

John Q. Public, when he has the straight facts, will know how to deal with alcohol. Just like he has dealt with other deadly menaces such as white slavery, opium, and marijuana.

In cooperation with this and other newspapers, the W. C. T. U. has launched a program to give the public uncolored facts to John Q. Public. Given the basic facts, it will be up to John Q. Public to act.

Crime Never Sleeps

A popular misbelief, encouraged by the liquor propagandists, is that crime reached its highest peak during prohibition years.

J. Edgar Hoover, director of the Federal Bureau of Investigation knows the facts.

Three years after repeal, before the International Association of Chiefs of Police on Sept. 9, 1936, in Kansas City, Mo., he described "The last three years," as "the most terrible period of criminal history in the life of America . . ." and added, "the forces of law enforcement during these years are being challenged on all sides by criminal hordes," and "in recent years . . . youth has been drifting deeper into crime."

New Kitchens Planned for Efficiency

DON'T worry because your kitchen is small. You may enjoy all the advantages of efficient arrangement and equipment even if there isn't much space to spare.

Here is a small kitchen as compact and convenient as you could wish. Only seven feet, one inch wide and eight feet, two inches long, it provides all the facilities of the completely modern all-electric kitchen.

The equipment in this kitchen is arranged along three sides of the room in the form of a letter U. This U-shaped plan is generally considered ideal, as everything is so arranged that the homemaker can do her kitchen work in the shortest time and with the least effort.

See how easily her work moves along in this kitchen. As food supplies are brought into the room through the entry door, they may be placed directly in the electric refrigerator or in the cabinets adjoining it, without delay and with no extra steps. Next to the refrigerator is plenty of working space where the homemaker can prepare the meal, and the dishwasher sink makes it easy for her to wash vegetables or add water for cooking without moving any distance.

When the food is ready to come from the electric range, serving dishes are conveniently at hand in cabinets close by, and the dining room is but a step beyond.

Your kitchen must be first planned to permit the proper arrangement of the necessary equipment and still leave comfortable working space, but often more space than this simply means wasted effort and time in getting from one part of the kitchen to another.

Lack of Vitamins Affect Health, Doctors Claim

If you were living among the poorer classes of the south, your diet probably would consist of salt pork, corn meal, flour and molasses. And chances are you might have some degree of pellagra, the disease widely prevalent among the poorest section of our population, which is characterized by skin eruptions, indigestion, sore mouth, diarrhea and retarded growth. The cause would be a lack of one of the important vitamins in the B group.

For many years Dr. Goldberger of the United States Public Health Service experimented with pellagra. He concluded that this disease was the result of a nutritional deficiency. He found, too, that a disease very similar to pellagra occurred in dogs whose diets were likewise deficient.

In 1937 Dr. C. A. Elvehjem and co-workers at the university of Wisconsin discovered that the pellagra-preventive factor was a relatively simple and well known chemical compound, nicotinic acid.

"Since this discovery was made," according to a bulletin issued by the agricultural experiment station at the university of Wisconsin, "nicotinic acid has been tested on many cases of human pellagra. The response of these patients is dramatic. Frequently within 12 hours after the vitamin is administered definite healing can be observed. Within a few days a patient who has been bed-ridden for months is up and about.

One thing that must be taken into consideration with human beings is the fact that a diet which produces pellagra is usually deficient in other vitamins as well. Cures are therefore most effective and permanent when the administration of nicotinic acid is followed by a complete revision of dietary habits."

Pellagra-preventive foods are milk, eggs, meat, canned or fresh salmon, leafy vegetables, whole cereals and legumes. The glandular meats such as liver, kidney and heart are better sources of the productive factor than expensive steaks and chops.

Besides the P.P. or pellagra preventive factor, another important member of the Vitamin B group is riboflavin, which, according to "The Vitamins," published by the American Medical association, is required for growth and the maintenance of health in the rat and probably the mammals generally, including man.

A quart of milk will supply man's daily requirements for riboflavin. Other good sources are liver, spinach, eggs, lean beef and milk.

Holton Park Was Initial WPA Job Here

Boy Fishes for "Crawdads" at Holton Park

As the WPA observed its fifth legal birthday this month by going right ahead with work on projects, Manager J. L. Kelly of the central Ohio district, 397 S. High-st, called attention to the little-known fact that a project on the Hilltop was one of the first dozen or so started in the county.

That project was the stone rip-rap construction in Holton park on Eureka-av. Work began Aug. 13, 1935, the first day of general WPA operation in Ohio. By Sept. 16, 1935, it was completed.

For a large number of stone-cutters and unskilled workers, among the 12,000 put to work by WPA in Franklin county almost overnight, the Holton park project meant pay checks and food on the table. Today the handsome stone walls, dam and other structures along the creek that runs through the park are continuing to prevent erosion and give a decorative touch to the landscape.

Probably the second project undertaken on the Hilltop was to paint and repair John Burroughs school, which was initiated Aug. 14, 1935, and completed Oct. 15, 1935. It was the first of almost 70 school buildings in Columbus to feel the benefits of WPA labor in catching up on deferred maintenance.

All in Fun

From Wheeling, W. Va., comes a copy of the "Morning Call," a publication "presenting primarily printers' and publishers' politics, prevarications and procrastinations."

According to the publishers of the sheet, "every story, every item in this newspaper has appeared, somewhere, some time within the past 20 years in the American Press . . . it has been gleaned from piles of clippings taken from papers all over the country, from magazines, from advertisements, from posters . . . all of it is REAL . . . there is no fabrication of the mind" . . .

The "Morning Call" frankly and good-naturedly makes fun of "slips of the press" . . . misspelled words, misplaced words or phrases, statements, and written but rarely published "honest views" of editors are reprinted by the hundreds in the "Morning Call," and it doesn't produce mere chuckles . . . you laugh way down deep when you read it.

The printers and editors make fun of every one and everything in a way that doesn't offend.

Country correspondence, one of the important features of any small-town newspaper, comes in for quite a bit of ragging in the "Morning Call" . . . a few of the reprints follow:

"Mrs. Mattie Turbine caught her new maroel in the wringer and blame near stopped the whole washing. Outside of a charlie horse caused by pulling back, Mattie is on the road to recovery. Mattie said a woman shouldn't never jerk when she gets caught in the wringer."

"Miss Sallie Looks' boy friend was out with Miss Susie Saps last night to prayer meeting which enraged Sallie to the extent that she has joined the other church and is singing in the choir with Bill Blast out of revenge."

"Mrs. James Jerk split her new corset Friday going up the post office steps."

"The Welfare League put Miss Luttie Gush out by a vote of 8 to 1. Luttie voted 'no' but lost. No reasons were given and Luttie says there had better not be!"

"Miss Millie Crow has returned from where she went."

"Ella Higgins has gone to the State University to take up law. 'We women have been laying it down long enough,' she said."

"Bill Bailey, who is convalescing from three operations, is now rid of money entirely."

"The fire that ruined the kitchen of the Barrett home was kept from spreading by neighbors who formed a bucket brigade. Mrs. Barrett and her sister were frying on a coal range."

"Henry Boyd is home visiting his mother for the summer. Henry, who was a former blacksmith, says he hasn't struck anything since losing his job."

"Among recent visitors to this city was Mrs. Ellen Rydlius, of Stockholm, Sweden, a celebrated author and lecturer. She is spending eight busy weeks in this country, gathering material to be entitled 'The United States in Six Days'."

"Mrs. Audrey McIntire left hurriedly for St. Louis last evening where her sister, Mrs. J. Henry Smithers, is anticipating a blessed event. This is Mrs. McIntire's sixth consecutive spring sojourn to St. Louis."

"Triplets were born last night to Mr. and Mrs. John Doe." Mrs. Doe was the former Myrtle Jones, local, telephone operator for a number of years. When interviewed by reporters, Mr. Doe said, "It's just like Myrtle to give the wrong number."

"The Duke of Marlborough was a great general who always commenced every battle with a firm determination in his mind to win or lose."

"Mrs. Liz Tyson suffered painful injuries yesterday when her yacht, Sea Nymphy, rammed a life boy. Mrs. Tyson was taken to St. Mary's hospital and the yacht will rest in dry dock until her stern is repaired."

"One of the outstanding hits of the high school minstrel was Robert Herald, senior, who sang 'I Never Slept a Wink Last Night' with a coed chorus."

H. W. Glassburn

Modern Woodmen of America will hold their statewide picnic at the Ohio state fairgrounds Sunday, July 14. Drill teams from all over Ohio will compete in competitive drills for cash prizes.

Maj. H. W. Glassburn, 2534 Dibblee-av, who heads the local drill team, is in charge of all drill team activities.

Youth Is Burnt

Jack A. Lutz, 22, 70 S. Terrace-st, was treated at City hospital, Lancaster, for severe leg and hand burns after he had his right trousers leg blown off at Rising park, Lancaster, when a piece of punk with which he had set off a firecracker touched his right pocket filled with serial [illegible].

Local Girls Stage Red Cross Benefit

The American Red Cross war relief fund will benefit from the proceeds of a variety show to be given Tuesday evening, July 23, at Memorial hall. The show is being staged by Gracebelle Day Spears, 3693 W. Broad-st, and Martha L. Spears, 255 S. West-[illegible]-av.

Safety Director George M. Ward will serve as chairman of the show which is being sponsored by the Franklin county council of the American Legion.

Detective Leo Phillips, Dorothy Stevens Humphreys, Neal Mack (Harry Masters), Lucille Beckwith and the Ripplettes—three of Dorothy Stevens Humphreys' pupils, Adeline and Delores Rudge and Dorothy Carver will be included in the program.

Both Gracebelle Day Spears and Lucille Beckwith, singer, will contribute a number. Both have performed at some of New York's smartest night clubs.

Newton A. Thatcher, Franklin county auditor, is serving as treasurer for the group.

Kents Lose

Upset of Kent's Modern Market, 3-2 by Westwood K. of P., threw the Night league into another [illegible] Wednesday night. As a result, two sets of games will be played Monday night.

Monday's games, between the four teams tied for third place in the loop, will pit Hysells against Model Dairy and Kent's Modern Markets against Kahn Jewelers. The two winners take part in the O'Shaughnessy play-off which begins next Wednesday.

Friday night Timkens and Speedway A. C. tangle for first place as a result of their deadlock for the top spot.

All games will be played under the lights at State Hospital.

Camp Chase remained deadlocked with Falter Packers for the American Legion city baseball crown as Jake Richards pitched the locals to a 5-3 extra-inning win over Columbus Post 82 Monday afternoon at State Hospital field.

At the end of the regulation seven-inning tilt the count was 2-all. Each team counted a run in the eighth but a two-run rally by the Camp Chasers in the ninth frame gave the locals the verdict.

Richards fanned 15 of the Columbus Post batsmen but he was hit rather freely, the losers garnering 10 base knocks to the 7 obtained by the winners.

Howard "Hop" Cassidy hurled the Kents Markets to a steady 8-3 victory over Kahn Jewelers last week, giving up only four hits and striking out seven. "Shorty" Sims, Harold Thompson and Mitchell each banged out two hits.

Bill Albert, West high baseball star, left this week for a try-out with the Cleveland Indians of the American League. Albert, a senior this fall, was named to the city All-High teams during his initial two terms on the Buckaroo nine.

Kent's Modern Market, the Hilltop's top softball unit, was eliminated in the Marion Invitation tourney Sunday afternoon in a second round game. Charlie Hall twirled the Marketmen to a 1-0 victory over Shelby in the first contest but the locals were forced to accept a 2-1 decision from Mansfield although Ray Redman pitched excellent ball for the Barkermen.

FIRECRACKER IN HAY CAUSES SCARE; NO LOSS

Central District Softball Tourney Booked For State Hospital Field

First Game Scheduled For July 29

Three weeks of excitement are on tap for Hilltop softball fans who will find the heart of the Central District Softball play right in their own backyard beginning July 29 when H. [illegible] Anderson signals "play ball" for an anticipated 40 or more men's title contenders and about a dozen girls' teams.

Last year over 7500 people flocked to the local lamp-lit diamonds of the State Hospital grounds to watch the contenders for the district and state tournament vie for honors. Out of the field came the Ferguson Auditors, state champs and runners-up to the national title, winning 10 in the national play-offs.

The winner of the men's tournament here will compete against other district winners in Massillon on Aug. 23, 24 and 25. The winners of the girls' event will compete in the state event at Toledo, which is being held Aug. 16, 17 and 18. Ferguson Auditors are automatically "in", the state tourney as defending champions.

County tournaments open and will be played between the 15 and 25 of this month with the winners and runners-up eligible to compete in the central district here.

Free Shows For Hilltop Kiddies At Ritz, Rivoli

George is at it again. And are the kids tickled pink!

George—who in this case happens to be George Pekras, manager of the Rivoli and Ritz theatres, both Hilltop movie houses—is going to throw two free shows for the kiddies on Wednesday, July 17.

The first show will be presented at the Rivoli, Oakley and Broad-st, at 9:30 a. m., while the second will go on at 11 a. m. at the Ritz, Sullivant and Richardson.

It's positively free. There are no strings attached.

Hilltop Undertaker Brings First Mexican Casket To United States

Noble Allen
Examines Mexican Casket

Noble L. Allen, head of the funeral home at 2586 W. Broad-st, recently has the novel distinction of being the first person ever to carry a Mexican burial casket across the United States-Mexican border.

Mr. Allen, who recently returned from a 4500 mile auto trip vacation, brought back the casket for a curio. He paid $14.50 for it in a Monterrey, Mexico, casket shop. Mrs. Allen and son, Noble jr., accompanied him.

In Mexico there are no undertakers.

Caskets in Mexico are made by the funeral directors themselves. However, all are of a standard make. The coffins are covered with wooden lids. Over the face of the deceased is a glass plate so that all that shows of the departed members of the family is the face. The caskets are made of cheap wood—apparently of shipping crates.

The bodies are kept only 24 hours. The torrid sun and fact that none of the dead are embalmed makes it impossible to retain them for a longer period, Mr. Allen stated.

When a person dies in Mexico the family walks down to the store and picks out a casket to their liking. Then they ride back with the casket in the funeral director's car to the home where the body is laid in the box-like affair. The only lining inside the boxes is white or gray crepe or tissue paper.

In Mexico the middle or better class of natives are all buried above ground. Only the peons, or poor class, bury their dead in the ground—and sometimes they are without caskets. They hold no church services for their dead.

Mr. Allen took many pictures of the trip, some of them colored, and he invites any one interested in the pictures or information on Mexico to call at his home, 2586 W. Broad-st. He'll be glad to oblige.

Retiring Principal Shows New Appointee "How To Get Around"

W. B. Skimming and Edgar House

Edgar House, popular West High school English teacher—well known for his administrative work among the "tardy and absent" boys among West high's student body—is the new principal at Starling Junior high. House replaces W. B. Skimming who retired at the end of the 1940 term in June.

House's job as "truant officer" at West has brought him in close contact with many of the boys. Tardiness and "hookey" at West high are lower than in any other high school in the city, it is said.

Mr. House taught two English classes in addition to his administrative work and also supervised two study periods.

He has been at the high school for three years. Previous to that he served seven years in West Junior high. He started his teaching career at Caldwell school.

He secured his art degree at Ohio university in 1930. Before that he attended Muskingum college. In 1937 he secured his master's degree from the school of administration at Ohio State university.

A lover of good music, Mr. House still takes a keen delight in tooting out the rhythm on his saxophone, which he played in a dance orchestra several years [illegible].

He has appeared with the Hilltop Business Men's chorus for the past six years and this year headed the committee for the second annual Hilltop eisteddfod.

His transfer to Starling is West high's loss—but Starling's [illegible].

'Cracker' Burns Hilltop Boy

One fireworks injury, that to six-year-old Robert Higgins, son of Mr. and Mrs. Edward Higgins, 41 Midland-av, was the only mishap occurring on the Hilltop over the Fourth of July week-end, according to available police reports.

Robert suffered burns of his right eye when a firecracker exploded in his hand.

Howard Dean, Bill Nelson Cop Beacon Light Golf Events

Howard Dean copped the blind bogey at Beacon Light golf course on the Fourth of July while Bill Nelson was far out in front in the flag tournament, the two special events which were carded for the holiday at the course.

Other lows for the day included Jack Kidwell's 72, Dick Ryan's 74, Stan Russel's 83 and C. E. Marlowe's 87.

GOLFERS ADVISED TO USE SULLIVANT AVE.

Due to road construction work, golfers are advised to use Sullivant-av when going to Beacon Light Golf course.

Hospital Team Eligible For State Tourney

The State Hospital nine, entrants and contenders for the Saturday Afternoon baseball loop championship, earned the right to compete in the state tournament at Springfield by trimming West Side Merchants 7-0 Saturday at the hospital field.

Saunders permitted but four hits to the losers while fanning 6.

The winners were paced by Follmer, outfielder, who contributed a double and two singles in four trips to the plate.

Leader and runner-up on July 6 became eligible for the state tourney.

Four Hilltop Boys Injured As Auto Upsets

Four Hilltop boys were injured when their model A Ford failed to take a curve at Valleyview-dr at N. Eureka-av and turned over three times before coming to a stop in a field.

Al Waters, 431 S. Ogden-av, suffered a scratched leg; Irving Belt, 452 S. Ogden-av, suffered a head injury; Bob Riggs, driver, 269 S. Burgess-av, received head and back cuts while Jack Hobbs, 211 S. Burgess-av, riding in the rumble seat, was thrown out into the field. He suffered a "badly beaten" arm injury, back and shoulder injuries. He was taken to Mt. Carmel hospital.

Mr. Reardon, a bystander, was injured by flying glass.

Eagles To Hold Picnic Tuesday

Free refreshments and dancing, cash prizes will feature Aguila Aerie's F. O. E. basket picnic which will be held at Hamilton Grove next Tuesday evening, July 16. A special committee, consisting of Ralph Laemmle, George Metzger, Ted Snelling and Charles Karns, has been working hard for three weeks completing plans for this event. Aguila invites anyone wishing to attend to stop at the home, 2855 W. Broad-st, and get the necessary admission tickets at no cost.

Millikin Accepts Milwaukee Post

Arthur Millikin, 53 S. Warren-av, left the Hilltop June 29 to take over his new position at Milwaukee, Wisc., with the Allis-Chalmers Co. Arthur, who graduated from West High school in 1935, attended Wittenberg college two years before finishing his electrical engineering course at Ohio State university this June.

In New York

Elaine Planck
Accordionist

Elaine Planck, daughter of Mr. and Mrs. Edgar Planck, spent her fifteenth birthday, last Sunday, in New York. But she ate her birthday cake just before she left. She pleaded with "mom" to bake her one. Mom did.

Elaine, who won a contract contest sponsored by the Charlotte Rowe Gamble school of music, along with nine other musically inclined young ladies, took in the sights along Broadway, visited musical centers, among them Pietro Deiro's famous school for accordionists, and spent several days at the World's fair during her 10 day trip to New York which was the reward for the contest winners. She left, by auto, on July 5.

This talented young miss who intends making her career in the musical world has been studying the accordion for seven years. She is a sophomore at West High school.

The Plancks, who live at 2984 Crescent-dr, have been keeping pretty close to the radio since the Columbus group were scheduled for a nation-wide audition during the week from New York.

Mr. Planck is associated with West Side Motors.

Reasons Why It Pays To Advertise In The Record

Mrs. Dibble, 80 N. Hayden, spent 20c for a two line ad in the Classified Ad page of the Hilltop Record recently. She was swamped with calls for her House for Rent ad. Fifty-two (52) phone calls and 27 personal calls resulted from that 20c ad—on the first day it appeared. Mrs. Dibble rented her house the first night the Record was on the streets. On one occasion there were nine people looking over the house at one time. And—as they came CALL RA. 1127 TODAY for your want ad needs. It will pay.

FEEDING THE TODDLER

The toddler age is certainly one of the most interesting ages, but most mothers agree, one of the most difficult when it comes to feeding. For the past 5 or 6 years it has been no trouble at all to feed the baby up to this age for when the physician recommended adding such foods as strained fruits and vegetables to baby's diet, all you had to do was order strained foods from your grocer, open the tins, heat and serve. But then came the period that elapsed from the time he was taken off of strained foods until he could be put on straight family fare. During these months you tried to plan the family menus so you could segregate small portions of the family fare for special chopping and seasoning, or you took the time to cook up separate batches of food every day for the baby. But as a result, you felt uneasy for fear either the baby or the other members of the family weren't being properly fed.

Now, though, it's no problem at all, for did you know the same enterprising food purveyors who prepared strained foods for your baby, have recently developed and now have on the market a line of junior foods. In response to a nationwide demand for foods for older children, their scientists, dietitians and expert chefs cooperated to develop food products that would give the most desirable combination of flavor and palatability with high nutritive value. These junior foods are fully prepared soft foods, specially planned for youngsters who are ready for a coarser diet to give their digestive systems more exercise. Regular recipes are used in preparing these foods so that children get used to a blend as well as a wide variety of foods. There is a delicious creamed tomato and rice, for instance, a fine flavored chicken farina vegetable porridge, and meaty lamb and liver sealed in tins, all ready to serve. There are garden-fresh vegetables diced and served in a smooth cream sauce and savory chopped vegetables, too. To round out the menu, several choice desserts have been added to the list—a fine flavored pineapple and rice pudding, prune pudding, and a delicious apple, fig and date dessert.

The young toddler is ready for real meals and his breakfast, dinner and supper each has sufficient variation to warrant special attention. This would mean an extra set of menus to prepare along with the regular family schedule. But with junior foods for every course in the menu to choose from, it's no task at all to make out equally as well for your youngster and prepare nutritious meals with little effort. And it's a real satisfaction to know you are giving your child the best nutritional advantages, combined with a remarkably easy and convenient method of food preparation.

Widening, Paving Of Broad-st, Rt. 40 To Be Finished In September

Elimination of the bottle-neck outlet westward from the Hilltop will be completed by mid-September, State Highway Director Robert S. Beightler predicted today. The widening and paving of Rt. 40 from the west limits of the Hilltop to Big Darby creek, a project fostered and sponsored originally by the Hilltop Record and members of the Hilltop Business Men's association, will remove not only a traffic hazard but an eye-sore as well.

Paving started last week on the seven and one-half miles of Rt. 40 which will see the national highway expanded to a four-lane highway.

The state is building a new two-lane road paralleling the present highway on the north, with a parkway strip between. When the project is completed, the present roadway will be used for east bound traffic and the new one for west bound.

A total of $379,763 has been specified in the contract.

Work has been in progress on a separate contract for a section of road joining this one at its western end and continuing the wide highway into West Jefferson, with bridges over Big Darby and Little Darby creeks.

Garage For Can Savers Provided

Hilltop residents who are interested in saving tin cans in response to Representative Robert Secrest's recent statement that American housewives should save old tin cans instead of throwing them away, may be interested in contacting Mrs. Harry Hopwood, 2653 Sullivant-av, who is offering a garage for storing the cans until a permanent site can be located.

Representative Secrest believes that salvaged tin might be useful in preparing ourselves for war in that eventuality. He pointed out that Adolph Hitler long ago recruited school children of Germany in such a conservation program resulting in the saving of tin cans, bits of rubber and even old toothpaste tubes.

Secrest said that the billions of cans thrown into trash piles should be washed, flattened, sent to smelters and used again.

He suggested a program be carried out by a director of conservation, supported and aided by school children.

Mrs. Hopwood is anxious to hear from other Hilltop people in regard to forming a community club to save these items. She can be contacted at RA. 3770.

Dr. Grace Jordan, Hilltop's Only Woman Physician, Leads Busy Life

By r. j. w.

"Doctor Jordan's office."

"May I speak to Doctor Jordan please?"

"This is Doctor Jordan."

"Your voice sounds like a woman's."

"I am a woman. This is Dr. Jordan speaking."

That's the trend of many telephone conversations when Hilltop folks who aren't familiar with this jolly, good-natured Dr. Jordan dial RA. 2060 and ask for "the doctor."

Dr. Grace M. Jordan is the first and still the only woman doctor on the Hilltop. She has spent most of her life in this community and prefers it to any other part of the city because she knows most of the folks and she feels at home in this "good old Hilltop." She has lived here since 1904. She is a West high school graduate. Dr. Jordan received her degree of bachelor of science and doctor of medicine at Ohio State university in 1922 and 1924. She served an internship at Woman's hospital in Cleveland for one year and then in 1925 came back to Columbus and the Hilltop and on Aug. 15 of that year began her practice across the street from her present location.

Busy Life

She has a thriving practice at 2386½ W. Broad-st. She specializes in obstetrics and has delivered more than 1400 babies to proud parents. Despite her busy office life she also finds time to act as a director of the Mother's Health Clinic, 185 E. State-st; is a consulting gynecologist for the Ohio State university student health service; is a consulting physician at White Cross hospital; a member of the International Zonta club; holds membership in the Ohio Obstetrical society, the Ohio State Medical society, Columbus Medical society, and the American Medical association.

For eleven years she taught at Ohio State university.

"Many people have an aversion to a woman doctor," Doctor Jordan mused as she faced the Record cameraman. "When I began my practice I had to keep on my toes constantly to avoid making any mistakes. I had to diagnose all cases quickly and accurately in order to build up a reputation."

The Hilltop's only woman doctor was married in 1935 and lives at 159 S. Burgess-av.

She is proud and happy of the fact that three girls, because of acquaintanceship with her, are studying medicine today and will become doctors in a few years. She feels that they must have gotten a good impression of the medical profession from her since they decided to enter that field.

Pastor Strikes At Unpatriotic Christianity

Unpatriotic Christianity received a hard jolt Sunday evening at the Apostolic Gospel tabernacle on W. Broad-st, when the pastor, W. T. Witherspoon, took for his text "Should a Christian Salute the Flag?" He preached to a capacity audience, showing from the Bible that real Christian experience permeates every department of our life, including our political life, defining our duty to our country.

Many Scriptures were read, containing instructions concerning honoring rulers and those in authority, and "Rendering unto Caesar the things that are Caesar's."

An appreciative audience arose and applauded at a presentation of our flag, which was followed by singing "God Bless America," led by the church choir and orchestra. The meeting closed with a stirring evangelistic message on the subject of "Render unto God the things which are God's," showing the necessity of our yielding ourselves unto God.

IN MEMORIAM

ROLAND A. HARMER, who passed away July 9, 1938.

Dear Roland, two years ago today
you fell asleep
God whispered to us sweetly, I
took your loved one, do not
weep.
The years roll on, though hard
to bear, but sweet to know
you're in God's care.
We love to linger around your
resting place and plant the
flowers, although we know we
cannot see your face.
Forbidden tears, with sweet
memories come but then we
know, "God's will be done."
We'll trust in him and some
sweet day
We'll meet our loved one in that
heavenly home not far away—
A step into the darkness, but
light breaks just ahead, and
God gives life eternal
To ones the world calls dead.
Rest Be Thine—Sweet Remembrance Ours.

I AIN'T MAD AT NOBODY
Don't Bribe Any One

I object to that plan . . . We're afraid of no man; we'll not bribe any nation.
We'll not bribe Japan with one city or town — not even one way station.
Give them Australia, the Philippine Islands — and also New Zealand?
Where'd they get that stuff? Who's afraid of their bluff? This is a brave free land.

We'll not tip off to the Totalitarian powers that we have lost our nerve,
'Cause we have not. We've plenty of nerve and plenty of power in reserve.
We'll fight for right as we see the light and humbly bow and pray.
Our Fathers who've gone would approve that plan, for that is the American way.

Citizens' Tax League Demand Up Monday

Responsibility for control of expenditures by Franklin county government was laid squarely on the doorstep of county commissioners Wednesday by the Citizens' Tax league in renewing their demands that a 10 percent reduction in county expenditures be effected in 1941.

The economy demand was made at a public hearing on the 1941 budget hearing held in the commissioners' office and as a result the county commissioners postponed hearing on the $3,161,000 budget request until next Monday.

Mayor Floyd F. Green is not a man who would pass up an opportunity to bestow a little charity but even a good thing can be carried too far as he learned recently.

Stopping for a late snack at Buck's Hamburger emporium, he noticed a small colored boy looking with watering mouth at the luscious morsels being handed over the counter.

"Would you like a hamburger?" asked the Mayor.

"Sure would, boss," replied the onlooker.

"A big one?" asked His Honor.

The colored boy's eyes popped. "Yes."

The "wimpy special" was constructed and the little boy went thankfully on his way but before Mr. Green had a chance to depart he was back with 15 fellow playmates equally as hungry looking.

Natalie Ann Hess, age 7, believes in the old saying: "Sugar and spice and everything nice. That's what little girls are made of." But she believes a few extra trimmin's don't hurt either.

Shopping with her mother the other day at Umbenhauer Drug Store she was discovered over in a corner applying generous portions of lipstick not confined to her lips. The lipstick was one from a display discovered to be in easy reach of the young lady.

Hilltoppers Figure In Highway Mishaps

Gertrude Schwinne, 122 Belvidere-av, was held on a drunkenness charge when the auto in which she was riding along with a group of persons collided with another car on U. S. Rt. 23, three miles south of Columbus. The driver, David M. Lockhard, 28, of 1431 Thomas-av, was held in county jail to face a driving while intoxicated charge.

Wilber, Clocum, 43, of 577 S. Wayne-av, was the driver of one car which figured in a two-car head-on collision Saturday night on Rt. 40 near Kirkersville. Mr. Slocum suffered a wrenched leg and his wife, Bernice, face lacerations and bruises.

"This cafe is tops! Just like the service offered by Hilltop. They're so prompt and efficient . . . and their complete services are very economical, too!"

Two Teams Tie For Loop Lead

By Woody Owens

St. Aloysius and Hillcrest Baptist continued to share the top spot in the West Church league No. 1 second round activity as the Saints shellacked the weak St. John Lutheran aggregation 10-1 while Hillcrest was downing Burgess U. B. by a 5-3 count. Paul Schlosser took hitting honors for the St. Aloysius team by pounding out three hits, including a home run.

The best pitching performance of the Monday evening loop at Westgate park was turned in by Bob Rich who twirled a one-hitter as Hoge Memorial No. 2, which tied Burgess U. B. for first round honors, blanked Highland Ave. Friends 4-0. It was the first win for the Hogeman in the second round and also the initial defeat for the Friends ten.

In the final encounter on the card Glenwood M. E. garnered its first second round victory by winning over Hoge Memorial No. 1 by a 12-7 margin in the evening's slug-fest. The setback was the third in succession for Hoge while the win for the Methodists was their first after two defeats.

Salvation Army continued to share the lead in the West Church league No. 2 Monday at McKinley-av field as they edged West Park M. E. 4-3 in a tightly contested softball battle with Dick Ross' four-bagger with one on in the fifth inning accounting for the winning margin. Ed Eberhard paced the Methodists' attack with five bingles.

The strong Calvary Presbyterian group, defending city church champs, continued its power hitting by smashing out 18 base blows in an 18-4 walloping of the cellar-dwelling Avondale U. B. ten. The Presbyterians, who clinched the first round crown, are now tied with Salvation Army for second round title honors with three victories as against one setback.

City Champs Vie For District Honors At Marion Today

Camp Chase post's baseball team, winner of the West league pennant, captured the City American League junior baseball championship Monday afternoon although defeated 3-1 by the Comrade post team in the final game of the regular city series. The local team backed into the title as Columbus post defeated Falter Packers 2-1.

Boasting a record of 19 victories and only three losses, the Hilltoppers, coached by Woody Owens began district title play this afternoon at Marion. The losses, not including the Comrade setback, were suffered in the first game of the season and the opening game of the city series, one to Franklin post and the other to Columbus post.

Jake Richards, West High athlete, is the team's regular hurler. Since joining the club he has worked 60 2-3 innings, allowing but 35 hits and 13 runs. He gave up nine bases on balls and sent 97 opponents down via the strikeout route.

In the above photo, front row, left to right, Jack Stettler, captain; Herb Baird, Bill Richards, Frank Wilson, Ray McVay jr., and Bob Wehr. Second row, left to right, Coach Woody Owens, Dick Hoover, Herb Stewart, Bill Liston, Jake Richards, Don Rogers, Dave Wills and Herb Davis, Camp Chase athletic chairman. Roy Meloney and Jess Grandstaff, members of the team, were not present when the picture was taken.

This afternoon, at Marion, the locals will play the Marion Bird-McGinnis Post team in the first of a two game series for the district title. The winner will be eligible to compete in the state tournament at Canton on July 31, Aug. 1, 2 and 3.

The second game of this title series will be played Monday afternoon at State hospital diamond. If a third game is necessary, the site will be determined by the toss of a coin.

Tale Carriers: One of the choicest bits I have heard recently was repeated by Major Bowes on his Sunday program and is worthy of a reprint as follows:

Next time you hear a story about someone and are tempted to repeat it, first let it pass three golden gates: 1. Is it true? 2. Is it needed? Then, when you are certain you have truthfully answered these questions for yourself, ask "Is it kind?"

Willkie's Petition: From Fortune Magazine, of April, 1940, before the recent Republican convention, the following petition was devised by Wendell L. Willkie, who later became the presidential nominee. We like it and believe you too will be interested.

"Before the political platforms are written, we, the people, have a declaration and a petition to make.

In the decade beginning 1930 you have told us that our day is finished, that we can grow no more, and that the future cannot be the equal of the past. But we, the people, do not believe this, and we say to you; give up this vested interest that you have in depression, open your eyes to the future, help us to build a New World.

In this decade you have separated "business" and "industry" from the ordinary lives of the people and have applied against them a philosophy of hate and mistrust, but we, the people, say: business and industry are part of our daily lives: in hurting them you hurt us. Therefore abandon this attitude of hate and act our enterprises free.

In this decade you have undertaken vast new obligations, which we support. But because you have not applied to these obligations the ordinary standards of business judgment, you have lost our money by the millions and we, the people, say: give us a businesslike administration that will act as the steward of our prosperity; that will insure the social progress that is now threatened; and that will manage our affairs at least as intelligently as we manage our own enterprises.

In this decade, under the banners of reform, you have usurped our sovereign power by curtailing the Bill of Rights, by short-circuiting the states, and by placing in the hands of a few men in executive commissions all the powers requisite to tyranny; and we, the people, say to you: we do not want monopolistic government, any more than we want monopolistic industry. Give us back the powers that our forefathers declared to be ours; liberate us to govern ourselves by law.

Because you have concealed from us the amount of our real taxes, and because you have hidden from us the real nature of our expenditures, you have specifically usurped our power over the public monies, and we, the people, say: give us as much information concerning our government as we expect to get concerning our own enterprises, so that we may control the vast sums that it has become necessary to spend.

You—the politicians of both parties — have muddled our foreign affairs with politics;

To Finish Sullivant Av. Friday

The new Sullivant-av, a smooth glistening highway without the rickety old car tracks, bumps and half foot "shell-holes" of a few months back, will be thrown open to traffic Saturday, July 27, it was announced today.

The job, a joint WPA-City of Columbus project, will, if completed next Friday as expected, give the workers the enviable distinction of having finished the project a month and a half ahead of the original schedule.

The paving project, 5600 feet long and 40 feet wide, with six foot brick gutters, was started on April 22. It extends from Whitethorne-av, west to Hague-av. Completion of the project removes not only what was fast becoming a serious traffic hazard, but gives the Hilltop another means of quick, efficient access to and from downtown Columbus and other sections.

Lou Kallos Twirls St. Aloysius To Lead

By Woody Owens

St. Aloysius took over undisputed leadership of the West Church league No. 1 at Westgate Park Monday night as Hillcrest Baptist, former co-leader in the second round, was beaten by the Highland-av Friends aggregation.

St. Aloysius had little trouble disposing of Hoge Memorial No. 1 as Lou Kallos, star portsider, twirled two-hit ball to pace the Irish to a 9-2 victory. Meanwhile Hillcrest Baptist bowed to the Friends team by a 3-2 margin in one of the closely contested contests of the evening. The win enabled Highland to step up to a tie with Hillcrest for second position in the race.

Burgess Ave. U. B. retained hopes of copping second round honors by defeating Hoge Memorial No. 2 8-6 while Glenwood M. E. whipped St. John's Lutherans 3-1. Hoge Memorial No. 1 and St. John occupy the cellar post, neither having been able to garner a win in the second round.

Calvary Still Tops

Calvary Presbyterian continued as co-leaders of the West Church league No. 2 at McKinley-av field Mon. night by defeating West Park M. E. 4-2 while Salvation Army, co-leader, walloped Avondale U. B. 14-6.

Clyde Martin stole the show in the former contest as he allowed only four safe blows in pitching the defending city church champs to the victory. Frank Kamer paced the Calvary attack with two hits in a like number of times at bat.

In the Salvation Army-Avondale slugfest Lawrence Whalen pounded out four hits in the same number of attempts while Payne came through with a home run, triple and single in four official times at the plate. Avondale has yet to win a contest in the second round.

At Naval Academy

James C. Camp jr.

James C. Camp jr., son of Mr. and Mrs. James C. Camp, 188 S. Terrace-st, has been appointed to the Naval Academy at Annapolis, it was revealed today.

The appointee joined the Marine Corps in September, 1938, after graduating from West High school where he had been an honor student. Previously he attended John Burroughs elementary school. He was a member of troop 181 and was an Eagle Scout at the age of 15.

Kidwell Breaks Course Record; Taylor Gets Ace

A hole in one by Beryl Taylor and a record-breaking round by Jack Kidwell featured play at the Beacon Light Golf course Sunday.

Taylor aced his 145-yard tee shot on No. 3.

Jack Kidwell negotiated the first nine in 32—the lowest the tour has ever been penciled in—and then came back with a 36 for a nice 68 which is the best score ever recorded by an amateur on this course. Dick Rhyan's 69 was previously the best.

The course record of 68 was originally established by Jimmy Nichols, one-armed golfer, in 1938.

11th Ward GOP Club Makes Picnic Plans

A special meeting of the officers, trustees and members of the regular and special committee of the Eleventh Ward GOP club will be held on the lawn at the home of Mr. and Mrs. George Matson, 37 N. Warren-av, tonight, Friday, July 19, at 8:00.

The group will complete plans for the annual picnic to be held Aug. 2 at Westgate park.

Women Injured

Mrs. Emma Paulsen, 48, attendant at the Ohio Feeble Minded Institution, 1601 W. Broad-st, suffered bruises on the head and left elbow when she was struck and knocked down at Broad and Third-sts Wednesday evening. She was treated in Grant hospital.

Mrs. Willis Miller, 37, of 1850 Guilford-rd, who suffered a compound fracture of the left leg in an auto accident Wednesday morning at Broad-st and Robinwood-av, was reported in good condition today in White Cross hospital.

SUIT CLAIMS MAN "BEAT HER UP"

A suit charging George M. Bauer, 320 Clarendon-av, "beat her up" was filed in common pleas court last week by Mrs. Catherine J. Schultze of 568 W. Chapel-st. The incident is alleged to have occurred Feb. 27.

New Speed Marks Expected In Sundays Cycle Races

The Imperial Motorcycle club, composed of members from the Hilltop and vicinity, are sponsoring a two star Class "C" race on their own one-third of a mile oval speedway Sunday afternoon, July 21.

The course is located one mile northwest of the Hilltop on Fisher-rd, west of Wilson. Plenty of parking space is available.

Many familiar names known to motorcycle fans will appear on the afternoon program. Time trials begin at 1 p. m. with the first race starting promptly at 2:30. The course will be oiled and dustless and it is probable that a new record will be established.

Judges for the nine thrilling event card include Curt Wilcox, Charles Cruea and "Red" Booth, all Hilltop business men.

Davis Referee

Jim Davis, nationally known motorcycle racer, will act as referee.

An added attraction and always a thriller is Dave Binns, local parachute jumper, who specializes in those "spine-chilling, vein-bursting delayed descents", who will leap from a plane over the track.

Hilltop Post Office Enlarged

Hilltop mail-men, pity their soles these warmish days, deliver an estimated 1126 pieces of mail every day. And in cold weather too. Rainy weather doesn't stop them either.

John Raymond, veteran stamp canceler, who has been employed in post office work for the past 10 years at the Hilltop station, 2824 W. Broad-st, is the man in charge. Superintendent Raymond, who lives at 143 N. Powell-av, was formerly stationed at the Mt. Vernon-av post office.

John Raymond

John is feeling pretty good these days. He's got a nice clean remodeled and enlarged office to work in and he's proud of it. Recent alterations have given him another room in which to work, creating almost 1400 additional square feet of space.

Last year and so far this year, 826 post cards and letters have passed through his mail-men's hands every day. An additional 300 newspapers and magazines have also been delivered each day.

The Hilltop post office averages about $80,000 a year in stamp sales alone. The 1939 figure was sales akied to $31,971.31. Money orders were written to the total of $16,993. A total of 1434 money orders were cashed by the clerks.

Last year ordinary parcels totaled 28,725 while insured pieces ran to 4,236 pieces. C. O. D. packages delivered to Hilltoppers counted to 12,179.

Interior of Post Office

So the next time you see your mail-man coming down the street—well, if he's drooping just a bit, pity him. He's got a job on his hands—and one of his shoulders.

He may be one of these men:

Mark M. Bowen, 3120 Valleyview-dr; Richard W. Cartmell, 635 Oak-st; Earl C. Clark, 137 N. Roys-av; Ray Hiland, 434 Terrace-st; Basil Johnson, 2767 Sullivant-av; Credit Pennell, 170 N. Chase-av; Ivan R. Reed, 41 S. Huron-av.

"Buried Man" Makes Timely Appearance As Firemen Call

Screaming police and fire sirens brought Hilltoppers running to a flower shop and greenhouse at 447 S. Burgess-av Thursday noon after a frantic telephone call had advised that a man was buried in a ditch cave-in.

When the fire laddies put in their appearance, however, they found the "buried man" trying to calm his daughter, Miss Viola Bush, proprietress of the Viola's Flower shop, who had gone out to call him and found only a caved-in ditch. He had been out checking the diggings only a moment before.

Believing him to be buried underneath, she called for assistance. Her father, William Bush, had stopped down the street for a moment, he told firemen, who clambered back on their red wagon and drove back to the engine house.

Bean Guessing Contest Begins This Week-End

No Firecracker Injuries On Hilltop in '40

Last week's Record carried a report that Robert Higgins, son of Mr. and Mrs. Edward Higgins, 41 Midland-av, had been injured in a firecracker mishap.

Police records, however, had failed to state that the Midland-av address was in Briggsdale where the mishap occurred.

The Hilltop, therefore, had another perfect no-accident-from-firecracker Fourth of July.

Valuable Merchandise Prizes Up

"How big is a bean?" and "How many square inches in a pint of beans?" and—it goes on.

The big bean guessing contests are on. In every store and corner of the Hilltop, business men who are members of the Hilltop Business Men's association are displaying a jar full of beans.

The problem is to come closer to guessing the number of beans in that displayed container than any one else. Simple, isn't it? But you'd be surprised how many beans can sneak their way into a glass jar.

So hurry down to your favorite grocer or confectioner—in fact anywhere that you do business, and enter your guess today! It costs nothing to enter.

Valuable Awards!

Valuable merchandise prizes will be awarded by the individual business men.

The contests open Sunday and Monday and close on July 30—at noon. Winners will be announced at the Bean Day Dinner at Westgate park, on Wednesday, July 31.

The Bean Dinner festivities will get under way at 1 p. m. when a bicycle parade will start from the engine house at Wheatland and Broad. Decorated bicyclists will vie for prizes. The parade will wheel down W. Broad-st to Algonquin-av, and then south to the park where it will pass a reviewing stand. Prizes of $5, $3 and $2 will be given to the best decorated bicycle of a boy and also the same prizes to the girls.

Bathing Beauty Contest

Charles Cruea is accepting entries at the Hilltop pool for all Hilltop bathing beauties who wish to enter the big "Miss Hilltop" bathing beauty contest, which will be one of the highlights of the day's program.

Other plans for entertainment for this gala event include model speedboat races, amateur boxing, a free-for-all battle royal, round and square dancing in the evening, and amusement rides.

Every member of the Hilltop Business Men's association is planning to "close shop" the afternoon of the event so that all may enjoy the bean day event which last year and the year before saw over 35,000 people jamming their way around the big table where the beans are served.

Plenty of Beans

Another half ton of beans will be steam heated by David Davies again this year. Coffee and crackers will be served along with the beans. Those who have no plates or other containers will be served a plate, cup and spoon—loaded with beans and coffee—all for five cents. Refills are free.

The complete minute-by-minute schedule of events will appears in next week's Record.

Meanwhile, get out the old calculator and see if you can't win yourself a valuable merchandise prize by outguessing your rival estimators. It's all free and all a part of the third annual bean dinner sponsored by members of the Hilltop Business Men's association.

Male members of the Seiller organization made plans for a picnic up along the river Tuesday evening. Feminine members of the store were not invited to the affair, much to their disgust. Out of revenge (or sumpin') an all feminine party was cooked up for the same night.

Came Tuesday night—came also the rains. The men without shelter dodged from cover to cover trying to enjoy the affair. The women (you can't get ahead of 'em) dined on fried chicken under the protection of the shelter house nearby.

Observations on the Chorus picnic: Most missed person of the evening was Secretary C. H. Campbell, usually responsible for handling most of the details of the annual outing. Doc was confined to his home by illness. The first picnic he had ever missed. Gene Gildersleeve and committee had their hands full serving grub to 120 hungry picnickers. Ed House did a commendable job of handling games and contests in Campbell's absence. Jim Shields finally got the assistance of several ladies in cutting open several thousand buns for the sandwiches. Sparky Reeves carried several barrels of water for the coffee, lemonade, etc.

Patrolman Knows Nine Miles Is A Long, Long Hike

Patrolman John Ervin knows that Westgate park is a long way from Russel-st. Nine miles to be exact. And so when he found a five-year-old youngster wandering about the park he couldn't believe his ears when the little picnicker told him his name was Earl Fearing and he lived on Russel-st.

So Patrolman John Ervin questioned the youngster for almost an hour before the child's parents, who had been visiting Westgate on a Sunday school picnic, returned to look for Earl. The party had split up, each believing Earl was with the other.

"He told me his name and address," Patrolman Ervin said. "But I couldn't believe he was nearly nine miles from home although he kept repeating, 'Me know where me live'."

I AIN'T MAD AT NOBODY

Poor But Rich

He lived in a mansion of splendor
Costing millions of dollars they say—
Vast acres surrounded his mansion;
His neighbors he drove them away.

He had no friends nor companions,
He was 'fraid they'd rob him of gold.
Just one old butler for twenty-odd years.
His pleasure for money he sold.

Finest rattan from India or Wales,
Plush carpets from Turkey on floors.
He welcomed no one to his gilded halls—
But the undertaker opened his doors.

The luxuries of the poor are real swanky,
No silk and fine linen are dressed—
I love dwells in their humble-down shanty
The poor are indeed richly blessed.

Red Bird Camp Opens July 29

The annual try-out camp of the Columbus baseball club will be held at Red Bird stadium beginning July 29, officials of the club announced. The camp will last for one week, and is expected to attract several hundred aspiring youngsters from middle western states. Officials of the Columbus club, St. Louis Cardinal scouts and other baseball authorities will be present for the session.

Each year from four to six hundred youngsters report.

Several players now on Columbus contracts have been signed at the Red Bird camp and include Pete Hader, Ken Burkhart, Bob Repass and Bill Rabe.

Boys between the ages of 17 and 23 are invited to register at the opening session on July 29 at 9 a. m. The players are to furnish all personal equipment, the camp supplying playing equipment. Candidates are expected to pay their living expenses while in Columbus, but in the cases of any boys signed to contracts, their expenses incident to the attending of the try-outs will be refunded.

No registration will be required before the opening of the camp.

Ferguson's action wrote the end of a long battle during which provisional employes in his office had sought to prevent appointment of civil service workers to their positions. The commission had threatened to hold up the auditor's pay roll unless the charge were made.

with vague threats and furtive approvals; with wild fears and inconsistent acts; and we, the people, say: give us a foreign policy that we can trust and upon which we can build toward the future. We are against aggressors; we are for foreign trade; and we recognize that our own standard of living can be improved only by raising the standard of the other countries of the world.

This declaration will not interest those who regard the United States as a free-lunch counter.

It will certainly not interest those who regard the United States as a somewhat impoverished gold mine out of which they can still scrape a nugget or two for themselves.

It will interest only those who think of the United States as their land—a land that they know and love—a land that became rich through the industry, thrift and enterprise of its people, and will never regain its prosperity in any other way.

Heredity: And there was Elmer who was asked the meaning of the word "heredity," whereupon he looked across the alley to the court house and said, "See that little girl sittin' down cryin'? Well there's your heredity. That kid's cryin' 'cause it's too lazy to walk, its mother standin' there is too lazy to carry it, and it's old man was too lazy to even cum to town."

No matter to what church a family may belong nor their station in life, they will always find our service satisfactory.

Kent's To Play Monday Night

Eliminated from further participation in the play-offs of the Columbus Nite Softball league Wednesday evening at State hospital, Kent's Modern Market will return to the same field Monday night to play the strong Mansfield Wrecking Co. in the first game of a two-game card.

Although Ed Eberhard pitched good ball, the Marketmen were forced to accept the short end of a 2-0 verdict. McPherson was stingy in the pinches for Kahn's and cut short a seventh-inning rally by the locals.

The Kent's-Mansfield contest is scheduled to get under way at 6:30 Monday evening to be followed by the finalists in the Nite league O'Shaughnessy playoffs. The Wreckers bested the Kentmen earlier in the season, 2-1, and the locals will be out to upset the finalists of the state tournament last season.

The central district softball tournament with an expected entry list of 40 outstanding teams from central Ohio, will be played at the State hospital diamond starting Monday, July 29, and continuing for a period of three weeks with three games being played each night.

The first game each night will be a twilight affair, starting at 5:30, and the second and third games under the lights at 8:15 and 9:30.

The winner of the tournament will represent this district in the state tournament, which will be played in Massillon under dates of Aug. 23-28. Columbus will have two representatives in the state meet as our local Ferguson Auditor club is defending state champions and will automatically qualify for the state tournament without playing in the district.

Kent's Modern Market, the Hilltop's principal entry, is expected to make a strong bid as they have a very well balanced club, four of their players rating the all-star night league team.

Other strong local clubs that are entered are Bobb Chevrolets, Mahn Jewelers, Hyself for Clerk, and the two colored teams, Timkens and Speedway A. C.

Although Dick Hemmerly, pitching for New York Central in the McKinley Independent, came through with a no-hit game in his first and only mound appearance of the year he lost to Windsor Cafe 2-0. A protest by the NYC team was upheld by the City Recreation department this week and Hemmerly was given credit for a victory as well as a no-hitter.

Get Good Shot And Win Prize

A camera contest is being sponsored by the club in connection with the race and cash prizes will be awarded to three persons providing the best shots of the afternoon. Pictures must be mailed to the Imperial Motorcycle Club, 4464 Fisher-rd, within one week for judging. None will be returned.

Guess Work Is Eliminated In Planning

So you've been elected chairman. Perhaps it's for the community supper, church bazaar, or maybe you're the "committee-of-one" for a larger than usual" party of your own. Any one of these affairs denotes an affair where good fellowship and good foods join hands.

There is no cause for bewilderment at the thought of planning, preparing, and serving a meal for 50 or 100. Guess work has been eliminated from the task today since so much scientific information has been developed. You realize that it is, of course, fatal to success to increase a recipe which is planned for four to an amount large enough to serve 50. Special recipes developed in sufficient quantity measurements to serve large groups are necessary for success and economy. Directions, though they demand strict attention, are simple in that most any one can serve a large group. As in all meat preparations, there are certain basic and general rules to which you must adhere. We might call these "Hints to the Chairman," and list a few of them:

1. Fit your menus to the occasion and the season.
2. Mixed groups require different menus than those for women or men "only."
3. Combine something tart with foods that are bland.
4. The plates should be sparkling with colorful food.
5. Vary the textures of foods.
6. Serve both hot and cold foods.
7. Serve hot foods piping hot, and cold foods cold.
8. Avoid commonly disliked foods.
9. If possible, divide methods of cookery between top of range, oven and broiler.
10. Avoid last minute confusion of serving time.
11. Use simple but effective garnishes.

To analyze very briefly the steps to be performed in preparing for a large group, the menu-planning would of course be first. Don't plan for foods which must be prepared at the last minute. Next, appoint your committees to take care of the marketing, food preparation, serving and cleaning up. It is advisable to plan to have some emergency supplies on hand to avoid that deadly panic in case 75 people attend the dinner rather than the expected 50. This can be taken care of with canned foods that can be returned if they aren't used.

The Hilltop Record

The Hilltop, Columbus, O.
Friday, July 26, 1940
Vol. XXIV, No. 16
Total No. 1218

R. H. Dunlap Assigned to Fort Hayes

Captain R. H. Dunlap, formerly of 703 S. Terrace-pl, Hilltop, has been assigned as assistant adjutant general of the Fifth corps area with headquarters at Fort Hayes.

Captain Dunlap, a World war veteran, served with the seventy eighth division in France during the World war.

"The Fifth corps area, which includes the states of Ohio, Indiana, Kentucky and W. Virginia, is engaged in an intensive army recruiting campaign," Captain Dunlap said.

Capt. Dunlap

The United States army, through its expansion program, now offers more than 13,000 jobs in hundreds of different skills and professions to young men between the ages of 18 and 35 in the Fifth corps area. A young man enlisting in the army today may state his preferences for any one of a large number of army organizations scattered throughout this country. Openings in the air corps, signal corps, infantry, field artillery, coast artillery, quartermaster corps, medical department and other arms and services are available.

The army has already set up training schools for soldiers. In these schools the soldier may learn a trade or profession. While going to school, the soldier is paid his full wages. After completing his training, he is eligible, to quick promotion or elevation to specialist classifications which automatically give him large raises in pay. A master sergeant in the U. S. army may earn as much as $157.50 per month in addition to his clothes, food, quarters, medical and dental attention.

Anyone desiring further particulars should visit the recruiting station in the post office," Captain Dunlap said.

Free Concert At Westgate Sunday P. M.

Next Sunday night the Hilltop is to be able to enjoy, with the rest of Columbus, a concert in its own Westgate park by the band which is giving a series of programs in the city parks, of which this will be the fourth. The program-givers will be the 40 pieces of the Columbus Federation of Musicians band, under the direction of the well known maestro of concert and radio, Abram Ruvinsky. The program will be given at 8 o'clock.

One of the best singers who appears with the band in its annual series will be heard, Betty Fry Dumaree, soprano, who has been heard in many places in central Ohio in concert, recital, choir events and radio presentations.

Ruvinsky is well known for his work as director of music and ensemble musician at radio station WHKC and for his direction of such groups as the symphony orchestra which broadcast from the Ohio theatre many months and the large orchestra which was heard by radio from Olentangy park.

The program will open with the "Hall of Fame March" by Olivadoti which will be followed by the universally popular "William Tell" overture by Rossini, with a special arrangement of Victor Herbert's "Kiss Me Again" for extra number. Selections from "Rose Marie" and Ferde Grofe's "On the Trail" from the "Grand Canyon Suite" will follow, with Mrs. Dumaree's first songs preceding the former and intermission following the Grofe number. After the breathing spell, will come another martial strain, "The March of Youth," also by Olivadoti, and Lake's arrangement of "Songs from the Old Folks," together with selections from the opera, "Aida." Betty Fry Dumaree will sing again and then the very melodious tunes from the Kalman's musical comedy, "Sari," will be played, with Friedmann's brilliant "Slavonic Rhapsody" for the finale.

There will be no charge whatever for admission.

Prior Family Holds Lead

Announcement of winners in the Dispatch's Typical Family contest will be made Sunday. Two Hilltop families are running a neck-and-neck race for third chance to win a trip to the New York World's fair and local interest is high. Last week's Record, while carrying the number of votes gathered by the Graham Priors, unintentionally failed to mention their name. At last count, the Priors were ahead with over a million votes with the Franklin D. Sparks in second place.

Lightning Never Strikes Twice Except

Paul and David Coil are sad today.

For 10 years their father has been ill and unable to work and so the boys got themselves paper routes and finally saved enough up on the side to purchase each a bicycle. They used the bicycles to carry their routes.

Monday afternoon Paul, who is 13, went downtown to buy some clothing. When he came out from the store near Long and High-sts, his wheel was gone.

Meanwhile, his brother, David, 17, had gone swimming in a Hilltop pool. When he came out his wheel, too, was gone. The boys live with their parents at 171 S. Eureka-av.

Softball Team Books Game

The Spears funeral home softball team, sponsored by Hilltop merchants and managed by Carl Wedemeyer has booked a game for Sunday at Westgate park beginning at 1:30 to which the public is invited.

County Fair Opens Aug. 14 At Hilliards

Encouraged by the wide support received for more than a quarter of a century, officials of the Franklin County Agricultural society are looking with great enthusiasm to the opening of the twenty-seventh annual county fair to be held at Hilliards, Aug. 14, 15 and 16. The coming event according to President Frank E. Kirkpatrick offers every indication of surpassing any previous fair held in the county.

Many of the outstanding attractions which have contributed to the growth of the fair in recent years will again be prominently featured this year. Chiefly among these will be the exhibits of the 4-H clubs of the county and the Grange exhibits which have become the major departments of the institution.

No Franklin county fair would be complete without its horse show which has become a widely known institution in its own right. This again will be the big night attraction each day of the fair, offering high class entertainment for city folk and those of the rural sections as well. Every type of the equine family that make such events so attractive will be featured. Everybody enjoys good horse racing and this feature of the fair gives promise of offering every type of thrill that could be hoped for or expected in the speed ring. Liberal purses are offered which have attracted a large list of entries in every class.

Super-Market Planned For Broad-Hague Corner

Negotiations are under way between Everson Powell, administrator of the Frank Powell estate, and a grocer for the leasing of the west half of the building at Broad and Hague, involving several storerooms for the construction of a super market, it was revealed today by Mr. Powell.

The row of storerooms in the building have been vacant for some time. The firm had been considering a site at Sullivant and Hague but decided in favor of the Broad-st location as being more suitable and convenient for patrons.

42 Inches Long From Here To Here

Harry Hunter, his catch and Bing Billingsley

The next time any of you boys want to go fishing, just hop down to the police station and ask for Officer Harry Hunter. Not only does Harry have a reputation for being a fisherman—but he brings back the proof. And the proof is pictured above. It takes experience to haul those kind of babies in.

This Great Northern Pike which tipped the scales at 18 pounds, formerly cavorted about Crapo lake, in Otsego county, Michigan until Harry dropped a chub minnow in front of his snout.

The fish, largest one caught in that vicinity this year, was 42 inches long from stem to stern and was, of course, the largest one of the many the Hunters, Prices and Billingsleys brought back.

The fishing place is the scene of the annual summer vacation of the group who have a nice cool cottage up among the shady trees. The hunters live at 539 Columbian-av.

Man Is Captured In Hilltop Store

Shortly after a passerby had notified police that someone was in the Seiller dry goods store, 2494 W. Broad-st, Patrolmen Rex Binns, Charles Thornton, Lee Fraher, Oscar Ewing, R. B. Wilson, Lawrence Tucker, O. B. Wagner and Serge Frank Johnson surrounded the place and found that the store had been broken into by a thief who removed a grating in the rear of the building, forcing entrance to the basement. After a search the officers found the suspect hiding in a large rubbish box in the rear of the store.

Bean Guessers Can Win These Prizes

Hilltop merchants dipped generously into their stockrooms and came out with a fine assortment of prizes which they will award individually to "guessers" who come closest to estimating the number of beans in their respective window displays.

Each of the following has a jar full of beans displayed. It cost nothing to enter. Merely visit the store and put in your estimate. Winners will be announced at the bean dinner. Prizes can be secured by the winners by calling at the store.

Child Injured By Hit-Skip Driver

Two-year-old Barbara Watts, daughter of Patrolman and Mrs. George Watts, 286 S. Terrace-st, was treated in Mt. Carmel hospital for cuts and bruises, mostly on her right side, suffered when she was struck by a green automobile in Wicklow-av, Saturday night.

The driver did not stop.

Camp Chase Eliminated By Marion

A last inning rally by Camp Chase fell one run short Monday afternoon at State Hospital as Marion earned the right to represent the central district in the American Legion finals by edging the Hilltop entry, 7 to 6.

It was the winners' second straight decision over Camp Chase, having defeated them at Marion last Friday, 7 to 5.

Going into the top of the ninth frame trailing by one run, the winners pushed across four markers on two hits, a walk and two errors.

It was a heartbreaking loss for "Jake" Richards, who fired a six-hitter and smacked out three hits in four trips to the plate. It was lack of defense when they meant runs which defeated the Hilltoppers. Camp Chase outhit the Marion nine, 11-6, but committed three errors and several mental lapses that should have been chalked up as miscues.

The team, which had previously annexed the city championship is [illegible] by Woody Owens.

Half Ton Of Beans To Be Distributed Free

Bathing Beauty Contest, Jitterbugs To Feature Evening's Entertainment

The third annual Hilltop Business Men's association Bean Day dinner will take on added color as the result of the announcement that Hilltop merchants who line Sullivant-av will combine the bean dinner festivities with a celebration observing the opening of Sullivant-av.

Mayor Green is expected to cut the ribbon formally opening the stretch of Sullivant-av that was repaved. The paving job will be completed today or tomorrow, depending on weather conditions.

The Sullivant-av merchants will decorate their stores and then will join in a parade of decorated machines and trucks which will cavalcade to the Westgate park for opening bean day dinner ceremonies.

The decorated cars will be preceded by the bicycle parade.

All Hilltop children are invited to enter their decorated bicycles in this opening event of the bean day dinner. Bicyclists, both boys and girls, will convene at Whittethorne and Sullivant-av, and then at 1 o'clock will start towards the park where a reviewing stand will house judges who will award prizes. Boys will receive awards of $5, $3 and $2 with girls drawing the same prizes for the best decorated bicycles.

Candidates To Judge

County candidates for the fall election are expected to be the judges in this contest.

The Hilltop Riding academy and the Valleyview Riding academy will furnish horses and riders for the Sullivant-av opening parade.

While a bean conscious Hilltop community goes busily about its task of preparing for the entertainment of an anticipated 35,000 bean diners next Wednesday afternoon and evening at Westgate park, Hilltop store-gazers are busy trying to estimate the number of beans in the jars and other containers placed in conveniently and conspicuously located sites by Hilltop merchants.

All Hilltop merchants, members of the Hilltop Business Men's association are cooperating, wherever possible, in putting over this bean guessing angle of the contest, individual winners of which will be announced at the Bean dinner next Wednesday and also published in next week's Record.

Dr. Bruce Tanner has announced the following list of games, starting at 3 p. m., in which the children will be invited to participate.

I AIN'T MAD AT NOBODY
Labor Day

In eighteen eighty-four we established Labor Day
For those who work on ladders or oil beneath the clay
Most everything we own was made by the working man
They are loyal citizens that cater to no clan.

They build the ocean liners that plow the rolling sea
Airplanes and railroad trains they helped build Democracy
The foundation of our nation from the gulf to frozen snow
From the east coast to the west they help our commerce flow.

They build the palace theatres, the luxurious limousine
Grand mansions on the boulevard, were made by hands unclean
Architects print pictures they design the blue print plan
But for final execution they draft the working man.

GREEN LAWN CEMETERY

Claggett's Get Modern Lighting

With the opening of Sullivant-av, Claggett's confectionery, 2432 Sullivant-av, has added much to the beauty of the interior of their store by installing fluorescent lighting. This is one of the latest discoveries in lighting, and is the first installation of the kind on the Hilltop.

The business was started in the present location 15 years ago by Ira M. Claggett and it has been steadily growing ever since. The confectionery has a full line of groceries, luncheon meat, soft drinks, legal beverages and ice cream.

Annual Picnic Held At Y Park

The annual picnic of the West Park Methodist church was held Sunday, July 21, at the South Y park. About 200 people attended.

Swimming, games and contests featured the picnic. A lovely dinner was served. Pictures of the picnic were taken by Joseph R. Zahnle.

Only one accident occured, 19-months-old Donald Carson was injured when he ran into a swing. First aid was administered by Mrs. Landonberger and the youth was taken to Mt. Carmel hospital for further treatment.

In the evening Rev. I. P. Day spoke on Friendship and Goodfellowship.

Maccabee Picnic Sunday At Lake

The annual outing and basket picnic of central Ohio Maccabees will be held Sunday at Buckeye lake. Ohio Tent Hive No. 37, Twilight and Starlight Junior courts of west side have arranged free transportation for adult and junior members who have no means of transportation.

A bus accomodating 45 members, will leave VFW hall, 2393½ W. Broad-st, at 10 Sunday morning and Sunshine Shelter house at 10:30. Adult and junior guard teams will put on the exhibition drills in the evening at Danceland, Buckeye lake. Dinner will be served on Picnic point at 4 p. m.

Free Photo

One free 8x10 photograph will be given to any man, woman or child who will submit themselves for a photographic subject at the Richey "Better Pictures" studio, 362 S. Terrace-st. Mr. Richey explains that he is making the offer to obtain subjects in working out details of his new photographic studio to be opened in the near future. The offer is good at any time.

Mary Ansel, 153 N. Oakley-av, and Thelma Thomas, 97 N. Oakley-av, left Cleveland Sunday, July 21, on the S. S. Alabama for a Great Lakes cruise. They will stop at Detroit, Mackinac Island, Sault St. Marie, Isle Royale, Duluth and Buffalo. They will return home in about a week.

Franklin Co. Group Picnics Tuesday

The Franklin County society of Old Age Pensioners will hold their fifth annual picnic at Schiller park, Tuesday, July 30, from 10 a. m. to 10 p. m.

Special afternoon and evening programs will be highlighted by the appearance of Mayor Green who will give the opening address of welcome. Other speakers will include Raymond K. Jeffries, Attorney Robert J. Beatty and Judge Dennis F. Dunlaby. Music will be furnished by Mury and Harry Carrol and the Lazarus band. Motion pictures will be shown in the evening.

All members are requested to come, bringing their membership cards and their own knife, fork and spoon.

Correction

It was erroneously reported to the Hilltop Record that Mr. and Mrs. Frank Graham, 14½ N. Eureka-av, returned home last week after spending a week in Detroit, Mich., as the guest of their son and daughter-in-law.

This was incorrect, Mrs. Graham reports. The item should have read: Mrs. Elizabeth Graham, 14½ N. Eureka-av, returned home from a visit with her son and daughter-in-law, Mr. and Mrs. Frank Graham, of Detroit, Mich.

Notes on last Friday's ball game trek to Cincy: Personnel, M. W. Seiller, C. H. Campbell, Paul Rausch, Bill Moore and this writer. No difficulties were experienced at the ticket window. Slight detour by way of Coney Island as a result of getting confused in getting out of the burgh. M. W. opined that the place was too big for one town. Bill Moore contented himself with just the regular sized dinners along the way. (No plank steaks).

• • •

Maybe its the heat or maybe we just trust people too much. Anyway our ego goes blooey like a busted balloon when we learn that our supposed scoop in last week's column about the Seiller employee outing was all a hoax. Imagine our surprise when we learned that the ladies of the store never had a picnic at all; that it was all cooked up to make the men jealous because the ladies were not invited to the men's party. And poor unsuspecting us—we go for the yarn hook, line and sinker. Anyway we've learned our lesson: Don't take nobody's word for nothin'.

Teams Enter Final Play For Titles

By Woody Owens

St. Aloysius remained the lone undefeated softball unit in the West Church league's No. 1 second round race Monday night at Westgate park by pounding out a well-earned 5-3 decision over the strong Burgess U. B. 10. It was the fifth straight victory for the Irish.

Hillcrest Baptist took over the number two position in the loop by scoring a 6-4 victory over St. John's Lutherans while Highland-av Friends was losing to Glenwood M. E. by a 9-4 count. The defeat for the Friends aggregation dropped them back to a third-place tie with Burgess.

In the fourth game on the card Hoge Memorial No. 2 continued on the comeback trail after losing three successive games by trouncing Hoge Memorial No. 1, 14-4.

Calvary Falls

A three run seventh inning rally gave Salvation Army the second round diadem in the West Church league No. 2 at McKinley-av field as the S. A. lads shored a 4-3 win over Calvary Presbyterians. Calvary had previously copped the first round pennant.

Singles by Bob Rapp jr., Big Jim Click, and a double by Dominic Carselli tied the score for the S. A. team and a hit by Pilkington enabled the Army pitcher to win his own contest. Harold Evans banged a four-bagger for the winners while Cal Evans and Dave Ripple continued to pace the Calvary sluggers.

In the second tilt of the evening West Park M. E. handed Avondale U. B. its sixth successive setback by easily conquering the Brethren 14-9. A big 11 run rally in the fifth frame featured by Chuck Alford's home run provided the winning margin.

Two Kent Marketers Recognized

Two Kent market players were honored by selection on the Columbus Night league all-star team. They were Mitchell and Thompson. The team:

1B—Pete Kinser, Speedway A. C.
2B—Herman Mitchell, Kent's Mkt.
SS—Ronnie Cree, Bobt Chevrolets.
3B — George Davis, Model Dairy.
UIF—Gordon Jenkins, Bobb Chevrolets.
OF—"Popeye" Smith, Timkens.
OF—Carl Beard, Timkens.
OF—Harold Thompson, Kent's Mkt.
OF—Bob Davis, Model Dairy.
UOF—L. Boling, Hysells-for-Clerk.
C — Johnny Brown, Model Dairy.
P—Smitty Truss, Timkens.
P—Herb Marshall, Speedway A. C.

Note—Only the 1940 playing records of the Columbus Night league players were considered in these selections. Their performances in other leagues and what they did in previous years were not considered.

Selected by Bob Humphrey, official.

1,300 AT SHOW

Eighteen hundred Hilltop children flocked to George Pekras' Ritz and Rivoli theatres last week when the management offered free shows for the children. An estimated 600 saw Bing Crosby at the Rivoli's 9 a. m. show while over 1,000 jammed the aisles and every nook of the Ritz at a 11 a. m. showing of the same program.

BEAN DINNER—

(Continued from page 1)

they will receive a plate full of beans, cup of coffee and crackers and even a spoon to nibble the beans with.

Refills Free

Refills, of course, are free and each and every one is invited to eat as much and as often as he or she can. It's all "on the house."

Of course the evening's program has not been neglected. Boxing will start at 7:30 p. m. with three four-round amateur bouts on the program. Fr. Bauichard has promised to send around some of the wildest sluggers in his stable for the evening's entertainment.

Jim Tarpy and Mickey McGuire are handling the boxing match promotions.

The bathing beauty review of course is always one of the highlights and this part of the program is being arranged by Charles Cruea who is still taking the entries at his Hilltop swimming pool. A valuable trophy will be awarded to the winner of this beauty contest.

Cruea also has arranged a model speed boat racing event which will be sandwiched in between other events.

Along about the time the sun begins to sink behind the western hills, Hal Brown's orchestra will begin to pour out the sweet and torrid tunes for the benefit of round and square dancers who will take over dancing in the park. There, too, will be held the big jitterbug contest.

Amusement Rides

In addition to the free beans, et al, Tim Nolan will have several of his amusement devices on hand for the benefit of those who wish to ride. Present plans call for a Kiddie ride and the Sky-ride. There will, of course, be a slight charge for these amusement devices.

Sandwiches, ice cream and soft drinks will be sold on the grounds to those desiring them.

Ray Hauntz, in charge of arrangements, announces that most of the stores in the Hilltop district will be closed all afternoon.

Mr. Joe Katona, superintendent of city playgrounds, has had a busy day leveling off the grounds and cleaning up in fine style so that the Westgate park will be in tip-top shape for the dinner.

Another feature of this third annual bean day dinner will be the greased pole with the money on top which will be "open" to all.

Bean dinner committees include Charles Kent, concessions; Ray Hauntz, arrangements C. C. Hartley, publicity and guessing contest; Tom Lewis, music and dancing; Ray Percy, stands; C. A. Cruea, bathing beauty contest and speedboat races; Dr. Bruce Tanner, athletic games; Gene Hays, ice cream.

Clarence Story, soft drinks; John Riepenhoff, bean stand, Dr. E. E. McNamee, sandwiche stand.

C. H. Campbell is in charge of the committees.

5. Baby beauty contest, up to six and from six to 10, to be held at wading pool, Friday, Aug. 2. Prize given by Seiller's.

Tournament (for all ages) will be started in croquet, horseshoes, tennis, badminton and other activities in near future.

Park open at 9:30 a. m. and closes at 8:00 p. m. on Saturday from 9:00-12:00 noon.

Scenes From The Third Annual HBM Bean Day Celebration Wedn'sday

The Record photographer caught these bits of action at the third annual Hilltop Business Men's bean dinner Wednesday at Westgate park as between 35,00 and 40,000 Hilltop and Columbus bean diners gathered at the park. At the top is shown the HBMA float which highlighted the parade. Next is the start of the boys race and in the three next pictures are some of the crowd that thronged around the beans, fighters and beauty contest entrants. Mayor Green, dining off the radiator hood of someone's truck is shown next alongside the two beauty contest winners. Bonnie Lear, holding the cup, won the contest, while Mary Smith was runner-up. Both were awarded prizes. George Matson, busy dishing out hotdogs all day, is in the bottom photo along with another crowd shot.

Dedicated to the Franklin Sparks family "Columbus' typical family," the third annual Hilltop Business Men's bean dinner held at Westgate park Wednesday afternoon and evening in conjunction with the Sullivant-av street opening, is now history.

But what history!

Never before had so many people, 36,000 of them, jammed their way into Westgate park to play, run races, drink coffee and eat crackers—and—yes, BEANS. Forty five hundred pounds of the specie, cooked to a turn by the David Davies Packing Co.

The festivity got under way along Sullivant-av, when the Sullivant-av merchants and residents got out the bunting and decorated their stores and houses. Flags waved down the bedecked street.

Along about 1 15 the bicyclists started out from Whitethorne and Sullivant-av, joining in with the merchants decorated floats, trucks and wagons. Down to Westgate park they paraded with horns tooting, merchants hurrahing and kids whistling. At the park the bikes were judged for originality of design.

Eleanor Smith, 266 S Roys-av, won the $5 given for the best decorated girl's bicycle with Haroldine Terry, 2105 Sullivant-av, second, and Elaine Waddington, 228 S. Ogden-av, third. David Smith, 266 S. Roys-av, won the boys event with Eugene Cornell, 608 S Oakley-av, second, and Thomas Beckett, 458 S. Huron-av, third Crystal Myers, who entered a tricycle in the event didn't win a prize but Mayor Green, judging the event, donated $1 from his own pocket for the youngster's efforts.

Other event winners included Marcia Jean Hall, Bud Blackwell, Julia Webster, Russ Alban, Martha Miller, Mrs. Walter Binckley, Jack Carey, Eleanor Batson, Jim Harris, Bob Clemons and Doris Robinson.

The Sparks family, winners of the Dispatch's typical family contest, rode at the head of the parade. These Hilltop folks, who live at 108 S Roys-av, aggregated over two million and a half votes during the contest which concluded last Sunday.

At 3:01 John Reipenhoff, bean disher-out chairman, began handing out the beans as fast as he and his crew could ladle them out. Coffee and crackers were added to each plate.

The original 1,000 pounds of beans proved far insufficient and before the day was over, 4,500 pounds of steam-heated beans came from the vats at David Davies.

The bathing beauty contest highlighting the event was won by white-suited Bonnie Lear, 112 S. Hague-av, while Mary Smith, 232 N. Burgess-av, was runner-up.

Dancing, boxing and introduction of the Dispatch's typical families from all over Ohio featured the evening's program and it was around 11 o'clock when the lights finally went out and a group of tired Hilltop Business Men tried to find their way home through the crowds that still hung around—waiting for more music.

A New Venture Makes Its Debut

This week will find Vol 5, No. 1, of The Ohio Woman on local newsstands.

This in itself isn't of any particular news value except that it does have a little local angle since it is the first issue of the magazine published through our efforts and one we feel rather proud of even though lack of time did not give us opportunity to do all the things we are anticipating with following issues.

The cover, by the way, is from a painting by Pat Hanley of 110 N. Powell-av. and an attractive piece of art, we maintain. The "Book Shelf" is ably edited by our good friend Mrs. Leslie B. Keyser, a former Hilltopper, and a timely subject, "The Picnic Goes Modern" is done by Phyllis Ross of 215 N. Hague-av.

Thanks For The Concert

Nearly 2,500 persons heard a fine outdoor band concert at Westgate park on Sunday evening. All of which is further proof that Hilltoppers have a fine appreciation of music, one that should be encouraged.

As was announced at the concert, the Hilltop event was a special request from Mayor Floyd Green. So to the mayor, we say "thanks."

He's Off To Florida

Genial George Painter dropped into this office Tuesday afternoon in the process of saying good-bye to his Hilltop friends before he departs this week to make his home in Florida.

Little over a year ago George went to California and this corner predicted he would return to the Hilltop ere many moons passed. And sure enough he came back.

We hope George will be very happy in his new home and new endeavor of distributing Graham autos and gardening for his own use. But again we predict that George Painter will return to the Hilltop sometime. He's genuinely a Hilltopper.

It's A Fine New Street

Today as you drive out Sullivant-av, contrast it with the old street of a few months ago.

It is gratifying to Sullivant-av business people to have the street open again and they are deserving of a break. Here's hoping much business will flow their way to make up for the loss they certainly have encountered this summer.

But the street is a fine street and the Hilltop is deeply appreciative of it. We say thanks to all concerned.

Sparks Family Win Typical Family Contest

Closing a narrow gap that separated them from the leaders in the closing days of the race, the Franklin D. Sparks family of 108 N. Roys-av, copped top honors in the Dispatch Typical Family contest with a total of 2,625,705 votes.

The Graham Prior family, 101 Eldon-av, wound up in third place with a total of 2,221,830.

The Sparks win a seven-day stay in a $3,100 FHA home on the New York fairgrounds, along with entertainment, thrills and transportation. The Priors got a week-end at the fair as their prize for the valiant battle they staged.

Mr. and Mrs. Sparks have two children, Ed and Betsy Ann, 11 and 13 years old respectively. They attend Hillcrest Baptist church.

Central District Tourney Continues

The Central District Softball tournament will continue play tonight under the lights at State hospital field with three men's games scheduled to be contested. In the first game of the evening at 6:30, Fabric club opposes Hedgecock decorators; Rader morticians tackles King-Starr merchants and Kay jewelers plays host to the London Mabe clothiers in the finale.

After Wednesday night's games only one Hilltop entry, Kent's modern market remained in the meet. The marketmen eliminated another local unit, Ben Brew, 1-0, behind the superb one-hit pitching of Charlie Hall while New York Central, the third Hilltop ten, was beaten 9-4 by State highway all-stars. The one-hitter turned in by Hall was the best pitching performance to date in the play-off and the speedballer was given able support by his mates in the field.

Kents will play the winner of the Fabric-Hedgecock decorators game (scheduled for tonight) Wednesday night in the feature game of the evening at 9:30. The local marketers defeated Hedgecock in the district play last year.

In the girls division of the tournament J. and K. shoes and Wilke meats seem to have the inside track for the district diadem, each team having scored impressive victories in their first round contests.

To Ohio State

Charles Eric Johnston, son of Mr. and Mrs. C. E. Johnston, 196 Binns-blvd, will enter the college of medicine at Ohio State university for the autumn quarter. Mr. Johnston received his B. A. degree from Ohio State in June of this year.

He is a graduate of West High school, class of 1936.

Hilltop Man Is Injured As Prisoner Escapes

Elias J. Bell, 45, of 177 S. Terrace-st, a city workhouse guard, was badly injured by an escaping city workhouse prisoner last Wednesday. Bones were broken and his left arm was crushed when the prisoner violently shoved Bell from behind, hurling him down a flight of steps as Bell was opening a gate to admit prisoners who had been working on the farm. Bell was confined to Mercy hospital.

DR. WILLIAM DeVOL TO LEAVE FOR ORIENT IN MID-AUGUST

By rjw.

Two weeks from today Dr. William E. DeVol, prominent Hilltop physician, will pull down the shingle from in front of his office at 2405½ W. Broad-st. and turn towards the land of the rising sun—China.

And despite the fact that the land in which he was born is now overrun by a conquering nation, Dr. DeVol will spend the next six years—and very likely the rest of his life tending to the wants and cares of 600,000 poor natives who have no doctor, no physician, and at the present time no hospital.

Although Dr. DeVol's stay in China is scheduled for six years, he will probably make it his life work, he believes.

Dr. DeVol, his wife, Frances, and three-year-old twin daughters, Patricia and Priscilla, who leave Columbus about Aug. 20 and will reach San Francisco about Sept. 6, from where they will sail for the Orient on the Asama Maru, stopping at Honolulu and Japan enroute.

Present plans call for Dr. DeVol joining the staff of the University hospital in Nanking for a year's time in order to study Oriental diseases and brush up on his language. Born in China, he speaks the Mandarin version of the Chinese language. Different parts of China have different dialects, or brogues as we have in the United States, Dr. DeVol explained.

He spends quite a bit of time talking to Ben Yee, the Hilltop's laundryman, but Ben speaks Cantonese and the two dialects differ greatly on some words and expressions.

To Reopen Hospital

After two years at Nanking, Dr. DeVol and his family will sail up the Yangtzse river about 25 miles until they come to Luho. Here Dr. DeVol will reopen the hospital originally founded by his parents, medical missionaries who did so much good for the suffering humanity that swarms in the east. The hospital was closed in 1934.

Dr. DeVol left China at the age of nine after his father died. He came to America with his mother.

NO USE TALKING—THEY WERE GOOD

That's right. Those beans certainly were good. Judy Holcomb, 7-month-old youngster from 130 Columbian-av, found plenty to enjoy at the big bean dinner and that empty bowl certainly proves that fact. Yes, you're right, there were no beans in the dish but the idea was alright, wasn't it.

Holton Park Overseer Saves Girl

Quick thinking action on the part of Harold Thomas, overseer at Holton park was credited by police with preventing the drowning of 11-year-old Mary Jane Pehl, daughter of Mr. and Mrs. William Pehl, 491 N. Eureka-av, Friday evening, when she slipped and fell, her left arm doubling up and sliding down an open drain, about five inches square.

The drain cover had just been removed preparatory to running the water out for the evening.

When the girl cried for help Thomas knelt in the pool, filled with about a foot of water, and held the girl's head above the water until firemen arrived.

The inhalator squad required about 15 minutes to manipulate the girl's arm so it could be removed. She was taken to her home in a police cruiser and later to a physician's office where she was treated for bruises and abrasions.

Broken Wing Only Another Reason Why Puggy Doesn't Like Dogs

Just in case any of the Hilltop dogs see—and can read—this is a warning

Stay out of Westgate park!

"Puggy"—a pugnacious swan that thinks he runs—and usually does—Westgate park's pet fraternity, is an avowed dog hater. Puggy proved that last Saturday when he battled two dogs that "just happened" along near the pool where Puggy usually glides along.

Scores of Hilltoppers watched the hectic battle Saturday afternoon. And when the feathers and dog fur had settled down to earth, the swan was sprawled on the ground, a bone broken in one of its powerful wings.

The bird was taken to the Hilltop Animal hospital, 2130 Sullivant-av, where the bone was set and fastened with silver wire. Dr. M. W. Bates, operator of the hospital and Dwight Wasson, attendant, "repaired" the damaged bird.

But Puggy still wasn't satisfied.

Sunday evening, with one "arm" practically bound behind his back, Puggy lunged from the coolness of the hospital bath tub in which he was lolling, and rushed at the dogs in the hospital cages.

Yep—Puggy wants to be boss.

Ducks Suffer Too, As Budget Is Cut

Even the ducks are feeling the mighty ax of the budget parers and in Westgate park, it's getting to be quite a problem.

The caretaker of Westgate park invites anyone who care to, to contribute feed for the ducks so they may remain in the pond, adding their gracefulness to the scenic beauty of the Hilltop's playground.

Corn, feed, or whatever it is that ducks eat, can be left at the park shelter house by contributors.

Hilltop Families Leaving On Six Weeks Vacation

Leaving Sunday morning for an extended trip through the west, a party of Hilltop residents composed of Mr. and Mrs. C. W. Byerly, 38 N. Ogden-av, Mr. and Mrs. J. F. Knecht, 67 N. Burgess-av, and Mrs. J. E. Hedley of London. They first plan to stop in Minnesota to fish, from there to Yellowstone National Park, then north through Canada to the Pacific, south along the Pacific to Mexico, and thence homeward along the southern route through New Orleans. The party will be gone for at least six weeks and possibly for as long as three months.

KILLING MOTHS

If motns get into stuffed furniture, a good soaking in gasoline will kill the moths and eggs as well. Needless to say, the soaking should be done out of doors, or at least somewhere away from all possibility of fire.

Horse Show To Feature Hilliards Fair

With an offering of $1,000 in cash prizes, in addition to various trophies and ribbons to be awarded, the night horse show at the Franklin county fair to be held at Hilliards, Aug. 13, 14, 15 and 16, will attract the largest array of fine gaited horses that have ever been assembled at the county exposition.

This is borne out in every way by advance indications, and many of the well known stables throughout Ohio, as well as some from out of the state will be represented with entries in various classes. All entries for the show must be registered by Aug. 12 to insure participation.

Of special importance in connection with the show is the announcement by President Frank E. Kirkpatrick, that Col. Thomas N. Wilson of Bowling Green, Ky., has been secured to act as judge.

While the fair will be under way four days, the horse show will be the star attraction at night on the last three days with all events to be staged in front of the grandstand.

Thirty events will comprise the complete program for the show as a whole, with 10 classes to parade in review on Wednesday night, 11 on Thursday night and nine on Friday night. Throughout the show lady and gentlemen riders will present their entries, and boys and girls will have their day at court in the various pony events.

Of special importance will be the three stake events on Friday night for each of which cash prizes of $150 are offered.

Rolling Pin Is Used To Quiet Man, Police Say

Because he objected to the noise a neighbor allegedly made each midnight when he returned home from work, James Chinn, 33, of 180 S. Harris-av, is alleged to have popped Dallas Elliot, 32, 180½ S. Harris-av, over the head with a rolling pin. Elliot was treated at a physician's office for a head cut, police said while Shinn pleaded not guilty in police court to a charge of "assault with intent to kill" and had his case continued until Aug. 9. His bond was set at $500.

DRAIN WINDOW BOXES

Window boxes should be drained, say FHA officials, to prevent the ground from becoming sour. Metal "weepers" should be provided at the bottom of the metal lining to allow excess water to drain.

er, but she died shortly after their arrival here. He studied at Marion college, Ind., where he received his B. S. degree and then attended Western Reserve in Cleveland where he secured his M. D.

He interned at City hospital, Cleveland and served as assistant resident physician at Fairview Park hospital in Cleveland.

He came to Columbus in 1937 and has been practicing medicine on the Hilltop for three years.

"I've looked forward to returning to Luho for many years," Dr. DeVol told your Hilltop Record reporter. "It will not be easy to leave my friends and patients—but I believe it's my calling—my duty to take care of the suffering people of China. Those 600,000 have no one to care for them. Here, if I don't take care of the sick, there are 500 others who can."

"I've wanted to go before but circumstances always prevented."

Dr. DeVol's work is being sponsored by the Ohio Yearly meeting of Friends. The DeVol's are members of the Highland Ave. Friends Church.

Dr. DeVol's brother, Charles DeVol, is residing in China now. He is a teacher and his letters to Dr. DeVol tell of how "we can hear cannonading not so far away."

"But it doesn't disturb me," smiles Dr. DeVol, and there is a gleam in his eye as he repeats: "It is my work, my calling."

Read Record Want Ads

It happened Sunday at the band concert out at Westgate park. The band had just struck up the introduction to "On the Trail," Ferde Grofe's composition from "Grand Canyon Suite" which is also the introduction to a popular cigarette sponsored radio program.

No sooner had Miestro Ruvinski led his musicians through the descriptive introduction than out on the edge of the crowd came: "Call for Philip Morris."

We believe we should lay claim to a Pulitzer prize for outstanding service to horned toads. (Phrynosoma cornutum) Specifically it was through our journalistic endeavors that one member of the reptile family was located by its Westgate-av owner.

Mailed from Texas to Mr. Luther Baumgartner, an Ohio State fellow, by a friend over a year ago it was given to Mrs. T. B. Benton on Westgate-av. Mrs. Benton constructed a special harness for the animal so that it could bask in the backyard sun.

Two months ago "horny" disappeared and was given up for lost when he turns up at the Clark residence on Algonquin-av. After a few days at his new home he was given to Henry Jones, Record pressman, residing on Powhatan-av. It was at this time that this column mentioned the animal, and it was as a result of that mention that Mrs. Benton learned of the whereabouts of her pet. Mrs. Benton doesn't want her pet back permanently, she says, but she is caring for him again while the Jones' vacation.

The animal has proven valuable as a weather prophet. When cold weather is on its way "horny" burys himself in the ground.

The W. D. Zanders, 46 S. Huron-av, have their own receipt for keeping cool. However, we wouldn't recommend it for less good natured folks.

One hot evening the Mrs. stepped out into the backyard all spic and span preparatory to going out for the evening. Hubby couldn't and didn't resist the urge to turn the garden hose on her full blast. The matter was dropped temporarily until later in the evening when said hubby stepped out into the yard freshly attired. There stood wife, hose in hand and did he get the ducking? 'Twas all in fun.

With Bean Picnicers

Ben Fenton, the barber, won a free manicure from Mary Lou beauty salon on the bean guessing contest. . . . George Painter couldn't stand the sky ride at the bean dinner . . . One lady of generous avoirdupois was inquiring "Where's the nail driving contest? That's my specialty."

This sounds far fetched to the nth degree but it supposedly happened here in Columbus.

Two wiseacres with time on their hands and nothing better to do decided to show up local police. Together they purchased a park bench, just like benches that might be found in any of the city parks. Unnoticed they carry said bench into one of the village greens and wait for a policeman to put in his appearance.

In order to attract the policeman's attention a fake fight is staged. Getting a sharp reprimand from the law to "stop fighting or get out," they do just that picking up their bench and making their exit. Another "runin" with the law ensuses and all three finally comprise by going down to the bastile.

Brought before the judge charged with attempted theft of city property the two nonchalantly produce a sales slip proving purchase of the bench in question.

Dots and Dashes

Ruth Schofield was in Springfield this week. . . . Mrs. Russel Anderson won the bean guessing contest prize at Westgate Electric. Of all things—a pants presser . . . The M. W. Seillers are at Lakeside this week . . . Cincinnati was too hot for Alva Nafsger last week when the mercury went to 100. He hurried back to Columbus where the temperature was a mere 98.4 . . . Fred Sulzberger has been getting up at 5 a. m. this summer . . . The coolest spot outdoors we were able to find this week was the open doorway to the First Federal Savings and Loan . . . George Pekras' two bulldogs are named Jim and Jerry . . . Ruth Draper is a native of W. Va. . . . Coleman Louks will vacation the last two weeks of the month.

REMOVE TERMITE INVITATION

The Famous Bean Song

Whenever and wherever the members of the G. A. R. gather, there always comes a request for members of the Betsy Ross Quartet to sing "The Army Bean."

The Betsy Ross Quartet is the official quartet of the Ohio Grand Army of the Republic.

The song is sung to the time of the "Sweet Bye and Bye."

The words:

"There is one place the old soldier loves,
It's the place where we eat, that we mean.
And the stuff that they like to find there,
Is the old fashioned, white army bean."

Chorus:
Army bean, good old bean.
Good for boil, bake or broil, roast or fry.
Eat 'em now anyhow.
Scrape the pan in the Sweet Bye and Bye.

Old pork, beaf or tough hen many times,
I have stuck on a stick long and green.
And cooked it o'er an old smoky fire,
To eat when I couldn't get the bean.

Chorus:
But although that white bean was so fine,
There were times when the boys used to kick,
For the kettle would sometimes boil dry,
And the beans to the bottom would stick.

Last Chorus:
Shoot the beans that were burned,
And the fellows who let them boil dry,
For we ne'er can forget,
Either one, 'till the sweet Bye and Bye.

Mrs. Cora Lambright, of 1235 Worley-av, Canton, who furnished us with the above version of the "Army Bean", writes that there are many more verses; some, she thinks, were the efforts of several individuals who had a sudden inspiration on some particular occasion.

The song, Mrs. Lambright tells us, is sung by members of the G. A. R. daughters to revive and keep burning the memory of their fathers who day after day would partake of the noble bean.

Loew's Ohio is currently showing "Untamed," in technicolor with Ray Milland, Patricia Morison and Akim Tamiroff, with a northwoods blizzard as the exciting climax. "Military School," with Tommy Kelly and Bobby Jordan is added.

Loew's Broad

Loew's Broad is now showing "Blondie Has Servant Trouble," sixth in the popular series with Penny Singleton, Arthur Lake and Larry Simms as the Bumstead. "La Conga Nights," musical comedy with Hugh Herbert, Constance Moore and Dennis O'Keefe is added.

Final Games Near In Church Loop

By Woody Owens

St. Aloysius and Glenwood M. E. scored impressive victories in the West Church league No. 1 at Westgate park Monday night as the local church circuit played its next to the last set of games in addition to making up a postponed contest.

St. Aloysius went on a hitting spree to trounce Highland Ave. Friends 16-3, behind the effective hurling of Lou Kallos to gain undisputed possession of first place honors in the second round, although one set of games have yet to be played. The Irish 10 has annexed six straight games without defeat in this round while Burgess U. B., Highland and Hillcrest Baptist tied for second, have each tasted the bitter dregs of defeat on two occasions.

Methodists Tie

Glenwood M. E. gained a tie for first place in the first round by edging Burgess 5-4 in a postponed game after the Brethren had walloped the Methodists 11-0 in a second round battle. The win enabled the Methodists to tie with Hoge Memorial No. 2 for top honors in the first round making necessary a play-off between Glenwood and Hoge No. 2 for the first round championship. The winner of this game will play St. Aloysius for the church championship of the local league and a place in the city church play-offs.

In other games in the league St. John's Lutherans whipped Hoge No. 2 by a 7-3 count and Hoge Memorial No. 1 won its first game of the second round by edging Hillcrest Baptist 6-5 in eight innings.

Monday Games

In the final set of games winding up the No. 1 league campaign Hoge No. 1 will tangle with St. John's Lutherans, Hoge No. 2 will engage Glenwood, Hillcrest will play host to the strong St. Aloysius team and Highland Ave. Friends will battle the Burgess U. B. aggregation.

Three Camp Chase Members on Star All-City Outfit

Three members of the City Championship Camp Chase American Legion junior team were selected on the all-star team's first roster while three more made the second team.

Roy Moloney, first baseman; Bob Wehr, second baseman and Jake Richards, pitcher, stood out on the honor team. Dave Wills, Don Rogers and Jack Stettler made the second honor team.

Girls Softball Team Is Booked

The "Yahooties" girls softball team, under the sponsorship of Wylie S. Shroyer, and managed by Betty Spang of the Hilltop, have won six out of nine played this year and will take part in the central district tournament now in process at the State Hospital grounds.

The Yahooties, who will play their first tourney tilt next week, are scheduled to play tonight at Sunshine park on diamond No. 1. The public is invited.

FUNERAL HOME TEAM IS DEFEATED, 8-2

Shroyer's funeral home softball team was defeated, 8-2, at Westgate park by Tracy-Wells as Paul Davis fanned 13 men. For games with Tracy-Wells, call MA. 7811, exchange 36.

STATE HOSPITAL TEAM IS ELIMINATED, 3-2

State Hospital's scrappy baseball club was eliminated in the fifth annual Ohio semi-pro tournament at Springfield last Saturday when they dropped a 3-2 encounter to the National Supply team of Springfield in 11 innings.

I AIN'T MAD AT NOBODY

School Is Never Out

Some children are glad and some are sad
school days will soon be here.
Vacation is over—they must start again
and study another year.
In childish play they'll go each day back
to the city grade school . . .
Clean faces and dresses and neat curly
tresses, to learn the golden rule.

There will be another vacation next summer—to some it will be the last day.
They'll leave the school and the golden rule and store their books away.
They'll grope in darkness in a feeble way until their funeral day.
Their quest'll be futile in the field of labor for a job with regular pay.

Education they'll need if they would succeed among competition and greed.
Discard indolent looks and study trade books — the requirements are knowledge and speed.
If they'd be governed by this friendly advice they'd succeed without any fuss.

Utilize spare time in useful research 'cause school is never out.

Hilltop Firm Makes Furniture To Suit Owner

The Columbus Furniture Manufacturing Co., 178 N. Warren-av, is one of the growing concerns on the Hilltop. They are the only company in the city which manufactures complete suites of living room, dining room and bedroom furniture and they also have an upholstery repair service.

The company is equipped to make furniture to suit the individual taste and carry in stock a variety of woods so they can produce any out-of-the-ordinary piece or suite which might be asked of them.

Mr. G. H. Ett, owner of the concern, has had 18 years experience in the furniture business and he says that the feature of their furniture over most other that is made is that it is built of solid hardwood and not a thin veneer of the hardwood such as mahogany or oak over some soft wood and yet because of the low overhead, this custom-made furniture can be purchased at great savings.

This concern is contemplating expansion because of the increased demand on it. The service they offer is especially attractive since they help the customer work out attractive decorative color schemes and also have an easy financing plan for the purchaser.

Modernistic Fruit, Vegetable Bin At Fox Food Shoppe

A modernistic fruit and vegetable display bin has been installed by the Fox food shoppe, Eureka and Broad, Harold Fox, proprietor, revealed today.

The display, based with a refrigerator unit, is the latest device on the market for keeping fruits and vegetables "garden-fresh."

Indirect lighting enables the customer to select his pick of the items. It also furnishes a novel display at night, with fluorescent, the glowing lights showing up the store front.

Rededication Services At Burgess U. B.

Special rededication services will be held at Burgess Ave. United Brethren church Sunday at 9:45 a. m., celebrating the completion of redecoration of the interior of the church building. Rev. B. E. Burtner, pastor, will deliver the morning sermon, the first since his return from vacation.

A number of special music selections have been arranged for the occasion. W. O. Elder is in charge of the committee planning the program.

In our display room we carry a complete selection, —and it is not necessary to leave our premises to select a service.

Ohio State Gifts Total $279,062 During Past Year

Gifts to Ohio State university for the year ending June 30 totaled $279,062.89, it is shown in the annual report prepared by Business Manager Carl E. Steeb.

Of this amount $239,684.50 was for general and specific purposes, and $39,378.39 was for the endowment fund. Of the latter item only the income is to be used from year to year.

Student loan funds profited to the extent of $3,182.60 during the year, a number of contributions for this purpose coming from the Ohio State University Mothers' clubs in various counties.

A major item of the past year's income was the funds received for the creation of fellowships and scholarships, adding $18,235 to current funds and $20,552.39 to endowment funds. These funds came from individuals as memorials of as bequests, and also from organizations. A number of corporations have made gifts to finance scholarships and fellowships for particular kinds of research in which they are interested.

Simplified Method Of Teaching French Used In New Book

A simplified approach to the teaching of beginning French which starts students reading and speaking the language from their first minute in class is described in a new textbook just released.

The text, called "Beginning French," is the work of Professor William E. Hendrix, chairman of Ohio State university's department of romance languages, and Walter E. Meiden, instructor in that department. Houghton Mifflin Co. is the publisher.

The new technique, called "the cultural approach," has developed through experience with Ohio State students, with classes conducted by radio over the university station, with adult evening classes, and with high school groups. It corresponds to the first year of college French or to the first two years of high school instruction in that subject.

WASHING FOR FINE HANDIWORK

It isn't necessary to be gifted with the needle to do fine handiwork for the house. Bedspreads, scarves, bath mats, pillow covers and other washable household furnishings come with attractive patterns stamped on them and lovely colored braid which fluffs up into luxurious chenille after the piece has been washed in soap and water. The braid is sewed on with a simple running stitch.

BEAN DAY TRACED TO GALLIA CO.

The first Bean Dinner was probably held down in Vinton, in the hills of Gallia county, almost half a century ago, according to information we have been able to gather.

"It seems that in the old soldiering days—as well as now—beans played a prominent part in the daily menu of the boys who tramped — and tramped — and ramped.

Whether the architectural structure of the bean was supposed to supply much needed energy or whether it just happened that beans were handy and easy to transport and prepare is a matter of conjecture.

But it's a well known fact that they did have beans.

Peace—But More Beans

Came the happy day when the soldier stopped firing at each other and laid down their arms. Days moved into weeks and weeks into months, and the years passed.

The survivors of those hectic days finally began organizing into Posts of the Grand Army of the Republic. They began meeting regularly. Someone pointed to a very depleted treasury—a treasury that needed no treasurer to handle.

Someone else advised "doing something about it." The argument was on. How to raise money to provide the posts with necessary funds for administrative purposes as well as entertainment was the big question before the gathering.

Treasury Grows

Then someone suggested — of all things—a Bean Dinner. They decided to adopt the idea. They also decided to charge a nominal sum of 25c per plate. The idea grew—and so did the treasury. Before long it was an annual affair down in Gallia county even though after a number of years the G. A. R., original sponsors of the plan, decided to cut themselves from the event.

Years and time marched on. Finally the event itself faded.

Came 1938.

The members of the Hilltop Business Men's association were gathering for one of their meetings.

During a lull in the session a young man by the name of Ed Melvin jumped to his feet.

"Why not have something different? Something that everyone will enjoy. Something that won't cost them a cent. Why not have a bean dinner?"

The other members looked interested.

"Now back when I was a youngster," Ed began, "I used to hear of and sometimes attend what we folks down in Gallia county called Bean Dinners. It was like this—"

Ed Melvin Explains

And so long into the night a group of men grew more and more interested. Lou Saunders seconded the idea and the ball—or rather the bean—had started to roll.

That first year—in 1938—some 35,000 people crushed around the bean stand where huge cans of baked beans, done to a nice turn by the David Davies people, were being dished out as fast as weary arms could dig down—and down—and down.

Despite a clothes-drenching rain that came down in bucketsful, that first Bean Day Dinner and ensuing celebration was a big success. They came and they ate and they drank coffee and then they stayed to dance. Everyone was enthusiastic. Every one went home that night full of praise—and beans.

And then the next year—last year—they all came back, and they brought others with them. The Westgate park was very nicely cleaned by the City Recreation department. City officials and many prominent Columbus business men could be seen standing in line waiting for their plates to be filled.

The Hilltop, Columbus, O.

Vol. XXIV, No. 18
Total No. 1217

When the conductor of the column that usually occupies this space put on his hat and coat last week and hit the road eastward, he left the gate wide open to help us fulfill that long-felt ambition to become a full-fledged columnist, but gosh, now that we've got the chance to become another Winchell or Pegler or even a Tusco, what to say.

We might tell you that it's too bad you never met Sam Prince. Sam was the gateman at a local glass factory until recently when he "retired" from industrial life to become a quiet citizen of some little town down—or is it up—in the hills of ol' Kentucky.

Sam lived in his memories. His blue eyes twinkling, his short, sharp nose sniffing as blue ribbons of smoke curled up from a "two-for-a-nickel," Sam would sit for hours, if they'd let him, telling of the days when "he was the orneriest beamp in Kentucky."

And Sam's delightful brogue made his homespun philosophy sound so much more true to life.

Sam would tell of the squirrels he used to pop right out of the tree tops with one shot . . . of the moonshiners and revenooers . . . of the tricks he and the youngsters used to play on other youngsters and sometimes grown-ups . . . he'd chuckle as he told of the greased pole trick . . . at the discomfiture of some early morning riser as he strode barefooted out into the moonlight and found nothing in his back yard but the wind howling in the loneliness . . . and how the preacher in the village church would "cuss a blue streak" when he found that little shanty perched on his church steps.

Yep, Sam was a "corker" in his day. And Sam never did tire talking about the time the politicians in the county were staging a bitter fight. Sam and several of his 16 children were hauling a load of wood up the side of a rather steep hill when the horse "just stopped." They all jumped off the wagon and put their shoulders to the wheel to give old dobbin a lift. Along came the politicians and as Sam told: "They wuz a sittin' there to their rig watchin' us and the sunshine was a flickerin' on big rings—I thunk they wuz diamonds but they may a bin glass."

"They jest sat there for a spell and finally one of them—the big pot-bellied one—he gets off the rig, and the springs bounce back like a tester totter when he did, he gets off and comes over to us. 'Boys,' he says, chawin' off a bit of the big fine looking ciger he was smokin', 'how about gettin' your votes for us. We're fine upright citizens and hard workers. We're always ready to give the working man a lift.'

"Now I peered up at him," Sam continued (Sam's just a little runt), "and I says to him, 'Mister, if'n you all wants my and my boys' votes, get you and yer friends off the rig and give us a lift up the hill.

"Last we seen of 'em, they was a cuttin' up the dust over the top of the hill. And we didn't vote for them, nuther."

Troy Brown, 510 S. Hague-av, fireman at the Owens-Illinois Glass Co., is one of the mainstays of that firm's softball and baseball team . . . Lou Kallos, St. Al's hurler, is a machinist there . . . Don Kelso, another Hilltopper, is on the maintenance crew there, and Irwin Zitzke is also a machinist.

Jack Kidwell has really been burning up the Beacon Light golf course . . . he would, if he had more time to devote to tournament play, be one of our real threats in ANY tournament, ANY time . . . and speaking of golf, over on the North Side they were holding the Associated Press-Mansfield-Lorain golf tournament last week when it started to rain . . . the boys all started for the nineteenth hole, threw away their score cards enroute and drew the champion's name out of a hat—which is one way of winning a title.

. . . Perry Morison, 2954 Crescent-dr, was spending his day off "sunning" on the front porch when he heard the distant screaming of fire sirens. Closer and closer they came. "Wonder where that's at?" Perry asked his wife and then almost jumped out of his slippers as the engines scooped by, brakes screaming, stopping just a few houses away where the E. Evans automobile, garage and house were suffering a $1000 fire loss.

Pin Loop Captains To Meet

Bowling on the Hilltop Recreation lanes will begin for the 1940-41 season tomorrow when Bill Wolfe switches on the lights and the pin boys set up the gleaming maples at his 2410 W. Broad-st alley. Mr. Wolfe has called meetings of the team captains for next week and expects another 10 loops functioning this year.

Workmen have been busy all summer resurfacing the alleys and Manager Garland Painter declares them in "the finest shape ever."

Forty new lockers have been purchased and installed and the plant is in tip top shape.

Captains of the Tuesday Night league and the social league will meet on Tuesday, Aug. 13; while on Wednesday night the Suburban loop captains will convene at the alleys.

Thursday night the Ladies' league captains will gather while representatives of teams in the new league that has been formed will meet on Friday night.

All meetings are scheduled to get under way promptly at 8 p. m.

The alleys will be open daily for practicing starting Saturday morning. League bowling begins Tuesday, Sept. 3.

Doris Chenoweth "Slowly Improving" At Mt. Carmel

The condition of Miss Doris E. Chenoweth, 22, of 760 S. Richardson-av, who was seriously injured when the taxi in which she was riding was struck from the rear by a car at Broad-st and Dakota-av last Saturday, is reported as "slowly improving" at Mt. Carmel hospital where she was taken by a passing motorist.

Miss Chenoweth was also injured several years ago when the bleachers collapsed at South High field during a West-South grid tilt.

Physicians at Mt. Carmel hospital said Miss Chenoweth suffered a broken neck, back injuries and severe shock.

Eight-year-old Carol Trapp, 604 S. Richardson-av, is recovering at her home after suffering a skull injury and fracture of the jaw when her bicycle was struck at an alley intersecting 604 S. Richardson-av. She was treated at Mt. Carmel hospital.

To Dartmouth

Robert H. Davis

Robert H. Davis, son of Mr. and Mrs. Herbert C. Davis, 97 Powhatan-av, will continue his higher education at Dartmouth, it was revealed this week.

Bob, who attended West Broad Street school as well as West High, previous to graduating from Columbus Academy in June, starred in his studies as well as in athletics at Academy. He played three years as a varsity member of the football and baseball squads, captaining the diamond team last year. He plans on taking pre-medics at Dartmouth.

Comes a note from Ernie Porter . . . "A daughter, Dian Lee, was born to Mr. and Mrs. Charles E. Paugh (Geraldine Smith), 356 S. Harris-av, in White Cross hospital, July 31. The proud parents are both graduates of West High school, class of '31." And then comes a PS—"I would personally appreciate it if you could slip this on page one." Okay, Ernie, consider it slipped.

While we won't mention any names, one of the beauty contest entrants last week at the Bean Day Dinner was rated highly until one of the judges took a third—or was it a fourth glance—at the gal's knees. And there, in a bright red patch about the smiling girl's knee-caps was a runner of sun-burn. The judges went into a huddle and decided to eliminate her on the technicality. Fine stuff and such.

Coach Williams Has Eleven Empty Headgears---And That's About All

First Grid Drill Scheduled At West On August 20th

Get out the ear muffs and longies, boys, for fall and winter are just around the corner.

Coach George Williams, West High's athletic major domo, this week issued the first call for prospective candidates for the Buckaroo 1940 grid machine and at the same time called for a big, big towel in which to shed those big crocodile tears.

George, it seems, has just discovered that all he's got left of last year's title contending football team is 11 headgears. And he's got to find material to fill in those headgears.

Eighteen gridders received their "going away" papers since that hectic day last November when North's juggernaut steamrolled its way to a 21-0 win over West, thereby snatching the title from the West High lads in the final game of the season.

Lost by graduation were Myles Alban, Jack Barrett, Ned Bell, Frank Blackstone, Jack Carpenter, Warren Carter, Jack Dieterhorst, Jack Frederick, Bill Garnes, Bill Hart, Cliff Lerum, Bill Meck, Jack McDonnell, Paul Rogers, George Ryder, Jack Snyder, Les Westerman and Al Williams.

Three lettermen return, Les Brandenberg, guard; Ray Smith, guard, and Ray Medlick, a halfback that Buckaroo foes will see plenty of.

Uniforms will be issued at 2 p. m. on the afternoon of Monday, Aug. 19, at the gymnasium office. First drill of the season will get under way on Tuesday, Aug. 20. Coach Williams asks that all prospective uniform wearers bring along a good combination lock.

Over 30,000 fans saw the Buckaroos in action last year, topped by the 6500 at Springfield.

Ten games are on this year's schedule, opening with Newark, at Newark, in a night tilt on September 13. There are five home games on the schedule.

The complete schedule:
Sept. 13 at Newark (night)
Sept. 20 at Springfield (night)
Sept. 27 at Van Wert (night)
Oct. 4, North (afternoon)
Oct. 11, Grandview (afternoon)
Oct. 18 at South (night)
Oct. 25 at Central (night)
Nov. 1, Dayton Roosevelt (afternoon)
Nov. 8, Aquinas here.
Nov. 15, East here.

Kent's Go To Quarter-Finals In District Softball Tourney

The Kent's team will play Newark Owen-Corning Glass in a quarter-final conflict Wednesday night at 8, it was announced by H. S. Anderson, district commissioner, today. The Fibreglass unit has defeated both Bobb Chevrolets and Kahn Jewelers and will give the Hilltoppers, who have beaten Ben Brew and Coated Fabrics, a hard fight. The winner will enter the semi-finals of the meet.

The second game Wednesday evening will find Rader Morticians of West Jefferson crossing bats with the winner of the Jeffrey-Kay Jeweler contest to be played tonight. This is a second quarter-final game.

Coming from behind in the fourth canto with a four run barrage after trailing 4-1, Kent's Modern Market, Hilltop entry, gained the quarter finals division of the Central District Softball tourney at State Hospital Wednesday by defeating Columbus Coated Fabrics by a 10-6 margin.

Charlie Hall again twirled for the Grocers, although in this instance he was solved for five hits. Four Kent errors, however, were contributing factors in the Fabric scoring. The Marketmen, in gaining the quarter-final berth, banged out 12 safe blows.

Tonight's three-game set will find Main Vending, the tourney dark-horse, tackling Pailets Milks at 6:30, followed by the second game of the girls' championship series between Wilke Meats and J. and K. Shoes at 8. In the final tilt of the evening Jeffreys will meet Kay Jewelers.

The supper, which is pot-luck, will be served promptly at 6 p. m., under the supervision of Mrs. Francis Myers and her committee. Each person is requested to bring their own table service. Ice cream, lemonade and peanuts will be served free by the club.

Church Loop Title At Stake Monday

By Dave Shiflet

The first round title will be at stake Monday night in the West Church league No. 1 at Westgate park when Hoge Memorial No. 2 sends its stars into action against Glenwood M. E. at 6:30. The two outfits will be fighting for the right to meet St. Aloysius for the local church championship in addition to a place in the City church series.

The Hogemen and Methodists tied for the first round title while St. Aloysius gained the undisputed diadem in the second round, although beaten by Hillcrest 7-6 in the final scheduled battle. Glenwood M. E. warmed up for its important tussle with Hoge by trouncing the No. 2 Presbyterian unit 11-7 Monday. In other games Burgess U. B. spanked Highland-av Friends 10-1 on Cash's three-hitter and St. John Lutheran defeated Hoge No. 1, 5-1.

St. Aloysius will tussle with the winner of the Glenwood-Hoge game Monday, Aug. 19, at Westgate park, it was announced by city recreation department officials this week. St. Aloysius, along with either Glenwood or the Presbyterians, and Calvary and Salvation Army will represent the Hilltop and West Side in the City church playoffs to be contested the latter part of August.

Calvary Lads Busy

In the West Church league No. 2 Monday night at McKinley-av field Calvary Presbyterians and Salvation Army, first and second round winner respectively, and both holders of places in the church series, will battle with the league championship being awarded the winner. Calvary, defending City church champion, was upset by the up-and-coming Salvation team in the final game of the second round, by a one run margin. The two teams are well matched in the field and at the plate and an excellent contest is in the offing.

Valleyview Election Cost $22

"Get out of the red—with Valleyview."

That should be a popular slogan about town these hectic days with mayor and councilmen battling to keep the city's chin above the troubled waters. Especially since the Valleyview community of 500, only this spring incorporated as a village, shows a figure very much in the black after its initial election last week at which 42-year-old Lafayette G. Wareham, 505 N. Harris-av, was elected mayor.

The village started life with a $150 fund, contributions from its inhabitants. The election cost them just $22 and that for printing of ballots and poll books, plus other supplies. The workers donated their services in the booths and the site of the election—the garage of Thomas Jones, 319 N. Warren-av—was also donated.

The election was held under the supervision of Franklin-twp trustees.

Final tabulations returned the following victors in their quests for public office: Mayor, Lafayette G. Wareham, 505 N. Harris-av; clerk, Miss Thelma Turner, 2688 Dibble-av; treasurer, Harry E. Holroyd, 478 N. Warren-av. All were unopposed.

Charles D. Blair, 2480 Valleyview, was elected marshal with 130 votes, compared to 89 received by Orville Tussing, 505 S. Hague-av.

Councilmen elected were Archibald Rogers, J. Webb, George W. Halliday, Joseph [illegible], Paul L. Wilcox and Mrs. Ruth M. Burnside.

Lucille Elliott Is Wed

Mrs. Harold Horch

Standing before an altar banked with palms, ferns, vases of white gladioli and seven-branch candelabra, Miss Lucille Elliott, daughter of Mrs. Nettie E. Elliott, 37 S. Highland-av, exchanged marriage vows with Mr. Harold S. Horch of Hilliards Sunday afternoon in the Glenwood Methodist church.

Miss Geraldine Evans of Hanover, the bride's cousin, presented a half-hour program of organ music preceding the 3 o'clock ceremony, which was read by the Rev. Joseph B. Shellhaas.

Miss Elliott's wedding gown was fashioned of white embroidered organdy, made with long, full sleeves, a high neckline and a short train. A Dutch cap held her finger-tip veil in place. Her flowers were white roses centered with an orchid.

White dotted swiss fashioned the gowns of the bride's three attendants, Mrs. Greenville T. Pace as matron of honor and Miss Marilyn Gene Borror of Grove City, and Miss Emogene Hoover of Hilliards as bridesmaids. The dresses were made with bouffant skirts, jackets and short puffed sleeves. All three attendants carried gladioli bouquets and wore the same flowers in their hair.

Groomsmen included Mr. Raymond Horch, the bridegroom's brother, as best man, and Mr. Greenville T. Pace and Mr. Richard Disbro as ushers. The bridegroom is the son of Mr. George Horch of Hilliards.

For the reception at the bride's home, following the service, Mrs. Elliott wore an aqua lace gown with white accessories and a corsage of roses and pom-poms. Mrs. George Horch wore navy sheer with white accessories and a rose corsage.

Miss Elliott is a graduate of Ohio State university and a member of Phi Mu sorority. The bridegroom is associated with the Samuel Stevens Co. They will make their home at the Highland-av address.

Dallas Elliott Confined To St. Francis

Dalls Elliott, 32, of 180½ S. Harris-av, is in "good condition" at St. Francis hospital where he is confined as a result of suffering a fracture of the skull when struck over the head with a rolling pin last week by a neighbor.

Mrs. Elliott notified the Hilltop Record that the fracas did not start because the Elliotts objected to noise made by Mr. Chinn, the rolling-pin wielder. Instead it was Mr. Chinn who objected to the Elliotts raising their windows when Mr. Elliott returned from work around midnight, she elleges.

An argument ensued during which time Mrs. Elliott alleges Mr. Chinn used abusive language and Mr. Elliott went downstairs to remonstrate. It was then, Mrs. Elliott claims, that the rolling pin came into play.

Mr. Chinn, police reports show, is out of jail on bond.

John Lauman, Tom Murnane and Bernard Keffer were the three leading contestants in last Friday's work on the horizontal bar. This competition will be held every Friday about 2 p. m. and it is hoped more boys will develop strength and skill on the horizontal bar and trapeze rings.

Plans Completed For Hilliards Fair

With hundreds of 4-H club exhibits already entered for the Franklin county fair at Hilliards Aug. 13, 14, 15 and 16, and many more anticipated, steps have been taken by the fair officials to handle this unusual list of entries by the appointment of a large group of junior superintendents.

Keen rivalry has been stimulated among the prospective youthful exhibitors not only in the competition for the premiums offered, but in contests to be conducted, the winners of which represent Franklin county at the junior Ohio state fair.

Another feature of the fair will be the appearance of three bands representative of the youth of the county. On Wednesday the Grove City High school band will furnish music for the fair visitors, the Gahanna High school band on Thursday, and the county 4-H band on Friday. In addition to these organizations, the Dublin band will play each day of the fair.

HILL TOPICS —by P.W—

We didn't learn the outcome of the project but Lem Seiller, Jack Merriman, Paul Leighninger and Billy Hill were putting up a good fight to master the intricate workings of one of "them new-fangled" electric sewing machines. The machine apparently "jammed" with thread was the object of serious conferences by the quartet.

A wealth of ideas and a peculiar assortment of tools, including a pocket knife, large screwdriver and something that looked like a pruning knife, had not started the machine working during the 15 minutes this observer stood by. The last we heard of the affair they were scouring the store for more tools to get down into the workings of the gadget.

If you have a problem of removing stains from your clothes, Coleman Louks, State Hospital pharmacist, will be glad to make suggestions but he's sampling all cloth before he applies stain remover.

It all results from an experience he had a few days ago.

One of [redacted] came to him at the pharmacy room to see if he could remove some stains from the front of her skirt. Obligingly "Doc" applied a generous application of acetone, a solvent for most stains. Seconds passed and the stains began to disappear. Likewise the skirt or at least that portion of the skirt treated by the solution.

The dress turned out to be one of those "coat and air" combinations of cloth instead of the usual cotton fabric.

"How was I to know," "Doc" queried.

I AIN'T MAD AT NOBODY

The Street Corner Politician

They have no use for a monarchy; we are lax in the states.
Listen to their speeches when assembled for street corner political debates.
They thunder about each blunder since the world tour of Nellie Bly—
With precision they define taxation and ships that fly in the sky.

They have a wonderful memory; they explain who is the best man.
Our salvation is fortification; have to a man the right plan.
They'd preserve with a gun our democracy; that is the gist of debates.
They recite with uncanny dignunity how to run the forty-eight states.

I salute the street corner politicians; they're an asset to civilization.
Their interest is really commendable no matter what their vocation.
To preserve traditions of ancestors we need airplanes more than debates,
And pray for light, so all can recite how to run the forty-eight states.

Wynn Murray a Wow In American Jubilee

Winsome Wynn Murray, one of the singing stars in the mighty musical extravaganza, the American Jubilee, is adding new laurels to her list in her tuneful catchy "Tennessee Fish Fry". World's Fair visitors leave this huge theatrical spectacle humming the tune after each performance. There are 350 performers in the cast.

Ohio State Class To Get Up Early For Graduation

There'll be at least a few less degrees at Ohio State university's summer graduation exercises Aug. 30, thanks to a change in arrangements announced today.

Ohio State will be presenting about 650 degrees and an extra 90 or so degrees being tossed out by the weatherman these days is just too much, the commencement committee decided.

Accordingly, graduates will be up early to receive their diplomas at 9:30 a. m., instead of at 2 p. m., as originally scheduled. The exercises will be in the gymnasium.

Dr. Bennett Weaver, University of Michigan, will be the speaker, and Dr. W. R. Walker, pastor of Indianola Church of Christ, will be the assisting minister. Professor George W. Eckelberry, director of the summer quarter, will present the diplomas.

That sum included corporation and individual income taxes, excess profit taxes, employment taxes and other miscellaneous internal revenue producers. Car Tracks To Stay On W. Broad-st and Hague Avenue Until Next Year

The Spectator
By C. C. Hartley

This Business Of Vacations

The French have a way of saying that "to go away is to die a little" . . . but the French have been known to be wrong at times. And anyway . . . well we're willing to die a little about twice a year.

And so last week while the congenial Mr. Robert Wunderlin was knocking out a few sheets of copy for this corner we were doing a few odds and ends on a 1600 mile trip east, including a flight over Washington by air, a dip in the tide of the Atlantic City beach, two days at the World's Fair and a general taking in of things noisy and things bright in New York City.

But it's good to be back after thoroughly enjoying it all and we're looking forward to the second sojourn shortly. All of which is a conclusion of our own that a vacation is one of these necessary things.

* * *

He Must Have Been

Two taxi drivers were coming at their usual reckless speed down two of New York's busiest converging thoroughfares. They were about neck and neck and each one urging his machine on toward the intersection.

And when it was apparent they were going to collide alongside each other one of them slammed on his brakes, allowing the other to cross the intersection, whereupon the "winning" driver turned to his fainted passenger and in his best braggadocio manner exclaimed, "I knowed he wuz a sissy!"

* * *

Notes Scribbled At 39th and Broadway

Parked in a Child's restaurant in downtown New York sipping (sodas) . . . and a member of the party pipes up that the sodas were not nearly as good as those Shirley Umbenhaur dishes up . . . An American girl and Chinese boy discussing 10c patriotism, the kind you buy and display by waving a flag . . . the experience of the girl at Coney Island selling song sheets and yelling "Buy God Bless America" . . . More sights for your money on the ten cent trip on a bus up Riverside drive than any other sightseeing trip in the big city . . . Funny how waitresses always hand the checks to Dan Kavanaugh . . . must be his fatherly look . . . Saw Jimmy Patterson, former Ohio State diver, do his stuff in Billy Rose's Aquacade . . . Our nomination for best show at the fair: American Jubilee . . . all the shows end with a patriotic splash of "Star Spangled Banner" . . . Through Pennsylvania station just a short time before police discovered what they thought was another bomb and caused them to close traffic for five blocks for four hours . . . What would happen if a tire should blow out while speeding through the Holland tunnel at 45 miles an hour, one car right on top of the other . . . Best food and evening of the trip: Culloci's Italian sidewalk cafe, after a set in at Radio City Music Hall . . . "One Al Jolson" is the waiter's way of producing a bottle of Sunny Boy burgundy . . . I'll take iced tea! . . . Believe it or not, the one place at the world's fair that a newspaper man's pass won't admit a newsman is Bob Ripley's Believe It Or Not emporium.

Homecoming At Galloway On Labor Day

The seventh annual Galloway homecoming will be held on Labor Day, as usual, it was announced today.

Many added attractions will be found in this year's program. Among the day's activities are included parades, colt show, cat show, candy and flower shows, patriotic programs, ball games, wrestling, boxing, amateur program and dancing.

Over $100 in cash prizes will be given. The entire program is under the sponsorship of the Galloway Booster club.

Wiggins Out At Glenwood Park

B. E. Wiggins, supervisor of physical education in Columbus public schools from 1919 to 1932 and a teacher until last year, lost his position as temporary playground supervisor at Glenwood park Wednesday because he is over the age limit. Recreation Director Jack Cannon said Wiggins is 67.

Glenwood M-E. Cops Loop Title

By Woody Owens

Glenwood M. E. captured the first round championship of the West Church league No. 1 Monday night as a result of its 8-1 win over Hoge Memorial No. 2 in a play-off game. Dick Colburn led the Methodists' attack with two hits, besides counting three of the champions' runs.

In the near future St. Aloysius and Glenwood M. E. will meet for the No. 1 league title but both will compete in the city finals, probably before the playoff.

Calvary Presbyterians, defending city church titlists, captured the West League No. 2 title with a 3-2 victory over Salvation Army Monday night.

Kamer's double and Goodal's single accounted for the winning tally in the final frame. Calvary Presbyterian won the first round title and Salvation Army the second round although for a few days it appeared as though the Salvation Army lads would be declared ineligible. The Recreation Department, however, gave them a clean bill of health at its protest meeting last week.

Betty Scoles, one of the Hilltop's finest feminine athletes, was named on the Girls' All Central district softball team which was selected from the six teams which participated in the local tournament at State hospital.

Betty took part in but one game, garnering three hits and playing fine ball afield for her Shroyer's funeral home team.

Valleyview Officers Inaugurated

Oaths of office were administered by Domestic Relations Judge Clayton Rose. The election was held Aug. 1 at a cost of $22.

After taking oaths of office last night, council held its first meeting at the home of Councilman Rogers, 2678 Valleyview-dr. Gale R. King was appointed village solicitor. Lafayette Wareham is mayor.

West Junior High Students Should Enroll Aug. 28, 29

Mr. Smith expects another large enrollment and urges all to register as soon as possible in order to make complete arrangements for the coming term.

Dogs, dogs, dogs!

Big dogs, little dogs, clay dogs, sponge dogs, candy dogs, clock dogs, pipe-cleaner dogs, wooden dogs, glass dogs, paper dogs, match-box dogs, dogs with tape measure tails, book-end dogs, china dogs, cloth dogs, black dogs, white dogs, red dogs.

That's what you'll find if you can gain admission to the bedroom of 16-year-old Harold Gamso, 555 Columbian-av.

For Harold — and his family and neighbors and friends—are all very much dog-minded. So much so, in fact, that every time they see a picture of a dog, a miniature of a dog, or a post-card or book, they bring or send it to Harold.

Harold now has almost 250 dogs of every sort. And he's still getting more. He has dogs from

Harold Gamso and "Mike"

almost every state in the Union. The idea for this interesting hobby was "born" in the youngster's mind two years ago when he visited friends in Terre Haute, Ind., and saw a rotogravure photo of a girl and her collection of dogs. From that moment on Harold became interested in collecting everything pertaining to dogs.

His friends soon caught on to the idea and now every time Harold has a birthday or a holiday rolls around, he's sure to get a flock of "doggy" cards.

And to prove that Harold is really serious about this hobby, who ever heard of anyone keeping a big piece of chocolate candy for two years—even if it is a chocolate dog.

Harold's bedroom is doggy through and through. His chair covers, curtains, pillow slips, and even the clock that ticks on the wall, have the dog theme.

His collegiate shirt is emblazoned with red dogs, a product of his mother's nimable fingers.

Harold's hobby partly makes up for the fact that he doesn't have a real live dog of his own although he did borrow "Mike" for the picture.

Harold is a member of the Sons of the American Legion, Columbus Post No. 82. He is a member of that group's drum and bugle corps and also a member of Trinity Choir boys' choir of Trinity church. He is secretary-treasurer of St. Andrews Trinity church and acting adjutant in the post drum corps.

He wants to be a veterinarian when he grows up, although he isn't so sure about that. You see, he doesn't like to see dogs suffer.

Yes, man's best friend has got a real friend in this lad.

Gridders To Receive Uniforms Monday P.M.

Coach George Williams expects a huge crowd of prospective gridders on hand Monday afternoon when he issues uniforms for the squad at the West High school gym office at 3 p. m.

First grid drill of the 1940 season will be held Tuesday afternoon, Coach Williams plans.

With prospects for a successful 1940 campaign hinging on the newcomers, Williams expects a wide open race for the positions on the squad.

Only three lettermen will return out of a squad of 21 of last year's title contenders. Les Brandenberg is expected to fill in one guard position and Ray Smith on the other side of the center. Ray Medlick, a prospect in whom Williams is depending a lot, will be back at halfback this year.

The Buckaroos open their campaign on Sept. 13, with a night tilt at Newark. The first loop game will be played on the local gridiron on Oct. 4, when North comes here for the opener.

All boys interested in the football team managers job are requested to contact George Williams at the gymnasium office at 9:30 a. m. Saturday.

The Buckaroo gridders will be dressed in white light weight jerseys with red numbers for their first few games, these being cooler than the regular game jerseys.

Coach Williams has been attending the coaching school sponsored by nationally famed grid coaches and expects to arrive back on the Hilltop some time today with a bag full of new tricks for this year's edition of the Buckaroo gridders.

Williams has requested that all uniform-getters bring a good combination lock for use on the gym lockers.

New York World Fair Tickets Are Prizes In Letter Contest

And we're off to a flying start!

The contest editor was almost swamped under a flood of entries in the first letter writing contest which the Record is conducting with the co-operation of officials of the 1940 New York World's Fair.

It's easy to enter and it costs nothing. Simply write a brief 50-word letter on "Why I Read Record Want Ads" and mail or bring it to the Hilltop Record, 14 S. Oakley-av.

Deadline for this week's contest is Wednesday night, Aug. 21.

Prizes in this big contest are three books of tickets, one each to the three contestants writing the best letters, which will give you a thrilling day at the New York World's Fair. Included in this strip of tickets are two admission tickets, two parking tickets, and two tickets to each of the 19 outstanding attractions at the fair, including the sensational American Jubilee, Frank Buck's Jungleland, and the Perisphere.

Enter this gala Record contest today. Remember it costs nothing to enter. All letters become the property of the Hilltop Record and no letters will be returned.

Three more weekly contests will be run.

Winners of last week's contest which closed Wednesday evening were Mrs. Walter W. Curliss, 300 S. Hague-av, first; second place went to Keith Lane, 276 S. Harris-av, and third place to Mrs. A. T. Corrigan, 602 S. Hague-av.

Mrs. Curliss' letter (in exactly 50 words):

I Read Record Want Ads Because

HILLTOP RECORD advertising is carefully classified into sections, always presenting the advertisers' wares in a clear, accurate way. Several thousands of people read these ads each week and in every way they get better results. "RECORD ads are the "SPEED WAY" to quicker SELLING, the "SAVE WAY" to "BETTER BUYING."

Each of the three winners may secure the book of tickets to the New York World's Fair by calling at the Record office, 14 S. Oakley-av.

District Title Play Series Begins Tonight

One of the largest softball audiences of the season is expected to cram its way into the State hospital bleachers tonight to witness the first of the two-out-of-three games in the central district softball title play.

The two [illegible] winners of last night's semi-final play, will cross [illegible] at [illegible] under the [illegible] Broad-[illegible] Monday [illegible] second [illegible] staged. This tilt will be preceded and featured by the appearance of the 1939 state champion, Ferguson's Auditors, who will stage a contest against Timken's, Columbus Night league champions, in a non-tournament battle. The defending champions, the Ferguson's Auditors are automatically entered in the state tournament which gets under way in Massillon on Aug. 23, 24 and 25.

Fergusons are booked to tangle with an Elyria entry at 9:45 Friday night, Aug. 23, in a state tournament fray. The winner of the local district tournament will meet the Massillon representative at 1:15 p. m. Saturday, Aug. 24.

Should a third game be necessary in the district title play, it will take place on the evening of Tuesday, Aug. 20, at State hospital.

Wednesday night Kent's Markets nosed their way into the semi-finals which were played last night by upsetting a highly rated Fiberglass team from Newark 1-0 while Rader Morticians [illegible] ousting Key Jewelers, 18-9. [illegible], Hysell-for-Clerks battled [illegible]nts and Raders took on Main Vendors.

The J & K Shoes girls' team copped the central district title at State hospital this week when they swamped the Wilke Meats, defending champs, 17-7. Wilke miscues added largely to their downfall. Margie Myers led the winners with a five for five batting attack.

Burglars Enter Sparks Residence

The home of Mr. and Mrs. Franklin D. Sparks, 108 N. Roys-av, winners of the Typical Family contest, was burglarized last Saturday night but nothing was believed taken except an Eastern Star pin belonging to Miss Beatrice Sparks. Mr. and Mrs. Sparks and family are now vacationing at New York.

The intruder gained entrance by forcing a window on the front porch.

Only 'Hazards' Removed On 1940 Program

Hilltoppers who visioned "trackless" streets for the community will be disappointed to know that streetcar tracks will definitely remain in W. Broad-st from "the bottom of the hill" at the Institution for the Feeble-Minded to Hague-av and also on Hague-av, south from Broad-st to Sullivant-av.

The Columbus, Southern Ohio Electric Co., operators of the city streetcars and busses, who have been removing tracks at an estimated cost of $10,000 a mile, advised the Record this week that they are eliminating all traffic hazards first and since both the rails and the paving on W. Broad-st are in excellent shape, the rails will remain as they are until "some future time." Workmen have been transferred to the Mt. Vernon-av project.

Next Year?

The "future time" is next year since this year's program has already been mapped out and does not include the local project.

Rails have been removed and new asphalt laid from the T. & O. C. trestle to the bottom of the hill by the C. S. O. E.

Meanwhile, the B. F. Patterson Co., in its contract with the city, is removing the old Interurban rails from W. Broad-st from Hague-av west to "just beyond Southampton-av," City council has appropriated $12,000 of its gas tax fund for work on this Hague to Southampton project but experts declare that most of this money will not be used. Instead, they declare, money received from the Columbus South-[illegible] Co. as payment [illegible] city streets [illegible] year in this [illegible] have estimated the cost of removing these rails and laying new asphalt at $11,-000.

W. Broad-st, from Hague-av west to the city limits, should be thrown open to traffic on or about Aug. 24, depending on weather conditions, it is believed.

Hague-av interurban rails will be removed and repaving completed "some time next year."

Now that the marriage business has picked up we would advise all local pastors to keep themselves available at all hours of the day and night if they don't wish to miss out on the business upturn. One couple we know of sat in front of a local minister's home for two hours awaiting his return to perform the "I Do's."

A good suggestion might be to hang a sign on the front porch: "Back in an hour," or "Marriages performed on short notice." (Well, it's only an idea.)

American Jubilee Is Big Hit At N. Y. World's Fair

"American Jubilee" at the 1940 world's fair in New York is proclaimed the gayest and most extravagant musical show ever produced in America. Thousands see it daily.

The world's fair produced the gigantic show at a cost of over $500,000. This mammoth scenic arrangement moves on a railroad track more than twice the width of a standard gauge.

Detective Bob Cooke Is Proud Of His Unique Fob

One of Detective Bob Cooke's prized possessions is a watch-fob. A watch-fob made of the bullet which crashed through the doorway of a gangster's hideout on the Hilltop a few years ago, stung its way into his belt buckle and fell harmlessly to the floor.

It happened during the raid in which a squad of four detectives shot it out with one of the toughest bank robbery gangs ever to hit the city. One detective, another Hilltopper, Detective Cline, was killed in the raid. The others were shot. Three of the robbers were slain and one was electrocuted later in Ohio penitentiary.

Robert Cooke

Detective Bob Cooke, who lives at 458 Nashoba-av, was born down in the Hocking valley where youngsters either learn to swim or sink at an early age. So Bob, who was born in Logan, knew how to swim almost before he knew how to dress. But that's another story.

It was swimming that aroused his first interest in the juvenile problem in Columbus. Today he is chief of the police department's juvenile delinquency squad and is highly interested in the police camp for delinquent children that the Police Athletic association is sponsoring.

One of Bob's biggest disappointments in life was the failure of the drive to secure funds for his boys camp this year.

After his parents moved to Columbus and while he still was attending West High school, he got a job as lifeguard at the Olentangy swimming pool.

He worked there for one year and then was lifeguard and swimming instructor at the Indianola pool for four years.

Rode Motorcycle

Seventeen years ago he joined the police force and drove one of the first "floating patrols."

Later, he rode a motorcycle and drove a district cruiser until his appointment to the detective bureau in 1934.

He worked on the homicide, robbery and burglary squads. Before he was assigned to head the five-man juvenile detail, he specialized in larceny investigations.

In the latter assignment, he recognized the need for some sort of a program to soften the feeling of youngsters toward policemen. Juvenile crime was rampant at that time.

Blames Idleness

"Idleness," he says, "is the chief cause of delinquency with environment playing a basic role. Naturally, boys whose parents cannot finance the necessary recreational activities, are going to turn toward other fields for entertainment, which in many instances, is crime.

"Unless there is a feeling of good will between boys and police, the youngsters will get a kick out of outwitting officers by petty pilfering, burglary and even robbery.

"Parental delinquency also is a major cause of juvenile delinquency."

Clubs Organized

In many large cities—New York, Washington, D. C., San Francisco and others—police departments have organized clubs for youngsters. Boxing and wrestling matches, athletics, shows, bands, handicraft and other forms of entertainment all are under police supervision, Detective Cooke states.

Just because he is trying to swerve juveniles from the entrance to the path of crime doesn't mean that Detective Cooks isn't equipped to handle those men who have passed the halfway mark on the same path. Just look at Bob's record sometime. It speaks for itself.

Red Birds Are Host To Western Teams

Activities aplenty are in store for fans at Red Bird stadium during the remainder of the last Columbus appearance of the western clubs in regular season play.

Men's night is scheduled for tonight with the Brewers facing the Red Birds. Men will be admitted for 15c and ladies 45c.

Tom Sheehan's Minneapolis Millers invade the stadium Saturday for a night game at 8:15. It is the first Saturday night game of the season in Columbus. The Millers and the Red Birds will tangle twice on Sunday, Aug. 18, the first game called at 1:30 p. m.

The St. Paul Saints close the home stay playing night games Monday, Tuesday and Wednesday nights at 8:30.

Clean air every day for whole cities. Bad weather shut out where it belongs; no hay fever to rack victims, no more colds to cut down working hours, comfortable climate for everybody at maybe $15 per person per year. Don't miss this interesting article in The American Weekly, the magazine distributed with next week's Sunday Chicago Herald-American.

1. Saving of Wholesaler's profit.
2. Saving of Jobber's profit.
3. Saving of National Advertising cost.
4. Saving use of shipping cases.
5. Saving of bookkeeping and billing.

INSTALLED AT YOUR NEIGHBORHOOD DEALERS — SEE BELOW

The Stitt Spark Plug is an expensively-made product, using materials and workmanship that are equal or superior to any other high grade spark plug.

Let no one, whether expert or not, make you believe that the Spark Plugs in your car or truck when you bought it are the only kind that will operate it—the truth is, Stitt Spark Plugs or any other first class make of plug will operate it satisfactorily.

Billions of gallons of gasoline are made at compressor plants operated with Stitt heavy duty gas engine spark plugs. In all probability, the gas you are using right now in your car was made by gas engines using Stitt Spark Plugs.

As an additional proof of their superiority, over 85% of the railroads in the United States use automotive type Stitt Spark Plugs in their railway motor cars and have done so continuously for more than twenty years.

The Stitt Spark Plug factory was established in Columbus during the war to supply heavy-duty spark plugs to oil and gas fields in place of those made in Germany. The Stitt plug proved its worth in this emergency and has since maintained its place against all other plugs both foreign and domestic.

Over 90% of the gas engines in the oil and gas fields of the United States, Canada, Mexico, Central America, South America, Dutch East Indies, Europe, Asia and Africa use Stitt Spark Plugs.

I AIN'T MAD AT NOBODY

Is He Telling The Truth

Is the man a liar or telling the truth?
Wouldn't it be fine if we knew
Wouldn't it be fine if he'd speak right out
and we knew his story was true.
How much is concealed and never revealed
by the witness in the chair
All the jury can do is render a verdict
from the evidence offered there.

There will be a number of secrets revealed
as election time draws nigh
Veracity'll be stretched to the breaking point
and some will lie to the sky
I've seen many elections—they're 'bout
all the same, each side defames the other

They all disregard that Bible admonition
not to slander your brother.

Is the man a liar or telling the truth?
That'll never be revealed to men
If the prisoner confesses and says he is guilty he is probably lying again
They have lie detectors—To detect a lie—if they install one in each Town Hall
Like glass reflectors—They'll bust them detectors before the election this fall.

Peace Drive Started; Hilltop Residents Join

Many residents of the Hilltop are devoting much time and energy in cooperating with the Columbus Committee for the Emergency Peace Mobilization. The Columbus group is working locally to further a similar national committee's attempt to stage a nation-wide demonstration for peace in Chicago over the Labor Day week-end.

Rev. J. Ashburne jr., 136 S. Oakley-av, pastor of the Oakley-av Baptist church, is one of the leading sponsors of the local committee.

Many Columbus men have given their support and endorsement to the Chicago mobilization and the pre-convention rally which is being planned for Columbus about a week before the national event.

More than 40 residents of the Hilltop have indicated that they will make the Chicago trip.

Spears Funeral Home Adds Improvements

The Jerry Spears funeral home, 2693 W. Broad-st, are announcing the addition of a new Henney hearse to their equipment. The old hearse has been placed into service as an emergency ambulance. The new hearse has an automatic hydraulic lever which permits the driver to level the ambulance when resting on the side of a hill.

The new hearse, a "deluxe car," has walnut finish on the interior with blue drapes, giving a "carved effect."

Addition of an amplifying system has also been made, permitting organ or chime music to be played by transcription at the funeral service. The minister's sermon can also be "broadcast" over this unit.

A new canopy has been constructed adjoining a new black top driveway adding to the convenience of those using the Spears service.

Why more boys than girls are born during wartime. Cautious old mother nature compensates for wholesale slaughter by speeding up production of male children during and just after hostilities. Don't miss this popular science article in which Dr. Donald A. Laird explains this odd fact, in The American Weekly, the magazine distributed with next week's Sunday Chicago Herald-American.

Westgate Playground

Over a hundred and fifty people were present at the Westgate playground last Friday night for the doll show.

Judges Leo Phillips sr., 917 S. Ogden, Hub Jones sr., 44 S. Richardson-av, and George Devlin, 996 Northwest-blvd, had a difficult task of selecting the winners from 72 very attractive and some humorous dolls.

First and second prize winners were chosen for their clothes, looks and neatness while the funniest doll was awarded third prize. All prizes were donated by the Hilltop Business Men's association.

Ida Mae Emrich and Geneva Ann Emrich, 144 S. Westgate-av, seven and 10, won with their twin dolls. Caroline Ann Gelpi, six, 3014 W. Broad-st, won second prize while Joan Byers, four, 511 S. Hague-av, won third award.

This week's special event will be for boys, with the event announced at the playground at 7 o'clock tonight. Prizes will be awarded.

A horseshoe tournament will start Monday, Aug. 19. Entries must be in by that time.

Bob Williams qualified for the finals of the Hilltop tennis tournament by edging out George Collins, 7-5, 9-7, and W. R. Bigler, 6-0, 7-5. Bigler's 3-6, 6-1 and 9-7 victory over Lynn Price enabled him to reach the consolation finals.

In the consolation matches, Francis Harvey defeated Hub Jones, 6-2 and 7-5; and then came back to trim C. W. Merriman, 6-3 and 6-1. C. W. Merriman had defeated Leo Phillips jr., 1-6, 6-4 and 6-4. John Hipple defeated S. Kaufman 6-0 and 6-1 and Lynn Price 6-0 and 6-0.

In the junior tournament, Dick Slager qualified for the finals by defeating George Phillips 6-4, while George Phillips has qualified for the consolation finals by defeating Jack Wagner 6-2.

Jack Thruck defeated D. Luckhaupt, 6-4; Don Groene upset Roger Veit, 6-3; and then beat Jack Thruck, 7-5; Roger Veit trimmed Jim Price 6-4 and Edgar Moose eked out a 10-8 win over Jim Slager in other consolation games.

The undefeated Hilltop tennis team, sponsored by Hauntz Mkt., will play Delaware Saturday. Time of the match will be either 10 a. m. or 1 p. m. The time will be posted at the courts this evening as soon as word can be secured from Delaware.

Sufferers from hay fever, sinus trouble and the paroxysms of bronchial asthma will be interested in the announcement that Halomist, Inc., have appointed D. H. Clark, 1051 E. Main-st, local distributor for their products.

Halomist is sold throughout the United States on a 10-day money back guarantee and can be used with either a hand nebulizer or an electric halomister, both of which are sold by the local distributor.

Local Tennis Team Wins

In the closest match this season, Hauntz's Hilltop tennis team defeated a strengthened Westerville team at the Westgate tennis courts by a 4-3 score, enabling the locals to chalk up their third straight win without a defeat.

Scores: Williams beat Carass, 6-3, 8-6; Francis Harvey won from Spessard, 10-8, 6-2; White beat John Hipple, 0-6, 6-4 and 7-5; Filkington drowned Lynn Price, 6-3, 6-3; Henry beat Leo Phillips jr., 6-3 and 6-4; Williams and Price upset Thruck and Spessard, 6-4 and 6-3, while Hipple and Harvey downed White and Filkington, 4-6, 7-5 and 6-2.

Eagles To Hold Jamboree Sunday At Hamilton Grove

Aguila Hilltop Eagles are completing final plans for their midsummer jamboree to be held this Sunday afternoon and evening, Aug. 18, at Hamilton Grove, located on Hall road. Recently modernized, this grove is one of the most beautiful picnic grounds on the Hilltop.

A roast beef plate supper will be held between six and eight in the evening. In addition, the committee has arranged for contests for young and old. Dancing is also on the program.

A nominal charge is being made for the supper, which includes refreshments. The public is invited and admission tickets are available at the Aerie Home, 2856 W. Broad-st, or at the picnic grounds.

West Side Camera Club Meets Tonight

Every member of the West Side Camera club is strongly urged to be present at the monthly business meeting to be held Friday, Aug. 16, at the club room. Important matters are to be discussed and plans for the immediate future are to be made.

Prints from some of the members are on display this week at Campbell's Pharmacy, 2766 W. Broad-st. Each month the outstanding prints of the club will be exhibited at this location.

In addition to being two per cent above May, Ohio employment last month was eight per cent above June, 1939.

It Was Better Than It Sounded

Popular current topic is the question, "What did you think of the Willkie speech?"

Popular current answer seems to be that people were disappointed in his ability as a speech maker but pleased at the contents of his talk. Those who read his message rather than listen to the radio were fortunate in being left in a more receptive frame of mind.

We liked the sincerity of Mr. Willkie's speech. We liked his forwardness in everything but his challenge to the president calling for platform debates. We feel a lot more dignity can be carried out in our federal government if platform mud slinging can be evaded.

We recall a debate between two candidates for mayor a short time back, in which neither gained anything. And the public didn't come out any better informed.

It is unfortunate that thousands can be swayed by the speaking voice of a candidate regardless of what he stands for. But it may be that this is just the one big handicap Mr. Willkie has. Possibly this can be overcome.

Right now it looks as if it is time for the pendulum to swing back some and there is a grand opportunity to keep it from swinging too far if Willkie is elected.

Good Deeds At That

Little Denny Finneran, son of D. C., has been selling papers on the Hilltop for two years.

At the age of six he had his own particular method of figuring up his profits. He'd lay his papers out and figure it this way: The first one sold made him nothing, the second one sold made him one cent, the third one sold made him two cents and the fourth one sold made him nothing, and so on. A lot of us might take a lesson.

Tuesday, Mr. Mayor!

The Hilltop Bean Dinner is a few days past but in view of the fact we were out of the city the week following we failed to mention one thing we believe needs a little special attention: a word of sincere thanks to Mayor Floyd Green for his fine cooperation and that of all city departments in helping make this the success it was. The mayor deserves a handshake of the type he is so famous for.

Now It's Valleyview, Inc.

The Record joins the Hilltop in wishing much success to the Village of Valleyview, recently incorporated. The Hilltop extends a warm hand of congratulations to the community and best of wishes for a successful venture to all the officials.

The Gas Question

City council and the mayor have taken the necessary steps to allow the Gas company to present their plea for a higher rate, to the voters at the November election.

There will no doubt be a flood of information on this subject in the coming weeks and it is well that this information be well digested before the voters go to the polls and vote.

The Record will seek to have a fair presentation of the subject which will affect the pocketbooks of some 45,000 Hilltop people.

It's Down Yonder Somewhere

They tell the story of Charley Kent getting lost down in Vinton county one night and coming out with a farm the next day. He bought 70 acres and when he went to the court house to pay the taxes had a hard time even describing where the property was, but, so the story goes, taxes and penalty amounted to only 28 cents.

We won't verify the authenticity of this story but it is a fact that Charley owns a "ranch" down in the hills somewhere and Wednesday six members of the HBMA set out to find the place and meet Charley there.

With a bit of navigating by Gene Hayes, John Riepenhoff, Fred Sulzberger, Motty Hindale, Dr. E. E. McNamee and yours truly the party arrived some hour and a half late but in time to partake of a fine chicken dinner and other good things that go to make such an occasion a pleasant memory.

Among other things the party did was rescue Charley's dog "Andy" from an abandoned well, watch Dr. McNamee catch snakes with his hands, and listen to wild tales that are not so printable.

In the course of being lost one of the natives leaned on his scythe and told us to "go down the road about a mile until you hit the bridge and then just go wherever you please." But he was right, we later found out. The brush was so thick and hills so steep there was only one direction a person would be able to travel in.

Valleyview's First Mayor Is Sworn In

Last Thursday evening, on a flag-draped platform set beneath the tall trees that border the Hilltop swimming pool, and around which much of the former objection to the incorporation of Valleyview was centered, Judge Rose administered the oaths of office to the first mayor of Valleyview, Lafayette G. Wareham, and his administrative body.

All of the officials serve without pay.

Mayor Wareham was sworn into office in his shirt sleeves. Maryin C. Yerke, Franklin township clerk, who presided at the ceremonies, told the gathering: "We live as friends and neighbors here and as such we induct our new officials."

About 200 Valleyviewers and other interested spectators watched the inauguration ceremonies as Judge Clayton W. Rose of the Domestic Relations court "swore the officials in."

Judge Rose told the gathering that they should be interested in the operation of their government and in their community as a village. "Just because you have created a village, don't feel that your responsibility ends there," he told them.

Following the induction, council met at the home of Councilman Archibald Rodgers. He was elected president pro tem. Mayor Wareham is president. Gale R. King was appointed village solicitor. Rites were considered for posting stations to advise residents of the community of ordinances passed by council.

Besides Mayor Wareham, other officials who took the oath of office, (all, except one with their left hand raised) included Charles D. Blair, marshal; Miss Thelma Turner, clerk; Harry E. Holroyd, treasurer, and Archibald Rodgers, J. W. Webb, George W. Halliday, Joseph Ohnsman, Paul L. Wilcox and Mrs. Ruth M. Burnside, council members.

Jack Kidwell Is Publinks King

Jack Kidwell, Beacon Light's ace, blasted his way to the city publinks golf title Sunday by defeating Barney Hunt, Arlington star and pre-tournament favorite, 2 and 1 on the thirty-fifth hole of the 36-pin final.

Kidwell succeeded Joe Coffman, Groveport, whom he eliminated last Saturday. In marching to the title, Kidwell disposed of Bill Mawhirter, George Smith, Paul Tulga and Joe Coffman.

Sunday Jack took an early lead on the third hole with a birdie 4, but after a see-saw first 18, Hunt was one-up. After stopping the first two holes, Kidwell began submarining the course, heading Hunt 3 up at the termination of 27 holes. Hunt made a valiant bid for victory on the twenty-eighth, twenty-ninth and thirtieth pins to knot the match but Kidwell garnered the thirty-third green and the thirty-fourth and both gained par three's on the thirty-fifth pin and Hunt watched the coronation of the new publinks king from a window of the locker room.

Kidwell and Dick Rhyan, both Beacon Light's stars, have been consistent amateur performers about town for the past few years. Kidwell starred on Central's links team several years ago. He is a member of the Kingtaste team in the Columbus Links league.

State hospital's baseball team will tangle with Reeb's Lunches tomorrow afternoon on the State hospital diamond in a playoff game.

Impostor Busy Soliciting "Building Funds"

An impostor claiming to be the janitor for the Hilltop Church of Christ has been soliciting money for a "building fund," Rev. L. S. Wilkes, pastor, warned today, adding that the church "burnt up the mortgage some time ago," and had no intention of doing any building at this time.

Eleventh Ward Republicans Picnic At Westgate Park

There was plenty of activity last Thursday afternoon and evening as the Republicans of the eleventh ward and their friends gathered at Westgate park for their annual picnic and pre-election rally.

The group ate heartily in the shelter house and then enjoyed a baseball game in which George Matson and Joseph Nailor captained opposing teams.

Joseph Nailor is shown above catching the slants of the pitcher while Matson waits for the ball to "come in there."

Hysells Clerks Win Central District Title

Hysell-For-Clerks softball team, central district titleholders, who annexed their crown Tuesday night at State hospital, will make their first attempt to garner state honors tomorrow afternoon at 1:15 at Massillon.

Hysells copped the title by disposing of Main Vendors 18-2 Tuesday evening.

Hysells defeated Newark Pneris Tires, 8-4; First Baptist, 7-0; State Highway, 11-0; Kent's Modern Markets, 6-2; and Main Vending 9-2 and 18-2 in their march to the title.

Kent's Modern Market, hilltop entry in the central district tournament play, were eliminated in a quarter final game last Thursday night as Adam Schumacher, veteran softball hurler from the South Side, set the locals down with but two hits. Nine of the Kentmen went down swinging as the tantalizing change-of-pace balls floated or zipped by.

Schumacher's mates, the Hysell for Clerks, pounded Hall for five hits and six runs. Bolling behind the plate, played a fine game for Kent's.

Swisher Hurls One Hit Game

Bob Swisher's one-hit mound performance while hurling Westgate to an easy 11 to 0 win over Franklin featured the City All-Star Knothole Baseball league games at Red Bird stadium on Tuesday. Swisher fahned nine opponents. Westgate ran wild to score 10 runs in the third frame.

Big "Cop" On Willkie Platform Was Art Bellar

Hilltop folks who see movie news shots of the Willkie acceptance ceremonies will have no difficulty in recognizing that big "policeman" on the Willkie platform, helping keep the crowds back.

He's Hilltopper Arthur J. Bellar, ex-service man and past commander of Camp Chase post No. 98.

Mr. Bellar, along with 635 other Columbusites, made the trip by special train. The Camp Chase Drum and Bugle corps also attended, playing at Dayton and Richmond, Ind., en route.

A. J. Bellar

Among the Hilltoppers present on the train, besides those who motored were Ed Planck, Ernest Brown, Agnes Cain, Heinie Koontz, George Sinclair, Chester Wagner and Ben Deems.

"I know now how war refugees feel when they're thirsty," Mr. Bellar jovially exclaimed. "We paid five cents, and willingly, for a glass of ice water, and did it taste good."

Wendell Willkie, presidential nominee of the GOP, is past commander of an Akron American Legion post.

Mr. Bellar is enthusiastic about Mr. Willkie's prospects in the coming election and asserts that "with the ex-servicemen behind Willkie the way they are, he's going to be hard to beat this November."

Mr. Willkie enlisted the first month of the World war, went overseas, and came back a captain. He attended a reception given by Akron post at Elwood at 1:30 p. m., Saturday at which time Mr. Bellar and other Hilltoppers renewed their acquaintance with him.

Mr. Bellar met Will Hayes, movie czar, Mr. Davenport, former editor of Fortune magazine, Senator Taft and General Dawes among others, in the milling throngs.

"We had a swell time. And let me tell you something," added Mr. Bellar, "This Willkie fellow is one grand man. He's of the type of Lincoln and Washington. A real American."

Sunday morning Henry told police he stopped for a red traffic light at Olentangy-blvd and Goodale-st, and a man entered his auto and covered him with a revolver taking $21 and forcing him to drive to Broad and Sandusky-sts, where the man entered another car that had followed.

West High School News Bulletins

The West High school book room will be open Saturday, Aug. 31, and Monday (Labor Day), Sept. 2, from 9 a. m. to 4 p. m. All students are expected to obtain their books before school opens on Tuesday, Sept. 3.

All students who have moved into West Senior High school district during the summer should report to the school office on Thursday, Friday or Saturday, Aug. 29, 30 and 31, so that a class schedule can be arranged.

Junior High

All prospective students at West Junior High who have not yet enrolled should do so on the mornings of Aug. 28, 29 and 30, between 10 a. m. and noon, Vance Smith, principal at West Junior has warned.

Two Practice Sessions Carded Daily; Opening Game Three Weeks Off

By Bob Wunderlin

Coach George Williams just looked at them and a big sigh escaped him.

"Miami" was all the West High coach could say.

He had just finished surveying this year's grid prospects—all 75 of them—and his troubles loom big in the hectic scholastic grid war that faces him this year.

He looked at the calendar. Then he shuddered. "And it has to come on Friday the thirteenth, too."

He was speaking of the opening game on his 1940 football schedule. That pits his Buckaroos against Newark in a night tilt at Newark.

And then on nine successive week-ends he faces the same trouble. A foe a week.

Three Return

What headaches are in store for him, he figures.

In his notebook were various scribbled notations but in red ink, with large letters encircled with blue crayon were the names of three boys: Les Brandenberg, Ray Smith and Ray Medlick.

These are the nucleus of Coach Williams 1940 grid machine. These are all that remain of the fine squad of 31 players who played for the West High school last year and finished in the runner-up spot, losing only one game all year.

The 75 boys who called for uniforms Monday afternoon reported Tuesday morning for limbering up exercises, speed races and foot-work.

Drills have been held twice a day this week and next week the weeding out process will begin, although Coach Williams admits that all positions are as wide open as a prairie.

That's the outlook for 1940, boys and girls. Make your own predictions. Coach Williams isn't. He's just hoping, and he's got his fingers crossed.

Free Concert At Westgate Park Sunday

To the Hilltop again on Sunday comes the 40-man Federation of Musicians band for a Sunday evening concert in Westgate park. It will be given at 8 p. m. and Sam Giammarco will conduct.

A few weeks ago a concert was given at Westgate, with Abram Ruvinsky as leader. At federation headquarters they say that "the crowd was one of the largest, best behaved and most appreciative of the summer series." It might be added that the band cooperated by giving a good program.

The feature of the Sunday program will be a vocal sextet which will sing, among other things, the famous sextet from the second act of the opera, "Lucia di Lammermoor." Those in the group are Kathryn Dunnick Dodridge, soprano; Dr. Izador Cabakoff, first tenor; Ray Dodridge, second tenor; Mabel Nelson Stewart, contralto; Marshall Bowman, baritone, and Richard Wilson bass. The group will also sing "Roses of Picardy" and one or two of them may do solos.

Another feature will be a solo by a boy trumpeter, Ray Barker

The program follows:

Holiday Overture—Leidzen.
Rhapsody in Rhumba—Bennet.
Two popular songs:
It's a Hap, Hap, Happy Life.
The Isle of May.
Trumpet solo—Napoli (Neapolitan Street Song), arr. by F. Simon, Ray Barker.
Selections from Princess Pat—Victor Herbert.
Intermission.
L'Estudiantina Waltzes — Waldteufel.
Sextet from Lucia — Donizetti, Mmes. Dodridge and Stewart and Messrs. Cabakoff, Dodridge, Bowman and Wilson.
Two Spanish numbers:
Maraima (Capriccio)—Espinosa
[illegible]
Second Hungarian Rhapsody—Liszt.

Howard Gentry Will Return To Miami With Two West Athletes

Howard Gentry, strapping all-star tackle from West High, is back in town after a year spent at Florida A. & M. college in Tallahassee, Fla.

Gentry, on his vacation, is working for the Fritz Powell construction company, operating an air hammer and the big athlete is in the finest shape of his life.

Down to a mere 195 pounds (he's been up to 207) Gentry is looking forward to another good year "down where the palm trees wave." This year he's taking back with him two of West's finest athletes, Warren Carter, halfback ace, and William Garnes, rugged tackle, both of last year's city loop runner-up squad. Both were awarded scholarships.

This team is coached by Big Bill Bell who needs no introduction to Ohio State grid fans. Bill's brother, Horace, from Minnesota, is line coach and Gentry is high in his praises for his coaches.

Leaves Aug. 31

The local trio will leave Aug. 31 for the school where grid drills are slated to begin Sept. 1.

There are no three year eligibility rules in the SCIA conference of which Florida is a member, so a "good player can make the team in his freshman year if he shows enough stuff."

The soft-spoken Gentry highly values his opportunity for an advanced education. "I wouldn't trade my year at college for anything in the world," he vows.

Howard was a member of the second string varsity and saw quite a bit of action on the eleven that won eight out of 10 tilts last

Howard Gentry

year. Howard is majoring in physical education and expects to enter industrial arts this year.

Gentry lives at 410 S. Oakley-av. He expects to go out for the weight events in track this year besides handling his post at tackle for the Florida A. & M. squad.

It Was Better Than It Sounded

Popular current topic is the question, "What did you think of the Willkie speech?"

Popular current answer seems to be that people were disappointed in his ability as a speech maker but pleased at the contents of his talk. Those who read his message rather than listen to the radio were fortunate in being left in a more receptive frame of mind.

We liked the sincerity of Mr. Willkie's speech. We liked his forwardness in everything but his challenge to the president calling for platform debates. We feel a lot more dignity can be carried out in our federal government if platform mud slinging can be evaded.

We recall a debate between two candidates for mayor a short time back, in which neither gained anything. And the public didn't come out any better informed.

It is unfortunate that thousands can be swayed by the speaking voice of a candidate regardless of what he stands for. But it may be that this is just the one big handicap Mr. Willkie has. Possibly this can be overcome.

Right now it looks as if it is time for the pendulum to swing back some and there is a grand opportunity to keep it from swinging too far if Willkie is elected.

Good Economics At That

Little Denny Finneran, son of D. C., has been selling papers on the Hilltop for two years.

At the age of six he had his own particular method of figuring up his profits. He'd lay his papers out and figure it this way: The first one sold made him nothing, the second one sold made him one cent, the third one sold made him two cents and the fourth one sold made him nothing, and so on. A lot of us might take a lesson.

Thanks, Mr. Mayor!

The Hilltop Bean Dinner is a few days past but in view of the fact we were out of the city the week following we failed to mention one thing we believe needs a little special attention: a word of sincere thanks to Mayor Floyd Green for his fine cooperation and that of all city departments in helping make this the success it was. The mayor deserves a handshake of the type he is so famous for.

Now It's Valleyview, Inc.

The Record joins the Hilltop in wishing much success to the Village of Valleyview, recently incorporated. The Hilltop extends a warm hand of congratulations to the community and best of wishes for a successful venture to all the officers.

The Gas Question

City council and the mayor have taken the necessary steps to allow the Gas company to present their plea for a higher rate, to the voters at the November election.

There will no doubt be a flood of information on this subject in the coming weeks and it is well that this information be well digested before the voters go to the polls and vote.

The Record will seek to have a fair presentation of the subject which will affect the pocketbooks of some 45,000 Hilltop people.

It's Down Yonder Somewhere

They tell the story of Charley Kent getting lost down in Vinton county one night and coming out with a farm the next day. He bought 70 acres and when he went to the court house to pay the taxes had a hard time even describing where the property was, but, so the story goes, taxes and penalty amounted to only 39 cents.

We won't verify the authenticity of this story but it is a fact that Charley owns a "ranch" down in the hills somewhere and Wednesday six members of the HBMA set out to find the place and meet Charley there.

With a bit of navigating by Gene Hayes, John Riepenhoff, Fred Sulzberger, Motty Hindale, Dr. E. E. McNamee and yours truly the party arrived some hour and a half late but in time to partake of a fine chicken dinner and other good things that go to make such an occasion a pleasant memory.

Among other things the party did was rescue Charley's dog "Andy", from an abandoned well, watch Dr. McNamee catch snakes with his hands, and listen to wild tales that are not so printable.

In the course of being lost one of the natives leaned on his scythe and told us to "go down the road about a mile until you hit the bridge and then just go wherever you please." But he was right, we later found out. The brush was so thick and hills so steep there was only one direction a person would be able to travel in.

Valleyview's First Mayor Is Sworn In

Last Thursday evening, on a flag-draped platform set beneath the tall trees that border the Hilltop swimming pool, and around which much of the former objection to the incorporation of Valleyview was centered, Judge Rose administered the oaths of office to the first mayor of Valleyview, Lafayette C. Wareham, and his administrative body.

All of the officials serve without pay.

Mayor Wareham was sworn into office in his shirt sleeves. Marvin C. Yerke, Franklin township clerk, who presided at the ceremonies, told the gathering: "We live as friends and neighbors here and as such we induct our new officials."

About 200 Valleyviewers and other interested spectators watched the inauguration ceremonies as Judge Clayton W. Rose of the Domestic Relations court "swore the officials in."

Judge Rose told the gathering that they should be interested in the operation of their government and in their community as a village. "Just because you have created a village, don't feel that your responsibility ends there," he told them.

Following the induction, council met at the home of Councilman Archibald Rodgers. He was elected president pro tem. Mayor Wareham is president. Gale R. King was appointed village solicitor. Sites were considered for posting stations to advise residents of the community of ordinances passed by council.

Besides Mayor Wareham, other officials who took the oath of office, (all, except one with their left hand raised) included Charles D. Blair, marshal; Miss Thelma Turner, clerk; Harry E. Holroyd, treasurer, and Archibald Rodgers, J. W. Webb, George W. Halliday, Joseph Ohnsman, Paul L. Wilcox and Mrs. Ruth M. Burnside, council members.

Jack Kidwell Is Publinks King

Jack Kidwell, Beacon Light's ace, blasted his way to the city publinks golf title Sunday by defeating Barney Hunt, Arlington star and pre-tournament favorite, 2 and 1 on the thirty-fifth hole of the 36-pin final.

Kidwell succeeded Joe Coffman, Groveport, whom he eliminated last Saturday. In marching to the title, Kidwell disposed of Bill Mawhirter, George Smith, Paul Tulga and Joe Coffman.

Sunday Jack took an early lead on the third hole with a birdie 4, but after a see-saw first 18, Hunt was one-up. After stopping the first two holes, Kidwell began submarining the course, heading Hunt 3 up at the termination of 27 holes. Hunt made a valiant bid for victory on the twenty-eighth, twenty-ninth and thirtieth pins to knot the match but Kidwell garnered the thirty-third green and the thirty-fourth and both gained par three's on the thirty-fifth pin and Hunt watched the coronation of the new publinks king from a window of the locker room.

Kidwell and Dick Rhyan, both Beacon Light's stars, have been consistent amateur performers about town for the past few years. Kidwell starred on Central's links team several years ago. He is a member of the Kingtaste team in the Columbus Links league.

STATE HOSPITAL MEETS REEB'S

State hospital's baseball team will tangle with Reeb's Lunches tomorrow afternoon on the State hospital diamond in a playoff game.

Impostor Busy Soliciting "Building Funds"

An impostor claiming to be the janitor for the Hilltop Church of Christ has been soliciting money for a "building fund," Rev. L. S. Wilkes, pastor, warned today, adding that the church "burnt up the mortgage some time ago," and had no intention of doing any building at this time.

Eleventh Ward Republicans Picnic At Westgate Park

There was plenty of activity last Thursday afternoon and evening as the Republicans of the eleventh ward and their friends gathered at Westgate park for their annual picnic and pre-election rally.

The group ate heartily in the shelter house and then enjoyed a baseball game in which George Matson and Joseph Nailor captained opposing teams.

Joseph Nailor is shown above catching the slants of the pitcher while Matson waits for the ball to "come in there."

Hysells Clerks Win Central District Title

Hysell-For-Clerks softball team, central district titleholders, who annexed their crown Tuesday night at State hospital, will make their first attempt to garner state honors tomorrow afternoon at 1:15 at Massillon.

Hysells copped the title by disposing of Main Vendors 18-2 Tuesday evening.

Hysells defeated Newark Pharis Tires, 8-4; First Baptist, 7-0; State Highway, 11-0; Kent's Modern Markets, 6-2; and Main Vending 9-2 and 18-2 in their march to the title.

Kent's Modern Market, Hilltop entry in the central district tournament play, were eliminated in a quarter final game last Thursday night as Adam Schumacher, veteran softball hurler from the South Side, set the locals down with but two hits. Nine of the Kentmen went down swinging as the tantalizing change-of-pace balls floated or zipped by.

Schumacher's mates, the Hysell for Clerks, pounded Hall for five hits and six runs. Bolling, behind the plate, played a fine game for Kent's.

Swisher Hurls One Hit Game

Bob Swisher's one-hit mound performance while hurling Westgate to an easy 11 to 0 win over Franklin featured the City All-Star Knothole Baseball league games at Red Bird stadium on Tuesday. Swisher fahned nine opponents. Westgate ran wild to score 10 runs in the third frame.

All George Needs Now Is To Get A Cow That Can Jump

In movieland there have been four pictures made to date with the word "moon" in the title. The pictures are "Over the Moon," with Merle Oberon; "New Moon," with Jeannette McDonald and Nelson Eddy; "Carolina Moon," starring Gene Autry, and "Honeymoon Deferred."

Big "Cop" On Willkie Platform Was Art Bellar

Hilltop folks who see movie news shots of the Wilkie acceptance ceremonies will have no difficulty in recognizing that big "policeman" on the Willkie platform, helping keep the crowds back.

He's Hilltopper Arthur J. Bellar, ex-service man and past commander of Camp Chase post No. 98.

Mr. Bellar, along with 655 other Columbisites, made the trip by special train. The Camp Chase Drum and Bugle corps also attended, playing at Dayton and Richmond, Ind., en route.

A. J. Bellar

Among the Hilltoppers present on the train, besides those who motored were Ed Planck, Ernest Brown, Agnes Cain, Heinie Koontz, George Sinclair, Chester Wagner and Ben Deem.

"I know now how war refugees feel when they're thirsty," Mr. Bellar jovially exclaimed. "We paid five cents, and willingly, for a glass of ice water, and did it taste good."

Wendell Willkie, presidential nominee of the GOP, is past commander of an Akron American Legion post.

Mr. Bellar is enthusiastic about Mr. Willkie's prospects in the coming election and asserts that "with the ex-servicemen behind Willkie the way they are, he's going to be hard to beat this November."

Mr. Willkie enlisted the first month of the World war, went overseas, and came back a captain. He attended a reception given by Akron post at Elwood at 1:30 p. m., Saturday at which time Mr. Bellar and other Hilltoppers renewed their acquaintance with him.

Mr. Bellar met Will Hayes, movie czar, Mr. Davenport, former editor of Fortune magazine, Senator Taft and General Dawes among others, in the milling throngs.

"We had a swell time. And let me tell you something," added Mr. Bellar, "This Willkie fellow is one grand man. He's of the type of Lincoln and Washington. A real American."

Two Practice Sessions Carded Daily; Opening Game Three Weeks Off

By Bob Wunderlin

Coach George Williams just looked at them and a big sigh escaped him.

"Miami" was all the West High coach could say.

He had just finished surveying this year's grid prospects—all 75 of them—and his troubles loom big in the hectic scholastic grid war that faces him this year.

He looked at the calendar. Then he shuddered. "And it has to come on Friday the thirteenth, too."

He was speaking of the opening game on his 1940 football schedule. That pits his Buckaroos against Newark in a night tilt at Newark.

And then on nine successive week-ends he faces the same trouble. A foe a week.

Three Returns

What headaches are in store for him, he figures.

In his notebook were various scribbled notations but in red ink, with large letters encircled with blue crayon were the names of three boys: Les Brandenberg, Ray Smith and Ray Medlick.

These are the nucleus of Coach Williams 1940 grid machine. These are all that remain of the fine squad of 31 players who played for the West High school last year and finished in the runner-up spot, losing only one game all year.

The 75 boys who called for uniforms Monday afternoon reported Tuesday morning for limbering up exercises, speed races and foot-work.

Drills have been held twice a day this week and next week the weeding out process will begin, although Coach Williams admits that all positions are as wide open as a prairie.

That's the outlook for 1940, boys and girls. Make your own predictions. Coach Williams isn't. He's just hoping, and he's got his fingers crossed.

Free Concert At Westgate Park Sunday

To the Hilltop again on Sunday comes the 40-man Federation of Musicians band for a Sunday evening concert in Westgate park. It will be given at 8 p. m. and Sam Giammarco will conduct.

A few weeks ago a concert was given at Westgate, with Abram Ruvinsky as leader. At federation headquarters they say that "the crowd was one of the largest, best behaved and most appreciative of the summer series." It might be added that the band cooperated by giving a good program.

The feature of the Sunday program will be a vocal sextet which will sing, among other things, the famous sextet from the second act of the opera, "Lucia di Lammermoor." Those in the group are Kathryn Dunnick Dodridge, soprano; Dr. Izador Cabakoff, first tenor; Ray Dodridge, second tenor; Mabel Nelson Stewart, contralto; Marshall Bowman, baritone, and Richard Wilson, bass. The group will also sing "Roses of Picardy" and one or two of them may do solos.

Another feature will be a solo by a boy trumpeter, Ray Barker.

The program follows:

Holiday Overture—Leidzen.
Rhapsody in Rhumba—Bennet.
Two popular songs:
It's a Hap, Hap, Happy Life.
The Isle of May.
Trumpet solo—Napoli (Neapolitan Street Song), arr. by F. Simon, Ray Barker.
Selections from Princess Pat—Victor Herbert.
Intermission
L'Estudiantina Waltzes — Waldteufel.
Sextet from Lucia — Donizetti, Mmes. Dodridge and Stewart and Messrs. Cabakoff, Dodridge, Bowman and Wilson.
Two Spanish numbers:
Maraima (Capriccio)—Espinosa
Second Hungarian Rhapsody—Liszt.

Howard Gentry Will Return To Miami With Two West Athletes

Howard Gentry, strapping all-star tackle from West High, is back in town after a year spent at Florida A. & M. college in Tallahassee, Fla.

Gentry, on his vacation, is working for the Fritz Powell construction company, operating an air hammer and the big athlete is in the finest shape of his life.

Down to a mere 195 pounds (he's been up to 207) Gentry is looking forward to another good year "down where the palm trees wave." This year he's taking back with him two of West's finest athletes, Warren Carter, halfback ace, and William Garnes, rugged tackle, both of last year's city loop runner-up squad. Both were awarded scholarships.

This team is coached by Big Bill Bell who needs no introduction to Ohio State grid fans. Bill's brother, Horace, from Minnesota, is line coach and Gentry is high in his praises for him.

Leaves Aug. 31

The local trio will leave Aug. 31 for the school where grid drills are slated to begin Sept. 1.

There are no three year eligibility rules in the SCIA conference of which Florida is a member, so a "good player can make the team in his freshman year if he shows enough stuff."

The soft-spoken Gentry highly values his opportunity for an advanced education. "I wouldn't trade my year at college for anything in the world," he vows.

Howard was a member of the second string varsity and saw quite a bit of action on the eleven that won eight out of 10 tilts last year. Howard is majoring in physical education and expects to enter industrial arts this year.

Howard Gentry

Gentry lives at 410 S. Oakley-av. He expects to go out for the weight events in track this year besides handling his post at tackle for the Florida A. & M. squad.

Jack Sherick Leaves For N. Y.

For 10 years Jack Sherick, who lives at 588 Townsend-av, has been spending a good part of his summers in New York, acquiring the latest novelties and perfected routines in tap dancing. These he brings back to Columbus to introduce in his courses in the downtown studios of the Jorg Ring-Shidel of the Dance where he is head of tap and ballroom teaching.

Tomorrow night he will board the Spirit of St. Louis at the union station for this annual trip and will not return until it is time for his fall classes to start, Sept. 9. He will study with such masters as Johnny Madison, Sammy Watts and Ernest Carlos in tap and several leaders in ballroom technique.

At odd times he will doubtless see the Yankees play several times as he's a confirmed baseball devotee.

Fair Time

Every year we view with pride the prize winning products of the good earth displayed at our state fair. We can look with justifiable pride on the advancement each year brings. Tomorrow depends on the things we accomplish today.

In saving it is like that too. We build our investment only after having one day started to save by laying away a few dollars. From that modest beginning we add to your store of goods each six months when dividend accumulations are added to your account. Some day it will buy that new automobile you have talked about, pay the expenses of a nice vacation for you and the family or make the down payment on your own home.

Jack and Jon, sons of Mr. and Mrs. John Winkler, 28 Elden-av, had just been advised of the arrival of a new baby brother. Having just finished saying Grace at the table, Jon looked up at his father.

"Blacks, we'll still have to wash dishes."

Both mother and son, Victor Wendell, 7 pounds, 10 ounces, are doing nicely at White Cross hospital.

The Judge Randalls vacation in New England this week . . . From San Francisco comes a note from Mrs. Stella Harris, formerly of the Hilltop, saying she had just been up to Portland, Ore., for a two weeks' visit with Mr. and Mrs. Don McConnell, formerly of 624 S. Warren-av . . . And from Hudson, Mich., a note from Mrs. Geo. Stout, formely Mary C. Barr of 154 N. Ogden-av, that she misses the Hilltop Record and the news of what's going on . . . George and Wilma Brown will be fishing in Canadian waters come September. . .

Dr. T. S. Fee and Doc Sulzberger still enjoy the grunt and groan feats put on at Haft's Acre . . . Jackie Pfeifer, now of Westerville, and Clyde Good of the Freemont-av Goods, will be students at Otterbein this year . . . Earl Webb jr. will enroll in engineering at OSU next quarter . . . Rosemary Kitsmiller, no novice at playing for weddings, still gets as nervous as the bride . . . grants this writer the exclusive privilege of singing Indian Love Call at her wedding (no date, but we will start rehearsing anyway least we be caught unprepared).

If you're superstitious watch out for Friday, Sept. 13 . . . And speaking of superstitions the Hamb Booms were doing good with them from all sides when they prepared to move into their new home Tuesday of this week. Herb admits they didn't take the old broom into the house because "it was worn out anyway."

Harold Mitchell has a new job with the post office dept. . . . Fern Melick began her fifteenth year in the beauty shop business on the Hilltop last week. Has several customers that have kept coming from the beginning of her business . . . Mary Margaret Mechem vacationed last week . . . S. J. Westlake began his sixtieth year in the printing business. That was before linotypes were in use and each type size had a different name instead of point size. We hate to think that this column would look like if we had to set it by hand.

At the GOP

Mayor Green made an imposing looking first baseman with George Matson's baseball team . . . The Matsonites downed Joe Walton's team to the tune of 12-10 . . . Frederick was the winning pitcher . . . Sinclair hurled for the losers . . . In the beauty contest two-year-old Judy Matson walked away with the golden elephant prize for her division. Said Judy when interviewed before the microphone: "Want my mom." (At least an original statement for a beauty queen.) . . . In the next division Patty Joan Grim, 24 S. Burgess-av, copped the golden souvenir and in the class from 12 years up, June Wallace, 275 S. Warren-av, was the winner.

CARD OF THANKS

We wish to extend our heartfelt thanks and appreciation for the acts of kindness, messages of sympathy and beautiful floral offerings received from our kind friends and neighbors during our recent bereavement in the loss of our beloved mother. We especially thank the Rev. Geo. Bernhaed, the members of the WCTU and Floyd Born funeral home.

I AIN'T MAD AT NOBODY

A QUEEN IN CALICO

She doesn't live in a mansion grand but dwells in a tepeee
She has no riches at her command—She's only a queen in calico
She doesn't have a mine of gold but a heart as pure as snow
Her worth cannot be told for she's a queen in calico.

A queen in common calico—That's heaven indeed down here below
In summer's sun or winter's snow rivers of joy may flow
No worry nor care can enter there in a shanty humble and low
If we're honest and true in life's echoe there'll be queens in calico.

She doesn't live in a mansion of gold but a shack where flowers grow
Her worth cannot be told—'cause she's a queen in calico
Please keep this thought in mind: We'll reap just what we sow
If you're loyal true and kind they'll be queens in silk or calico.

Rev. James B. Myers Resigns As Pastor

The recent resignation of Rev. James B. Myers, 72 Avondale-av, as pastor of the Hilltop Community church, makes possible the giving of his entire time to evangelism.

Rev. Myers has served the Hilltop Community church since March, 1938, where he has been faithful in shepherding the flock. His service will long be remembered by his many friends who were in frequent attendance in his services. The teaching of the word and his dynamic ministering contributed to a strong spiritual life among the people whom he served.

Any pastor desiring Rev. Myers as evangelist or Bible teacher may contact him.

Lending Our Aid To Britain

Regardless of the outcome of the war it can hardly be maintained that the United States is or has been entirely neutral. For the most part the sympathies of Americans are on the side of Britain.

There seems to be a growing belief that this country should throw her material did behind the English in this battle for the preservation of Democracy.

We have heard of few people capable of saying if this is the thing to do or not. Certainly we would lay no claim to such good judgment. Any opinion would be merely that. But one thing is certain . . . if this material aid is extended there should be an advance agreement and definite contract to the effect that this country have an equal hand in writing the peace terms and that such terms not be filled with the hatred typical of those terms laid down by the Versailles treaty. Such terms should be outlined to the German people. The people of Germany, not the war machine, would be interested in knowing that the United States was willing to back such a guarantee for [illegible].

World peace is nowhere in the future as long as nations continue to arm themselves to the limit. One machine of destruction merely calls for another mightier one. Therefore the terms of such a peace should definitely guarantee to Germany that everything that is hers will be given to her to work out her salvation with . . . that she shall be given everything necessary for the production of all the worthwhile things the German people are capable of producing . . . but that never again shall a German war machine be allowed the toys of war to play with . . . that there must be an opportunity for people to live alongside each other in peace rather than in the constant fear of destruction that comes from military might.

Should the British win and similar peace terms be carried out as in the World war, 20 years will find another World war facing us again.

On The Railroad
End of Willkie Trains

We are indebted to A. O. Spencer for a bit of information regarding the Willkie special trains that made it possible for so many Ohioans to attend the notification ceremonies recently.

He points out that Hilltoppers were in predominance on the "business" end of the trains and adds, "And when I say business end, anybody that was there in that crowd and had to handle an engine or train to keep from hitting or hurting someone had to have two good eyes and a clear head."

Engineers on the Pennsylvania railroad specials that day were: J. E. White, 489 Larcomb-av, Fred Eppert, 2721 Elliot-av, J. E. Rector, 69 N. Chase-av, A. O. Spencer, 211 S. Warren-av, M. B. Chaffin, 545 Wrexham-av, E. M. Williams, 569 S. Terrace-st, and fireman F. N. Worch, 318 S. Hague-av.

Dissertation On Fried Chicken

Our Mr. Adrian Fuller of The Fairfield Times at Lancaster, a few weeks ago, wrote that the world certainly must have changed . . . for he asked, "What has become of the cooks that knew how to fry chicken!" He says further:

"As we remember this succulent dish in the days of long ago it consisted of pieces of the fowl that had been carefully cleaned, then soaked in water for an hour or two, later rolled in flour and placed in a hot iron skillet with at least a half inch of pure lard covering the bottom.

"And then for about an hour over a slow fire until the meat is cooked thoroughly the dish takes on appetizing taste as the seasoning is added, and the nutty flavored crisp skin tempts even the cook to lift a tid-bit as a sort of pre-taste of the whole.

"And then comes the gravy made of flour thickened by the residue of giblets and particles left in the skillet.

"This is what we mean by fried chicken."

We add our approval to Mr. Fuller's description of this delicacy. But, we are convinced that this art is not lost after having partaken of such a feast last Sunday evening at The Cottage at Lithopolis and again on Tuesday at the E. E. Adkins home near Washington Court House.

Locals In Church Title Fray

The church softball title of Columbus will be up for decision next Tuesday night at State hospital field with two local teams battling for the crown now held by one of them.

The game will be played under the lights and will be one of three games in the city elimination series. A charge of 10 cents will be made for admission.

The two teams, Calvary Presbyterian, defending church titlists, and Salvation Army, Calvary's strongest rival in the West church league No. 2, won the right to compete in the title game by winning semi-final contests Monday night in the semi-final rounds of the church eliminations sponsored by the city recreation department.

Calvary nosed out the young Fourth-av Church of Christ team 3-1 as the veteran Fred Comer hurled two-hit ball.

Salvation Army defeated First Baptist 6-2 with Jim Pilkington tossing up a three-hitter.

The two will meet with the winner to get the crown and a place in the "champ of champ series" for the city championship.

Glenwood Methodist captured the title in the West Church league No. 1 by handing St. Aloysius a 10-1 lacing at Westgate park Monday night.

Motorcycle Races Here On Monday

A two-star motorcycle T. T. race--the only one in Ohio on Labor Day; will be sponsored by the Ohioans on their track on Fisher-rd at Hague-av, Monday.

The races will get underway at 2:30 with Herschel Brunton, Fisher-rd, supervising the event as President of the Ohioans Motorcycle club. Joe Gee, 690 S. Hague-av, will be referee with Dick Johnson, assistant starter. Clyde Parker, 290 Brehl-av, is clerk and John Markham is secretary.

Jody Palumbo Gets Airplane Ride For Gift

Sixteen-year-old Jody Palumbo, 2015 Crescent-dr, celebrated her birthday last Saturday in the air!

This young air-minded Miss, who already has extracted a promise from her father, Joe Palumbo, to permit her to be a flier by the time she's 18, was on a vacation trip with her mother and Estell Glick, Cleveland. They have been touring the west, visiting Grand Canyon, Yellowstone National park and other scenic wonders.

Saturday was her birthday and as a gift, her mother presented her with a ticket for a ride back home from Alburquerque, N. M.—via the airlines. Jody took the ticket and started flying for home Saturday morning. She arrived in Columbus Saturday afternoon.

Pin Loops To Begin Tuesday

One of the busiest bowling seasons ever had on the Hilltop is the prospect in view for the Hilltop bowling alleys this year, according to pre-season indications.

Daily the alleys have been crowded with new as well as veteran pin-smashers shaping up for the season which begins Tuesday evening at 6:45 when the Tuesday night loop opens. There will be no league bowling Labor Day.

Tonight the Hilltop All Star league, one of the town's fastest, meets at 8:00 o'clock prior for the opening. Captains of the new Friday night loop will also meet tonight to select a name and make plans for the season.

The schedule for leagues for the 1940-1941 season is as follows:

Mondays— 6:30, Church league; 8:45, Recreation league.

Tuesdays—6:45, Tuesday Night league; 8:45, Social league.

Thursdays—6:30, Ladies' league; 9:00, Hilltop Business league.

Fridays—6:30, New league; 8:45, All Star league.

Several match games and tournaments are already being lined up and plans will be announced soon by Bill Wolfe, proprietor, who has appointed Garland Painter as manager again this year.

New Rome Gets Approval, 2 to 1

Dave Shiflet Takes Part In War Maneuvers

Warrens, Wisconsin,
Aug. 23, 1940.

Dear Bob:

Today is Friday—fish day in most cities—but to the 1,227 men and 94 officers who compose the 166th Infantry, 74th Brigade, 37th Division of the Ohio National Guard it is just another day of war games and maneuvers. Yet promptly at 5 p. m. the members of this infantry unit plus those members of the 147th Infantry of the same division left the camp here to participate in what promises to be the toughest four-day phase of the games.

Approximately 150 trucks were used to transport the men as they left our camp here in the wilds of Wisconsin, five miles from the city of Warrens (population 250) and nearly 40 miles from the nearest large city, Sparta. Just after our troops left camp, word reached us that the 145th and 148th infantry regiments, along with the 134 field artillery and 112th medical and quartermaster units, had also started out on the maneuver.

These war games are not easy pickings, by any means. They are intended primarily to toughen the men in the ranks and according to info received from various members of companies which participated this is true. The first problem was only a two-day regimental maneuver, and was followed by a one-day division battle between members of the 37th division of Ohio and the 38th division of Kentucky and West Virginia. That latter division was on the offensive but the Ohio Guard troops put up a stiff battle and in this maneuver are to be on the offensive.

I am one of the members of

Coach Williams Tries To Whip His Inexperienced Grid Team Into Shape

With but two weeks remaining before the initial grid tilt of the 1940 season, Coach George Williams is making slow but steady progress in weeding out the non-qualifiers from among his original squad of 76 players.

Daily at Magly field the charges of Williams have gone through their paces under the watchful eye of the coaches. Numerous calisthenics and formations have ironed out some of the kinks in the gridders. But many remain yet.

Outside of the usual bruises and bumps, no serious injuries have come up to hamper the gridders.

Early indications point to a green team that may need every one of the three tune-up games preceding the city high pennant [illegible]

Practice sessions have been held at 9 a. m. and 3:30 p. m., with Coach Williams searching high and low for a couple—or at least one—good punter. So far he has his eye on several likely looking prospects but they need plenty of polishing up before the team travels to Newark to the night tilt there to open the season.

With the opening of school Tuesday, the gridders will report only once a day, an afternoon [illegible]

The Bucks are, for the most part, in good physical condition despite the rather heavy workouts they have been getting.

Along with West high, Aquinas gridders also began their early practice. The other four schools, having held spring practice, are not permitted to hold drills until Sept. 3.

Coach Williams has not decided on any form of lineup yet. "Positions are all wide open," he [illegible]

The squad, as it shapes up now, will be fortunate in winning three games this year, side-line observers believe. They refuse to comment on which three games they referred to. North opens the loop season on Oct. 4, at the Bucks home stomping grounds.

Atten-t-i-o-n!

Shoulder Arms

It is Aug. 30, 1940.

The place is Europe, teeming with soldiers, bristling with guns.

There are children there. Many with tear-stained faces.

Eagerly they wait for the sound of school bells.

But they wait in vain. The bells will not ring. In the distance they can hear the rumble and roar of the cannons. They are herded into air raid shelters as airplanes drone overhead.

What studying they do, and little it will be, must be done "on the fly." No schools, no classes, no happy schoolmates.

It is Europe. It is 1940. It is a civilized world.

Books

It is Aug. 30, 1940.

The place is America—the United States of America.

There are children here, happy children.

They wait for the sound of the school bell. Many grumble. Many are not eager.

In the distance they can hear the roar of the crowds—at a baseball game. Laughs and shouts come from swimming pools and parks. An airplane buzzes overhead and no one pays the slightest attention.

Tuesday schools will open. Classes will be resumed. Childish shouts will mingle with the joyous cries of children at play.

It is America. It is 1940. It is a civilized world.

LABOR DAY

America has long glorified, and the world has envied, the high plane of living made possible in this country. Some attribute this state of things to the natural wealth of the country, others say it is because of the country's geographical location. But most thinking men know that America was built on work . . . hard work. Labor, which has built America, will be the first to rise up and protect the product of its work. United, labor will defend its moral and economic standards to the last ditch.

I AIN'T MAD AT NOBODY
Pasture's New

He left HOME one day and went far away
He had a yen to travel
To see pastures new a sky more blue,
great mysteries
He would unravel.
He's seen the west and the Quinaman's,
Where the earthquake shook the ground.
Where whistles rear along the sea shore
He longed to hear that sound.

A touch of Spain and a cowboy strain
He worked on a cattle ranch
Among bale's and on the high seas
He Railroaded on a lumber branch.
Golly he would find with romance entwined
He was one of the romantic kind,
He traveled astute and found too late
That he had been stone blind.

He left home one day and went far away
In search of pastures new
His roving quest brought him no rest
Legal friends he found were few
He traveled astute and stayed too late
When he returned he found
Friends he once knew faithful and true
Were most all under the ground.

Typical Family Goes On The Air

A new thrill was experienced by the Hilltop's Franklin D. Sparks' family, winner of the "Typical American Family" contest, in the state of Ohio, when they were featured on a radio program Aug. 17, from the New York world's fair. The program was broadcast over New York's Station WMCA from the model radio studio in the Johns-Manville exhibit building, fair headquarters for the West Side Lumber Co., distributors for Johns-Manville building materials here.

Shown above are Edwin, Mrs. Sparks, Mr. Sparks and Betsy Ann, as they were interviewed by commentator Joe O'Brien (center). During their week's stay in New York the Sparkses lived in the $3100 FHA-sponsored low-cost model home on the fair grounds.

The Franklin D. Sparks family, winners of the "typical family" contest returned to Columbus Friday after spending fifteen days on their vacation to and from New York and the World's Fair.

The Spears Funeral Home softball team ended their season Sunday, with a record of 33 wins out of 41 games played.

This team, made up of boys from the Hilltop and sponsored by Hilltop firms, had a yearly batting average of .341. Their infield was rated as one of the finest in class B competition locally.

Among those defeated were East Side Boosters and Town and Sixth confectionery. These are rated as some of the best in independent ball.

Karl Wedemeyer, manager, and players of this team want to thank their sponsors for their cooperation in making this team a success.

Fifty years in the field of ministry will end in a few weeks for Rev. W. E. Strete, Morrow county minister, who will take up his future home with his son and daughter-in-law, Mr. and Mrs. A. W. Strete, 131 N. Brinker-av.

Veteran Hilltopper To Move Downtown

C. E. Benbow, retired engineer and a resident of the Hilltop for the past 35 years, is leaving for a "downtown" living place this week, he advised the Record. The recent death of Mrs. Benbow has saddened his Hilltop memories.

He has lived at 60 S. Burgess-av the past 12 years.

Mr. Benbow was born in Wales, England, in 1874. He came to this country in 1881. In good health, he recalls the canal boat days in Columbus. He remembers when the state fair was held in Franklin park.

Mr. Benbow is looking forward to a trip to the New York world's fair next month. He also anticipates a trip to California after the Christmas holidays.

He has been an active member in the K of P lodge for many years. He is a past chief engineer in the Brotherhood of Locomotive Engineers.

He will take up residence at the Southern hotel.

Davey Says Photo Barred In Fair Ad

Former Governor Martin L. Davey charged in his weekly letter to Governor Bricker that John W. Brown, state director of agriculture, refused to allow Davey's picture to be printed in a $200 advertisement in the Ohio state fair program.

Mr. Davey said in his letter that the Davey Tree Expert Co. agreed to take the inside cover of the state fair program but that Director Brown refused to accept the ad if Mr. Davey's picture appeared in it.

"Don't you think this is a bit high-handed, Governor?" Mr. Davey asked. "Is it not unfair, in view of the fact that you have your picture published for nothing, along with an essay written by yourself on some inbcuous subject?"

War Correspondent—

(Continued from page 1)

the 166th infantry band and during all of these military maneuvers, finishing up with the four-day problem during which time 60,000 men will see action, we have been on guard duty at our home base near Warrens. Our guards were on duty two hours, then off four hours, etc., during the initial maneuver but this time we will be on duty only four hours out of each 24. We are completely surrounded by forests and our tents are all pitched on the sand. This is real army life!

A picturesque scene was enacted the other evening before my very eyes. I was on a guard tour from midnight until 2 a. m., when our troops moved to the front for a problem. For two solid hours I watched trucks roll by, regiments of soldiers on the march, 75 m.m. guns whiz by on the rear of trucks, and medical and advance units move swiftly to the battle point. And battles have been taking place, with blank cartridges providing the ammunition and referees acting as the soldiers of occupation.

Only once during the 11 days spent have we left the camp. That was to journey to Camp McCoy, headquarters for all maneuvers, to play for Governors Bricker of Ohio, and Hyle of Wisconsin. According to reports, however, we are to be permitted to attend the Wisconsin All-Stars-Columbus Bullies football game at Tomah, Wis., next Wednesday when the troops return. Until I return to tell you of this athletic fracas, I remain,

Yours Sincerely,
Dave Shiflet.

Westgate Park Knothole Team Wins City Title

By defeating the South Side "Y" baseball team at Sunshine park Wednesday, 3-0, the Westgate team made it the third straight year that the championship has gone to them.

Seven teams battled for the title. The Hilltop team lost only one game—that to the Sunshine team.

The following boys made up the team: Roy Meloney, Don Rogers, Dave Wills, Bill Richards, Bob Thompson, Jack Stettler, Harry Hopwood, John Anderson, Phil Wisdom.

The pitching was taken care of by Jake Richards, Bob Swisher, Dick Hoover and Lefty Solars. These boys will be rewarded with a trip to see the Reds or Indians play.

Dick Hoover won three of the six games played. Dick pitched two two-hit games and one four-hit game, two of them being shut-outs. He struck out 30 batters in the three five inning games won. Jake Richards and Lefty Solars pitched beautiful ball.

The leading sluggers were Jake Richards, Don Rogers, Roy Meloney and Jack Stettler. The Hilltop team played three errorless ball games that also had much to do with the winning of the championship.

Thumbers Follow Willkie Signs; Detoured Here

When two Michigan boys, traveling "a la thumb", stopped for a rest and deposited their suitcases in a W Broad-st filling station, they forgot what time the gas station closed.

While looking for a place to stay, they met 15-year-old Jimmy Carper, 35 N. Huron-av, who took them to a tent in the rear of his home where he gave them something to eat.

Jimmy's father, Charles Carper, thought the youngsters were too young to be "roaming around the country," and called police who took them to the detention home.

The boys told officials there that they had been following "On To Elwood" signs. State Highway patrolmen were trying to contact the boys' parents after the youngsters told them they had been traveling all over the country.

AND HE HAS blessed our country . . . but His benediction imposes upon each and every one of us the sacred duty of defending every priceless heritage that we have been granted. With so great a portion of humanity inured to calamity and injustice, let each American silently consecrate himself and his conscience to the preservation of every American ideal . . . ideals that are more precious today than ever before.

Yes, we still can have faith in man's higher destiny even though nations, once the homes of great cultures, crash back into abject slavery. There can still be hope though elsewhere fearful death-dealing machines are thrust into the hands of children, though churches are barricaded, books destroyed, though millions of families are scattered to the four winds.

These things have not happened here and with His continued aid and guidance, we will see that they shall not happen here.

Among His many graces showered on us is the charter of American liberty. We are proud to be part of that first line of defense of American liberties . . . to always stand militantly at the side of every true American against the inroads of doctrines seeking to destroy freedom of speech, freedom of peaceful assembly, freedom of religious worship and freedom of the press.

The first of a series of patriotic messages sponsored by these stalwart Americans

Shed a tear for Gail Ballinger. Gail was discovered the other day wandering about in Westgate park, a defeated look on his face. The poor fellow was surrounded with camera subjects, beautiful gals in shorts and things and not a wee tiny bit of film in the old camera box . . . Golfed the other day with Dr. and Mrs. Chester Brady. The Mrs. like this (golfer?) occasionally carries the ball in to the green after a bad experience on the fairway. Says she sometimes beats the Doc on a hole when he blows . . . Pat Jones spent most of his vacation on the golf course . . . Charley Riggs divided his vacation between golf and scouting . . . Gail Williams is enrolled as a pre-med at OSU . . . Richard Harris will return to OSU this fall for more study work after teaching music at Apple Creek High past two years . . . Brother Dan Harris, formerly with Metropolitan Opera Co., will teach music at Otterbein college this fall.

• • •

At a distance Dale Rose looks like Harold Wise on the football field . . . The former Buckaroo mentor is building a new home down at Athens . . . The Bob Zellars spent part of their vacation in Chicago. Will move into their new home on Haldy-av this week . . . Dell Nida, Central Ohio paper salesman on the Hilltop, took the middle leg recently . . . Watching a woman back into a parking place outside our window suggests a novel contest (untried so far as we know). Why not offer a prize to the woman who can park a car in shortest time, fenders and bumpers all intact . . . Gus Blackburn, new head coach at Pomeroy, has been sitting up nights this summer figuring out football plays . . . The word (whom) is the oddest sounding word we think of . . . Add grunt-and-groan fans: V. E. Wolfe, Pearl Carter and M. W. Seiller . . . Eddie, down at Perry Davis' . . . Imogene Hall is vacationing this week.

• • •

Open letter to lady employees at Seiller's:

We know that your chicken dinner at Martha Lind's last Thursday night was a success and we hope you have more of them. Next time we will not have had our dinner before hand so we can take advantage of your invitation. We know that if the men folks at the store could have seen the heaps and heaps of fried chicken, they would be sorry they ever started those stag parties. Maybe it serves 'em right for being so exclusive.

Present at above mentioned affair were: Clara Sallee, Edith Sallee, Imogene Hall, Mary Ann Paige, Ethel Rinehart, Gladys Dorsey, Chatty Cline, Emma Sensenbrenner, Lamera Smith, Evelyn Bornheim, Edith Lambert, Olive Tomlinson, Lena Ogdin, Lil Rinehart and the hostess, Martha Lind. Lil Rinehart won the jungle hunt. Olive Tomlinson's team won in the contests.

TACT, WE ARE TOLD, IS THE ABILITY TO MEET AND MASTER ANY SITUATION.

When sorrow comes, for which we are never prepared, it is necessary to call someone, and it is the desire of the family to employ a funeral director whose interest is mutual and not altogether commercial.

The Big One Got Away

Flambeau Flowage, Wisconsin: Anyone who has ever fished in this territory knows all the beauty we are witnessing this week as we cast about for muskie, pike and bass. This is our fifth year to visit this spot.

Each year we have been told we should come here some time in September for the finest fishing but so far this promise of fine fishing hasn't amounted to so much for us although there are plenty of fish being caught. Each of the past two evenings when we came in we have had but one consoling thought, that "Tomorrow's the day." Yes, sir, hope springs eternal with a fisherman too.

Today's best experience was to have the big one get away. While fishing an inlet surrounded by low shrubs, and weeds a big Tiger muskie glided right up the boat as he followed our pikie minnow bait in, took a look at us and turned away as if to say, "Thanks, boys, I'm not that hungry." He was easily three feet long. We're going back after him.

* * *

Away From Everything

From two to three days after things happen we may learn of them up here. The war in Europe for instance is of little worry to all the people who are frequenting these waters. Bob Draper even recommended that we refrain from buying a paper while in town today, in order to get a real vacation and forget everything else that is going on.

Up here there is little or no discussion of things abroad. The only blitzkrieg we have seen has been the big advance each morning into Bearbou lake for croppies. From 15 to 20 boats converge on the spot suddenly from all directions after they have fished for big-ger ones elsewhere. And the croppies are really hitting. A string of 75 to 100 isn't unusual and they are very fine eating at this season, weighing up to two pounds.

Joe Popko, Fisherman Extraordinary

Joe Popko, who owns these cabins in the woods, is our idea of a fisherman extraordinary. Seems like they just naturally follow him around. He can come into a spot where others aren't catching a thing and pull them right out from under your nose.

This evening he visited the cottage to relate a few of his many and varied experiences. One might believe he is the originator of the tall story club.

He just finished telling how they fish in winter up here. Seems that the best way is to wait till the ice freezes and then go out and cast a bait on top of the ice. The big fish see the bait and strike at it and in doing so knock themselves out when they hit their heads against the ice.

Round About The Camp

Boards are the fashion and will be until we get ready to start home . . . Cool nights have their fine points in keeping down the pesky mosquitoes . . . We started out with one lamp in the cabin and now have five, which would indicate that someone has done a little borrowing . . . the finest food one can get is a dinner of fresh fish late at night after a hard day of fishing . . . Someone remarks that we would all strike if we had to work this hard back home on the regular jobs . . . Deer are plentiful and easily seen at night when they come out to feed . . . Peck Brandenburg from Wilmington, O., pulled into camp this a. m. for his annual sojourn . . . For at least three more days we'll say "Tomorrow's the day."

Boy Shot In Leg While With Father

While he and his father were target shooting with a .22 calibre rifle Sunday afternoon in the basement of their home, Mel Armbrust, 15, of 87 N. Terrace-st, was shot in the right leg by his father, C. H. Armbrust, police reported. The bullet struck him between the knee and ankle. He was taken to Mt. Carmel hospital for treatment.

HBMA Chorus To Present Concerts

Plans are going forward for a series of concert programs by the Hilltop Business Men's chorus, it was revealed this week as C. H. Campbell, secretary, mailed invitations to about 65 members for the first rehearsal which will take place Monday evening at the Camp Chase American Legion hall, 3184 W. Broad-st.

Dale Gilliland, director, has new music and new plans for the group this year and expects one of the most successful seasons ever held.

Letters To The Editor

Hilltop Record,
S. Oakley-av,
Columbus, Ohio.
Gentlemen:

The following names of signers of the petition of the Communist party for the right to appear on the November ballot, are those of Hilltop residents, and that fact should be shown in your paper as it was recently in the Citizen.

I am and have been for years a resident of the Hilltop and have at all times referred to the negro of the Hilltop as one of the best types of his race. Those who however line up with subversive movements, do not come under that type and the sooner we know it, or if they have been taken in by Communists by some form of misrepresentation and induced to sign, they should come out in the open through your newspaper and disavow their connection with the bunch.

We have no time for anything but real honest to God American citizens these times, so let us smoke them out.

Here they are as printed in the Citizen:

R. C. Allen, 307 Clarendon-av.
Delmar Brown, 222 S. Wheatland-av.
Katie Dunn, 225 S. Wheatland-av.
Gerrie Williams, 708 Demorest-rd.
Mack Ford, 708 Demorest-rd.
Viola Ford, 708 Demorest-rd.
Ralph Lucas, 722 Demorest-rd.
Viola Goodin, RFD, Demorest-rd.
Andrew Goodin, RFD, Demorest-rd.

Now if these and Flossie and Lawrence W. Shrumm of RFD No. 1, Hilliards, will give the information as to who got them to sign that petition and disavow their Communism, they will clear their name of the odium that now attaches to it, and will confer a favor on the balance of their race and neighbors.

Very truly yours
Chas. B. Cranston.

Bandits Get $40 At Gas Station

Two bandits, bolstered by drink, pushed a gun into the ribs of William Whitney, 21 Sixteenth-av, early Saturday, at his filling station at Broad-st and Powell-av, with the command, "Give us all you got," and escaped with $40.

Mr. Whitney told Patrolman Arnold Sisson and R. C. Wilson that the men were on foot and walked west in Broad-st when they escaped. Both had been drinking, he said, and were about 25 years old.

Seiller's Lose $55 and Suits

Seiller's Department store, 2498 W. Broad-st, was robbed of $55.77 in cash, along with several suits and keys, last Friday by a burglar who hid in the store at closing hour and than raided the cash register, a police report reveals. In leaving, the burgler tripped the ADT burglar alarm system.

Hilltop Motorists Figure In Traffic Mishaps; Several Hurt

Heavy week-end traffic resulted in injuries and bruises to a number of Hilltop residents over the Labor Day week-end

Robert Wilkins, 32, 221 Whitethorne-av, driver of one of the cars that figured in an early Sunday morning accident in Bexley, suffered shock and severe head abrasions while his wife, Mrs. Dorothy Wilkins, 28, suffered shock and cuts. Mr. Wilkins' father, Dr. Archibald Wilkins, 65, Delta, received a fracture of the left leg and severe bruises.

All were taken to Grant hospital.

Donald Gyton, 22, 540 S. Oakley-av, suffered cuts and bruises when the auto he was driving collided with a car at Whittier and Lockbourne-rd.

The condition of Harry B. Bauchmoyer, 45, of 618 S. Harris-av, injured in an auto collision on U. S. Rt. 33 about five miles south of Nelsonville Thursday night, was described as "fair" by his wife last night. He has internal injuries.

He was taken to Cherrington hospital in Logan.

Two Hilltop groups met—quite by accident—Aug. 24 about one and a half miles west of Reynoldsburg when a car driven by Ellsworth Gill, 195 N. Central-av, and one driven by F. L. Johnson, 56 Westgate-av, figured in a crash.

According to reports brought into the Record, Mr. Gill suffered shoulder and rib injuries while Mr. and Mrs. Pearl Ames and daughter, Betty, 123 S. Ogden-av, in the Gill machine, suffered head cuts, shoulder and neck bruises. Mrs. Ames also suffered back and leg and head bruises. Miss Ames has a fractured right thumb and left leg.

The car turned over three times, it is alleged, and was completely demolished. After being treated by a physician at Reynoldsburg, they were removed to their homes, later being taken to the hospital for X-rays.

West High Grid Team Prospects Look 'Black'

A small, slow team, with no punters, no passers, no receivers, and no ball carriers is the dark outlook Coach George Williams, West High mentor, is facing today.

His boys, however, will have one virtue—a willingness to learn and eagerness to win. Whether or not they can absorb enough grid-iron tactics in the next week to enable them to give Newark's Wildcats a good battle is something that only time alone can tell.

The Buckaroos will again use the single wing back system.

A squad of 65 still remains, despite the pruning of about 50 boys from the outfit during the past two weeks. About 20 joined the squad since school began.

Smith Shifted

Smith, last year's letter-winning lineman, has been shifted to a blocking back position with Midlick in the tail-back.

Koons and Sharon have looked good on the center position and may battle it out for starting honors.

Byerly has looked good on a tackle spot, with Brandenberg, only lineman surviving from last year's runner-up to North eleven, almost a certainty at his guard position.

Fosnaugh, a 250-pound lineman, is the only "beef" on the squad.

Scrimmage Tomorrow

The first scrimmage of the season is expected to take place tomorrow on the Buckaroo grid. Coach Williams refuses to divulge his starting lineup. "They've all got a good chance to get on that first squad yet. I haven't been able to pick 'em out yet."

Coach Williams will continue his one-a-day sessions this week, tapering off with a light workout next Thursday. Coach Geo. Collins is handling one group with Dale Rose another.

"To date there have been no serious injuries. The usual bruises, bumps and scratches, however, have appeared.

And as one sideline observer put it: "Shucks, they may not even win those three games someone said they would. It looks pretty black to me."

But time—and the scoreboard—alone will tell.

First Fall Meeting Of HBM Tuesday

The first meeting of the fall season of the Hilltop Business Men's association will be held on Tuesday evening at 6:30 o'clock at Schmelser's restaurant.

The dinner-meeting will be highlighted by the appearance of G. L. Mounts, a member of the Public Relations Board of the Columbus Chamber of Commerce, who will address the group on the "Mobilization for the understanding of private enterprise." His appearance is a part of a national movement on the part of Chamber of Commerces to break down the hostility toward business which has arisen in the past few years.

A musical program is being arranged by C. H. Campbell, secretary of the group.

Doris Chenoweth, Hurt In Crash, Shows Improvement

Doris Chenoweth, Hilltop girl who seems to be a particular target of "old man hard luck," was returned to her home after nearly a month in the hospital following an automobile mishap.

Miss Chenoweth, who was the only victim of the bleacher collapse at the South-West game several years ago, had three vertabraes torn loose at the base of her skull besides suffering a sprained back, four weeks ago in a taxi-auto crash.

She is slowly regaining her strength and doctors are permitting her to have visitors.

Over 7000 Students Begin New School Year; Few Absent

Parent-Teacher Associations To Begin Activities This Week

Scenes such as this were common in Hilltop schools.

Schools opened full blast on the Hilltop Tuesday morning with all schools reporting near capacity attendance. Only a few absentees were noted.

School children, teachers report, are eager to start their lessons this year in contrast to many other years.

"The realization that children in other countries are being deprived of their educational advantages has made them see more clearly just how grateful they should be for the opportunity of improving their education," one principal explained.

Most of the classes, in parochial as well as public schools, this week were rather light. Many classes were dismissed the first two days after students "ran through" their schedules to accustom themselves to the routine.

At West Broad Street school, Matilda Stuart reports a full enrollment of 623 with only [illegible] absentees—all due to [illegible].

West Broad Street [illegible] new teacher, Miss Frazier, who taught [illegible] schools last year. Miss Fra[illegible] a graduate of West High [illegible] class of 1934. She attended and received her degrees at Ohio State university.

She will take over the 3-A teaching assignment.

Two West Broad-st school teachers resigned at the close of the 1939-40 term. They were Miss Olive Hicks, 27 N. Grace-av, and Mrs. Isabell Magan, 75 N. Warren-av. Miss Hicks taught the fifth grade class while Mrs. Magan was a 6-B teacher.

A reception and tea will follow the meeting.

All who can sing are asked to meet with Mrs. Bertha Master, director of the Mother Singers, after the meeting when the Mother Singers will organize for the year.

The executive board of West Mound Street PTA will hold its first meeting on Tuesday afternoon, Sept. 10, at 2 o'clock.

This meeting will take place at the home of Mrs. William Allen, 576 Hilltonia-av.

Walter Davis Recovers Stolen Car Before Police Get Report

Davis brings home the bacon.

That's getting to be a familiar sound around the Hilltop Record office where ad-man Walter Davis earns his coffee and doughnuts.

Wednesday Walter was riding down Hague-av when he saw a youngster driving the car of Record manager Paul Wichterman. Walter stopped his car with a screeching of brakes and the car thief, spotting Davis, leaped from the car.

Davis gave chase but the juvenile thief soon eluded him in the alleys in Westgate.

Calling the office, Davis discovered that Wichterman had dropped into Haney's drug store for a soda when the would-be thief wrapped a cloth around the steering wheel (apparently to conceal finger prints) and had driven off.

The police were taking the report from Wichterman when Davis called in.

There was no damage to the car.

The Dysarts have traveled extensively, and have six more states to visit, which they expect to tour later on.

The Harold Rosses returned Monday from several days fishing at Big Star Lake. First night there they had to drag out all the blankets around the place. Mercury went down to 38. Spent most of the time pulling out bluegills, perch and a few bass.

Three-year-old Natalie spent most of her time pulling out little blue gills which Daddy had to take off the hooks. Giving them a spank with her hand she would toss them back in the water, saying:

"Now go home to your mama."

Just about now Boss C. C. Well we remember back three years ago when C. C. H., Henry Jones, Pat Shrock and Yours Truly traveled to the same spot and the fish we brought back were never missed.

Rev. George McDonald, pastor of Hillcrest Baptist church, is in a quandary as to what is the best time of year for a vacation. Last month he spent part of his annual vacation up in the mountains of Pennsylvania near Johnstown. The mercury ducked down to a mere 38 (yes, he said 38) degrees.

Said the Rev., "Next year I will go in December."

Frank Mayo, pharmacist at Economy Drug Store, and Mary Hill thought they were pulling a surprise Sunday a week ago when they stood up together and said the "I do's" but when they stepped outside there waited a caravan of seven cars to give them a royal belling. Robber Catching Dog, "Pal," Dies

"Pal," a nine-year-old Belgian shepherd, who as the constant companion of his master and trainer, Patrolman Norwood E. Folk, gained fame for such feats as capturing three burglars, died yesterday. Folk said the dog, given to him by a Chinese student, died at his home at 157 N. Chase-av, as the result of being hit by an auto in front of the home a month ago.

Until three years ago, "Pal" walked a beat with Folk or rode with him in cruisers. He was trained to search dark areaways or investigate burglarized buildings, and once caught three Negroes who were sent to the Ohio penitentiary.

Before repeal, he would go with Folk on raids and unerringly sniffed caches of bootleg liquor for the police.

Letters to the Editor

To the editor:

So the spectator liked "everything about Willkie's speech but his challenge to the president." And the reason the spectator didn't like that challenge was because platform - mud-slinging would reduce the dignity of federal government.

Mr. Hartley makes no mention of just how he learned about the "mud-slinging." Mr. Willkie, we think, very clearly demonstrated that he wasn't interested in that kind of a campaign. His was a grand opportunity to cater to a crowd's emotion and slam headlong into the President a la Hugh Johnson. But he didn't do it. Just why the spectator anticipates mud-slinging is difficult to figure out.

He mentions a solitary experience with political debate, that of a couple of un-named mayoralty candidates not long ago. He says that neither candidate, nor the public, gained anything.

Well, aside from being wrong on that point, the spectator sure picked a couple of dandies with whom to compare Mr. Willkie and the President, didn't he. And the public DID gain, by Mr. Hartley's own admission. He said that neither one had anything on the ball. That information can be useful to voters.

And in closing, since when has democracy become so decadent that public debate is not "dignified"? And since when has democracy developed a leadership too busy with the "people's affairs" to INFORM the people of the people's affairs? Dignity, my friend, is no separate ingredient—but part and parcel of every deed honestly done, every word sincerely spoken. Let's not confuse dignity with something more shallow.

—Willkie Fan

Aug. 28, 1940

Dear Spectator:

Few and far between are your comments on national affairs. Perhaps as a "spectator" of community affairs you do not wish to wander too far afield. We have always been interested, however, in your none-too-frequent observations on things of national and international interest.

Not that we always agree with you—no indeed. We would, for example, like to take exception to your comments in last week's Record pertaining to Mr. Willkie and his acceptance speech. You were evidently well pleased with the "contents" of the speech. To us it appeared to contain several glaring inconsistencies.

After approving unreservedly practically every policy of the New Deal, Mr. Willkie went on to say that unless there were a change in administration we would suffer economic disintegration and dictatorship.

He said further that the economy of spending must be replaced by one of production. If Mr. Willkie is to continue along the path of the New Deal, how is he going to avoid large public expenditures? Not that this in itself is undesirable. And what will he do (he didn't say) to give impetus to production?

No doubt, you would say that Mr. Willkie would put a stop to the New Deal's ravishings of business and that his administration would reinstate that vague thing called confidence.

You have mentioned from time to time that the New Deal's interference with the affairs of business men has gone too far and now is the time for the pendulum to swing back. How do you know if has swung far enough, or how do you know it is swinging at all? Where do you get that pendulum stuff anyway?

It is your contention that if the restrictions on business were relaxed producers would be willing to stick out their necks again, invest money in new ventures, start re-employing men and then our economic problems would be solved.

We have felt for a long time that this attitude is only a rationalization of the fact. Business men aren't producing because they don't have confidence. It's because they don't have customers. In short, the solution to the nation's economic dilemma is to be found somewhere in a more equitable distribution of the nation's purchasing power. This is fundamental.

Until the problem is attacked from this angle it will be useless to talk about confidence, private initiative, pendulums and what have you.

The Railroad Superintendent

He'd win the race by the sweat of his face, so he got a job on the section.

He wanted to learn from the bottom up and try to reach perfection.

As near as he could in the railroad game she chose that for his vocation.

He willbed spare time to learn the Morse code—he couldn't afford a vacation.

Success came fast to this [illegible] "cash" when they saw he had ambition

And would not shirk any kind of work no matter how low the position.

He worked long hours and did not complain -success he would attain.

He's down the race by the sweat of his brow and the help of an active brain.

He is superintendent now, and a practical one who knows from actual experience

The ups and downs in the railroad game, and can't be fooled by appearance.

If you'd make the grade in your line of trade-to fame you do aspire.

Follow the plan of this railroad man and you're sure to go up higher.

MODERN POETRY

Edited By
Esther Weakley

A REQUEST

Let me go in the golden autumn,
Before winter's storm and snow
Can chill my heart with its coldness—
With the falling leaves let me go.
I have lived through the radiant springtime,
And summer's enchantment I know;
But I dread the long, lone winter,
With the falling leaves let me

Autumn winds in the trees seem to whisper,
"Your tasks are finished, and so,
Why need you linger for winter?
With the falling leaves, you may go.
Before the golden days are over
Or your step more halting and slow,
In the hazy days of autumn
With the falling leaves you may go."

Florence Curtiss, in Dream Shop.

MIRACLE

We are dull pupils in the school
Of Nature. Every year we learn,
With fervent gratitude, the rule
Of spring's rebirth, the certain return
Of summer's boundless wealth, and then
Forget once more.

Perhaps this is God's plan to keep
Our careless hearts aware. He makes
Each song and sunrise that we reap
From summer, every flower unfurled,
Seem a new miracle that shakes
A careless world.

—DorothyP. Albaugh, in Dream Shop.

CASTLE OF THE CHILD

This castle close with ancient air,
The dust-sown hall, the sagging stair;
This dungeon where the heart beats blind,
This tower, the many-windowed mind
These corridors where spiders spin,
Where witches walk and ogres grin;
Its worth corrupted, walls decayed,
And all its guests by ghosts outstayed
Here, haunting, haunted, lurks the one,
The least of ghosts, the known-to-none,
The enchanted child who would not change
But moves in me, and makes me strange.

—Carleton Drewry, in Poetry.

AN ODYNE

Some future day, when you are probing space
In dreamy indolence, a cloud may pass,
And etched by wind, the semblance of my face
May star the sky, as blossoms flame the grass.

For just that moment, Time shall cease to be
And death becomes a figment of the mind;
The platitudes for grief a travesty;
Despair and doubt twin palls that serve to blind.

Eternities may pass in swift review
While memory unfolds like gossamer
Too sheer for eyes to see, enthralling you
With beauty never doomed to sepulchre.

So be our love when earth shall hold the Dust:
As sparks that merge in sempiternal trust.

—D'Nova, in Fantasy.

A PRAYER

I thank Thee for this day,
For every good it brought,
For health and peace of mind
For one distraught.
I thank Thee for the small things
That made the day complete,
For courage and strength
To conquer defeat.
In some way teach me, Lord,
In this life I live,
To prove myself worthy
Of every trust You give.
Help me always to remember
When things go wrong,
That the darkest hour is often
Just before dawn.
That he who carries his cross
And never mourns,
Learns to accept with grace,
His crown of thorns.

—Myrtle L. Reeder, in Singing Quill.

Groundhogs(and Crooks)Flee As Detective Phillips Arrives

There's only one red-letter day in the calendar of Otto W. Phillips of 87 N. Westmoor-av, and that's Groundhog Day.

You see, Ott, is a red hot groundhog hunter and swears by all that's holy that its his favorite sport, even surpassing fishing ang game hunting.

A native of Pomeroy, Detective Phillips has lived in Columbus since 1921 and finds the Hilltop one of the best spots in town.

Formerly actively engaged in sports — baseball, football and basketball, he now devotes his leisure time to gardening, a much less severe form of relaxation.

Wanted Action
Detective Phillips attended Culver Military academy and when the United States entered the World war, held a first lieutenant's commission.

After four months' training at West Point, he learned that he was slated to stay in this country to train recruits. He resigned his commission, went to New York to enlist in a machine gun company and was sent overseas.

His commission was restored in France and he served until August, 1919. He returned to Pittsburgh after almost a year in Germany with the Army of Occupation to accept a job with a coal company.

He came to Columbus and was appointed to the force in 1923. He was placed on the detective bureau in five months and has remained there, except for four years, 1936 to 1940. He has been in his present position since January of this year.

Solves Cases
He has helped solve many of the big murder cases in the city. One of his big jobs was helping solve the Ohio penitentiary fire arson case.

He is an ardent student of history. He delights in studying his fellowmen. When he comes in contact with a criminal he tries to study the forces that made a criminal of that man. Many criminals that are punished should be treated for maladjustment and a misunderstanding of life, he believes.

He is married.

He is a member of Camp Chase post of the American Legion.

In about five or six years he intends to retire and spend the winter months in Florida and the summer months in the north.

But right now he's as busy as a bee keeping Columbus' crime record down—and doing a mighty fine job of it as head of the robbery squad of the Columbus detective bureau.

From $26,000 To $408,000,000 Is Ohio's Tax Story

A brief history of taxation in Ohio, compiled by the tax research division of the state tax commission, tells an interesting story of the increase in state taxation from $26,000 a year, when Ohio became a state in 1803, to the staggering total of $408,000,000 in state and local taxes in 1930. Since then, they have gone down some. Ohio was collecting taxes even before it became a state, history shows. As a territory, it had what was known as a property tax and it also collected license fees from tavern keepers, ferry boatmen, peddlers, storekeepers and auctioneers.

The basis for general property taxation in Ohio was laid by the general assembly in 1825, when real and personal property became subject to taxation on a basis of its value and a tax of one and one-half mills a dollar evaluation was levied. In 1831, Ohio made an attempt to collect taxes on intangible personal property. All money and interest was subjected to taxation and deductions were allowed for debts. An occupational tax was also tried, doctors and lawyers were taxed at various rates from $5 to $50. This levy continued until 1851.

The uniform rule of taxation—that all property should be taxed at the same rate—became Ohio law in 1846 and this law remained until the classified amendment to the constitution was adopted in 1931. First excise taxes upon the gross receipts of public utilities were levied in 1894 and about the same time, Ohio was the first state to levy a graduated inheritance tax—both of these levies are still effective. The state's population increased from 50,000 to 4,000,000 from 1803 to 1900 and taxes went up from $26,000 to $47,000,000. But the last 40 years—when the population has increased from 4,000,000 to 7,000,000—has seen an increase in annual taxes from $47,000,000 to $385,000,000. The high mark was in 1930 when the total reached $408,000,000.

Cities Study Bill On Bankruptcy

Some Ohio cities and counties are now studying a bill recently passed by congress and signed by President Roosevelt on June 29, enabling counties and parishes to avail themselves of provisions of the municipal bankruptcy act. The measure extends the act for two years from June 30 and now permits cities to go through bankruptcy proceedings on certain of their obligations.

TRAINING IS CLEANLINESS
Up to a certain age most children are so busy discovering the world about them that cleanliness means nothing. As a rule it takes years of patient training before they voluntarily brush their teeth, change their soiled clothes for clean ones, and use plenty of soap and water on hands and wrists and behind the ears.

But once they become aware of themselves as definite personalities a clean body and clean clothes become essential for their self-respect and comfort. When this stage is reached parents who have trained their children well can relax with the assurance that their worries on this score are practically over, for lack of cleanliness will always make the children fell ill at ease.

Buckaroos Invade Newark Tonight For 1940 Gridiron Opener

Coach George Williams

Riddled by injuries and hampered by inexperience, West High's hopeful Buckaroos will invade White stadium in Newark tonight, for their opening grid tussle of the current pig-skin season against Newark in a game scheduled to get under way at 8 p. m. sharp, under the lights.

Thirty West high gridmen left Columbus this afternoon at 3:30 by bus, stopping in East Columbus for lunch before proceeding eastwards the city of the lighted court-house. Clarence Bateman, faculty manager, is in charge.

In Newark they face a formidable foe. Strengthened in every phase of the game by veterans, the Wildcats of Cliff Orr are out to avenge last year's 19-0 setback at the hands of the locals.

The Newark outfit has had one game this year, that a tilt against its alumni. The high school outfit won, 7-0, displaying plenty of offensive power but showing a deplorable lack of defense against aerial attack, an attack they need not fear, it is believed, from West high. Injuries have sent Williams' ace tosser to the sidelines and they appear, on paper, to be plenty tough.

The team showed a versatile attack on power plays directed towards its mid-section.

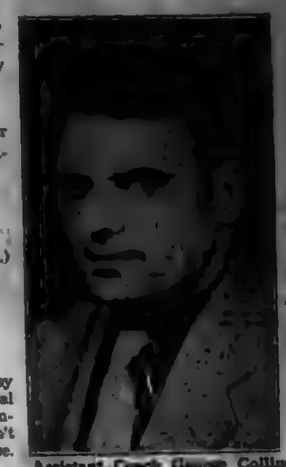
The Newark line is strong, but has few replacements, while in the backfield Cliff Orr has groomed eight veterans for

Meanwhile the West high team has been drilling daily and despite the injuries, appears in fairly good shape.

Work Under Lights

The locals have had one workout under the lights, that occurring in a practice session last week at Gahanna.

Injured players who will see no action this week include Ray Midlick, Bailey and Beamer, all vital cogs in Williams' grid machine. They will definitely not see action this week, it is believed.



Coach Williams, meanwhile, will keep a wary eye on Springfield for they are next Friday night's foe.

Starting Lineup

The possible starting lineup for tonight's game, for the Buck-

Left end—Dick Smith
Left tackle—B. Fausnaugh
Left guard—Wisdom or Gram
Center—Koons
Right guard—Brandenberger (C.)
Right tackle—Byerly
Right end—Laughlin or Bailey
Quarterback—Ray Smith
Right half—Jack Hobbs
Left half—Dan Brown
Fullback—Bland or Beamer

While many predict an easy Newark victory over the local lads, one sideline observer commented: "Shucks. They don't look so bad. Maybe it'll be close. Might even be a tie."

Good Advice

I like the advice of "Bob" Helstand to Boy Scouts of this area as outlined in the recent Central Ohio Scouting. He says, in part:

"Get hitched up to a few good causes. Read. Keep your eyes open. Study. Get around. Earn some money and save it, but store up a lot of rich experiences as well. Don't be an also ran. Get in there and pitch. Get rid of your prejudices. Wear out more shoe leather and less pants seats. Don't wait to be a great man. Be a great boy."

Sidewalks Needed

Growth of the Westgate community has stepped right along at a quick pace in recent years but one phase of the building of that section has been noticeably lacking, that of the building of sidewalks.

This fact is brought to our attention now with the opening of school.

Numerous cautions are issued to motorists to be careful to protect the children, yet by the fact that there are few sidewalks in sections of this community these children are forced to walk in the streets to and from school. And numerous are the fast flying cars that go up and down these streets between Broad and Sullivant.

A sidewalk building campaign in this community would be appropriate at this time.

Good Campaign

George Matson is our idea of the most interesting individual in the coming county political campaign.

George had been out of the contracting game for some time while he held down the position as city building inspector. He admits that his muscles were getting a little soft. Then when he departed from this service and started in his brick contracting work again these muscles had to be hardened all over again.

But this fellow Matson can take it. We have yet to see any man who can take up where he did and do the amount of hard work he has been doing in recent months.

George is out early in the morning doing a good job of building all day long. Then at night he makes the rounds of all the political meetings and individual calls that his candidacy requires.

And all this time nothing is being overlooked. In addition to campaigning by night and working like a Trojan by day he is constantly giving thought to the things that can be done when and if he is elected to this job.

And it goes without saying that a man like this certainly should poll a tremendous vote if the people are looking for good men for public office. Franklin County really needs men like George Matson as county commissioners.

Unemployed!

We believe there are entirely too many instances where people in Ohio are receiving unemployment insurance benefits when they are not entitled to them.

We have a story from a reliable source concerning a young married couple who moved to another town because the man could get a better job. The wife had previously been employed, but in their new home she filed for unemployment benefits and received it. We are not in position to judge the merits of this case but sincerely doubt if it was investigated as thoroughly as it should have been. We've heard of nu-

Files Petition

Judge Edward C. Turner

Judge Edward C. Turner, 4309 W. Broad-st, judge of the common pleas court at Columbus, and candidate for the unexpired term in the supreme court left vacant by the death of Judge George S. Meyers, this week filed his nominating petition consisting of 2106 separate petition papers, containing a total of 60,380 names of qualified electors. More than the minimum number of names have been filed from each of the 88 counties.

The petition bears the names of 675 Columbus lawyers.

Judge Turner has established headquarters at 16 E. Broad-st.

Former Buckaroos Leave For College

Bill Wylie, Don Baker and Russ Alban, all former Buckaroo stalwarts, will join Hall Schlosser and Ed Wolf Sunday and journey to Findlay college where the quintet is expected to take up their higher education and, of course, add their contribution to the athletic teams of that school.

Missionary To Be Honored

Former schoolmates and friends of John McEttrick, first boy from St. Aloysius parish to be ordained to the priesthood, will be glad to know that the Passionist Missionary, now Rev. Fr. Gregory, escaped death at the hands of a band of Reds while in the interior of China and has returned to Columbus for a brief vacation.

While here he will be the guest Monday night, at 7:30 at an open house at the home of Mrs. Harold B. Gillivan, 77 S. Brinker-av. Mrs. V. P. Hannigan, 82 S. Richardson-av, will be assisting hostess. Old friends and schoolmates are invited.

Father Gregory was ordained in 1923 and has spent all except one year in the missionary field, 900 miles in the interior of China.

His mother, widow of the late Thomas M. McEttrick, lives at 1083 Cable-av.

Mrs. Henry Painter Leaves For Florida Next Tuesday

The Hilltop—and Columbus—will lose one of its most familiar grocery figures next week when Mrs. Henry R. Painter, 1641 Sullivant-av, leaves to take up her residence in Florida.

Engaged in the grocery business for the past 25 years, the Painters will spend their time basking in Florida sunshine and "taking it easy."

They have 13 children.

Every grocery and wholesale house in the city expressed messages of good will to Mrs. Painter, who this week sold the 1641 Sullivant-av store to the B & K Quality Foods, who will maintain the same personnel, including Loretta Kent, manager, Lawrence Tommy Thomas, Paul Wolfe and Joseph Wright, meat-cutter.

The B. & K. Quality Foods are handling all standard brands of guaranteed foods and will maintain a delivery service.

"Signers" Deny Names Authentic On Red Petition

Delmar Brown of 222 Wheatland-av denies signing a "Red" petition and has filed his denial with the secretary of state and with the Citizen, local newspaper which printed the names of the signers of the petition.

Mack Ford, 706 Demorest-rd, "never signed the petition" and alleges his name was forged. He had absolutely nothing to do with the Communistic party, he avers, and has filed a denial with the secretary of state to have his name removed.

Flossie and Lawrence W. Shrumm, RFD No. 1, Hilliards, have had their name stricken from the petition alleging that they signed the petition "under the impression that the petition was to keep the U. S. out of war."

The Shrumms promise to do a bit of "neck-wringing" if they "get hold of the petition-bearer."

TRANSFER IS ANNOUNCED

Albert Puckett, 279 Highland-av, former janitor at city hall, was transferred to the water department pay roll Saturday, according to notice given the city civil service commission.

Happy Birthday . . . .
Ninety-Four Years Old Today

By Bob Wunderlin

Now a weedy garden is the last place you'd expect to find a 94-year-old lady but that's exactly where the Record photographer-reporter found Mrs. Charlie Pemberton of 57 E. Hague-av when he went to wish her a happy birthday—a day ahead of time.

Today, Friday, Sept. 13th, Mrs. Pemberton will be 94 years old and when asked for her secret of long life her eyes — and they weren't hidden behind glasses—twinkled: "I smile when troubles come."

Mrs. Pemberton, widow of Charles Pemberton, lives alone with her memories—and two cats—at the little bungalow which was once used by officers for their headquarters in the old days of the Civil war when Camp Chase was one of the principal encampments in the country.

The house, just south of Broad-st, is the only one of 160 that formerly stood on the camp site, that remains in existence today.

Native of England

Mrs. Pemberton was born in Birmingham, England, and came to the United States when she was 25 years old. She came to Columbus and the Hilltop 34 years ago from Newport, Ky.

Mr. Pemberton died in 1913 after a long illness. He was city workhouse foreman and had invented several gadgets for which he has secured recognition. Mr. and Mrs. Pemberton lived in Scotland prior to coming to the United States.

Mrs. Pemberton, who has found creeping up the century mark a fast-moving proposition, has had to rely upon a cane to "get around fast" lately but she mows her lawn, walks to the grocery store and plays her own piano with all the vim and vigor of a sophomoric youngster.

Oldest Resident

Mrs. Pemberton is the Hilltop's oldest resident. We have no records available but she may be Columbus' oldest resident. At least she's a close second.

When the photographer told her to smile she looked down at her black dress, speckled with dust from her garden where she had been "weeding every day for the past five weeks." Then she looked up and smiled: "I guess the dirt won't show so much, will it?"

We promised her it wouldn't.

HAPPY BIRTHDAY

The staff of the Hilltop Record wishes to express "Happy Birthday" to Mrs. Pemberton and hope that she will be with us many more years to spread her doctrine of "smile away your troubles."

And so, in Mrs. Pemberton's honor, the Record is desirous of forming a "Birthday Club." If you or your friends are celebrating a birthday, drop us a line, giving us your name, address, date and age. We'll list them in the Birthday Club.

Mrs. Charles Pemberton

Hilltop Pressmen Attend Convention In Tennessee

Three Hilltop pressmen were among the four local delegates representing two locals of the Printing Pressmen of North America who left Sunday for the six-day golden anniversary convention which opened Monday at the Pressmen's Home, near Rogersville, Tenn.

The local delegates were Ronald T. Henkel, 763 S. Eureka-av, pressman at the Columbus Citizen; John Winestaffer, 571 Nashoba-av, pressman at the Ohio State Journal; and Don Courtney, 606 Hiltonia-av. Eugene Long, 94 Winner-av, was the fourth delegate.

Hilltop Man Severely Injured By Careening Junk Wagon

Herman Huston, 57 N. Warren-av, suffered fractures of both legs, a dislocated shoulder and internal injuries Tuesday afternoon when struck by a run-away junk wagon that had been rammed by a car driven by Joseph H. Keys, 75, of 149 S. Warren-av, on W. Broad-st opposite the Columbus State hospital.

Both vehicles were going east.

The junk wagon, driven by Harry Cook, 60, 1054 McKinley-av, lurched 50 feet along W. Broad-st after figuring in the mishap, striking Huston, who was walking along the south [illegible]

The mare, "Dolly," was shot by Patrolman William Carney as a result of injuries suffered.

William Donathan, 18, also of 1054 McKinley-av, on the wagon, escaped serious injury. Mr. Cook suffered bruises and cuts. Patrolmen R. W. Phillips and George Welsh said they were not sure what part of the wagon struck Huston. Cook told them: "I could hear him screaming as the wagon was pushed along and when it stopped he was all tangled up in it."

Huston is in Mt. Carmel hospital in "just fair" condition.

Mr. Keys, driver of the car, said he did not see the wagon until within six feet of its tailgate. Mr. Keys is a retired patrolman.

Eleventh Ward Republicans To Meet Tuesday

An interesting program is being arranged and all Republicans are urged to attend.

East Half Of North Side Of Rt. 40 Completed; South To Wait

While Hilltoppers will be able to "point with pride" to half of their westward exit, they'll have to glance sideways at the other half and hope "it's completed soon."

The road, however, according to Glenn Logue, chief engineer of the bureau of location and design, is not included in the 1941 program and for the next two years it appears likely that motorists traveling over Rt. 40 will have a good and bad strip of road to travel on, with the north side of the road at a lower elevation than the south side.

The completion of the north lane of the divided highway improvement on the national highway from Columbus westward to West Jefferson is scheduled for Nov. 30, the highway department has revealed. Work is expected to be halted then, until some time in 1942 when additional funds will be available.

The present project, under contract by L. L. Clymer of Bluffton at a contract price of $380,000, is a part of the general plan, Logue said, looking toward the eventual improvement with the construction of the south lane in the next few years. Additional funds are needed to complete this, however.

The eastern section of the project is completed and traffic was scheduled to move over it this week. Work is now being concentrated on the western terminus, linking the improvement with the new bridge over Big Darby creek.
